

HAPPY WEDDING IN HIGH LIFE

Mr. Roy Burton and Miss Carrie Ackerman United

IN THE BONDS OF MATRIMONY—THE CEREMONY AT THE HOME OF THE BRIDE'S PARENTS, TOOK PLACE YESTERDAY AFTERNOON—BEAUTIFUL DECORATIONS.

Mr. Roy Burton and Miss Carrie Ackerman were married yesterday, at the residence of the bride's parents on Cottage street, in this city.

The wedding was one of the prettiest that has taken place in the Capital City for some time. The Ackerman home was beautifully decorated for the occasion, in a manner that showed splendid taste and excellent judgment in the arrangements of pleasing combinations of colors and designs. The hall was wreathed in Oregon grape and beside large palms, perch blossoms added to the beauty of the room. The arched were decorated in white and green. Ivy, jasmine and ferns, with white daffodils and primroses, gave the rooms a very pleasing effect.

The dining room was decorated in a profusion of yellow daffodils, the color idea being carried into yellow candles, cake, like cream, etc.

The ceremony took place at 1 o'clock in the presence of a large number of friends of the contracting parties. Mrs. Wm. G. Eliot sang "Thou Art Like a Flower," by Rubinstein, after which the wedding march was played by Delbert Burton. The bride entered leaning upon the arm of her father, preceded by her ringbearer, Miss Bella Ackerman, and the bride's maid, Miss Edith Wright, of Portland. The groom was attended by Mr. Chester Purvine as best man. The bride was dressed in white crepe and carried in her hand a large bouquet of lilies of the valley.

After the ceremony, which was performed by Rev. Wm. G. Eliot of the Unity church, a sumptuous dinner was served in which all participated.

Mrs. Burton is the daughter of Hon. and Mrs. J. H. Ackerman. She is a young lady of high attainments and loved and respected by her friends and acquaintances. Mr. Burton is a young business man of Salem, where he has many friends. He holds a responsible position with the banking firm of Ladd & Bush of this city.

The happy couple left by the 4:34 p. m. train for Portland, whence they go to Seaside for a couple of weeks' honeymoon, when they will return to Salem and make their home.

D. H. Covert, appellant, vs. Alice H.

Covert, et al., respondents, ordered that appellant have until April 25th to serve and file his brief.

Mr. D. Meschan was licensed to practice as an attorney in the courts of Oregon for nine months, on probation.

NOTICE.

Sheep shearers are liable for damages done by their careless use of clothing and implements that they use in shearing diseased sheep, especially those affected with scab.

Flock owners may under the laws recover from such shearers twice their estimated damage.

Shearers coming from other counties where sheep are known to be infected with scab should be particularly careful.

If shearers find they are shearing diseased sheep, when they have finished such bands or flecks, should burn their clothes used in such shearing, and put their shears in boiling water, letting them boil for fifteen minutes to one-half hour.

D. B. KEELER,

Stock Inspector for Marion Co., Ore.

BRIEF CITY NEWS.

A LIFE DIPLOMA.

The State Board of Education yesterday granted a life diploma to Miss Lipina C. Read, of Athens, Oregon.

STATE TAXES PAID.

Jackson county yesterday paid the balance of its state tax to the Treasury Department at the Capitol, the payment aggregating \$8435.56.

THE TEMPERATURE.

The maximum temperature for the 24 hours previous to 3 o'clock p. m. yesterday was 57 degrees Fahrenheit, and the minimum 28 degrees.

A NEW CITIZEN.

W. M. Evans, a native of Wales, and a resident of Hubbard, yesterday made formal declaration before the county clerk of his intention to become a citizen of the United States of America.

CONCERT POSTPONED.

The concert announced for this evening in the Methodist church has been postponed two weeks. It is expected that Miss Mary Case will sing there early in April, assisted by local talent.

RECEPTION OF MEMBERS.

The session of the First Presbyterian church will meet in the Primary class room tonight at 7:30 for the purpose of receiving any who may desire to unite with the church. Public reception of members on next Sabbath at 10:30 a. m.

IS SERIOUSLY ILL.

Miss Vera Davey, second daughter of Mr. and Mrs. Frank Davey, is quite ill at the family home, at No. 128 Mill street, suffering from a severe attack of pleuro-pneumonia and her parents, relatives and friends are very much concerned about her.

A PROMINENT ENDEAVORER.

John Willis Baer, of Boston, International Secretary of the Society of Christian Endeavor, arrived on the overland yesterday afternoon, and addressed a large assemblage at the Presbyterian church in this city last night, under the auspices of the Christian Endeavor Society.

THE REAL THING.

It is pretty well understood that a flow of oil has been struck on the Whiteaker farm near Monmouth, in the well being bored for Banker Hirschberg, of Independence. For some reason the parties interested seem diffident about giving out a confirmation of the report.

