

THOUSANDS OF SQUARE FEET

Added to the Room of a Prominent Business House

NINETY FEET FRONT AND NINE-TY FEET DEEP THE SPACE TO BE OCCUPIED THIS SEASON

By the Mitchell, Lewis & Staver Co's Store in Salem This Season—Their Present Quarters Remodeled and Enlarged—Divided into Departments.

(From Sunday's Statesman.)

Ninety feet frontage on State street, and ninety feet deep—8100 square feet—will soon be the amount possessed by Mitchell, Lewis & Staver Co., for their rapidly expanding business in Salem.

The extra room is secured by the taking in and enlarging and remodeling of the building adjoining their present place of business on the west.

The first room on the east side will be used for rubber tired rigs and bicycles.

The next room, or middle one, will be occupied for the display of buggies and hacks.

The third, or west room, which adds thirty-five feet to the frontage, will be occupied entirely by farm machinery and implements.

This also gives an opportunity to double the space in the rear devoted to the repair of bicycles, etc. Altogether, the additions made will result in giving the local manager for this concern, F. F. Carey, a chance to show the excellent lines of goods carried by his firm—a much better chance than he has heretofore had.

His firm has the largest assortment of goods carried on this coast, and the importance of the Salem branch in the general business is fittingly recognized by the improvements being made.

The business here has been improving steadily, from year to year, and there will no doubt be greater strides forward for the credit of 1930 than have heretofore been recorded in the firm's career.

For the bicycle season just opening, Mr. Carey will have three kinds of wheels, besides motor cycles. It will be the largest line ever carried here.

The location is very convenient, running from No. 51 to No. 57 State street, a half block from the bank of Ladd & Bush.

"NOTHING SUCCEEDS LIKE SUCCESS."

The Oregon Fire Relief Association has been a success ever since it began business in January, 1926, and is now growing faster than ever before.

Its annual report of December 31, 1929, shows a net gain in amount of insurance in force of \$2,628,787, which is 50 per cent more than the net gain of any previous year. It paid 125 losses during the year, amounting to \$23,600.

It is strictly a mutual institution which furnishes the best of Fire Insurance at Cost.

For further particulars, address A. C. Chandler, secretary, McMinnville, Oregon, or if you reside in Marion county, call on or address H. A. Johnson, (agent), Salem, Oregon.

CASTORIA For Infants and Children. The Kind You Have Always Bought

Bears the Signature of *Wm. D. Galt*

TO PRISON.—Sheriff W. W. Withers yesterday brought a prisoner, George Vernon, in the Penitentiary from Lane county, who recently plead guilty to two charges, that of obtaining money under false pretenses, and forgery, and the court sentenced him to serve one year for the former charge and two years for the latter. He also brought two brothers, Ernest and William Miller, both under 16 years of age, to the Reform School from Eugene, committed to that institution for breaking into a merchandise store at Pleasant Hill.

PLEAD GUILTY.—Will Porter, arrested on Tuesday night last upon a charge of larceny of an overcoat, the property of Herb Farrar, and arraigned on Wednesday afternoon and his examination, continued until yesterday, appeared in court yesterday afternoon, before City Recorder N. J. Jusha, at 2:30 o'clock, plead guilty to the charge of larceny and was fined \$50, in default of which he was committed to the county jail to serve a 25-day sentence.

A SALE OF HOPS MADE AT ELEVEN CENTS.

Ed C. Herren Yesterday Bought Five Hundred Bales of the 1922 Crop at That Price.

E. C. Herren yesterday purchased a lot of 1922 hops, 500 bales, at 11 cents a pound. The hops were bought from a Polk county grower, who has the reputation of always producing a crop of excellent quality, and the deal is considered an extraordinarily good one, in view of the fact that contracts are now being made at 12 cents a pound.

Seven more hop contracts were filed in the Marion county department of records, yesterday, representing 70,000 pounds or 500 bales of the 1922 growth of Marion county hops; the ruling consideration being 12 cents per pound, as follows:

Mrs. Cordella Krebs, of Brooks, to Krebs Bros., of Salem, 20,000 pounds at 11 1/2 cents.

F. J. Miller and Bernard Nys, of Butteville, to John W. Dole, of Boston, 15,000 pounds at 12 cents.

J. B. Kennedy of Woodburn, to Faber & Neils, of Albany, 10,000 pounds at 12 cents.

Peter P. Kirk, of St. Paul, to Lillenthal Bros., of New York, 5000 pounds at 11 1/2 cents.

P. C. Smith, of St. Paul, to Lillenthal Bros., of New York, 5000 pounds at 12 cents.

James F. Davidson, of St. Paul, to Lillenthal Bros., of New York, 5000 pounds at 12 cents.

