THE ROYAL VISITOR THE BOER DELEGATES

PRINCE HENRY, AT NIAGARA FALLS, MUCH IMPRESSED.

Crowds Appear All Along the Route to Greet the Nation's Guest and Cheer Him—Germany Is Relieved at the Freedom from Accident.

ROCHESTER, N. Y., Mar. 5.—Prince Henry, of Prussia, traveled from Chicago to Niagara Falls today, crossed the Canadian frontier for a brief stay, during which he was officially welcomed by the Dominion, and resumed his journey tonight, bound for Boston over the New York Central line. His longest stop in almost thirty hours of continuous traveling was at Niagara Falls, which he saw bridged in with ice. He was much impressed by the falls, and as he stood on Table Rock, looking across at the Horseshoe Falls, he said: "It is magnificent; it is grand."

Prince Henry was worn out when he left Milwaukee and he did not respond to the demonstrations by the people at Toledo and Sandusky. He did not receive notice of the intention of the citizens of Toledo to formally receive him, and his first knowledge of their plans was conveyed to him by their band playing "Die Wacht am Rhein." It was too late then to get up, and Toledo did not see him. At Cleveland there was a friendly demonstration. Here Peter Karpf, formerly a bugler in the German army, climbed into the car for a reunion with the Prince, which greatly pleased him. The Prince recognized him at once and, taking him by the hand, led him into the car.

All through the morning, as the train ran through a corner of Pennsylvania and out into the state of New York, there were crowds at the stations anxious to see the Prince and tender assurances of friendship.

Germany Is Relieved.

Berlin, March 5.—Relief is felt here that the flight of Prince Henry through the United States is now drawing to a close without any untoward incident.

After his return home the Prince will probably be entrusted with a larger share in public affairs.

UNDER FOREIGN FLAG.

Hill's Big Trans-Pacific Ships Will Not Be American.

NEW YORK, March 5.—It is reported in shipping circles, according to the Journal of Commerce, that it is the intention of the Northern Steamship Company (the Great Northern Railway) to place under a foreign flag its two steamers now building for the Oriental trade at the Eastern shipbuilding yards, New London, Conn. Much interest has naturally been caused by the report, as these two steamers, when completed, will be the largest vessels in point of tonnage, displacement and carrying capacity in the world. They will be about 21,000 tons register and 28,000 tons load displacement to the deep lead line.

Investigation shows, says the paper mentioned, that while the report may not be declared entirely correct, there is much substantial basis for it. The facts are that competition for it in the Orient is so keen—and is constantly becoming keener—that J. J. Hill and his friends feel the need of securing every advantage possible. Preference leans apparently toward the German flag, owing to Germany's advantageous navigation laws.

Mr. Hill's objections to the American flag are said not to be based on the question of expense or high wages, but on the lack of protection to shipowners. The German laws will give the captain the most effective control of the crew.

MORE BIG STEAMERS.

LIVERPOOL, March 5.—The Daily Post understands that the Cunard line is to build two passenger steamers to eclipse in size anything afloat. They are to be over 700 feet long, and of 48,000 horse power each.

RECEIVED BY ROOSEVELT AND SECRETARY JOHN HAY.

This Government Will Not Interfere in the Struggle in South Africa—So States the President.

WASHINGTON, Mar. 5.—Messrs. Wolmer and Wessels, the Boer representatives who came to the United States for the purpose of conferring with Secretary of State Hay, were received by Mr. Hay this morning. It was distinctly understood that the Boers were to be received as private citizens, and not in an official capacity. Secretary Hay talked to them freely with this understanding.

The Secretary of State promised to consider their representations, and to do whatever he could to ameliorate conditions in South Africa.

Later in the day Messrs. Wolmer and Wessels were received by President Roosevelt, remaining with him about 15 minutes. They called as citizens and not in their official capacity of Boer representatives. Mr. Roosevelt listened attentively to what they had to say, and then informed them that this Government cannot and will not interfere in the struggle.