MEETING POSTPONED.

On account of the Republican County Convention being in session, and in the absence of a quorum, the meeting of the Greater Salem Commercial Club, which was regularly scheduled for 4 o'clock yesterday afternoon, was postponed until the second Wednesday in April (9th) at 4 o'clock p. m.

MADE A CHANGE.

Fred Palmer, who for six years past has filled the position of bookkeeper for the O. R. & N. Co. in this city, has resigned that position and accepted one as cashier at the Southern Pacific freight depot, to take effect on April 1st. B. J. Thatcher, formerly employed in the freight department of the Southern Pacific Company, will relieve Fred at the docks.

WILL LOCATE IN SALEM.

Dr. F. E. Smith arrived from Lakeview yesterday. He has sold out his business there to his partner, Dr. Lee Steiner, and he will locate for the practice of medicine in Salem. Dr. Smith is well and favorably known here. He leaves a large and lucrative practice in the sage brush country to come to the Willamette valley, because he likes this part of the state better as a place to live.

FORMERLY OF SALEM.

L. A. McNary, who received the nomination of city attorney on the Independent Republican ticket at Portland yesterday, is a former resident of Salem, where he spent a portion of his boyhood days, his home then being at the southeast corner of Capitol and Marion streets. He is a lawyer of considerable ability and will do honor to the office to which he has been nominated and will certainly be elected.

FROM BAKER COUNTY.

Albert Bligen, aged 31 years, a native of Iowa, was received at the Insane Asylum yesterday from Baker county under the charge of Sheriff A. H. Huntington and one guard. George Thompson, aged 32 years, was also brought to the Asylum from Linn county yesterday by D. W. and Newton Thompson, and Mary E. Lamar, aged 55 years, was brought from Portland by Mrs. E. J. Dougherty and one guard.

A NEW MANAGER.

C. H. Brown, of Denver, Colorado, arrived in Salem yesterday and will take charge as manager of the Salem Light, Power & Traction Co., to succeed F. H. Page of Portland. Mr. Brown is an expert electrical engineer,

and thoroughly conversant with the business of electric plants, and he will take personal charge of the business of the company here. He is accompanied by Mr. H. C. Flannagan, also an electrician of note, and the two gentlemen spent yesterday looking over the plant.

SMALLPOX IN PORTLAND.

The Portland Evening Telegram reports seventeen cases of smallpox in the past house there. There are no new cases reported in or around Salem. But the advice to vaccinate is still good advice. Not a single case has occurred where the patient has been vaccinated. This ought to be enough to convince any one that it is a good thing to be vaccinated. If all unvaccinated persons would submit to the treatment, this would end all danger of the prevalence of the scourge in the immediate future.

A MODEL FARM.

Says an Independence dispatch to the Portland Telegram: John Dickinson, a comparatively new and very wealthy arrival from the East, who has purchased number of the finest farms herabouts, intends to make his place one of the model ranches on the coast. He celebrated his 64th birthday anniversary, and the occasion was one of considerable pleasure. Mr. Dickinson is highly impressed with this country, and is going into farming and stock raising on a greater scale than any other resident of the county.

GOOD FOR SALEM AND MARION.

J. H. Settlemier, of Woodburn, would make a most excellent Representative of Marion county in the Legislature. Mr. Settlemier has done a great deal for Salem and Marion county indirectly, while he has been a member of the State Fair Board. He is a good business man and an excellent citizen, enterprising and at the same time conservative and safe. Such men are needed in the halls of the Oregon Legislature. The convention will make no mistake in putting Mr. Settlemier on the ticket.

INVENTORY FILED.

W. A. Moores, H. H. Thieson and W. M. Kaiser yesterday filed their inventory and appraisement on the estates of Thomas E. Combett, et al., minors, showing the total value of funds going into the hands of the guardian, Louisa Ellen Combett, to be \$87.16 and upon the petition of the guardian, the Marion county probate court ordered that March 31, 1902, at 10 o'clock a. m., be set for hearing of the final account of said guardian and R. J. Fleming was appointed guardian ad litem to appear at the hearing.

FOR DEAF MUTES.

A class for deaf mutes is the latest innovation at the First Methodist Sunday school. Such a class was formed, last Sunday, and without any previous announcement having been made, six were enrolled, with one of their number as teacher. This class will be a great privilege to the score or more of unfortunates in this city who are deprived of the sense of hearing, and all of them are very cordially invited, by the management of the Sunday school, to become members of the class. The class meets at the regular Sunday school hour, 10 o'clock.

RAILROAD MEN HERE.