Alex. Harold, of Brooks, to E. W. Wartenburg Co., New York, 5000 pounds at 11 cents.

Adolph Pfeifer, of St. Paul, to Lillenthal Bros., of New York, 6000 pounds at 12 cents.

BOUGHT GOOD FARM.—Henry Fawc, of this city, recently purchased a farm, near Monmouth in Polk county, consisting of 240 acres, the consideration being \$10,000.

WAS RELEASED.—The suit against Peter Rasmussen, charged with the larceny of a cross-cut saw, valued at \$6, which was set for hearing in Justice of the Peace J. O'Donald's court at 1 o'clock yesterday afternoon, was dismissed upon motion of the prosecuting attorney, after the jury had been drawn and all in readiness for the trial.

A PRISONER.—Deputy Sheriff James Carter, of Baker county, yesterday brought to the Penitentiary Wm. Sully, Jr., convicted of the larceny of a steer, and sentenced to serve five years in the Penitentiary. The cost of bringing the prisoner here was \$142.45.

A NEW CITIZEN.—Marcus Christensen, a native of Norway, was yesterday granted full citizenship papers by County Judge John H. Scott, upon the affidavits of G. Haselbacher and Severine Peterson.

GETS HIS DIVORE

CASE OF CHARLES E. STEELE AGAINST HIS WIFE DECIDED.

He Made the Woman's Mother a Co-Defendant, and Secured a One-third Interest in His Wife's Property.

(From Sunday's Statesman.)

In Department No. 2 of the Circuit Court for Marion county, Judge Boise yesterday handed down a decision in the divorce case of Charles E. Steele vs. Nettie G. Steele and Mrs. Caroline Morton, granting Mr. Steele the divorce prayed for on the ground of desertion, and also awarding to him an undivided one-third interest in fee simple to about 44 acres of land located three or four miles east of Salem. This case was one of more than usual interest on account of the law questions involved, and many people will be interested to know the reasons of the decision reached by the court.

Mr. and Mrs. Steele were married January 1, 1926. They mutually agreed to live with Mrs. Morton, Mrs. Steele's mother. After a few years Mr. Steele found that he could not live in harmony with his mother-in-law. According to the evidence, on June 23, 1929, Mrs. Morton ordered Mr. Steele off of her place. He went, but asked his wife to go with him. She refused to go, and stayed with her mother. About a month later Mrs. Steele brought suit against Mrs. Steele for a divorce on the ground of cruel treatment and personal indignities. Mr. Steele contested the case and defeated her divorce. He then tried to induce his wife to leave her mother and go with him to Oregon City, but she refused and she and Mrs. Morton wrote him some very severe letters. In June, 1931, an effort was made by some relatives of the parties to settle their property rights, but it failed, and on July 19, 1931, Mrs. Steele sold all her real estate holdings in Oregon to her mother, Mrs. Morton, and sent the money to the state of Washington for investment. In the fall of 1931 Mr. Steele brought suit for a divorce on the ground of desertion, and also made Mrs. Morton a party defendant and asked that the court declare void the deed by which Mrs. Steele had conveyed all her property to her mother.

Judge Boise holds that under the Oregon statutes Mr. Steele, upon his wife's deserting him, was entitled to one-third of her real estate and that the conveyance to Mrs. Morton was void as to Mr. Steele. The case was very hotly contested by Mrs. Morton. Mrs. Steele not appearing except as witness. Bonham & Martin were attorneys for Mr. Steele and John W. Reynolds appeared for Mrs. Morton.

Martin High, plaintiff, yesterday began suit against Annie K. High, defendant, for the purpose of dissolving the bonds of matrimony now existing. The plaintiff claims that the defendant deserted him on or about October 14, 1929, and ever since has lived apart from him and against his consent, and besides asking that the marital alliance be severed he asks for the custody of the son, Rexford U. High, aged six years, the issue of said marriage. Geo. G. Bingham is the attorney for the plaintiff.

W. H. Odell, as one of the defendants in the case of Thess, Neff, plaintiff, vs. The Williams & England Banking Co., et al., defendants, yesterday, by his attorney, L. H. McMahon, filed a demurrer to the complaint on the ground that several causes of suit had been improperly united, as follows: A cause of suit against each of the following: E. C. Giltner, Phil Metcalf, E. J. Swafford and J. A. Baker, and W. H. Odell, all in the same complaint, and that the complaint does not state facts sufficient to constitute a cause of suit against W. H. Odell.

