### WHALE BRINGS SUIT

#### ASKS FOR AN ACCOUNTING WITH RECEIVER OF THE GILBERT BROS. BANK.

C. A. Whale, by his attorneys, H. G. Bigger and Henry St. Rayner, yesterday filed an action in the second department of the State Circuit Court against Claud Gatch, receiver of A. T. Gilbert, et al., for the purpose of securing an accounting with the defendant; for judgment for the sum of \$119,777; for an order and decree cancelling plaintiff's note, satisfying the mortgage in security for said note, and for an order relieving the plaintiff from further performing a contract entered into with A. T. Gilbert for selling musical instruments, and to authorize him to deliver to the defendant all the pianos and organs remaining in the plaintiff's possession. The plaintiff alleges that he was engaged in the sale of pianos and organs in the state of Oregon and Washington under a parcel contract with Gilbert Bros. Under said contract Gilbert Bros. it was alleged, were to allow the plaintiff at all times sufficient money accommodations necessary to run and operate his business, and that in consideration thereof the plaintiff was to sell each and every instrument at his own expense, either for cash or on time at his option. When a sale was made the plaintiff was to account for the same to Gilbert Bros. and to pay the latter on all pianos so sold, 50 per cent and on all organs 36 per cent in addition to the first cost. That Gilbert Bros. were to receive in lieu of cash all promissory notes taken by the plaintiff, on sale of said instruments, at their face, and in case the amounts of the notes were in excess of said sum due Gilbert Bros., under the contract, that the plaintiff was to receive in cash all of such excess upon delivery of the notes. The notes, it was alleged, were to be taken on their face, payable to the order of the plaintiff, but the plaintiff was not to be held liable but that the Gilbert Bros. Bank was to look on the instruments sold on said notes as collateral. The plaintiff alleged that the court authorized the plaintiff to continue the sale of the instruments remaining on his hands, numbering fourteen pianos and twenty-five organs upon the same terms as his contract with A. T. Gilbert. That the defendant came into possession of a certain promissory note made by the plaintiff for the sum of \$1500, bearing interest at 7 per cent, upon which the sum of \$1200 has been paid, leaving a balance due upon said note of \$458.70; and there is due the plaintiff the sum of \$119,777, under the contract, and that the plaintiff has offered to make a settlement with the defendant, but that the latter has refused and the action is brought to secure a settlement.

# SALEM WILL GREET THEM

## The Big Rally of the Republican Forces Tonight

### TO HONOR MR. FURNISH

#### And the Candidates Coming With the Standard Bearer

#### ALL ARRANGEMENTS COMPLETED FOR THE MONSTER DEMONSTRATION TO BE GIVEN THIS EVENING—THE PARADE WILL START PROMPTLY AT 7:45.

All arrangements have been completed for the reception of the Republican candidate for Governor, and the rally and demonstration, in honor of that gentleman's visit here this evening promises to be the best and most brilliant of any political meeting ever held in the Capital City of Oregon, or for that matter in any city in the state. Salem Republicans are ready to receive their standard bearer and show him a sample of their hospitality and loyalty, and unless the weather interferes there will be such an outpouring tonight, that the most skeptical will have to acknowledge, in the words of the street, "Salem's all right."

The local committee on arrangements yesterday ascertained that Hon. W. J. Furnish and party would come to Salem by the 6:19 train—the Albany local—tonight, and the party will be met at the station by carriages in charge of a small reception committee, headed by County Chairman W. J. Culver, and the visitors will be escorted to the hotel, there to rest until the time for the meeting and the parade.

At 6 o'clock the four bands—Chemawa, Reform School, Silverton and Salem—will report to Chief Marshal Chas. A. Murphy at the city hall, and they will be assigned positions on different street corners, where they will discuss popular airs until the time fixed for the parade—7:45 o'clock.

Chief Marshal Murphy will form the parade at 7:45, at the Willamette Hotel, and it will move promptly. All organizations are urged to be in their positions on time. The chief marshal has appointed the following aides to assist him in handling the procession:

- Mounted aides—C. A. Murphy (chief), Dr. E. A. Pierce, D. C. Minto, George H. Irwin, H. A. Thomas, Dr. C. H. Robertson.
- On Foot—Chas. A. Bort, R. W. Holman, Frank A. Baker, F. E. Dayton.
- The procession will form in the following order:  
 Salem Military Band.  
 Governor T. Geer, chairman of the evening; W. J. Culver, chairman of the county central committee, and Col. J. M. Poorman, state central committee man.  
 Candidates for state offices.  
 Candidates for county offices.  
 Flambeaux Club, Captain H. A. Kurz, commanding.  
 Cymbal Club, C. E. Lenon, commanding.  
 Silverton Marine Band.  
 Salem Candle Club, Clara Baker, commanding.  
 Reform School Cornet Band.  
 Republicans with torches.  
 Republican club.  
 Calcium Light Club, E. Cooke, Patton, commanding.  
 Chemawa Indian Band.  
 The line of march will be as follows:  
 From the starting point at the Willamette Hotel north on Commercial street; countermarch, south on Commercial to State street; east on State to High; north on High to the city hall. Here the procession will be reviewed by the Governor and the visitors, when the hall will be entered and the evening's program rendered. The meeting will be called to order by the chairman, Gov. T. Geer, who will deliver a brief address, followed by addresses

### LIFE INSURANCE SUIT

#### ENDED IN A JUDGMENT AGAINST THE COMPANY—TRIED IN U. S. COURT.

ST. LOUIS, Mo., May 15.—In the United States District Court today, Judge Adams rendered a verdict in favor of Mrs. Margaret Roth for a \$10,000 life insurance policy held by her husband in the Mutual Reserve Life Association of New York. A short time prior to his death Roth refused to pay an assessment on the policy, and this act, the company claimed, made the policy invalid.

