The name of Prince Heny had been mentioned soon after his errival in this country, according to the Tribune's informant, in connection with this honor, but there was some opposition to the plan in the university orporation. This has, however, been vercome, and if the proposed plans are carried out the degree will be conferred with imposing ceremonies.

It is believed that further details as to the gift of works of art to the university by the German Emperor will be made public at that time. It has also been stated, on good authority, that the names of the German Emperor and Prince Henry will be added to the list of honorary members of the New York Yacht Club. This list already includes the names of their royal uncle, King Edward VII., and the Grand Duke Alexis.

BY ALL CLASSES OF CITIZENS IN CHICAGO - MAYOR HARRISON DID THE HONORS.

A Magnificent Banquet Was Followed by a German Cho al Festival in the Armory and a Grand Ball at the Auditorium-The Health of Emperor and President Proposed and Drunk.

CHICAGO, Mar. 3 .- Prince Henry's train arrived at Chicago at 6:30 o'clock. From the station, after he had been formally welcomed by Mayor Harrison and the members of the reception committees, the Prince rode to the Auditorium Hotel, through streets packed with a dense multitude, whose cheers compelled the distinguished visitor to bow continually to right and left.

Only thirty minutes were alloted in the program to reach the hotel, and the first banquet to the Prince was to follow at 7 o'clock. As the Prince, escorted by Mayor Harrison, entered the banquet hall, the Chicagoans made the room ring with cheers,

There were but three toasts offeredthe first by F. Willis Rice, who proposed the health of Prince Henry. It was drunk amid loud cheers, and before a third of the guests had sunk into their seats, the Prince was on his feet. "I propose the health of the President of the United States," he called in ringing tones. The health of President Roosevelt was drained in hearty

fashion. Mayor Harrison then arose from his seat. "Long live the Emperor of Germany," he called. Once more, in volume as deep as before, came the cheers, all the guests waving their napkins wildly. Shortly afterward the banquet came to a close.

It was perhaps the most magnificent social event r witnessed in the city, surpassing even the great ball given in honor of Admiral Dewey two years ago. The decorations of the huge hall went beyond anything held in the Auditorium before. In the general scheme the German and American colors were freely mingled, and formed the basis of the principal designs. The black eagle of Prussia and the Stars and Stripes were in evidence upon all sides. Nautical