The suit between W. H. Egan, plaintiff, and James Finney, defendant, a cross bill in equity to establish a dividing line between the properties of both contending parties, was begun in the second department of the State Circuit Court yesterday at 10 o'clock a. m., and the entire day was consumed in the taking of testimony which was not completed, however, and the case was continued over until 10 o'clock Monday morning.

NIAGARA FALLS IN MID-WINTER

The Beauties of This Great Wonder of Nature

WHILE LOCKED IN ICE PRESENTS A SPLENDID VIEW TO THE SIGHT-SEEING CROWD.

The Ice Bridge Below the Falls, Many Feet Thick, with the River Running Below, the Parks and the Islands, Make a Combination of Beauty and Splendor Exceeding in Grandeur the Summer Sights.

(From Sunday's Statesman.)

NIAGARA CITY, March 1.—To those who have seen the beauties of Niagara Falls in the summer, there is an added beauty in the winter scenery that is worth the additional visit to view. Taking the train from Buffalo, a few moments' ride brings us to Niagara City where sleighs are waiting and drivers impromptu you to ride with them to the various sights along the falls and through the snow and ice covered parks. However, if one wishes to be more democratic and walk, one is more than amply repaid for the inconvenience, with the additional detail of the splendid scenery. Taking the incline car at the upper landing, a short ride brings one to the foot of the falls and upon the ice bridge which covers the river from shore to shore. This bridge is formed by the ice coming out of Lake Erie, and down the rapids of the Niagara river where it is ground into a fine mass, and thence over the Horse-shoe Falls in such quantities that the open space in the river below the falls soon becomes gorged, and the channel is closed, forming a substantial bridge across the river. This gorge becomes from eighty to one hundred feet in thickness, and extends sometimes almost to Lake Ontario.

The constantly rising spray from the cataract falling on this ice, is frozen and becomes a sparkling mass, reflecting the colors of light in all their gorgeous splendor. The constant flow of the icy mass over the falls causes the upheaval of the bridge at times, which leaves it in many fantastic shapes. With the receding of the water the ice again settles and leaves many crevices wide enough to view the water of the river as it glides under the ice many feet beneath.

The rocks at the foot of the falls become ice mountains and the young American is there in numbers with all sorts of sleds, toboggans, barrel sleds and anything else with the suggestion of a curve to slide from the summits to the bases.

On a day when the sun shines the camera lens is also present and many thousands of pictures are taken of the falls and the surrounding landscape. Upon this bridge booths are erected for refreshment purposes as well as picture galleries, and souvenir stands. Plenty of opportunities are given to those who surplus money you have in your possession, but unreasonable prices are not asked for the wares for sale. The state government regulates the price of carriage hire, and for 15 cents a drive may be taken to all the places of interest on Luna and Goat Islands.

The trees in the parks are also covered with the icy spray which is crystallized by the cold and become things of gorgeous splendor—sparkling and glistening in the dazzling sunlight.

The scenes in the parks and around the falls in winter, when once viewed, ever become a living picture in the minds of those who have had the privilege of seeing them.

C. D. MINTON.

HOMESEEKERS FROM THE STATE OF MISSOURI

Several Families Arrive in Salem and Are Looking for Locations—The Real Estate Agents Are Very Busy

Several more families arrived in this city yesterday from the East and are keeping themselves busy seeking a suitable home. The real estate agents are very active, too, as there are from two to a dozen of them at the hotels every hour of the day seeking an interview with the newcomers. There are many families arriving who have relatives or friends in the city and their names could not be secured but the majority of those who arrived on the late train Friday night showed that they were from Missouri in that they all remained at the depot all night and came down town to breakfast yesterday morning, despite the fact that the runners from the different hotels of the city announced, in stentorian tones, the virtues of their establishments and solicited their patronage. Among those who arrived yesterday were the following:

J. W. H. Jones, John Jones, Erwin Jones and Lulu Jones, Alton, Missouri. J. W. Livingstone, Robt. Livingstone, Susie Livingstone, and Mrs. L. Livingstone, of Alton, Missouri.

J. D. Hollis, of Alton, Missouri.

The low homeseekers' rates in effect on all the transcontinental lines are bringing large numbers to the Pacific coast, and a still heavier increase in travel is expected as the season advances, and many, it is believed, will avail themselves of the round-trip rate of \$52, effective on the first and third Tuesdays of each month until May 20th to come West and look over the prospects, return home, settle their affairs, and again making the Western trip, to become permanent citizens.

