

DISCUSSION WAS FIERCE

The Philippine Question Raged in the Senate

AT YESTERDAY'S SESSION

Beveridge Charged the Opposition With Unfairness.

TURNER MADE A VICIOUS ATTACK ON GENERAL SMITH WHOM HE DENOUNCED AS A MONSTER IN HUMAN FORM—DEFENSE BY SENATOR HOAR.

WASHINGTON, May 6.—For almost four hours today a fierce discussion on the Philippine question raged in the Senate. It was started by Beveridge, who made some sharp strictures on members of the opposition because, as he said, they persisted in telling in their speeches only one side of the story. Carmack and Rawlins warmly resented any imputation of unfairness. Rawlins declared that no partisan motives had actuated the opponents of the present Philippine policy, but that they were moved only by the patriotism and love of country.

Turner delivered a scathing criticism of the methods practiced by the military authorities in the Philippines, swelling particularly on the alleged order of General Smith, whom he denounced as a monster in human form. Hoar briefly defended the action of the Philippine committee, saying that already it had furnished much valuable information.

Secures a Commission.
Washington, May 6.—Lieutenant Alphonso Strebler, of the Philippine scouts, who commanded the detachment who captured Lukban, the Filipino insurgent leader, is to be appointed a Second Lieutenant in the regular army.

Pardoned by Roosevelt.
Washington, May 6.—The President today granted pardons in the cases of Wm. H. Weber, John Haddock, Tom Braley, Cass Eraley and David Clark. United States District Judge Mason, of the Western District of Virginia, sentenced them to terms of imprisonment of from one to six months. Weber and Haddock were organizers of the United Miners' strike. The charge was contempt of court.

A Grifter Removed.
Washington, May 6.—President Roosevelt today summarily dismissed John Grant, United States Marshal for the Eastern District of Texas. The Attorney-General charged Grant with receiving a fee of \$2000 for his service in securing for the Beaumont, Texas, National Bank the designation as a United States Government depository. Grant is said to have admitted that he received \$2000, but stated that it was not a fee, but was in payment of the legitimate expenses of himself and friends in that connection.

POLITICS IN JOSEPHINE

FURNISH HAS THE BEST OF THE SITUATION AT GRANT'S PASS.

GRANT'S PASS, May 7.—Since the visit of W. J. Furnish and party, in this city last Saturday, and of George Chamberlain and other Democratic leaders a few yards before local politicians are taking occasion to size up the situation and compare the strength of the following of each. Looking at it from the standpoint of a casual observer, it can easily be seen that the Bunchgrass man has the best of it in Josephine. Each candidate, of course, was met with the grass band and as loud a hurrah was made on one occasion as on the other, but comparing the number of campaign buttons being worn, and the expressions being made by voters in general, the impartial judge could not do otherwise but give W. J. Furnish the decision in this section.
There is no doubt that Mr. Furnish will receive the full strength of the Republican party in Josephine county. His speech here "took" in every sense of the word and his plain, business-like straightforward remarks have received the hearty approval of all the voters. The report made by some of the Democratic organs that Chamberlain would run ahead of his ticket in this section is entirely unfounded; it will be exactly the contrary.

THE REVOLUTIONISTS WIN

SANTO DOMINGO IN THE HANDS OF THE INSURGENTS—JIMINEZ A FUGITIVE.

MONTE CRISTO, Santo Domingo, May 7.—Further confirmation was received here today of the surrender of

San Domingo, capital of Santo Domingo, Friday last, to the revolutionary forces commanded by Vice-President Vasquez. The provisional Government established there will retain power until new elections have been held. Peace is completely re-established in the southern part of Santo Domingo.
Advices from Puerto Plata, on the north coast, announce that the crew of the Dominican warship at that port has sided with the insurgents and yesterday conveyed to the Governor, General Deschamps, an order to surrender. An agreement providing for a suspension of hostilities at Puerto Plata was signed later in the day, so as to permit the drawing up of the conditions on which the port will capitulate to the revolutionists. Later in the day it became known here that Puerto Plata has capitulated to the revolutionists, who today took possession of the town and the fort. General Deschamps, the former Governor, embarked on board a French steamer, bound for Havre. All is quiet at Puerto Plata.
When San Domingo City surrendered to Vice-President Vasquez, President Jimenez sought refuge in the French Consulate there.

HE FELL OFF THE TRAIN BUT WAS NOT INJURED—OFFICERS REFUSE TO GIVE HIS NAME—HOTEL SAFE ROBBED AT MONTANA HOT SPRINGS.