A. L. Craig, general passenger agent of the Oregon Railroad & Navigation Co., accompanied by R. B. Miller, general freight and passenger agent of the lines in Oregon of the Southern Pacific, were in Salem yesterday, coming up from Portland on the forenoon train, and going back in the afternoon. These gentlemen came to look over the business of the two companies in and about the Capital City, and with especial reference to prospective fruit shipments. They are both wide awake and enterprising men, and anxious on the part of the interests they represent to accommodate the business offered and likely to be offered or developed along their lines.

A FINE PUBLICATION.

The managers of the Woodburn Independent, Messrs. Auterson & Gil, a few days ago finished the printing and publishing of a very creditable souvenir. It contains a great deal of valuable information concerning Woodburn and the surrounding country, the Willamette valley and the state of Oregon. It is handsomely illustrated, containing pictures of most of the prominent people and buildings in that part of Marion county. The workmanship of the souvenir is excellent. It would be credit to a city much larger than Woodburn. The publication is for the purpose of attracting favorable notice to that part of the country as a place of settlement, and it is, timely, on account of the immigration now headed this way. The publication gives evidence of a great deal of painstaking work.

TO BUY A TEAM.

D. Shaw, formerly of Shaw, this county, but who now lives near Beaverton, Washington county, where he recently purchased a farm, was in the city yesterday. He has been up in the Waldo Hills for the purpose of buying a team. He purchased a suitable one from John Craig. Mr. Shaw says the horse market down his way is good. It is hard to find a team at a reasonable price. He likes his new location very well. The fact is, Washington county is one of the most progressive in the state, the farming part of it. The farmers of the other Willamette valley counties, however, are coming up to the Washington county standard, by raising more stock, milking cows, growing more clover, and, generally, going into diversified agriculture.

THE OREGON METROPOLIS.

"Home and Flowers," a monthly magazine of Springfield, Ohio, contains an article on Portland, Oregon, under the heading of a "Model City of the West." The author is E. G. Jones, Columbia and Willamette river scenes and a picture of Belknap Springs and Outwilder, Portland are given. The magazine comments on the article in the following words: "In view of the Lewis and Clark Exposition to be held in Portland, Oregon, in 1905, there is a movement on foot to make that city itself a model of all that an up-to-date beautiful city should be when the fair opens. Nature has been so good to Portland, that the good people of that

OLD FOLKS

Old age is not a question of years but a question of vitality. There are young people of seventy-five and old people of sixty. The difference between these young-old people and old-young people is a difference of vital force. Where does this vital force come from? How is it produced? How may it be preserved? The answer is that all physical vitality comes from food properly digested and assimilated. Food fills but does not feed unless the processes of digestion and assimilation are thoroughly performed. It is from the nutrition extracted from food that physical vitality is produced. It is quite possible to eat heartily and yet lack vitality because the nutrition in the food is not extracted. This happens when there is disease of the stomach and other organs of digestion and nutrition. Then the food is imperfectly digested and the nutritive values are largely lost. The consequence of this loss of nutrition in general is physical weakness and in old age it is the forerunner of senile decay. Strength then in youth or old age is only a question of sufficient food which is properly digested and assimilated. If vital strength is produced from food under these conditions, it is evident that this vital strength may be preserved while the stomach and its associated organs are kept in a healthy condition.

It is imperfect digestion and loss of nutrition caused by disease of the stomach and the other organs of digestion and nutrition, to which in general loss of vitality may be attributed.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition in young or old. It enables the perfect digestion and assimilation of food, from which alone the body receives its strength and by which it preserves its vitality.

"When I wrote you for advice, I was feeling very miserable with not simply one ailment but a general debility," writes Mrs. Martha Jones, of Claremont, Surry Co., Va. "I purchased a bottle of 'Favorite Prescription' and also one of 'Golden Medical Discovery' and a bottle of 'Pellets.' I soon began to improve and continued taking them until I was feeling so well I discontinued. That was last spring, and I continued feeling as well as could be expected of an old lady seventy-three years of age. I have so much faith in your medicine; I feel that the number of my days has been prolonged by taking it. I recommend Dr. Pierce's medicines every chance I get. I think there is no medicine equal to yours for old people. It makes their declining days easy and cheerful. I would say to the aged especially, take Dr. Pierce's medicines, they will help and cure also."

"I was a sufferer from chronic diarrhea for five years," writes Mrs. Mary M. Aaron, of Rolla, Phelps Co., Mo. "I tried different remedies which would give me relief for a short time only. My trouble would return as bad as ever. I consulted you in July, 1900, and by your advice commenced using Dr. Pierce's remedies. I took two bottles of the 'Golden Medical Discovery,' three vials of the 'Pellets,' and some of the 'Extract of Smart-Weed,' as you advised. I have not had any return of my trouble since using your medicines. And now seventy-one years old, and I never had anything to relieve me so quick. I think Dr. Pierce's medicines the greatest on earth. My thanks to you for your advice and thanks to Almighty God for restoring me to health through your hands."

