## Serious Accident at a Big Fire in Chicago

### FIVE PEOPLE WILL DIE

#### The Armour Lard Refinery at the Stock Yards Burned

A CROWD OF NA HOG RUNWAY THROWN TO THE GROUND WHEN THE STRUCTURE COLLAPSED, RESULTING IN FATAL INJURIES TO A NUMBER.

CHICAGO, May 16.—During the progress of a fire which tonight destroyed the lard refinery of Armour & Company, in the Union Stock Yards, twenty-nine people were injured, five of them in a manner which will probably cause death. The loss of the company is estimated between \$750,000 and \$900,000, fully covered by insurance.

There were a number of accidents, but by far the largest number of those hurt met their injuries by the falling of the hog runway, upon which they were standing to obtain a better view of the fire. The fire was one of the most spectacular seen in Chicago in recent years, and the display attracted an enormous crowd of people.

That portion of the Forty-fourth street viaduct close to the burning building was densely packed, and suddenly about 200 feet of the hog runway extending from the viaduct to the plant of Armour & Company gave way precipitating fully 1000 persons to the ground. The firemen instantly abandoned their work on the building, and devoted their energies to saving people.

### SOLD ANOTHER LOT

#### A. SCHREIBER YESTERDAY PURCHASED VALUABLE BUSINESS PROPERTY.

Gray Bros. have sold another lot facing on State street in the block lying between Liberty and High street, to Schreiber for a consideration of \$4000. "Gus" has not, as yet, made the object of his purchase public but it is presumed that he contemplates the erection of a handsome business structure in the near future.

If the disposal of this property continues at the rate which it has during the past month it will not be long ere the old Chinese hovels which have long been a disgrace to the city and a source of disgust to the citizens, will be eliminated from sight and existence.

### EXCURSION AND PICNIC

#### FIREMEN WILL BRING MANY VISITORS TO THE FAIR GROUNDS TODAY

The firemen's excursion to Salem today, and the picnic at the State Fair Grounds, promises to be an event of interest. The crowd coming today will be one of the largest ever brought to Salem on a similar occasion, and if the weather is not too bad all will enjoy the day at the Fair Grounds and in the city.

The public buildings will be open all afternoon and visitors will be given an opportunity to see them. At the Fair Grounds a splendid program of bicycle races, foot races, and other sports, will be followed by a genuine cake walk, by "cotton folk" from Portland. A small admission at the Fair Grounds will be charged.

The trains from Portland and the West Side will reach Salem about 10 o'clock, and from Roseburg a half hour later.

### OREGON WINS DEBATE

#### THE UNIVERSITY OF WASHINGTON DEFEATED BY THE TEAM FROM EUGENE.

SEATTLE, Wash., May 18.—The University of Oregon defeated the University of Washington tonight, in the first annual intercollegiate debate. A feature of the debate was Allen Heston's work for Oregon. In logic and eloquence he surpassed all other speakers.

Seattle, Wash., May 16.—The track meet between the teams of the Universities of Oregon and Washington will be held tomorrow. No decision has been made regarding Oregon's protest against the Pearson brothers, two Washington sprinters.

### A RELIGIOUS FANATIC

#### KILLED BY A MINING MAN AT DAWSON—THE ACT IS SELF-DEFENSE.

SEATTLE, Wash., May 16.—A special to the Post-Intelligencer, from Dawson, states that "Jon" McDonald, superintendent of the Treadwell mines on Douglas Island, Alaska, today shot and killed "Ned" Jones, a religious fanatic. Jones claimed that God appointed him to have McDonald close the mines on Sunday. When the two men met, Jones told McDonald that his time had come, and attempted to pull a revolver. McDonald pulled first and put four bullets into Jones. The coroner's jury exonerated McDonald.

### QUARREL IN THE ORIENT

#### CAPTAIN GRANT'S CHARGES AGAINST GENERAL SMITH SENT TO THE SENATE.

WASHINGTON, May 18.—The Secretary of War has transmitted to the Senate Committee on the Philippines the report made by Captain J. H. Grant Leyte, concerning the differences of understanding between himself and General J. H. Smith concerning the control of the Province of

of affairs in that province. Speaking of General Smith's achievements in the island, Captain Grant says: "Since General Smith has been in command here there has not been a single surrender, to my knowledge, of arms or men, nor has there been a single captive. The only thing he has accomplished to my knowledge was the arrest of a few men on Illiray and along the straits. All the sensational newspaper reports that have reached Manila from the reporters traveling with General Smith are absolutely without foundation, and have had but one object in view—the return of this province to military control."

