Williamson, chairman of the board of trustees of the Odd Fel lows' Home held Saturday evening general arrangements were definitely outlined for the dedication of the Odd Fellows' Home, located near Kenil worth, to take place Saturday, April 26th, the 83d anniversary of the Odd Fellows' Order, says the Oregonian. There will be a joint affair-the dediof the anniversary of the order. Robert Andrews and most of the members of the local committee were pres-

It was decided that the dedicatory services of the Home shall be held on the grounds, and conducted by the officers of the grand lodge of the state in the forenoon. At the conclusion of the dedicatory ceremonies all Odd Fellows dedicatory ceremonies all Odd Fellows will be entertained at dinner in the Armory. Either in the afternoon at 4 o'clock or in the evening at 7:30 the anniversary program will be rendered. The committee is undecided about the time. That will depend upon the desire of the members throughout the state. If the majority desire to leave for their homes that evening, the exercises will be held in the afternoon, so they can do so.

The general program has been adopted. At the Home only the regular dedicatory services of the order will be held. These will be short.

For the anniversary exercises Judge M. C. George will be the orator of the occasion. Other short addresses will be delivered by W. E. Vawter, past grand master, of Medford; Mrs. Florence Atwood, warden of the Rebekah Assembly, of Baker City; J. E. Hazelton, of Portland; Dr. George C. Chance, past grand representative and reprecenting the original promoters of the institution. A committee of three will be appointed to make out the program. One will be a member of the board of trustees and two will be from Portland lodges. This committee will be named this week. The general over. ight of the entire exercises will be retained by the board of trustees.

A large attendance of Odd Fellows is expected from Eastern and Southern Oregon. The Home new contains five people, and it is the opinion among Odd Fellows that it will have to be enlarged at once. The Home is for the aged or indigent, whether they be men women or children, coming within the rules and regulations prescribed by the board of trustees. Sick Odd Fellows cannot be taken into the institution, as it is not intended for a hospital, nor to aid lodges in avoiding payment of sick benefit to sick members. Originally the institution was established at Fairview, where the order owns a large farm, but it was decided of following the county road the comthat the place was not suitable for the purpose, and the Riley property, containing a two-story dwelling and seven acres of ground, was bought. The house has since been raised up and improved and handsomely furnished

To produce big healthy in the interest of the PEO-PLE OF THE PACIFIC COAST AND AGAINST COOLIES.

> The Right of Congress to Enact Exclusion Legislation Is Shown-The Minority Measure Will Be Withdrawn and the Majority Bill Amended to Satisfy Its Supporters.

WASHINGTON, April C-After passing the Indian appropriation bill today the Senate considered the Chinese exclusion measure. The principal speech was made by Fairbanks in support of the bill. He analyzed its provision to demonstrate they were not in contravention of the treaty with China, and discussed at length the right of Congress to enact exclusion legislation. He maintained that it was a cardinal principle of this Government to protect labor against such low priced labor as would come to the United States from China. An extended debate upon some of the provisions of the bill followed Fairbanks' speech.

Washington, April 5 .- The Chinese xclusion bill was under consideration in the House today, the general debate being closed, without the exception that the speeches were favorable to rigid exclusion, and expressed a feeling of repugnance to the Chinese. Kahn, (Cal.), author of the bill, was gratified during the day at reaching an understanding by which most of the amendments proposed by the Pacific coast people will be accepted by the committee. This probably will lead to a withdrawal of the minority bill, and a passage of the majority measure. The only amendment at assue is on the sailors' clause, and this is to be submitted

OREGON'S 1ST SUNDAY SCHOOL-It is interesting to Sunday School workers to note that the first Sunday school west of the Rocky mountains was organized sixty-seven years ago today. It began its work with thirteen shildren, three being Indians and eleven of mixed blood. New scholars were enrolled each Sunday until all the children in the neighborhood were members of the school, and mothers came two or three miles with their infant children. The school was organized in the mission house of the Methodist church near this city, and its lineal decendant is the First Methodist Sunday school of today. Cyrus Shepard was the first superintendent of the school, an old worker er of a day school at the mission. It was nearly twelve years after the or ganization of this school that James H.