BAKER CITY, Ore., May 6.—A telephone message from Prairie City says, fire broke out in the principal hotel today at noon, and burned the entire block before the flames could be got under control. The buildings burned were the hotel, a livery stable, the general merchandise store of Sig Durkheimer, two saloons, a blacksmith shop, and several other buildings.
A man was examined here this morning on a charge of insanity whose name the county officials decline to divulge. He fell from the west-bound train near Huntington last night, but was not injured by the fall. He was picked up and brought here for examination. He had a ticket from Denver to Walla Walla, but was out of money.

The Pope Grieved.

ROME, May 6.—The news of the death of Archbishop Corrigan was conveyed to the Pope by his private secretary. His Holiness was greatly depressed, and said:
"It has been one of the greatest bitternesses of my long life to see the best champions of the militant church claimed by death."

SAMPSON HAS PASSED AWAY

Death of One of the Heroic Figures of the War.

COMMANDER OF THE FLEET

That Destroyed Spain's Ships in the Waters of Cuba.

THE BEDSIDE OF THE OLD SEAFIGHTER WAS SURROUNDED BY HIS FAMILY WHEN THE WARY SPIRIT TOOK ITS FLIGHT—FUNERAL ARRANGEMENTS.

WASHINGTON, May 6.—Rear-Admiral William T. Sampson, retired, died at 5 o'clock this afternoon. The immediate cause of death was a severe cerebral hemorrhage. He had been in a semi-conscious state for several days. At the bedside, when the Admiral breathed his last, were Mrs. Sampson, Mrs. Lieutenant Cluverius, the Admiral's married daughter; the Admiral's two young sons, Ralph and Harold; Dr. Dixon, and the three nurses and attendants.
While no definite arrangements have been made concerning the funeral ceremonies, it is probable they will take place Thursday, at the Church of the Covenant, in this city. The remains will be taken to the Admiral's old home at Palmyra, N. Y., for interment.
A number of telegrams and messages of condolence have already been received at the house, among them one from Secretary of the Navy Moody. The death of Admiral Sampson occurring so late in the day there was no opportunity yet for action by the Navy Department for participating in the funeral services.

Rear Admiral Wm. Thomas Sampson was a native of New York, and gave to the Navy of his country his life time of service. In 1894, then a captain, he was appointed to supervise the testing of the government armor contracts, and was a prominent figure in the Carnegie difficulty. He was considered a most capable officer, and later became

as if possible the chief of them all, who represents our enemies in Manila, which (G) falls to you, or better said to General Moriel and Council Cailles. "The ultimatum has not been sent, but will be within a few days."

A CUTTING SCRAPE.

LA GRANDE, May 7.—Wall Bartmers, Fred Yantis and Wallace Childers were badly cut in a fight Monday night. About 10 o'clock, they, with three girls, were at the gate at Mr. Andros' place, where John and Harry Dean came by and had to take to the street. They made insulting remarks which were resented. Harry Dean, being knocked down and kicked in the face, used a large pocket knife. All the boys are cut; Childers in forehead and shoulder; Yantis in the cheek and shoulder; and Bartness almost through the muscle of his right arm. Yantis' wound required seven stitches and Bartness' fourteen. The Deans were arrested and will be examined; one of them has a bad cut in the hand. The Deans are wood cutters; about 30 years of age, and not of bad reputation.

