Dear Fellow Workers:—The Marion County Sunday School Association will hold its annual convention at Jefferson, on the 18th and 19th of March, 1902.

A Good Program—Great pains have been taken to arrange a program for the occasion.

The Financial Question—Please remember the contribution expected from your Sunday school, for the state and county association work.

Remember—That our field worker's salary and traveling expenses must be met. Let it not be said of Marion county that it failed to redeem its pledge, when it requires such a small amount from each one to do so.

For Next Year—Be sure to have the delegate from your school come to the convention instructed to pledge to the Association Work, the amount your school is willing to contribute for the work of the coming year.

Important—As soon as it is possible, send the names of those who will attend the convention from your school to E. J. Sackett, Jefferson, Oregon.

Reports—Enclosed herewith you will find blank report cards. Please fill these out as the blank indicates and forward by return mail to Robert Reid, Salem, Oregon.

Do Not Forget—That we want you at this convention. We want the benefit of your counsel and of your prayers, and we want you to avail yourself of the benefit that will be derived from all the good things that will be brought out there, we want to counsel together regarding the best manner of conducting our Sunday schools, the best methods of teaching, and the most effective means of leading our young people to the Savior.

Allowed in Part P. S. KNIGHT'S PETITION IN THE GILBERT BANK CASE

Disposed of Yesterday by Judge R. P. Boise—A New Petition Filed for Reimbursing a Purchaser of Drafts

(From Wednesday's Statesman.)

The petition of P. S. Knight, in the case of Timmon Ford, executor, plaintiff, vs. A. T. Gilbert, et al., defendants, was sustained by Judge R. P. Boise in the second department of the State Circuit Court yesterday, as to the draft for \$20 issued by Gilbert Bros. on the Bank of California, San Francisco, but the petition for an order directing the receiver to redeem a note for \$1000, executed by Knight in favor of Gilbert Bros., bank, and assigned by the latter to the First National Bank of Corvallis as collateral, and credit Knight thereon for the amount deposited by him to apply upon the interest and principal of the note, was overruled, the court holding that when the note was assigned to the bank at Corvallis there was no recourse in equity and the only thing which Knight could do would be to redeem the note himself and file a separate claim for the amount deposited, about \$375. The petitioner was granted leave to amend his petition.

The petition of Louisa and Hermann Barr, which was similar to that of Knight's, being a note assigned to M. P. Brown as collateral, was continued.

John Bayne filed a petition for an order of the court directing the receiver to pay the claim of A. S. Epley for about \$700 the amount of drafts issued by Gilbert Bros. on the First National Bank of Portland.

The argument in the case of W. H. Egan, plaintiff, vs. James Finney, defendant, a cross bill in equity, which has been occupying the time and attention of the court for the past three days, was opened at 2 o'clock p. m. yesterday, and was not concluded until 5 o'clock when the case was submitted and taken under advisement by the court.

"NOTHING SUCCEEDS LIKE SUCCESS." The Oregon Fire Relief Association has been a success ever since it began business in January, 1895, and is now growing faster than ever before.

Its annual report of December 31, 1901, shows a net gain in amount of insurance in force of \$2,628,757, which is 50 per cent more than the net gain of any previous year. It paid 135 losses during the year, amounting to \$22,600. It is strictly a mutual institution which furnishes the best of

Fire insurance at cost. For further particulars, address A. C. Chandler, secretary, McMinnville, Oregon, or if you reside in Marion county, call on or address H. A. Johnson, (agent), Salem, Oregon.

AN EXCELLENT SERMON—Was preached last night at the Presbyterian church by the Rev. J. E. Snyder, on "The Battle for a Soul." One lady came forward for prayer. Congregation much larger than the night previous. Mrs. Wiggins sang "Ninety and Nine" in a most tender and effective manner. Rev. Snyder will preach to-night at 7:30. Come promptly so as to enjoy the song and prayer service which will precede the sermon.

EVERY TOWN NEEDS—A "Racket Store" to regulate prices. The New York Racket saves you money even when you trade with the "regular stores." You can save still more by trading with The New York Racket, Salem's cheapest one-price cash store. 21-dw.

FINED FIVE DOLLARS.—At Turner, yesterday, A. J. Miller was arrested, charged with assault and battery on his neighbor, Fred Muller. He pleaded guilty before Justice of the Peace T. E. Herren, and was fined \$5.

FLAX TO BE THE SUBJECT

Of Today's Meeting of the Salem Push Club

WHAT MR. BOSSE SAYS OF THE FUTURE OF THIS INDUSTRY IN OREGON.

A Sample of Oregon Flax, Sent to Belgium, Said to Be Equal to the Best Produced in the World—What the New Company Expects To Do.

(From Wednesday's Statesman.)

Mr. E. Bosse, the representative of a company of Eastern capitalists who will establish a flax-fibre plant in this city in the near future, is busily engaged looking after the company's interests and making preparations to begin operations at once. He says that in Belgium two bushels of seed is sown to the acre and at Scio they only sow about 70 pounds or less than 1 1/2 bushels, but he thinks that the soil here will bear a much heavier crop and for the first year intends to sow about 90 pounds to the acre, flax weighs 55 pounds to the bushel—and thinks that the soil will support and produce more. That is to be judged, however, by the quantity of flax and the quality of the fibre.

"The climate," says Mr. Bosse, "has more to do with the fibre than the soil, the flax plant being composed of two different substances, the woody substance, or stalk, and the fibre. The stalk receives its nourishment from the soil while the fibre is nourished by the oxygen and nitrogen in the elements and therefore this climate, which is almost identical to that of Belgium, should produce a quality of fibre almost equal to that of Belgium."

