

"WELL DONE THOU GOOD AND FAITHFUL SERVANT"

This Is the Verdict of Marion County Republicans on Governor Geer's Candidacy, as Expressed at the Primaries Yesterday.

The State Administration Endorsed by Practically a Unanimous Vote of the Entire County---The Opposition Lost All the Precincts Except Sublimity---Thirty-four, Out of Thirty-nine, Heard from, and Nearly All Are in Favor of the Triumphant Re-election of the Tall Fir of the Waldo Hills.

The Marion county primaries, yesterday, resulted in a glorious victory for the present administration, headed by one of Marion county's favorite sons--Hon. T. T. Geer, the present able Governor of the state of Oregon, and a son of whom Marion county may feel justly proud, the state's first native son to fill the office of chief executive.

From every precinct in Marion county, last evening--almost without exception--the reports came in favorable to the present administration, and the opposition to Governor Geer secured small comfort from the returns. While some of the precincts reported anti-Simon delegations--some of them went on record as being opposed by Hon. Joseph Simon for United States Senator--with the exception of only one, all expressed themselves favorable to Governor Geer's re-nomination and re-election--that was Sublimity precinct, the former home of Mr. Frank T. Wrightman, who was making the race for Attorney General, and was therefore, opposing Governor Geer, and who received the complimentary vote of his old home precinct.

The result of the primaries in Marion county is, that T. T. Geer, the "Tall Fir of the Waldo Hills," is the choice of Marion county for Governor, by an almost unanimous vote, and that he will go down to the State Convention with Marion county solidly back of him. It was the firmest endorsement ever given to one of its sons by Marion county, and one that will attract the support of the entire state to him.

The opposition to Governor Geer, by Frank T. Wrightman, was badly defeated--the worst defeat ever administered to a political aspirant in the history of the county. It was not so much a fight against Mr. Wrightman, whose ambition was a laudable one, but it was directed against some of his supporters--the disgruntled element, who made the battle solely because they were kept away from the plecter counter three years ago, and they were well punished.

In the precinct in which Mr. Wrightman lives--Salem No. 2--the opposition to Governor Geer predicted that it would carry the precinct by a vote of 2 1/2 to 1 against the administration. To show how badly they "fell down," or in other words, how they miscalculated their chances, it is only necessary to say that the Geer ticket received 254 votes to 99 for the opposition--2 1/2 to 1 in favor of the Geer ticket--and this is a sample of what "we did to 'em" in the county.

This insures the sending of a complete and full Geer delegation to the State Convention, and this practically insures the triumphant re-nomination and election of Governor T. T. Geer, Oregon's best and most popular Governor in the history of the state.

The results of yesterday's primaries cannot be overestimated. It means a continuance of the present administration, and the reports received from 34 out of the 39 precincts in the county, would also indicate that Hon. Joseph Simon will have a safe majority in the Marion county convention, and will probably secure the legislative ticket when the county convention meets.

SEATTLE, Wash., March 14.--A special cablegram today brought from Juneau, Alaska, says a letter has been received there from a Greek priest at Kenai, on Cook's Inlet, telling of a terrific volcanic eruption about January 1st. The Secretary believes the price of bonds is unreasonably high, and that the effect of the Government being permanently in the market stimulates and helps to maintain this price to the prejudice of National bank circulation.

SHIP SUBSIDY BILL DEBATED

Foraker for It, and McLaurin and Harris Oppose It

THE LATTER SENATORS RAISED THE QUESTION OF ITS CONSTITUTIONALITY.

Secretary of State Hay Asked for Information as to Why Americans with Relief for Suffering Boers Were Not Allowed to Penetrate British Lines in South Africa--A Democratic Caucus.

WASHINGTON, Mar. 14.--Throughout the session of the Senate today, the ship subsidy bill was under consideration. The measure was discussed by Foraker, McLaurin and Harris. Foraker supported the bill, although he admitted that he would have preferred to build up an American merchant marine by a levy of discriminating duties. McLaurin and Harris opposed the measure on the ground that it was not constitutional. They maintained that it was class legislation, which amounted to little short of a robbery of the people, for the benefit of a few ship-owners.

IN THE HOUSE.

Washington, Mar. 14.--The House today passed the postoffice appropriation bill. The only amendment of importance adopted was one to incorporate in the bill the provisions of the bill to classify the Rural Free Delivery service, passed a few days ago.

The Burleson resolution, calling on the Secretary of State for facts relating to the case of Dr. Thomas and wife, was adopted after a short debate, in the course of which Hitt, chairman of the Committee on Foreign Affairs, introduced a letter from Secretary Hay, explaining what the Department of State had done in the premises.

The House also passed a bill to include the Colville Indian Reservation, in the state of Washington, under the general free homestead act, and for the relief of bona fide settlers in the forest reservations.

The signatures were very general on the Democratic side of the House, and the caucus will probably be held, although no call has yet been issued.

The Republican conference on Cuban reciprocity lasted from 2 until 5 p. m., and at its conclusion Chairman Payne said the conferees had come to no conclusion and had adjourned until tomorrow. THE KING REBUKED.

LONDON, Mar. 7.--There was a striking scene in the City Temple yesterday, when during the course of his sermon Rev. Joseph Parker, D. D., administered a pointed rebuke to King Edward, which was loudly applauded by the congregation. Having alluded to the public houses as "trap-doors of hell," Dr. Parker referred to the King's recent brewing of beer while visiting Lord Burton.

"Pray for me," said the Divine, "that I may speak delicately, loyally. If the King brews beer, what can be wrong in subjects drinking it? What the King does is likely to be imitated by others. If the King goes to a Sunday concert, as he did recently, he deals a deadly blow to the Englishman's Sunday."

A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of Mother's Friend before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffered but a few hard pains. This tincture is the greatest remedy ever made."

Mother's Friend

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. Mother's Friend equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breasts is altogether avoided, and recovery is merely a matter of a few days.
