## High Wind, Approaching a Hurricane in Force

### DAMAGES SEVERAL TOWNS

#### Joplin, Missouri; and Omaha, and Other Cities Are Sufferers

#### SEVERAL PEOPLE KILLED AND MANY INJURED, AND MANY HUNDREDS OF THOUSANDS OF DOLLARS IN PROPERTY DESTROYED—HOUSES WRECKED.

JOPLIN, Mo., April 25.—Joplin was visited this evening by the most destructive storm in its history, during which two persons were killed outright, six were fatally injured, a score or more seriously hurt, and \$300,000 worth of property was destroyed. It is estimated that fifty buildings were destroyed.

Esther Hunter was killed by the falling timbers, and Martha Cape, colored, died from fright.

The fatally injured are: Ridwell Hunter, Mrs. Anna Hunter, Mrs. Marian Hicks, Wm. Jones, a boy named Kruger at Villa Heights, three miles west of Joplin; F. B. Kelly, at Gogook Mines, three miles east.

The worst fury of the storm was felt in the suburbs west of Joplin. The wind was a straight gale of terrible velocity, whipping down scores of houses in the south part of the city, and wrecking \$100,000 worth of the finest mining plants in the district. The worst havoc in Joplin City was in a territory four blocks wide. Within this narrow belt, there is scarcely a building which is not damaged.

#### Omaha Suffers.

Omaha, Neb., April 25.—An unusually heavy wind storm which struck the city this evening killed one person, injured a number of others, and unroofed a number of buildings. There was a heavy downpour of rain. The street cars were stopped for an hour, and the wires and signs were blown down in all directions.

Robert Maxwell, aged 13, was struck by a flying sidewalk, and will probably die. Ex-Mayor George P. Bemis, was struck by a flying sign and sustained a broken leg and was otherwise seriously injured. Lawrence Taggart, aged 20, was seriously injured.

Large plate-glass windows in downtown business houses were blown in, and a dozen roofs carried away.

#### Topeka Complains.

Topeka, Kans., April 25.—A fierce north wind, carrying clouds of dust, has been blowing in Kansas since noon today. There is no indication of rain, and the best fields are drifting badly.

#### In Sioux City.

Sioux City, Ia., April 25.—Sioux City was in darkness after 1:30 this afternoon, dense, greenish clouds shutting out the sun. For a time the wind blew seventy-two miles an hour, and considerable damage was done.

#### In Bryan's Home.

Lincoln, Neb., April 25.—A terrific straightaway wind, reaching at times a velocity of sixty miles an hour, prevailed in Lincoln throughout the afternoon.

### NEW RAILWAY PLANNED

#### WILL BE BUILT FROM GRANTS PASS TO CRESCENT CITY, CALIFORNIA.

GRANTS PASS, April 25.—The Oregon & Pacific Railroad, to extend from Grants Pass to Crescent City, is to be an assured fact; Colonel T. Wain Morgan Draper, manager of the Waldo copper mines and engineer of the new Grants Pass, and his associates, have secured the acceptance of Colonel Draper's proposition means the immediate commencement of the new road, and ultimately another route by rail from Grants Pass to San Francisco.

As a result of the movements that have already transpired, the new road will be a reality within the course of a year or less time, and the future status of Grants Pass, as the leading city south of Portland, will be fixed for all time; for, as Colonel Draper stated before the citizens, this road will ultimately become the connecting link for a new route East, which will lead

### ADD UP THE GAINS.

The virtue of one dose is so small you can't see any change. But add together all the little virtues from all the little doses and the effect is very marked.

In consumption, as in other cases, the results secured from continued treatment with Scott's Emulsion come from the accumulation of many small gains. A little gain in strength each day—a little gain in weight each day—if continued for weeks, amounts to something.

The fact that Scott's Emulsion can be taken for so long a time without the slightest inconvenience is greatly in its favor as a medicine for consumptives. Such a medicine gives itself time to do good. It makes new flesh and strengthens the lungs.

### CAUGHT A BURGLAR

#### MAN WHO ROBBED HALSEY BARBER SHOP TAKEN IN CUSTODY.

ALBANY, April 25.—Philip Eastman, who is evidently a skillful professional burglar, is being held in this city on a charge of robbing a barber shop at Halsey. The evidence is overwhelming against him, and Eastman will probably spend a short time in the Oregon penitentiary.

The barber shop at Halsey was robbed Tuesday evening and 11 razors and two pairs of shears and a few other articles were taken. Chief of Police McClain received word of the robbery, and notified all dealers in second hand goods in this city to be on the watch for the thief.

Yesterday morning the man entered the store of E. Gottlieb and said he would like to sell a barber outfit. Gottlieb suspected that this was the man desired, so while he examined the articles he sent for Policeman McClain. The policeman arrived and arrested the man just as he was leaving the store. Upon being searched Eastman was found to have in his possession nine razors and several other articles which were identified as the stolen property. He also had several burglar tools, which indicate that he is not a novice. From a photo which he carried it was learned that his name is Philip Eastman, and that he formerly lived in Topeka, Kansas.