One of the consequences of partly digested food is the clogging of the system and corruption of the blood by the accumulation of waste material. In such a condition some outbreak of impure blood is quite liable to take place, and the lack of vital force resulting from loss of nutrition makes disease a hard thing to fight under such conditions. Dr. Pierce's Golden Medical Discovery not only cures diseases of the stomach, but it purifies and enriches the blood, eliminating from it the poisons which produce disease.

"Three years ago my husband was taken sick," writes Mrs. C. S. Towle, of San Anlo, Monterey Co., California. "He had three carbuncles. Two on back of the neck and one was in region of kidneys. It was six inches in diameter and he had the best doctor we could get. He attended him two months and then said he could do no more for him; that he had so little vitality there was nothing to build on; that a change might do him good. The children insisted on his going away, but I said no, if he must die, he should die here in our own home, but if he could be raised from that bed of sickness I could do it with Dr. Pierce's medicines. We bought one bottle of 'Golden Medical Discovery' and a vial of Dr. Pierce's Pellets. My husband had not been able to sit up, even to have his bed made. When he had taken one bottle of the medicine he could sit up and go out of doors, and when seven had been taken he was in better health than for five years previously. He is now seventy years old, and can do a good day's work."

As a tonic for old people there is no medicine superior to "Golden Medical Discovery." It strengthens the stomach, purifies the blood, and so gives new life and new strength.

Dr. Pierce's Pleasant Pellets. The best laxative for old people.

city are beginning to feel ashamed of the poor condition of her streets. Portland also purposes engaging a lecturer from the East to assist in the agitation and in the organization of clubs to undertake improvement work."

AN INSANE CHINAMAN.

Ah Lee, a Chinaman 50 years of age, was yesterday examined by Dr. W. H. Byrd, pronounced insane and committed to the Insane Asylum by County Judge John H. Scott. The complaint was made by City Marshal D. W. Gibson who stated at the examination that several Chinamen had complained to him of Ah Lee's insanity and that they were afraid of him. Upon investigating and being conducted to one of the Chinese establishments on State street Mr. Gibson said that he found Ah Lee there and that he imagined there was a long string of devils suspended in mid air and he had a large butcher-knife about one foot long, with which he was slashing the air viciously trying to sever the cord and let the devils drop. This is Ah Lee's second commitment, he having been discharged from the asylum about three years ago.

GOING INTO FOLK.

Says an Independence correspondent to a Portland paper: A small army of people are arriving in this county, and the number of property transfers is unprecedented. Several new arrivals are noted this week from Nebraska, former Eastern friends of J. W. Brooks, J. L. Caron arrived last week from Oklahoma and has located on the O. Bagley farm, southwest of here, a fine tract of land 630 acres. Mr. Fred Jeffries and family and John Stern and family arrived last week from Elba, Neb. They said it had been 21 degrees

below zero during the past winter there and that straw was selling as high as \$4 per load, and that two loads of corn fodder brought \$18. At the time they left feed was getting very scarce, and if the cold weather prevailed much longer there would be considerable loss in stock. Recently another crowd of homeseekers came out from South Dakota. It is a safe estimate that one-half of southern Polk county farms have changed hands in the last year.

DO IT NOW.

Make inquiries regarding the best route to take on that trip you are contemplating this summer. The Canadian Pacific Railway can offer greater inducements to travelers than any other route. It is the popular Tourist route. The scenic beauties are unsurpassed, the traveler passing through the heart of the Cascade and Rocky Mountain ranges during the day time—two days and one night of the grandest scenery in the world—passing the famous summer resorts and Hot Springs at Field, Logan, Steamboat, Donald, Glacier and Banff, and through the famous farming districts of Assiniboine, Manitoba, North Dakota and Minnesota. Making a trip via this route and the beautiful passenger steamers "Athabasca," "Assiniboine" and "Manitoba," across the Great Lakes, the tourist avoids the heat, dust and other objectionable features of summer travel. First class and Tourist Sleeping Cars, Dining Cars and Observation cars on every train. For rates and other information, call on or address F. R. Johnson, F. & P. Never Address a Woman as Dear Miss.
Should I begin a business letter to an unmarried woman with "Dear Miss"? or is "Dear Madam" correct for either a married or a single woman?
"Dear Madam" is correct, whether the woman addressed be married or single. "Dear Miss" is not in good taste unless the name follows—as "Dear Miss Smith."—Ladies' Home Journal.

The Man—"We need no ring to plight our troth."
The Maid—"Oh, yes, we do! None of your slight of hand tricks with me."—Pick-Me-Up.
