

THE RUSH OF HOMESEEKERS

Oregon Should Do Some Advertising at Once

MOST OF THEM ARE GOING TO WASHINGTON BECAUSE THAT STATE IS PUSHED TO THE FRONT, WHEN THIS STATE SHOULD GET PREFERENCE.

It is high time Oregon were waking up and doing some advertising. And this should be attempted and carried forward on a large scale. Efforts in a small way will do no good, but if undertaken on a large and general scale the results will be larger in proportion. A few days ago a lady came through to Salem from Chicago. There were three thousand people on the excursion train of which her train was a section. They were all, or nearly all, home seekers. When they reached the Rocky Mountain region they were met by men from Washington points, armed with circulars and other printed matter, telling of the glories and advantages of their localities. These representatives of the Washington cities and sections went through the train distributing their printed matter, and making talks to the home seekers. They made themselves busy booming the points for which they were working and answering the thousand and one questions that were put to them. Nothing was said about Oregon. Not a word. It was all about Washington.

What was the result? When the trains arrived at Portland they were nearly empty. The home seekers had nearly all been induced to get off at the different stations in Washington. Oregon can do these same things. But it will cost money and a lot of it. But it will pay. There should be an organized movement to advertise the advantages of this state, and it should be undertaken on a magnificent scale. Nothing less will offset the efforts of the people of Washington.

THE CHORAL UNION

IT PROMISES TO BE THE MUSICAL EVENT OF THIS SEASON.

The Willamette Valley Choral Union will hold its fourth festival in Corvallis on May 13th to 15th. This promises to be the largest and most brilliant musical event ever held in Oregon. The chorus will consist of over 200 well trained voices. Corvallis furnishing 120, Albany over sixty and Eugene twenty. The Portland Symphony Orchestra of forty pieces will furnish music for the three days. The Musician's Union in Portland has released the members of that organization so that special terms could be made. This is the first time that the valley has had the opportunity of hearing this splendid musical society. The soloists Mrs. Rose Bloch Bauer of Portland, Mrs. Walter Reed of Portland, W. H. Boyer of Portland, J. M. Glen of Eugene, the best quartet in the northwest.

The music is of the best—Tuesday, May 13th Orchestral Concert—the program includes Beethoven's 2nd symphony, Grieg's Italian and German dances, Nicolai's overture to Merry Wives of Windsor, Mendelssohn's Capriccio Brillant for piano with orchestra, M. Walter Fraser—pianist, and Wagner's great aria from Tannhauser, soloist Mrs. Rose Bloch Bauer.

Wednesday May 14th Mendelssohn's Hymn of Praise, and Rossini's Stabat Mater—two master pieces. The former cantata was first performed in 1842 at Dusseldorf, Germany, on the unveiling of the national statute to Gutenberg, the inventor of printing, and is generally regarded as one of the three greatest works of the composer—Rossini's Stabat Mater was written in the latter maturity of the composer after twenty years' silence, which followed the performance of his great operas, all of which were composed before he was 40 years of age. It is the finest example of the application of an operatic composer's genius to a work of religious nature and aim.

Thursday, May 15th, Handel's Messiah needs no description. It has been given in every year since its composition in 1741 in almost every English speaking community—and is a household word to every lover of good music.

On this occasion, these works will, for the first time in the history of Oregon be given with an adequate chorus, a full orchestra, and solo singers worthy of the music they will sing. The prices for tickets for the whole course have been set at \$1.50 and for each single concert at 60 cents. The concert hall is the Agricultural College Armory, which seats 1200 persons in comfort. The railroad fares from Albany to Corvallis are set at 50 cents for the round trip—and a special train leaves Albany on each night at 7 p. m., returning after the performance. If the weather is not good the trains will deliver their passengers on the sidetrack at Corvallis within thirty feet of the Armory.

\$100.00 REWARD.

It is believed that circumstances point to the work of an incendiary

in connection with the burning of the dwelling owned by Mrs. Jennie Bunce, of Salem, which was destroyed by fire on April 5, 1922. We will pay \$100 for the arrest and conviction of the guilty party.

CARRY A GREEN-LINED PARASOL IN SUMMER.

It has been a fact for the last few years for girls to be quite regardless of their complexion during the summer. But the girl who is wise will take my advice and carry a parasol, and for the greatest comfort, and to prevent all strain and glare to her eyes, let her have a dark green lining to it. This lining will not affect in any way the outside covering or the appearance of her parasol.—May Ladies' Home Journal.

WHY STAY PALE?

A pity to see pale girls stay pale and dull when it is so easy to get Scott's Emulsion.

Scott's Emulsion does a few things well. One of them is to give rich red blood to pale girls. There is a reason for it.