### LOVE ON THE RAIL

#### HOW TWO YOUNG PEOPLE MET ON AN OVERLAND, AND MARRIAGE RESULTED.

CHICAGO, April 25.—A romance which began a year ago on the overland limited express in California ended last evening in a secret marriage in the First Presbyterian church. The father of the bride who was at the Auditorium Annex, knew nothing of the affair until it was all over.

James D. Darden, of Chicago, one of the vice-presidents of the American Car Co., was the hero of this love story, and Miss Marie Elsie Ross, of Brooklyn, N. Y., the bride. Miss Ross is the daughter of J. M. Ross, a member of the firm of Ross & Snyder, millionaire lumber dealers, who have large interests in timber lands all over the United States. Mr. Darden is 28 years old and his bride is 29.

A year ago Mr. Darden was in California and while on his way to Chicago he met Miss Ross, who was a passenger on the same train. The day after Miss Ross reached home, near Prospect Park, Brooklyn, she received a letter from her traveling companion. A correspondence followed, but suddenly Miss Ross' letters stopped. For several months Mr. Darden did not hear from her until yesterday morning, when he learned that Miss Ross and her father had arrived at the Auditorium on their way East from California. Mr. Darden called, proposed and was accepted, though Mr. Ross was left out of the secret.

A license was procured, and together with two friends the party proceeded to the Presbyterian church, where the marriage ceremony was performed by the Rev. Dr. William Chichester. Later she and groom left on a southern trip to spend their honeymoon, after Mr. Ross had given them his blessing, and left for the East.

### ENGLAND IS ALARMED

#### THE SHIPPING COMBINE IS NOW BELIEVED TO BE A MENACE TO BRITAIN.

LONDON, April 25.—The papers here give first place to the comment on the Atlantic shipping combination, publishing all kinds of statements and alarmist editorials on the political bearing of the combine. Dealing with the subject in the light of the danger of Great Britain losing her sea supremacy, says these things ought to have been foreseen. "If there had been several years ago a proper strategic department at the Admiralty, much that has been done detrimental to Great Britain would have been prevented," says the Post.

The Times understands that pressure will be brought upon the Government to represent to Lord Pauncefoot, the British Ambassador at Washington, urgency of obtaining a report as to the extent and organization of trusts in the United States, and their effect upon the commercial transactions. Most of the weekly reviews discuss the shipping combination in a moderate tone, but with no great degree of satisfaction.

### MOST PECULIAR CASE

#### A MAN READY FOR BURIAL, ARRIVES AND SINGS—LATER HE DIED.

EVERETT, Wash., April 25.—A strange case occurred at Riverdale last night, when Daniel S. Cain, to all appearances, passed from life. The body was prepared for burial. Five hours later Cain revived, and sitting up in bed sang songs of thanksgiving. He remained alive until this morning when death came.

Walla Walla, Wash., April 25.—William H. Hogan, a switchman at Pasco, Wash., was killed yesterday by a freight train on the Northern Pacific.

Waltburg, Wash., April 25.—Fred Wilkerson, aged twenty-two, a veteran of the Philippine war, attempted suicide this afternoon by cutting his throat. No cause is assigned. His physicians think he will die.

#### WILL CURE STOMACH ACHE IN FIVE MINUTES.

This is just what Painkiller will do; try it. Have a bottle in the house for instant use, as it will save you hours of suffering. Watch out that the dealer does not sell you an imitation, as the great reputation of Painkiller (Perry Davis'), has induced many people to try to make something to sell, said to be "just as good as the genuine."

# PHILIPPINES BILL DEBATE

## Carmack Criticizes the President and Funston

### LITTLE GENERAL CALLED

#### The Jayhawker Brigadier from the Windswept Plains

#### THE FIRST REALLY BRIGHT THING UTTERED IN THE UPPER HOUSE OF CONGRESS IN MANY WEEKS, WAS SAID ABOUT THE LITTLE HERO FROM KANSAS.

WASHINGTON, April 25.—Two speeches occupied the entire attention of the Senate today. McCumber discussed his bill to prevent misunderstanding and misrepresentation of products which enter into interstate commerce.

Carmack, one of the minority members of the Philippine Committee, spoke in opposition to the Philippines Government bill now pending. He sharply criticized the President not only for the policy he is pursuing in the Philippines but for utterances which the Senator declared tended to fan the flame of the insurrection.

He also denounced General Funston, whom he characterized as a "Jayhawker Brigadier from the windswept plains—the mightiest Sampson that ever welded the jawbone of an ass as a weapon of war."

#### Chaffee Reports.

Washington, April 25.—Adjutant-General Corbin today made public the following extract from a cablegram just received from General Chaffee respecting the situation in Mindanao, dated Manila, April 24:

"Before Baldwin could be communicated with he had taken the fort at Palas after slight resistance. No casualties. Very soon after the neighboring town of Gama opened its doors, hoisted white flags and delivered the red flag. Datto Lampo and others with a strong following asked permission to call and make peace. Datto Amari Pak, of Gama, who sent threatening messages in reply to my letter, is one of those who have submitted. The camp is two miles from Gama, whose sultan has asked Baldwin to come there. Have directed him not to move. He is ten miles from Datto. "It is my purpose to have an interview with General Davis. Will go on the Hancock, which leaves here today for Malabang with a battalion of the Tenth Infantry. It is our purpose to show a considerable force of troops to the Lake Moros, converse with Datto, then retire the troops by different trails to Malabang and Parang; thereafter he and expeditions occasionally to Lake.

