REBELLION IN SOUTH CHINA
Is Assuming Alarming Proportions and Rumors are Rife

AN INDEPENDENT GOVERNMENT
TO BE FOUNDED IN THREE PROVINCES WHICH ARE TO BE SEIZED BY THEM.

The Japanese Press Asserts That France Is Fomenting the Trouble in the Interest of That Country and Russia, and Serious Complications Are Looked for in Consequence.

HONG KONG, April 15.—The report has reached here that the rebels in Kwang Si Province intend to seize the three provinces in Southern China, namely, Yuenan, Kwang Si and Kwang Tung, and establish an independent Government.

France Fomenting Trouble.
Victoria, B. C., April 15.—The situation in South China, where the rebellion is assuming large proportions, is most serious. The Japan Times, says telegrams from Kwang Si show that a disturbance resembling the Boxer outbreak of two years ago is now going on there, and the paper alleges that the trouble is being fomented by the French, that it may give Russia and that country a pretext for putting in practice the joint announcement made by them when the recent peace treaty was announced, and serious complications may be looked for in consequence.

A French Mission.
Paris, April 15.—At a cabinet meeting today Foreign Minister Delcasse communicated to his colleagues the text of the letter from President Roosevelt, inviting President Loubet to send representatives to attend the inauguration of the Rochambeau Monument, at Washington, May 24th. A mission, consisting of a General and an Admiral and other officers, will be sent to the United States on board a French warship.

A MYSTERIOUS WRECK.
Six Coaches of a Passenger Train Are Thrown Off on a Level Track.

SPOKANE, Wash., April 15.—The Great Northern east-bound express was wrecked twenty miles east of here this morning. Six cars were thrown from the track, seriously injuring four men. They are J. F. Dyson, baggage-man; A. B. Leonard, baggage-man; H. W. Blanchard and A. E. Johnson, mail clerks.

All the injured men will recover. The accident is a mystery. The trains were running over a level stretch of open country. Glancing back, the engineer saw great clouds of dust rising from the train. He threw on the brakes just as the crash came which hurled six cars from the track. The passengers escaped with a severe shaking up.

Miles City, Mont., April 15.—About 113,000 belonging to the First National Bank of this city was destroyed in the burning of the mail of the eastbound Northern Pacific train, which was wrecked last night east of this place. The burning of a bridge caused the disaster.

THE AURORA POSTOFFICE

Burglarized, the Safe Blown Open and Robbed

ABOUT THREE HUNDRED DOLLARS TAKEN BY THE THIEVES—MANY VALUABLE PAPERS DESTROYED—AN INDEPENDENCE WOMAN TAKES POISON.

AURORA, April 15.—The Postoffice building was broken into last night by robbers, who forced the front door open and proceeded to a small back room, where stood the safe.

A hole was drilled at the top, and a charge of powder inserted, and the safe blown open. There must have been a terrific explosion, for the front door of the safe was thrown against a desk standing directly opposite with such force that one side of the desk was completely wrecked and papers and documents were strewn all over the room. The telephone apparatus was also badly damaged. The explosion had set fire to some of the papers, but had evidently been put out by the robbers.

The amount of money taken was about \$300. Some change left in the cash register was not touched. Part of the safe was occupied by H. J. Miller, the hop merchant. He had no cash in the safe at the time, but many valuable papers were wholly or partially destroyed. H. A. Snyder, the postmaster, also had valuable papers destroyed and damaged.

A pocket flash and a package containing powder were found, also a new chisel. No clew has been found to the robbers, who were evidently professional safe-crackers.

It is thought that the explosion occurred during the passing of a train, as not even the nearest neighbors noticed it.

Overdose of Poison.
Independence, April 15.—Mrs. George Wilcox, wife of the local Southern Pacific agent, died early this morning as a result of poisoning from an overdose of medicine. Deceased was a daughter of Hon. Joseph McDaniel, and was a very public-spirited woman.

Fram Valley Exchanges.
Eugene Guard: Saturday night an overcoat belonging to W. A. Tough, a commercial traveler, and valued at \$60, was taken from the Hoffman House office. A man who had been staying at the hotel a day or two, and who left for Salem that night was suspected of stealing the coat, and a warrant was issued for the arrest of John Doe.

Chief of Police Scott, armed with the warrant, went to Salem on the morning's train, and found the coat in the man's possession. He claimed that he had taken it by mistake, some one else having taken his, and delivered it over to Mr. Scott, who returned to Eugene in the afternoon. The man who took the coat paid the costs in the case and was not prosecuted. Mr. Tough will be in from Roseburg to get his garment.

Albany Democrat: Last week there were six births in Spencer precinct, Lane county, which at the last election cast only 74 votes and many of them were unmarried men. Talk of immigration. This beats the record.

Mrs. Seth Ralstrick arrived from Salem Wednesday to make her home in this city. Mr. Ralstrick has leased the Frank Skillman residence in the third ward.—Brownsville Times.

