

The Way a Ring Fits

has a great deal to do with the way the lady values it. Now, it's not much of a lover who does not know the size of her finger, but such cases do occur, and we are willing to exchange the ring if it doesn't fit. As good values here in Engagement and Wedding Rings as you will find in the city.

APPEAL FROM MARION COUNTY

The Litigation over the Friedrich Estate Comes

TAKEN TO THE CIRCUIT COURT IN AN EFFORT TO REVERSE JUDGE J. H. SCOTT.

The Suit of Lizzie R. Buttrick, Against Her Former Guardian, S. T. Richardson, Tried Before Judge R. P. Boise Yesterday.

The transcript on appeal in the matter of the estate of E. M. Friedrich, deceased, was yesterday filed in the second department of the State Circuit court from the Marion county court, Hon. John H. Scott, judge.

This estate has been the subject for controversy in the Marion county court for several months past between John Rieger, petitioner and appellant, and D. F. Lane, administrator and respondent. A brief statement of the case follows:

As alleged in the appellant's original petition to the county court, E. M. Friedrich died in Marion county, intestate, on September 16, 1900, and two days later D. F. Lane, coroner of Marion county, was appointed as administrator of the estate by the Marion county probate court upon the petition of the undertaker who attended the burial of the remains in which petition, the appellant alleges, the undertaker represented that the deceased at the time of his death was an inhabitant of Marion county, which assertion the appellant alleges was wholly untrue and known to be such by the petitioner making such representation and was done for the sole purpose of making it appear that the Marion county court had jurisdiction over the administration of the estate. The appellant alleges further in his petition that the deceased was for twenty-five years prior to his death a bona fide resident of Multnomah county and was only temporarily employed in Marion county at the time of his death, and he therefore maintains that the Marion county court has no jurisdiction in the estate and prays for the revocation of the letters of administration issued to D. F. Lane.

About two weeks ago the Marion county court sustained the administrator's demurrer to and dismissed the petition, from which decision the petitioner now appeals. Gantenbein & Veazie and F. A. Turner are the attorneys for the appellant and petitioner, and Frank and Webster Holmes are the attorneys for the administrator and respondent.

In Circuit Court.

In the second department of the State Circuit Court, yesterday, the suit for an accounting between Lizzie R. Buttrick, plaintiff, and S. T. Richardson, defendant, came up for hearing and the entire day was consumed in the taking of testimony which was not completed, however, and the case was continued over until 10 o'clock this morning.

In this case the plaintiff, the youngest heir of the G. W. Richardson estate, sues the defendant, as guardian of her person and estate prior to her attaining her majority and also guardian of the persons and estates of D. N. Richardson and Fannie Richardson, the oldest heirs of the aforesaid estate, for an accounting upon the grounds that the affairs of the estate had been improperly administered upon. The defense, however, contends that the guardian several years after the plaintiff had arrived at her majority made a detailed statement and report upon the estate, of which there were three copies, which were submitted to the several heirs and approved and that each of the heirs, including the plaintiff, had signed a document releasing him as their guardian. About four months after the signing of the release, the defendant alleges, the plaintiff, at the instigation of her husband who has no pecuniary interest whatever in the estate, brought this action against him, the defendant, upon the grounds stated above.

It is thought, by the attorneys interested in the case, that it would be concluded and submitted today.

The petition of A. S. Ripley, by his

attorney John Payne, in the case of Timon Ford, executor, plaintiff, vs. A. T. Gilbert, et al., defendants, for an order directing the receiver to pay to him the sum of \$500, the amount of two drafts issued by Gilbert Bros. on the First National Bank of Portland, in favor of Wadhams & Co., and Mason, Ehrman & Co., respectively, on April 18, 1901, and presented for payment on April 23, 1901, but refused on account of the closing of the Gilbert Bros' bank on that date, was allowed and the court ordered that the receiver be instructed to pay the amount claimed. The petition of Louise and Hermann Barr in the same case was continued and the petitioners granted leave to amend their petition.

DEEDS RECORDED.

Seven deeds of realty transfers were filed for record in the county recorder's department yesterday, the consideration of which aggregated \$1,235, four mortgages of realty for \$750, \$450, \$300 and \$233 were also filed. The deeds follow:

SALEM FRUIT UNION

GROWERS HELD AN INTERESTING SESSION YESTERDAY.

The Newberg Fruit Farmers, Who Are About to Organize, Invited to Join the Combine Perfected in This City

At a meeting of the Salem Fruit Growers' Union, yesterday afternoon, which was well attended and enthusiastic, the secretary was instructed to invite the fruit growers of Newberg, who are contemplating the organization of an association at that place, to combine with the Salem growers and co-operate with them. Upon the announcement that the Salem Cannery Company desired to secure all the fruit possible for canning purposes and requested that the growers set a fair price on their product, which was the subject of a long and interesting discussion, it was finally decided to hold another meeting on Saturday afternoon, March 29th and the following resolution was drawn up and unanimously adopted by the Union:

Resolved, that the manager of the Salem Cannery and Oregon Packing Company be invited to address the Salem Fruit Growers Union as to the terms and conditions of receiving fruit and make the directors of the same a proposition to take berries and other fruit handled by this Union.

WALTER MORLEY, 59 State Street, Salem.

ONE OF THE YOUNGEST

In years of the many lines of wheels controlled by the great American Cycle Manufacturing Company, but one of the most popular of all, and by many of the best bicycle men in the trade conceded to be the most perfect wheel built from an all around standpoint of durability, ease of propulsion, and graceful appearance, coupled with that indelible element in a wheel that makes it "fit you." Tribune wheels "fit" the rider.

Tribune Bicycles are famous for their perfect bearings, never known to be defective, and scientifically correct in shape to avoid the "wedging" tendency that is common in some wheels. Made famous again by their celebrated cycloidal sprockets, which were the first to really fit the chain and get full power with the least friction—they being the first to produce this form of sprocket which now has so many imitators.

Imitation is the sincerest flattery, so the Tribune is flattered by numerous manufacturers today.