PEACE TALK IN PRETORIA

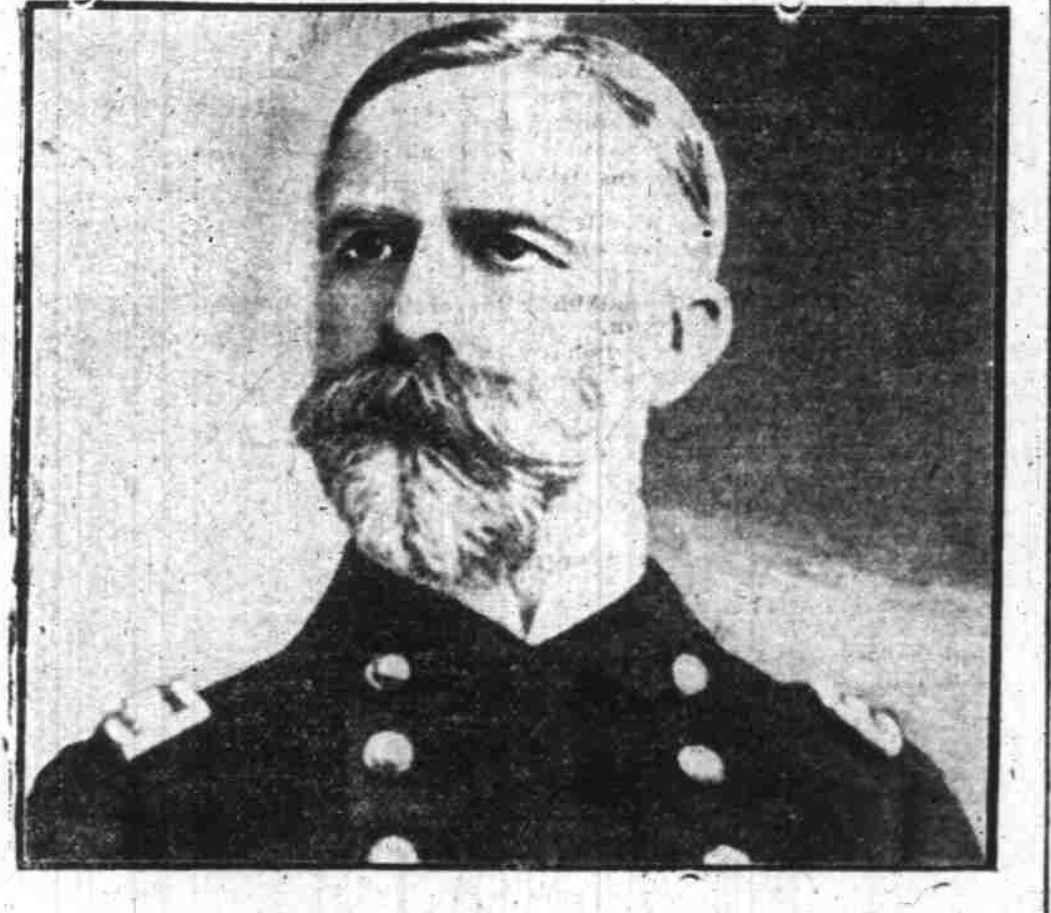

Some Boers in the Field Show a Readiness

TO END THE HOSTILITIES.

Delarey's Forces, However, Are Opposed to Arrangements.

PROPOSED BY THE DELEGATES WHO RECENTLY CONSULTED WITH THE BRITISH AUTHORITIES—THE SITUATION IS DEVELOPING.

PRETORIA, May 6.—The peace situation is developing encouragingly. According to reliable information which has reached here, several of the nearer commandos received the Burgher delegates in an amicable spirit. It is understood that Commandant Meyers

REAR-ADMIRAL WM. T. SAMPSON

chief of the Bureau of Ordnance of the Navy Department. When the war with Spain broke out, he was made an acting Rear Admiral and though in reality ranked by the then Commodore W. S. Schley, and he was made chief of the fleet, which afterward destroyed the Spanish squadron at Santiago, and though he did not himself participate in the battle, it was due to his splendid generalship, and his general plan of blockade, that enabled the fleet to destroy the power of the Spanish navy with only nominal loss to the Americans. The bitterness that grew out of this battle, the court of inquiry, and the estrangement of the two able old sea warriors, over the result of the victory, are of too recent occurrence to require repetition here. Admiral Sampson will go down in the history of his country as a great naval commander, whose name will ever be remembered in connection with the great deeds of the Spanish-American war.)

has announced his willingness to abide by the decision reached by the Transvaal Government. Much opposition to the peace movement, however, is developing among the irreconcilables of General Delarey's forces.

Disorderly Sailors.

LONDON, May 6.—A dispatch from Rome to the Daily Chronicle, says that sailors from the United States cruiser Chicago have indulged in disorderly behavior at Trieste.
A dispatch from Rome to the Daily Express reports that one man was wounded as the result of disorderly conduct at Trieste, of four sailors of the cruiser, Chicago. The men were handed over to Captain Taylor of the Chicago, who paid all claims for damages against the American sailors.

Mother scolds and brings out the bottle of Perry Davis' Painkiller and rubs it on the injured spots with an energy and frequency depending on the seriousness of the case. There is nothing like Painkiller to take out the soreness. There is but one Painkiller, Perry Davis'. Price, 25c and 50c.

CANNOT AMEND LAW.