"We supposed Gama was 35 miles from Malabang. It is actually a short 21 miles. No fighting necessary to overcome the opposition to advance to present location of troops; 775 men with Baldwin, two troops cavalry dismounted 12 miles in the rear. Every effort will be made to prevent a general war. Davis says the situation at this time is very favorable."

#### A Special Rule.

Washington, April 25.—Representative Mercer, of Nebraska, will introduce in the House tomorrow an omnibus public building bill, agreed on by his committee, and on next Monday a special rule will be presented to the House for the consideration of the bill on Tuesday. The rule will provide for an opportunity for amendment. The bill will carry an authorization for public buildings in every state of the Union except Delaware and Idaho, for which states no bills were introduced. In all there are 173 authorizations in the bill, aggregating \$15,800,000. No new postoffice is provided for New York City, but the bill authorizes a commission consisting of the Secretary of the Treasury, the Postmaster General and the Attorney General, to select a site in the Borough of Manhattan.

#### In the House.

Washington, April 25.—The House today passed 145 private pension bills, including the bills to pension the widow of the late General Wm. Ludlow, at \$20 a month, and widow of the late "Parson" Brownlow, of Tennessee, at \$30 a month. The remainder of the day was devoted to a general debate on the agricultural appropriation bill. Laessler (N. Y.) discussed the necessity for a new postoffice at New York; Cochran (Dem., Mo.) the tract question, and H. C. Smith (Rep., Mich.), "Good roads."

### A CHANGE PREDICTED

#### THE CLERGY OF THE METHODIST CHURCH WOULD DROP THE RESTRICTIONS.

CHICAGO, April 25.—"If the clergy of the Methodist Episcopal church expect to keep their young men and women in the fold, they must do away with old restrictions against card-playing, dancing, and attendance at the theatres. If they are not allowed to follow the dictates of their own conscience, they will attend churches where they will be allowed to do so, or they will not attend church at all."

This, in substance was the declaration set forth at a dinner at the Union League Club, attended by sixty-five prominent Methodist ministers and laymen of Chicago. The proposition received general discussion in which Bishop J. W. Hamilton, L. D. Condee and Robert Quayle took leading parts.

"If we do not take active steps toward arousing interest in the church on the part of our young men and women, we shall stand alone in our old age; there will be none to take the burden from our shoulders when we pass away," said Mr. Quayle. "If we seek to bind the young people down too closely or draw too tight a rein, we cannot hope to keep them with us. I recommend that all laymen and

clergymen to whom the interests of the Methodist church are dear, organize around this question and insist that at the present regulations and restrictions be removed."

Another important movement set on foot at the meeting was the consolidation of all the book interests and periodicals of the church in this country. If the scheme is successful the site of the central institution will be in Chicago.

Before closing he invited the Surveyor General to appear before him, but that official was taken as a bad sign. He expressed himself very vigorously in a letter sent to Kemp in response. Inspector of the Interior Department Green will begin his investigation tomorrow in public. He invited Commissioner Kemp to attend but the latter declined.

### WILHELMINA'S ILLNESS

#### THE SICK QUEEN IS RESTIVE AND HER CONDITION IS CAUSING ALARM.

AMSTERDAM, April 25.—In official circles no amelioration of Queen Wilhelmina's condition is admitted and the doctor's admission that she is not sleeping well is taken as a bad sign. It is alleged that dispatches from the Royal family, concerning the Queen's condition, differ substantially from the medical bulletins on the subject. The Queen is restive under the liquid diet treatment. The Queen's mother has great difficulty in pacifying the patient.

### NO MATERIAL CHANGE

#### IN THE STRIKE SITUATION IN SAN FRANCISCO—END EXPECTED TODAY.

### WHEAT IS TUMBLING.

CHICAGO, April 25.—Rains in the four big surplus wheat and corn states played havoc with the prices of grain on the board of trade today, and caused a commotion for a time that resembled a stampede. There was a wild opening in wheat, and there was a general wheat dumping process from the sound of the opening gong. Everybody seemed to have selling orders. Two million bushels each were unloaded by several houses.

### BIG DAMAGE SUIT.

DENVER, Colo., April 25.—Stratton's Independence Mining Company, of Cripple Creek, today filed suit in the Arapahoe County District Court against the Strong Mining Company, charging the latter company with extracting gold and other valuable ores from the Maggie Lode Mining claims which adjoins the Strong property and asking damages to the amount of \$1,750,000.

The Sunrise was valued at \$25,000, with insurance of \$12,000.

### HEAD NEARLY SEVERED.

NEWARK, N. J., April 25.—Henry Schwab was hanged here today for the murder of his wife and child. As the body fell the man's head was nearly severed and blood spouted from the neck.