### CROKER COMES BACK

#### HE WILL SELECT A LEADER FOR TAMMANY HALL, OR TAKE IT HIMSELF.

NEW YORK, May 15.—The Evening Post says:  
 "It was reported at Tammany Hall this morning, that Richard Croker will be in New York within a month and will either resume the leadership of the organization which Lewis Nixon laid down yesterday, or select a successor to Nixon. It was predicted that a thorough politician, probably one of the district leaders will be chosen, as the experiment of putting a business man at the head of Tammany Hall had turned out to be a failure."

### WATER IS VERY SCARCE

#### EASTERN MONTANA STOCKMEN SAY THE RANGE IS IN VERY BAD CONDITION.

BILLINGS, Mont., May 15.—Eastern Montana stockmen, particularly those of Yellowstone county are threatened with severe losses by reason of the drought prevailing. The range is drying up, and unless there is a heavy rain fall within the next few days will have to be abandoned. Stockmen say the range condition is the worst in twenty years.

### "NOTHING SUCCEEDS LIKE SUCCESS."

The Oregon Fire Relief Association has been a success ever since it began business in January, 1895, and is now growing faster than ever before. Its annual report of December 31, 1901, shows a net gain in amount of insurance in force of \$2,628,787, which is 50 per cent more than the net gain of any previous year. It paid 135 losses during the year amounting to \$23,600. It is strictly a mutual institution which furnishes the best of  
 Fire Insurance at Cost.

# JACK OF ALL TRADES GASOLINE ENGINES

This is the celebrated Fairbanks-Morse 1½ horse power engine that is proving so satisfactory in all sections of the country. It will do the work of 15 men at a cost of from 1½c to 2c an hour. When you're ready, it's ready. When you stop it the expense ceases. The ideal power for cream separators, light farm work of all sorts, wood sawing, job printing, on ice cream freezers, and any place when a convenient, quick power is needed. The "Jack of all Trades" is the heaviest engine of its class made, and is fitted with phosphor bronze boxings instead of the common babbitt as in others. Babbitt for a gasoline engine is not good. It also has platinum points on the sparkers, instead of steel. The feed is by suction instead of gravity—being thus much more positive. Its weight makes it the most satisfactory engine on the market; for it will stay down. If you want power you need weight to balance it and keep your engine from trying to climb to the pulley shaft. Our price is higher than many others because the engine costs more to build and is worth more to the user. Call and see it any time. All sizes in gasoline engines up to one hundred horse power.

# McCORMICK... MOWERS

The trade on these machines has already begun and from present indications it will go away ahead of last season. "The McCormick stands the racket" is the way the farmers put it and they ought to know. A perfect draw cut, with the doubletrees under the tongue instead of above it, thus relieving the neck weight. Side draft eliminated by the width and weight of the main frame, and by the setting of the gears over to the extreme left. You can hitch your team to a McCormick mower and dropping the tongue cut down a swath of hay—the tongue simply floating—thus proving the above claims. All sizes in both regular and vertical lift.

Full line of extras for McCormick mowers and binders. Also Woods and Osborn extras, and sections for any and all machines.

### McCORMICK RAKES TOO

Self dump and hand dump, all sizes. The men who use these have no trouble with "dished" wheels and broken teeth. The rake is made right and made to last. It's easy to make things to sell, but it pays better to make things that stay sold, and help sell others.

# GET IN LINE WITH A STUDEBAKER BUGGY...

Our buggy trade is away up this spring. In tops and open jobs we are doing a fine business. Some very nice new styles at popular prices too for those who cannot afford to pay high prices. Rubber tires fitted to any and all rigs, old or new, on short notice.

### TRIBUNE BICYCLES

The easy-running fellows  
 Who'd have thought that 1902 would bring such an increased demand for bicycles. Maybe it hasn't, everywhere, but such is the popularity of the Tribune that it is a rare thing when a rider changes it for another, and we gain new ones by the score every season. Big as was last year's business, our wheel sales are now an actual 50 per cent ahead of last season at this time, and still gaining. Certainly this speaks in a positive way for the merit of our claims for our wheels.

### WE SELL

Studebaker Vehicles, McCormick Harvesting Machinery, Russell Engines and Threshers, Russell Windstackers, Parsons' Band Cutters and Self Feeders, Monitor Drills and Seeders, Syracuse and Moline Plows, Hero Fanning Mills, Benica Rotary Disc Plows, Buffalo Pitts Harrows, Portland Anchor Fence, Binder Twine, Harvesting Supplies, Tribune Bicycles, Standard and White Sewing Machines, Gasoline Engines, Bicycle Sundries, Sewing Machine Supplies, and other things too numerous to mention.