But perhaps you are more interested in results than in reasons.

The result of steady daily doses of Scott's Emulsion is an increase not only in the red color of the blood and in the appetite but in the good looks and bright manners which are the real charm of good health.

Scott's Emulsion is blood food.

THE STATE UNIVERSITY

PRESIDENT R. S. BEAN, OF THE BOARD OF REGENTS, FILES HIS REPORT.

Hon. R. S. Bean yesterday filed his report as President of the Board of Regents of the State University, for the past eighteen months, with Gov. T. T. Geer. The report contains the following, showing very satisfactory conditions at the school:

The reports of the president and financial agent of the University indicate that it is in a prosperous condition. The character of the class work has been better than ever before, and the discipline of the University has been carried on with slight friction and has called for little faculty action. The scholarship standard of the University is being gradually raised, both by an increase in the quality of the work done and an increase in the requirements for entrance. An attempt has been made to adjust these requirements to the state high school course, and it is believed that as the high schools are developed over the state, the proportion of those entering the University will improve. The total number of students enrolled for the year is 421. Of this number there are: In departments at Eugene.....315 In Law School.....26 In Medical School.....80

SALEM TEAMS BEATEN

CAPITAL BUSINESS COLLEGE BASEBALL NINE AND EAST SALEM MEET DEFEAT.

The baseball team of the Capital Business College of this city went to Mt. Angel yesterday, where they met defeat at the hands of the Mt. Angel College Junior baseball team, by a score 19 to 5. The game was an interesting one, but the visiting nine man up against one of the best trained teams yet encountered by them. The East Salem baseball nine went to the Reform School yesterday, where they played a spirited contest with the Reform School boys, the score standing 8 to 9 in favor of the Reform School nine. There was a good crowd, all had a good time, and witnessed a most interesting contest of the National sport.

ATTEMPTED SUICIDE

DAUGHTER OF DON CARLOS SPRANG INTO THE TIBER BUT WAS RESCUED.

LONDON, May 3.—A dispatch to the Central News from Rome says, Princess Beatrice de Borbone, daughter of Don Carlos, the Spanish pretender, attempted suicide by throwing herself into the Tiber, but was rescued. Private troubles are supposed to have prompted the act.

FRUIT TREES ARE BURNED

Two Carloads of Pennsylvania Nursery Stock

RECEIVED IN THIS CITY, CONFISCATED BY THE STATE AUTHORITIES ON ACCOUNT OF BEING INFESTED WITH PESTS, AND ARE DESTROYED.

Two carloads of nursery stock, which were shipped to this city last fall by the Village Nursery Company, of Pennsylvania, and condemned by the State Horticultural Commissioner and were confiscated, were destroyed in this city yesterday by the Southern Pacific Company and the Oregon Nursery Company, by burning.

The stock, which consisted of two carloads of young peach trees, arrived in this city during the month of November last and was consigned to the shipper's agent for distribution in this district, but, upon being inspected by State Horticultural Commissioner L. T. Reynolds, of this district, it was discovered to be infested with "black peach aphid" and "peach borers," and condemned. The consignors were notified of the condition of the stock and instructed to either order it back or have it confiscated. One carload was in the hands of the Southern Pacific Company and after it had stood at the freight depot in the car for about one month, the stock was stored in the freight house until the pests had bred and multiplied indefinitely and the depot store room literally swarmed with the vermin. Commissioner Reynolds called at the depot last Thursday and ordered that the entire lot be immediately destroyed and yesterday afternoon Section Foreman P. D. Prunty, with his crew of Japanese, set to work and destroyed the entire consignment by fire. Mr. Prunty, better known as "Pat," when approached in the midst of his labors and asked what variety of pest the trees were infested with, replied in his strong Hibernian dialect that they were "bloody black a-p-as" and it was a pleasure to him to burn them.

NEW RIVER STEAMER

TO RUN ON THE PORTLAND-CORVALLIS ROUTE—ANOTHER "ONA" BOAT.

The Oregon City Transportation Company—the Graham Brothers of Portland—is adding a new light draft steamer to its Willamette river fleet, and will soon place the new vessel on the run from Portland to this city and upper river points. The Portland Telegram says of the new vessel:

"The river steamer being built at Johnson's boat and shipyard on the East Side for the Oregon City Transportation Company will be one of the lightest draft boats on the river. It is estimated that despite her carrying capacity of over 100 tons she will not draw more than 12 inches when light. Loaded, her draft will probably be 18 or 20 inches. As yet the craft in course of construction has not been named, for the simple reason that Captain Graham has not been able to select a suitable cognomen in line with the other boats of the line, the Pomona, Altona and Leona.