He stated that he had taken a sample of the fibre produced near Scio back to his company at Green Bay, Wisconsin, where he put it through the latest improved "retting" process and the company was delighted with the result; he then sent the fibre back to Belgium, to a large linen manufactory, to have it passed upon, and he said that the experts of that factory pronounced it equal to that produced in Belgium, which is saying much, as the best flax fibre in the world is produced in Belgium and the finest of linen fabrics manufactured from it.

He is well pleased with the prospects in this valley and feels certain that Salem within a few years will be the site of one of the greatest linen factories in the world, and it can be supported by such land as is obtainable within a radius of fifty miles of the city.

When asked about what force would be employed in connection with the plant he stated that it would require, for the first year, about 150 hands for about three months, or during the rush, and that about twenty-five hands would be employed the year around, and, as the capacity of the plant was increased so would be the force of employees. He is very enthusiastic in the matter and thinks that the Salem people do not realize what is in store for them.

He will appear before the meeting of the Greater Salem Commercial Club at 4 o'clock this afternoon, when he hopes to perfect all negotiations and be ready to start out on his quest of land on the following day, and it is to be hoped that there will be a large attendance to hear what Mr. Bosse has to say. There will also be other matters of prime importance to the city to come up before this meeting.

SENT HOME TO DIE GOVERNOR GEER COMMUTED SENTENCE OF A BOY Who is Gradually Sinking with Consumption—He Was Formerly in the Reform School, and Was Sent to the Penitentiary from Albany.

(From Wednesday's Statesman.) Gov. T. T. Geer yesterday commuted the sentence of Claud McHargue, of Linn county, serving a term in the Penitentiary for forgery, and the young man was released and taken home by his father. McHargue is a young man, scarce more than a boy. He was first sent to the Reform School, and when released from that institution, soon got to trouble again. He committed a forgery, was convicted and sent to the Penitentiary for four years, and was received at that institution on March 17, 1899. He has consumption, and for a year has been unable to work, while during the past few months he has suffered several severe hemorrhages, one in particular being very serious. The young man, as stated above, was taken to his home at Albany, where he is expected to remain until death ensues, it being believed that he cannot long survive. Clemency in this case was urged by a large number of citizens of Linn county, and especially by Dr. W. A. Cusick, the prison physician, who stated that the prisoner could not live long, his death being a matter of but a few months at least.

ROBBED A DEPOT AND ARE ARRESTED. Two Men to Be Brought to Salem This Morning, from Ashland, Charged with Burglarizing the Station at Turner.

An information has been filed in Justice of the Peace J. O'Donald's court, charging Ralph Bland and George Koonits with the larceny of two railroad tickets, numbers 1 and 2 and valued at \$4.90, to San Francisco from the Southern Pacific railway station at Turner, on Monday, March 10th. This is the same case referred to in the Wednesday issue of the Statesman, except the names, which were withheld until it was certain that the culprits had been apprehended.

The details of the capture of the thieves have not as yet been learned from a reliable source, except that the men had been arrested at Ashland and that Constable J. H. Lewis departed for that place on the late overland on Tuesday night to bring them back to this city, and he is expected to arrive with them on this morning's overland. The information was filed by Geo. G. Bingham, through Deputy District Attorney J. H. McNary.

IN PROBATE.—The petition to remove Miles Lewis from his office as executor of the estate of C. J. Mulkey, by Mc Mulkey, Estella Mulkey and Margaret A. Simpson, all the heirs and legatees of the estate on the grounds that he had neglected the duties of his office and was not properly performing the same, was argued before the Marion county court yesterday by L. H. McMahan, attorney for the petitioners, and W. H. and Webster Holmes, attorneys for the executor. The entire day was consumed with the case which was submitted and taken under advisement by the court.

OFFICERS CHOSEN.—The annual election of the W. C. T. U. passed off very pleasantly yesterday afternoon, and the following officers were elected: President, Mrs. D. Matheny; corresponding secretary, Mrs. Runnels; recording secretary, Mrs. Allen Rhodes; treasurer, Mrs. Scriber. Before the close of the meeting a book, "The Beautiful Life of Frances E. Willard," by Alice D. Adams, was presented to the reading room.

Wright appearing for appellants, and K. L. Eddy for respondents.

ROBBED A DEPOT.—It was reported last night that the Southern Pacific depot at Turner had been forcibly entered on Sunday night or early Monday morning and some tickets stolen. Further than that nothing could be learned except that the officers of the law were hot upon the trail of a party to whom suspicion strongly points and, it is thought, he will be apprehended soon.

THE "POVERTY LUNCHEON" IS POPULAR NOW. "Poverty Luncheons" offer a good way of combining pleasure and philanthropy. Half a dozen girls agree to meet at the home of each, in turn, once a week, or once a fortnight, for luncheon. At each meeting each guest brings fifty cents, which is given to some charity, and each hostess pledges herself not to exceed three dollars in preparing her entertainment. These prices and contributions may, of course, be varied at pleasure. At the close of the meal the hostess must tell the price paid for each article of food, which the guests note upon their menu cards. A sample menu would be: Canned boillon (15 cents); creamed codfish, served in green peppers (40 cents); two pounds of chops (50 cents); with piece of French chestnuts (25 cents); salad of chopped apple and celery with mayonnaise, served in red apples (35 cents);