FROM OHIO.—Jesse Huber, editor of the Morning Republican, of Findlay, Ohio, is in Salem, a guest of C. S. Hamilton. He has been visiting John H. Stump, at Monmouth. Mr. Stump and

Mrs. Hamilton are relatives of Mr. Huber. This Mr. Huber's second trip to Oregon. The city of Findlay, Ohio, has about 18,000 inhabitants, and Mr. Huber's paper publishes the Associated Press dispatches, full report.

RUSSIAN BARROOMS ABOLISHED.

The 300 government shops in St. Petersburg where vodka is sold are meant to supersede almost entirely the old trafiks, taverns or saloons which formerly adorned thoroughfares of Russian cities and towns, just as they do in our blessed land. In these trafiks the workman and the peasant could sit and sip their vodka by the hour, the day or the night, and find in jovial companionship encouragement to further excesses. Now, except for a very small number of trafiks, and the restaurants of higher class, this evil is abolished. The government depot for the sale of vodka is bare and uninviting, except for its air of decency and cleanliness, says *Altaire's Magazine*. A sign over the door announces the character of the establishment and you enter to find yourself before a long counter with a cage above it, and two little gates like a bank. Behind, on shelves, are quantities of the bottles of all sizes and both qualities, arranged with utmost precision, and in a rear room are reserve cases which are constantly sent from the factory. Business is lively in these vodka shops. The door admits of a never-ending stream of customers at night, and open only for a short time on holidays.

A Few Pointers. The recent statistics of the number of deaths show that the large majority die with consumption. This disease may be cured with an admirable harmless cough which can be cured instantly by Kemp's Balsam for the Throat and Lungs, which is guaranteed to cure and relieve all cases. Price 25c. and 50c. For sale by all druggists.

PAYING THE TAXES

CROWDS IN THE SHERIFF'S OFFICE ALL LAST WEEK

To Make Settlement and Secure the Rebate Allowed for Payments Made Prior to March 15th—Large Sums Are Received Daily.

(From Sunday's Statesman.)

There has been a constant stream of people passing in and out of the sheriff's department every day and every hour of the day, between 8 o'clock in the morning and 5 o'clock in the afternoon, all the past week, all eager to pay their taxes and reap the benefit of the 3 per cent rebate. There was a larger crowd yesterday than on any previous day and over \$3000 was received. The amount of money taken in was not as great as that on the previous day, but the crowd was larger and the taxes were paid in smaller amounts. The receipts for the week will amount to almost \$25,000, and in order to accommodate those who had come from far into the country, some heavy taxpayers in the city, who have a long list of property to look up, were deferred until today. Besides those who call in person to pay their taxes, there has been received a great number of requests by mail, from parties who reside in the more remote districts and are unable to call, enclosing the amounts of their taxes and asking for a receipt by return mail. This matter is turned over to the night force. There only remains one more week in which the rebate will be allowed, but the taxes do not become delinquent until April 1st and it is expected that the rush will continue until that time.

Thousands Sent Into Exile.

Every year a large number of poor souls whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. Don't be an exile when Dr. King's New Discovery for Consumption will cure you at home. It's the most infallible medicine for Coughs, Colds, and all Throat and Lung diseases on earth. The first dose brings relief. Antoinette, cured of consumption, writes: "I had tried bottles free at DR. STONE'S drug stores. Price 50c and \$1. Every bottle guaranteed."

SPECIAL SERVICES.—At the First Presbyterian church, beginning on Wednesday, March 12th, at 7 o'clock a. m. The first half hour will be devoted to prayer for God's blessing in the manifest presence and power of the Holy Spirit. Rev. J. E. Snyder, pastor of the Presbyterian church of Brownsville, will be present to assist the pastor and will preach every night, except Saturday. No services on Saturday. A very cordial invitation is extended to the public.

CAPTAIN JONES COMING.—John Pender writes from Portland that he expects to be in Salem the first part of next month with his horse "Captain Jones," to make a season with him here until the first of July, and then he will work him, and expects to give him a record of 2:15 or better this fall. Mr. Pender has five of his colts to bring with him, and he wants to invite the people in this part of the country to come and see them, whether they breed or not.

THE STAGE SETTING.—In the first part of the big Elk Minstrel performance tonight will be an elaborate and thing ever attempted in Salem. The thing ever both interesting and unique. Electricity plays an important part, and will lend glow to the original effects to be seen in order to be appreciated. Come early and avoid the rush.

WET WEATHER.—But people must eat, rain or shine, and the people of Salem and vicinity have learned that the best place where they can always find the best for the purpose, in the way of grocery supplies, is at the popular grocery store of Branson & Bagan.

STATE TAXES.—The State Treasurer has received two more tax payments from counties, on account of the 1931 levy. They are: Marion county, \$14,500; Benton (second payment), \$7000.

