A Bad Disease

There is a certain disease that has come down to us through many centuries and is older than history itself, yet very few outside of those who have learned from bitter experience know anything of its nature or characteristics.

Contagious Blood Poison on does not affect Blood Poison all alike; some are literally eaten up with it within a short time after being inoculated, while others show but slight evidence of any taint for a long time after exposure.

S. S. S. is a safe and infallible cure for this bad disease—the only antidote for this specific poison. It cures Contagious Blood Poison in every form and stage thoroughly and permanently.

ARID LAND BOARD HELD A MEETING TO DISCUSS THE APPLICATIONS

Of Several Eastern Oregon Companies Desiring to Secure Contracts—Safeguards Provided by the State Authorities for Future Purchasers and Settlers.

The State Land Board yesterday held a meeting to discuss the matter of the reclamation of arid lands in Eastern Oregon, as contemplated by the law passed at the last session of the Legislature.

The Board at yesterday's session decided to place the estimates and surveys in the hands of a competent engineer to investigate and report upon the cost of reclaiming the lands.

The Board proposes to throw all possible safeguards around future purchasers and settlers of the lands, so that the settlement of them, when reclaimed, will not be retarded.

The Board has also drawn up contracts to be signed up with these companies, providing for the prompt beginning of reclaiming the lands, and the completion of it in a reasonable time, so that the lands thus set aside to some company, will not be held indefinitely for grazing purposes, instead of being sold to settlers as contemplated by the acts of Congress and of the Oregon Legislature.

When these contracts are finally perfected between the state and the companies desiring to reclaim the lands in question, the future settler will be protected, and the result will doubtless be the settlement of large tracts of Eastern Oregon lands by industrious farmers, who will make the desert bloom like a rose garden.

The State Land Office has, during the month of February just closed, collected \$27,178.64 on account of the several funds in the hands of the board, and this amount was yesterday afternoon transferred to State Treasurer Chas. S. Moore. It was apportioned among the several funds in the hands of the Treasury Department, as follows:

G. M. BEWELY FOUND DEAD

Succumbed to Heart Failure on the Street

WHILE WALKING TO HIS BROTHER'S HOUSE AT A LATE HOUR, LAST NIGHT.

Coroner Lane Took Charge of the Remains, and They Were Identified as the Man Named, Who Was a Farmer Living Seven Miles East of This City.

(From Saturday's Statesman.)

George M. Bewley, a farmer and woodhauler, residing with his family seven miles east of this city, aged about 50 years, was found dead on High street between Marion and Union streets, last night about 10 o'clock.

Captain M. McGregor and Lieut. E. Seeley, officers of the Salvation Army, while going to their home from meeting, about 10 o'clock last night found a man lying crosswise of the sidewalk, between O. G. Savage's residence and that of Dr. L. A. Port. It was quite dark and the ladies were within a foot or two of the body when they discovered it.

Several envelopes and receipts were found on his person addressed to Geo. M. Bewley, Rural Free Delivery, Route No. 7. In the upper left hand corner of the envelopes was the name of J. W. Bewley, Salem, Oregon. Nothing more was found to establish his identity at that time.

A conveyance was called and A. M. Clough, the undertaker sent for, and the body was taken to Mr. Clough's parlors on State street. Here a number of people came in to look at the remains, and several identified them as being those of Geo. M. Bewley, a farmer who resided about seven miles out on Howell Prairie, via the Silverton road.

He has a family consisting of a wife and two small children and had a small place leased on which he lived. He has a relative who is employed at the Insane Asylum and lives on the Asylum avenue, and a brother, John Bewley, and a sister, Martha Bewley, who lives on North High street, near Freeland's factory, and is presumed to be going to their house at the time of his attack, as he was seen in several places in town shortly before 10 o'clock last night.

As no marks of violence were found on the body Dr. Lane said that his death was no doubt due to heart disease. The coroner has not decided, as yet, whether an inquest will be necessary, and one will probably be held this morning.

Hal Hibbard Camp Elected Its Officers for the Ensuing Year at Last Night's Session—An Interesting Meeting.