REVOLUTION THREATENS

Belgium Is on the Verge of an Uprising that Cannot Be Prevented.
BRUSSELS, April 15.—The Government has firmly declined to yield on the question of revision, and unless King Leopold should override the Ministry, there seems to be nothing to prevent the development of a serious situation.

In the Chamber of Deputies this afternoon the Liberal members of the Leftists demanded dissolution, in order to enable the country to pronounce judgment on the revision question.

Tomorrow the Socialist members of the Chamber will present a demand for universal suffrage. This will inevitably be defeated, and it is feared the defeat will lead to trouble, particularly in the provinces. No noteworthy incident occurred today in the streets of the city.

RECIPROCITY IN THE HOUSE

No End in Sight to the Avalanche of Speech-Making

FATE OF THE BILL IS ASSURED

REPUBLICAN MEMBERS WILL NOT JOIN DEMOCRATS TO OVERTHROW THE CHAIR.

The Chinese Exclusion Bill to Be Voted on Today, Debate on the Measure Being Concluded in the Senate Last Evening—Minor Amendments Were Adopted—No Politics in It.

WASHINGTON, April 15.—With the close of the Cuban reciprocity debate in the House today, the leaders announced that all danger of the bill being weighted down with undesirable amendments were over, and they felt assured the bill would pass in the shape in which it came from the committee. The only cause of anxiety heretofore has been the possibility that enough Republicans would join with the Democrats to overthrow the chair and tack on to the bill an amendment to abolish the differential duty on refined sugar.

This evening it was announced that the Republican delegates from Michigan and California, who would constitute the head and front of the opposition, had agreed not to vote to override the ruling of the chair. An unsuccessful effort was made again today, by Falne, to secure an agreement to limit the general debate.

When the House adjourned there remained thirty-five members who desired to speak. The debate today was without particular interest.

Chinese Exclusion.
Washington, April 15.—The debate on the Chinese exclusion bill was practically concluded today, and voting on the bill and its amendments will begin tomorrow morning. By general consent a vote was taken today on two important amendments offered by Fairbanks, striking out the definition as to Chinese students and teachers, and they were agreed to without division.

These changes were made with a view to reconciling some of the opposition to the measure. The debate was participated in by Hatfield, Penrose and Turner, on favor of the bill, and by Pritchard and Spooner in opposition.

Tureny made the assertion that politics had crept into the discussion, and that most of the Senators of the majority were opposed to the bill. This brought out a sharp rejoinder from Spooner, who maintained that politics had not figured in the discussion, and that the opposition to the present bill was due entirely to its conflict with the treaty and not because of any opposition to Chinese exclusion, which was an established doctrine of the Government.

CASTORIA

Bears the Signature of *Wm. D. Druggist*

A PRETTY CONTEST.
SEATTLE, April 15.—Dol Hawkins was knocked out by Perry Queenan, in the fourteenth round of a twenty round contest, after one on the prettiest fights ever pulled off in Seattle. It was a clean fight, and the best man won. Queenan rushed matters from the start and played for the body from the first tap of the gong.

SENSATION IN WALL STREET

Louisville & Nashville Stock Situation Was Cleared

MOVEMENT WITHOUT A PARALLEL

RESULTED IN THE EXCITEMENT WHEN SOUTHERN RAILWAY SHARES WERE ON MARKET.

All Records for Sales of a Single Stock Were Shattered by the One Day's Trading—J. P. Morgan & Co. Will Control the Purchases of the New Syndicate.

NEW YORK, April 15.—Wall Street passed through a sensational period today. The Louisville & Nashville situation, which had hung menacingly over the district for a week or more, was cleared by the statement that John W. Gates and his associates had wrested the control of the property from the Belmont party. Accompanying this statement was one that the Gates faction had selected J. P. Morgan & Company to settle the differences between the contending interests.

While these events were happening a movement without a parallel in the history of the stock exchange was on in Southern Railway. The operations were on an enormous scale. The demand was extraordinary almost from the outset. Much of the early buying was attributed to the Morgan influence, but it soon became clear that the Gates clique as well as the room traders generally were taking a hand in the game.

In the first half hour 200,000 shares of Southern Railway Common, changed hands. By the end of the first hour the transactions in this stock alone reached a total of over 350,000 shares. By noon more than a half million shares had changed hands. The dealings fell off after that to some extent, but the records for number of shares of a single stock sold in one hour, in two hours and in one day's trading, were all shattered as a result of the Southern Railway's performance today. Tonight Geo. W. Perkins gave out the following statement:

"At the request of Harris, Gates & Company, who have made large purchases of Louisville & Nashville Railroad stock, J. P. Morgan & Company as bankers have consented to take control of the stock so purchased.

"They have so consented solely to relieve the general financial condition, and not for the benefit of any railway company. The Southern Railway Company has no interest in this stock."

TO DEPORT CHINESE.
Steamship Companies Must Take Back Their Human Freight.

WASHINGTON, D. C., April 15.—The Treasury Department has wired the Collector of Customs at San Francisco, to make a written demand on the steamship companies for the deportation of the ninety-eight Chinese who have been held at the detention sheds on the docks from three to nine months. The Chinamen detained threaten violence if they are either not taken back to China by the steamship companies, or are allowed their freedom. Several Chinamen who were detained have already escaped. The Department will prosecute the companies for all the Chinese who have escaped.