### SAMPSON'S WILL

#### Will Ask All Coal Miners to Quit Work

### DECIDE ON A BOLD PLAN

#### They Would Tie Up the Industries of the Nation

A SPECIAL SESSION OF THE UNITED MINeworkERS WILL BE CALLED TO CONSIDER THE MATTER OF NATIONAL STRIKE—ANNOUNCED BY PRESIDENT

### HAZELTON, Pa., May 16.—The Anthracite Mineworkers, in order to win the strike today unanimously decided upon a plan that, carried into successful operation, would practically tie up the industries of the country. It is their desire that a special session of the United Mineworkers of America be called for the purpose of endeavoring to have all bituminous workers, both organized and unorganized, involved in the anthracite miners' struggle. This announcement was officially made today by President John Mitchell.

If a special convention is called and the miners succeed in the object of the convention, it will seriously affect 449,000 men, employed in the coal mines of the country.

### DISCUSSION IN CONGRESS

#### OF THE SAMPSON-SCHLEY CONTROVERSY, DURING THE NAVAL DEBATE.

WASHINGTON, May 17.—The House spent the day in discussing the Naval Appropriation bill, and the most important feature of the discussion involved the revival of the Sampson-Schley controversy. This arose over an amendment to the bill, presented by Mund (Maryland), and was adopted, prohibiting the use of Macley's History of the Navy as a text book at the Naval Academy. A number of minor amendments to the bill were adopted, but consideration of the measure was not completed before the House adjourned.

The girl students in a class in sociology in Chicago University have voted that they believe in coeducation because it makes the young men neater in dress and more gentlemanly in behavior; the young men have voted their dislike for coeducation for the same reason. Thus we have exhibited the first state of mind of the reformed toward the reformer. It is not until the reformed has grown used to the new life that he appreciates its advantages. Let the girls continue their altruistic work. In time they will get their reward.—Youth's Companion.

- William Ray, Tecumseh, Neb.
- W. W. Pitts, Eldorado Springs, Mo.

All were riding in the smoking car. This car was reduced to kindling wood in part. The collision occurred a mile east of Hyannis, between the Portland-St. Louis flyer, east-bound, and an extra stock train.

### A Town Burned.

HOULTON, Me., May 17.—Fire today destroyed the greater part of the business section of this town—seventy-five residences and three churches—entailing a loss of \$400,000. One hundred and twenty-five families are homeless.

### Riot in Geor. ia.

ATLANTA, Ga., May 17.—Five white men and three negroes dead; five white men and one negro wounded, and an entire block of buildings burned is the result of a conflict that began here early today between the police and the blacks. Will Richardson, who is believed to have been half Indian and half Negro, the owner of a store in McDaniels street, in the suburb of Pittsburg, and four other negroes brought on the trouble by resisting arrest and defying officers of Fulton county and Atlanta. The dead are: Edward Butte, bailiff of Fulton county; H. G. Osborne, policeman; Edward Crabtree, policeman; Will Gregg, white citizen, and three negroes.

Order has been restored, and Governor Canfield declares that no offending negro will be molested.

### TWO CUBANS PARDONED

#### GOVERNOR GENERAL WOOD EXTENDS CLEMENCY TO A NUMBER OF OFFENDERS.

HAVANA, May 17.—Beginning with the pardon of two Cubans who were to have been garrotted Friday, Governor General Wood has issued many pardons to minor offenders. General Wood wishes the end of American rule in the island to be signalized by acts of clemency.

### The New Cabinet.

Havana, May 17.—The order giving judges of the island a life tenure, and making them removable for cause only, was revoked by General Wood today. None of the Havana papers comment on the composition of President-elect Palma's Cabinet. It can be said, however, that the sections have made a good impression. The men known as military, are somewhat disgruntled, as not a single active soldier is recognized.