Captain A. W. Graham is superintending the work of construction, and the work has progressed so far that the hull is now in frame. It is expected that the launching will take place during the latter part of June, and it possible the boat will go in commission on July 1. She will be opened on the Portland-Salem-Corvallis run, and it is owing to this fact that she is built on lines that will give her the least possible draft. Her dimensions will be: Length, 124 feet; breadth, 25 feet; depth, 4 feet.

"The Pomona and Altona are at present covering the Upper Willamette route, while the Leona is handling the Oregon City business.

"The old Latona, formerly one of the leaders of the "Ona" fleet, having served her usefulness, has been discarded, and the Ramona, also well known to river travelers, was taken down to Alaska in the days of the big-rush.

"The Washougal-La. Cameo Line is on the ways of the Portland Shipbuilding Company in South Portland, and receiving general repairs. Her route is being covered by another of the same fleet.

"It is said on the river front that with the transfer of the D. P. & A. N. Co.'s boats to the Klippitkat Railroad another boat will probably be built and put on the Portland-The Dalles run. In such a case there are very good prospects for a lively scramble for business on the Upper Columbia this summer."

MESSAGE FROM FLORENCE NIGHTINGALE.

Lady Verney recently laid the foundation stone of a new public library and village hall, which is being erected at Steeple Cloydon. The cost, about £1,500, is being defrayed by Sir Edmund Verney, Bart. The following message was received from Miss Florence Nightingale: "So glad the foundation stone is being laid on the Steeple Cloydon Public Library. I do with all my heart wish it success. I think a public library is good for body and soul. That God's blessing may rest upon it is my fervent wish.—London Daily Chronicle.

Rock-a-Bye Baby New Today

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy. The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

State Sunday School Convention Meets There

ALL WORKERS IN THE CAUSE ARE URGED TO ATTEND THIS MEETING—WHO ARE ENTITLED TO SEATS AS DELEGATES—SPECIAL RATES.

The Executive Committee of the Marion County Sunday School Association, composed of F. W. Wiggins, C. J. Atwood, and J. L. Tuttle, yesterday issued a statement regarding the State Sunday School Convention, to be held in Portland, May 14th and 15th, and the following information regarding the convention, and the rates of travel, etc. are given:

The seventeenth annual convention of the Oregon State Sunday School Convention will be held at Portland, May 14th and 15th, commencing Wednesday morning, May 14th, and closing Thursday evening, May 15th.

All Sunday school workers are invited to attend the convention, but the official representation is limited to all officers of county organization, and to the superintendent and two members (pastor, officer or teacher) from each Sunday school. These official delegates must bear credentials—those from the county signed by the president or secretary of the county association, and those from the school signed by the superintendent of the school.

Hospitality is offered by the citizens of Portland on what is known as the "Harvard plan," namely, lodging and breakfast only, to all delegates bearing properly signed credentials.

Names of all delegates desiring this entertainment must be sent to A. M. Smith, 55 Fourth street, Portland, not later than Tuesday, May 13th.

Reduced rates—one and one-third fare for the round trip, on the certificate plan—will be given by the Southern Pacific Company.

The State Executive Committee especially urge full attendance of all Sunday school workers. The International Executive Committee will send Mrs. Mary Foster Bryner, of Peoria, Ill., whom Mr. B. F. Jacobs, chairman of that committee, classes as the "peer" of any in her work.

Mrs. Bryner will be present at and take part in each session of the convention.

The Executive Committee of the Marion County Sunday School Association can secure a car and a special rate of \$1.70 for the round trip if sixty names can be secured. The car will probably go to Portland on the 7:54 train on Wednesday morning, May 14th, and return on the 8:30 train from Portland Friday morning, May 16th.

Those who desire to avail themselves of this very low rate will register their names with any one of the members of the committee not later than Friday, May 9th, and if sufficient names are not enrolled at that time, the special car will be given up. It is understood that those registering will pledge that they will go.

All persons, whether delegates to the convention or not, may avail themselves of this rate if notice is given before May 9th. All pastors and Sunday school superintendents are requested to make announcement concerning the convention and this special car.

NO FOOT-WASHING FOR HIM.

A pastor in the Montreal Conference was conducting a fellowship-meeting at which a man in giving his testimony told of having recently attended some Mormonite services, where the ceremony of foot-washing had been performed. He went on to say that he had been greatly impressed with it, and expressed the hope that a similar service might be introduced into the Methodist church. There was by no means unanimity of opinion on the question, for an old gentleman sprang to his feet, excitedly exclaiming: "I don't believe in it at all! There's no need for this foot-washing!" Then he asked as a clincher, "Why, brethren, there are thousands of people in heaven who never washed their feet."—Epsworth Herald.