SUSPENDED FOR A DAY.

NEW YORK, Mar. 5.—The Metal Exchange suspended business today, in respect to the memory of Leonard Lewisohn, one of its prominent members, who died today.

BANDS OF LANDRONES

ARE DEFEATED AND SCATTERED IN THE PHILIPPINES

By the Native Constabulary and the Police at Cavite—The Military Situation Is Entirely Satisfactory.

WASHINGTON, Mar. 6.—Governor Taft has received the following dispatch from Acting Governor Wright, of the Philippines, in response to inquiries as to the recent report of military reverses:

"Bel's operation in Laguna drove the insurgents to Morong, about twenty-five miles from Manila. Small bands of Landrones, driven from Cavite, joined them. Twenty-five constabularies under a native sergeant attacked them, but their ammunition was soon exhausted, and they were forced to retire without loss.

"Assistant Chief Atkinson of the constabulary, with reinforcements immediately took charge and drove the band, with loss to the latter, into Laguna. There are not 500 members in the bands of insurgents and Landrones in the entire Luzon island today.

"The constabulary with the aid of Trias (Governor of Cavite) and the native police, during the last two weeks, have routed the Landrone bands existing in Cavite for many years, capturing and receiving by surrender over 100 arms. The most important feature is the sentiment among the inhabitants hostile to the Landrones and insurgents. All other organized provisions are quiet. The situation is very encouraging notwithstanding the persistent attempts to create a contrary impression."

SHINGLE MILL BURNED.

VANCOUVER, B. C., March 6.—Fire this morning burned the shingle mill of the British Columbia Shingle Manufacturing Company here. Three machines, with a capacity of 75,000 shingles a day, a boiler and engines, were also destroyed. The loss is \$20,000.

RECIPROCITY WITH CUBANS

Congressional Leaders Consult With President Roosevelt

REPUBLICANS OF LOWER HOUSE WILL CAUCUS ON THE QUESTION THIS EVENING.

The Ship Subsidy Bill to Come Up for a Veto a Week from Next Monday—Confirmation of Pacific Coast Appointments—The Rural Free Delivery Bill Debated at Length Yesterday.

WASHINGTON, Mar. 5.—Speaker Henderson and Representative Cannon, of Illinois, today discussed with President Roosevelt the subject of Cuban reciprocity, and the sentiment thereon in the House. The active canvassing continued among the Republican members today, preliminary to a third caucus on the Cuban reciprocity, to be held tomorrow night. The most positive claims were made by those opposed to Representative Payne's 20 per cent reciprocity plan, that there was a clear majority against it. Payne and his associates did not concede this, however, and expressed the belief that the concession to Cuba would ultimately be granted.

THE SHIPPING BILL.

Washington, Mar. 5.—It appears like-

ly now that the Senate will reach a vote on the pending shipping bill one week from next Monday. When Frye, in charge of the measure, endeavored today to secure an agreement for a time of taking the vote, that date was mentioned as being satisfactory to the minority members of the commerce committee. Clay (Ga.) addressed the Senate today in opposition to the bill. The Senate passed the Legislative, Executive and Judicial appropriation bill.

Some 817 West Twenty-second street as the result of a knock-out blow he received in a fight at Bricklayers' hall Saturday night. The police are searching for his opponent in the battle, but can only learn that he is known as "Young Choyssald," and no one knows where he can be found.

It was in the fourth round of the fight that Uphouser received injuries likely to prove fatal. He had received terrible punishment in the second and third, and in the fourth was sent to the floor. His head struck the floor sharply and he was carried from the ring unconscious and later taken to his home. Since then his condition has been serious and this morning he was reported to be dying.

WASHINGTON, March 6.—Today the Spanish Treaty Claims Commission handed down a decision against the claimants for deaths and injuries received by officers and seamen in the wreck of the battleship Maine in Havana Harbor.