Hal Hibbard Camp, Spanish-American War Veterans Association, held a meeting in Justice of the Peace J. O'Donald's office last evening. The camp was presided over by Commander C. A. Murphy, and there was quite a number of the members in attendance.

The principal object of the meeting was the election of new officers and the following members of the camp were elected to serve during the ensuing year: G. W. Jones, commander; Carl Abrams, senior vice commander; O. J. Hull, junior vice commander; E. McNail Howell, chaplain; Henry Jansen, officer of the day; L. B. Davis, adjutant; Wm. Batchelor, quartermaster sergeant; James C. Savage, sergeant of the guard, and Leon Girod, guard.

WORK OF REGISTERING MARION COUNTY VOTERS Is Progressing Slowly—Only One Thousand Having Thus Far Been Listed in the County Clerk's Office.

The registration work in the county clerk's office is moving along very slowly but surely and is plenty of time between now and May 15th,

there is no doubt but that every voter will fall in line in due time and especially after the county conventions have been held and the candidates nominated, each of whom will resolve himself into a committee of one to hustle his friends and supporters into the registration office.

In the most remote districts, where the population is scattered, registration blanks are forwarded so that each voter may fill out one, have it attested to before a notary public or justice of the peace, and returned to the county clerk with three of the voters' signatures attached, two of which are cut off and pasted into the general and precinct registration books, while the blank is pasted into another book especially prepared for that purpose.

A DENTIST'S CASE DR. WISE OF PORTLAND BEGAN TO ADVERTISE HIS BUSINESS

And Now His Brother Practitioners Are After His Scalp—Effort to Be Made to Remove Him from State Dental Board.

The Oregon State Dental Society has troubles over one of its former members, Dr. W. A. Wise, who recently sent in his resignation as a member of the Society and began to advertise his business, a violation of the rules of the society.

The Portland Telegram, of last evening, in discussing a meeting of the society held in Portland on Friday, says: "Dr. W. A. Wise has been expelled from membership in the Oregon State Dental Society because he has dared to advertise his professional business as a dentist, inasmuch as he had some time ago sent in his resignation to the society, this will make no difference to him."

"The Oregon State Dental Society is an ethical organization, which forbids its members to do paid advertising, believing this would compromise their dignity or something of that sort. When Dr. Wise departed from the ethics laid down by this body of dentists, he was placed in high disfavor among his brothers.

"The action taken by the executive committee of the society, the committee present being: Dr. Norris R. Cox, chairman, and Drs. C. R. Templeton, W. A. Cumming, John Welch, J. R. Cardwell, J. Cline and G. H. Nottingham.

"At the first of the year Dr. Wise decided to increase his business by advertising in the daily papers, and his advertisements occupied conspicuous place in the Portland papers. He also tendered his resignation to the State Dental Society, so that he might be at liberty to do as he thought best in regard to legitimate advertising.

"The resignation was discussed yesterday at the meeting of the committee and it was decided that it had not been received until the rule of the society had been broken, and it was then too late to accept it. A vote to expel was then taken and carried, although how the vote stood could not be learned. A motion was also made to circulate a petition, asking that Dr. Wise be removed from the State Board of Medical Examiners, but no action was taken in this regard.

"Dr. E. F. Mossman, J. Cline and W. A. Cumming were recommended to Governor Geer, being suitable persons to succeed Dr. G. B. Wright, of McMinnville, as a member of the State Board of Dental Examiners. Dr. Wright's term expires tomorrow and it is requested that one of the three named fill his place.

"Dr. Wise had not expected this turn, he stated, when informed of the action that had been taken. He was of the opinion that his resignation, which he had tendered before he commenced to advertise, would be accepted, but at the same time said the expulsion would in no manner affect him. Dr. Wise consistently argues that a dentist has as much right to advertise his business legitimately as the druggist, the grocer or any merchant. Results since he commenced advertising had proved to him the benefits to be derived, for since the first of the year, when the advertisements were inserted in the papers, his receipts have been doubled.

In December they amounted to \$1000, and in January, the first month he appeared in the papers, to \$2000. Dr. Wise concludes with the statement that his business has been constantly increasing and that he intends to continue the use of the papers for the purpose of advertising."