INJUNCTION AGAINST ACTION OF POSTMASTER GENERAL CHANGING POSTAGE RATES.

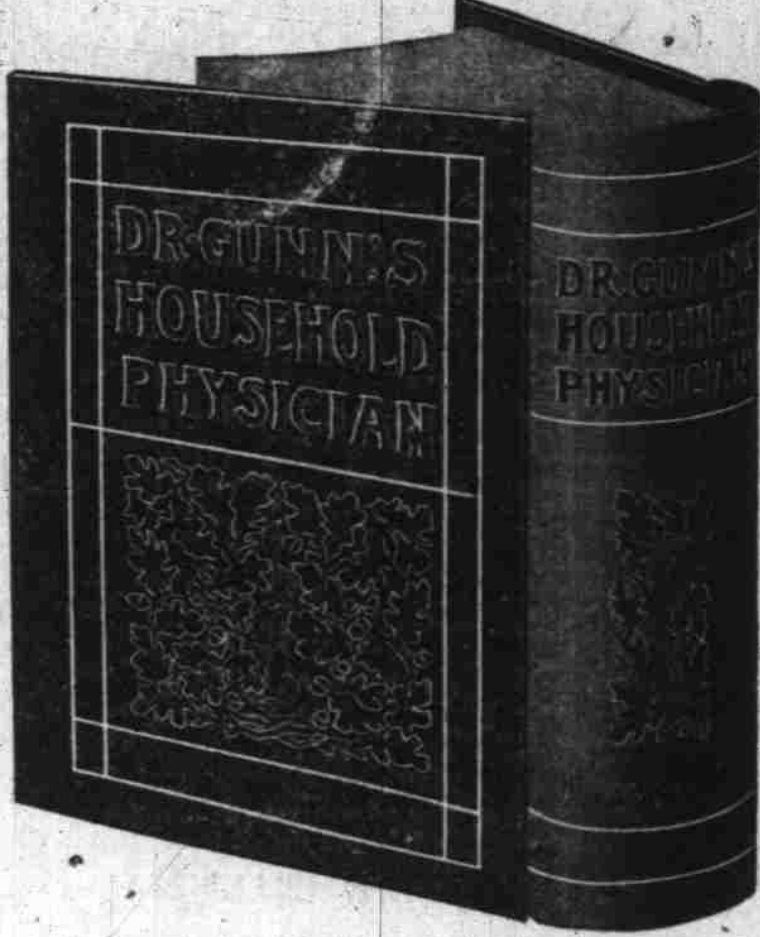

WASHINGTON, May 6.—Justice Bradley, in the Supreme Court of the District of Columbia, today rendered a decision in the injunction case brought by counsel for a New York Publishing Company against Postmaster General Payne. The decision was rendered to prevent the Postmaster General from charging third-class rate instead of second-class rate on a publication known as the "pocket list of railroad officials."
The purport of Justice Bradley's decision is that the regulation promulgated by the Postmaster General goes beyond the law, and is practically an amendment to the law, which the Postmaster General has no power to make.

WILHELMINA IS SINKING. WILL BOYCOTT BEEF.

THE QUEEN'S CONDITION IS CRITICAL AND HER PHYSICIANS ARE ALARMED.

THE HAGUE, May 7.—Advices from Castle Loo, dated 1 o'clock this morning, declare that Queen Wilhelmina's condition again excites grave anxiety. Another consultation of the Queen's doctors was held at 11 o'clock last night. The result of the consultation is not known. Extreme sterility is maintained as to the contents of telegrams dispatched from Loo Palace. This and other measures are believed to indicate that the condition of Her Majesty is much greater than appears from the regular bulletins. It is said the Queen is so weak she has been unable to take nourishment since last Saturday.
LYNN, Mass., May 6.—An anti-beef-eating league is being organized among five thousand employees of the General Electric Company here. Between 1500 and 1700 names have been secured representing 2500 consumers. Local dealers complain that the consumption of meats is falling off rapidly.

MESSAGE FROM FLORENCE

Lady Verney recently laid the foundation stone of a new public library and village hall, which is being erected at Steeple Claydon. The cost, about £1500, is being defrayed by Sir Edmund Verney, Bart. The following message was received from Miss Florence Nightingale: "So glad the foundation stone is being laid of the Steeple Claydon Public Library. I do with all my heart wish it success. I think a public library is good for body and soul. That God's blessing may rest upon it is my fervent wish.—London Daily Chronicle.