THREE GENERALS RETIRED.
Civil War Veterans to Be Promoted to the Vacancies Thus Created.

WASHINGTON, April 15.—Brigadier Generals Isaac De Russy, Andrew S. Burt and Michael V. Shehridan, recently appointed were placed in the retired list today on their own applications, after 40 years' service. One of the vacancies in the list of brigadier generals thus created has been filled by the promotion of Colonel Mott Hooten, of the Twenty-Eighth Infantry, who will be regularly retired for age tomorrow. It is expected three more colonels who served during the Civil War, also will be promoted to the grade of Brigadier General in a few days, and similarly retired on their own applications.

FLOUR IS HIGHER.
British Millers Decide to Advance the Prices of Their Product.

LONDON, April 15.—The Northwestern Association of Millers, at Liverpool, decided to advance the price of flour by a shilling a sack, and to add a new duty of five pence per hundred weight on all flour which should have been delivered before today. The other miller associations throughout the country raised the price of flour a shilling a sack. The grain dealers of Devonshire have advanced the price of grain one shilling per quarter.

Good for Rheumatism.
Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this Remedy I was much better, and after using one bottle, was completely cured.—Sallie Harris, Salem, N. J. For sale by Stone's Drug Store.

FOR HIS NEW POST.
SEATTLE, Wash., April 15.—Capt. J. D. Jarvis, recently appointed Collector of Customs at Sitka, sailed tonight for the Alaskan capital, to take up his new duties.

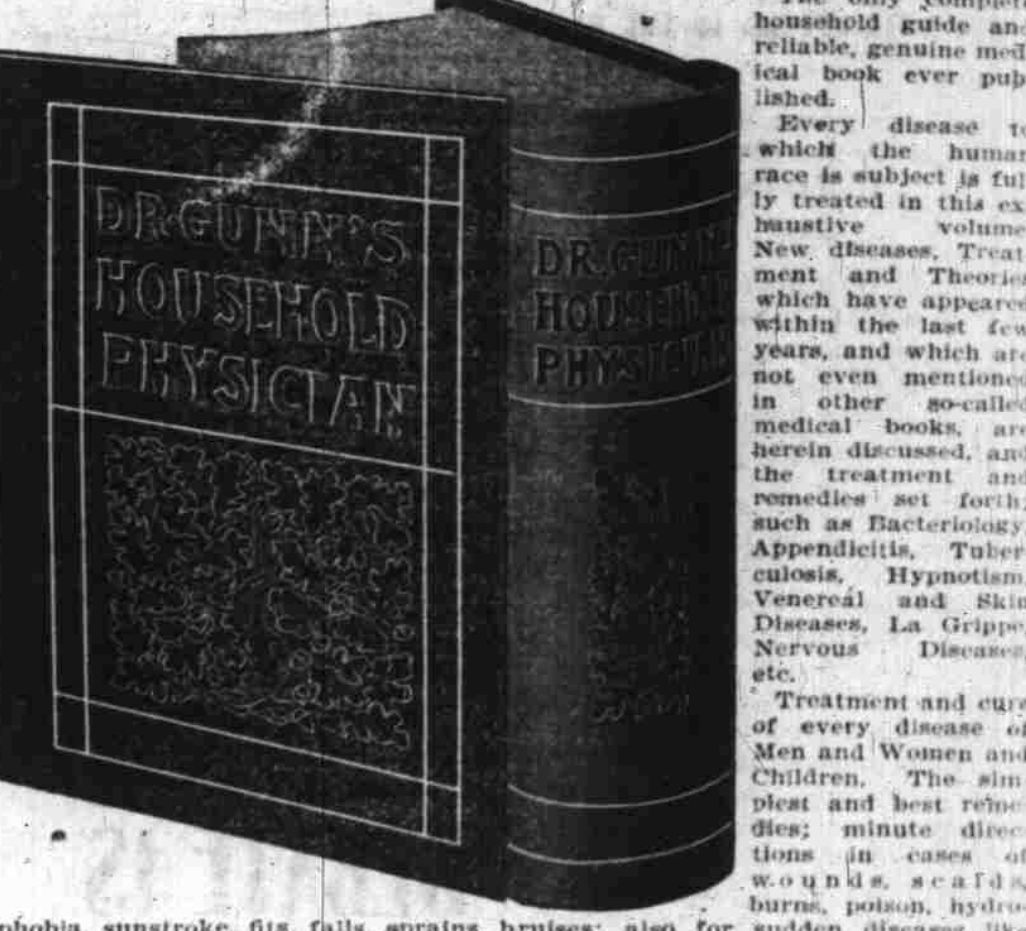

ALASKA NEXT.
The United States homestead law is to be extended to Alaska, with 320 acres as the limit. One of these days the agricultural products of that country will astonish the people.

A Great Offer

Dr. Gunn's Household Physician
Or Home Book of Health