Trespass notices printed on cloth at the Statesman office.

CONTEST OF COLLEGE MEN

Intercollegiate Oratorical Association Meets in Salem

ON NEXT FRIDAY EVENING THE REPRESENTATIVES OF EIGHT INSTITUTIONS OF LEARNING

Will Meet to Decide the Question of Superiority by Delivering Masterful Orations—The Speakers and Their Subjects—Many Seats Have Already Been Reserved.

(From Sunday's Statesman.)

The Intercollegiate Oratorical Association will hold its annual contest in this city, at the First M. E. church, on Friday evening, March 14th. The occasion will be a most important one for the college boys and girls in Oregon, and the attendance at the contest promises to be a very large one. While the auditorium of the First M. E. church is large, it is believed it will be inadequate to accommodate all who come, in view of the fact that already 410 seats have been reserved for the visiting colleges, with two more to hear from. The Willamette University delegation will occupy the gallery.

The orators of the occasion represent eight universities and colleges; all are thoroughly prepared to make the attempt of their lives to win the beautiful gold medal, and an intellectual treat is in store for the audience that will fill every nook and cranny of the large church. The colleges represented, the subjects of the orations, and the speakers, are:

University of Oregon Eugene—"Public Opinion," by Arthur Gamber. Pacific University Forest Grove—"John Brown of Ossawatimie," by John Hale.

Willamette University, Salem—"The Spirit of Progress," by R. B. Wilkins. Oregon Agricultural College, Corvallis—"Our Mission to the Negro," by Herman Tartar.

Oregon State Normal School, Monmouth—"Law and Literature," by Harry Bell. Pacific College, Newberg—"Commercialism," by Miss Nerva Wright. McMinnville College, McMinnville—"The History of the American Negro," by E. A. Smith.

Albany College, Albany—"The Martyrdom of Man," by Charles Sternberg. Were at Monmouth.

Prof. W. P. Drew, of the Willamette University, and the debating team composed of S. A. Stewart, H. W. Swafford and W. E. Keyes, went to Monmouth on Friday to attend the debating contest between the Monmouth State Normal School and the McMinnville College team, upon the question: "Resolved, That the Fifteenth Amendment has been Justified." The question was decided in favor of the negative. Prof. Drew acted as one of the judges.

Chronic Diarrhoea.

Mr. C. F. Wingfield, of Fair Play, Mo., who suffered from chronic dysentery for thirty-five years, says Chamberlain's Colic, Cholera and Diarrhoea Remedy did him more good than any other medicine he had ever used. For sale by Dr. Stone's Drug Stores.

DR. LYON'S French Periodical Drops

MANHOOD RESTORED "CUPID'S"

his Vitalizer, the prescription of a famous French physician, will quickly cure you of all nervous or chronic diseases, such as Loss of Manhood, Neurasthenia, Pains in the Back, Neuritic Excessions, Nervous Debility, Pimples, Eruptions on the Face, Night Sweats, Headaches, and Constipation. It cures all cases by day or night. Prevents all diseases, which if not cured, leads to Impotency and all the horrors of Impotency. It PROMOTES the formation of the glands of the prostate, the glands of the testicles, and restores small weak organs. The reason sufferers are not cured by Doctors is because 50 per cent are treated with Potassium, CUPID'S is the only remedy known to cure without an operation. 100 testimonials. A written guaranty is given and money returned if it does not cure a permanent cure. \$1.00 a box, \$5.00 for 3 boxes. Send for FREE CUPID'S and testimonials.

ALBANY DA VOG MEDICINE CO., P. O. Box 276, San Francisco, Cal. FOR SALE BY Z. J. RIGGS, DRUGGIST, SALEM, OREGON.

DROP OFF AT BUFFALO

The Pan-American Exposition is going to give the World's Fair a hard rub. Those New Yorkers are preparing a whole lot of surprises and wonderful things to dazzle the people who visit their Fair this year. Money is being lavishly expended in creating beautiful scenes, noble buildings, artistic effects, etc., and the low rates will draw crowds to the spot, where Niagara adds its wonders to the Pan-American attractions.

The point of this preachment is that the NORTHERN PACIFIC is the first link in the steel chain that reaches to Buffalo—or if you prefer to go by water from Duluth, well and good, it reaches Duluth, too.

THE "NORTH COAST LIMITED," AFTER MAY 5th, will be the Crack Train of the Northwest more than ever. Call on our local agents for rates and other information.

A. D. Charlton, Assistant Gen'l Passenger Agent, Portland, Oregon

DR. C. BEE WO.