The commission holds that "individual claims of citizens of one nation may arise against the government of another nation for redress of injuries persons may have sustained from such government or any of its agents, but such individual claims do not arise in favor of the officers and seamen or ship-or-war who receive in the line of duty injuries to their persons for which a foreign government is responsible. The claim against a foreign government is wholly national, and all injuries to such officers and seamen are merged into the national injury, and they can look only to their own government for such remuneration as it may choose to give them."

A seaman injured by the explosion which destroyed the battleship Maine in the harbor of Havana, Cuba, on February 15, 1898, had no individual claim against Spain, even if that government was responsible to the United States for the explosion, and therefore such American is not entitled to award in his favor from the Spanish Treaty Claims Commission organized by the act of Congress, of March 2, 1901, to adjudicate all individual claims of cit-

NEW POLITICAL MOVEMENT.

Scheme Is to Promote Majority Rule With Local Option Law for Initiative and Referendum.

CHICAGO, March 6.—The Referendum League of Chicago announces the formation of initiative and referendum in all the cities of the United States. The new party will be known as the National Non-Partisan Federation for Majority Rule. George H. Shibley, the organizer, will travel from city to city organizing Referendum Leagues. This aim will be to secure the passage in each state of a bill compelling municipalities to recognize petitions signed by 5 per cent of the voters, in order that the question may be voted upon by the people. The launchers of the new party are all officers of the local league.

WILL EXTEND ROAD.

ROSEBURG, March 6.—It is rumored that the Coon Bay, Roseburg & Eastern Railroad will be extended at least twenty miles beyond its present eastern terminus this season for the purpose of tapping a fine, large belt of timber on the middle fork of the Coquille river. This will only leave a gap of about 25 miles between Roseburg and the eastern terminus, and it will only be a question of a short time until it will make connection with the Southern Pacific at this place.

THEIR PLACES FILLED.

SAN FRANCISCO, March 6.—Following the settlement of the machinists' strike, nearly 1000 men sought employment with their old firms during the day, but less than 100 were given the positions they vacated May 20, 1901.

TWO LIVES LOST.

Liverpool, Mar. 7.—(Friday).—Fifty-three passengers and the crew of the Waesland arrived at Liverpool on board the Harmonides at 3:23 this morning (Friday).

The collision occurred in a thick fog, at half past 11 Wednesday night, about forty miles southwest of Holyhead. The Harmonides struck the Waesland amid-ships.

Perfect order and discipline prevailed. The crew of the steamer rapidly turned out the passengers, and succeeded in assuring them that their lives were safe.

The Waesland's boats were speedily gotten out, and in less than a half hour the entire ship's company had been transferred to the Harmonides. Two lives were lost—a steerage passenger named Dangerfield, and a child named Elsie Emmott, daughter of a cabin passenger. The Waesland sank in thirty-five minutes. The passengers and crew lost all their belongings. The vessel carried no mails.

DESPERADOES CAPTURED.

Brother and Associates of Famous "Black Jack" in Jail.

EL PASO, Tex., March 6.—George Musgrove, said to be leader of a band of Southwestern desperadoes, and a brother of the noted "Black Jack," who was hanged at Clayton, N. M., a year ago, has been captured near Alamo Gordo, N. M., by Postoffice Inspector C. L. Doran, of Denver, aided by the sheriff's men. Musgrove is wanted in New Mexico for murder, postoffice and train robbery. Among other depredations committed by them was the robbery of the postoffice at Fort Sumner, where a half dozen men were held up and a 12-year-old boy was killed.

The robbery of the postoffice caused the Federal authorities to take a hand in the chase and Inspector Doran, after a week's work, succeeded in locating Musgrove, who will be brought here today. The arrest of Musgrove was followed by the capture, near Clifton, Ariz., of Wat Neill, J. Cook and Joe Roberts, supposed members of the same gang.