### DROWNED IN TILLAMOOK.

TILLAMOOK, Ore., May 17.—Louis Farmer, a ranchman, was drowned in the Nestucco river today. While fording the stream he was caught in a whirlpool.

### Exciting Incident

Madrid, May 17.—The splendid ceremonies in connection with the attaining of his majority by King Alfonso, today, were attended by an incident, which, while insignificant in itself, for a moment created much excitement among those who witnessed it, and in the Chamber of Deputies, in more sensational form than the facts warranted. It appears that just as the royal coach emerged from the plaza de Armas into the square in front of the Palace, a young man suddenly pushed through the ranks of soldiers and police and rushed toward the door of the coach, with a hat in one hand and holding a revolver in the other, a paper. Before he reached the door the state lockeys overpowered him, though not before the disturber had received a severe mauling.

The prisoner was taken to the guard room of the Palace, where he was interrogated. The letter in his hand proved to be an address to the King, stating that the Infanta Marie Teresa, had promised him her hand, and begging the King to accede to the marriage. The prisoner was carefully searched, and it was found that he carried no weapon. His remarks regarding the Infanta Marie Teresa left no doubt as to his mental condition.

### THE USE WE MAKE OF IT.

S. E. Strode, Lecturer of the Ohio State Grange, says: "The farm will bring you a living, all the comforts of life and perhaps many of its luxuries, but only after active co-operation on your part. The Grange, like the farm, but furnished the opportunity, its failure to us depends entirely upon the use we make of it. We can never expect to reap the maximum result by a minimum effort. Economy of effort never shows up in net profit. The Grange is not an institution that agrees to deliver something for nothing; but to the American farmer as an individual and to the American farmer-keeper. These pieces accumulate very rapidly, especially where rail fences are going out of use. Old boards are often kept and moved about until they are worn out with travel and weather. It is much better to gladden the heart of your wife by burning all this stuff into stove wood while it is solid. This clearing out adds much to the neatness of the premises.—[John M. Jamson.]

### COMB INDICATIONS.

When the comb seems bloodless, light-colored and limp the fowl is anemic. On the contrary, when the comb is dark-colored, purple and bright it is the opposite—phethora. Between these two extremes there will be found in perfect birds a comb with a plump look and healthy color. The appearance of the wattles and ear-lobes will confirm the opinion as formed from the comb. Changes in the comb are nearly all due to some disturbance or disease in some part of the body.

### HE TOOK OATH OF OFFICE

#### In the Chamber of Deputies --A Distinguished Assemblage

VIEWED THE MAGNIFICENT SPECTACLE—AN INSANE MAN ATTEMPTED TO REACH THE KING BUT WAS ARRESTED—HE WAS FOUND TO BE HARMLESS.

MADRID, May 17.—King Alfonso attained his majority today and became king in fact as well as in name, having reached the age, 16, prescribed by the constitution. Beautiful weather favored this, the central day of the fetes. At an early hour all the bands of music of the troops composing the garrison marched through the principal streets, playing lively marches, to the royal palace, where they performed beneath the windows of the king's apartments.

The royal procession was formed on the Plaza de Armas in front of the palace shortly before 2 p. m., and the proceeded to the Chamber of Deputies, where, in the presence of the Senators and Deputies the King took the oath to uphold the constitution.

When King Alfonso, the Queen Regent and the Prince and Princess of Asturias withdrew from the Chamber of Deputies, the procession was reformed and proceeded to San Francisco church where the Te Deum was chanted. The reception met with by the procession was, on the whole, hke-waiting on the part of the immense crowds, composed chiefly of people who had gathered to witness the pageant out of curiosity. There was some cheering from the people in the streets, and hats were waved, but many men did not uncover their heads.

### SALT LAKE POSTOFFICE.

The Campbell Building Company, of Chicago, which has the contract for the erection of the new postoffice building in this city, has just been notified that the contract for the erection of a new combination Federal postoffice and court house at Salt Lake City, Utah, for the sum of \$409,000, has been awarded the firm. This magnificent structure is to be built entirely of stone and will require over 40,000 cubic feet of stone. Some idea of the massiveness and elegance of this building may be obtained from the fact that it required 13,000 cubic feet of stone in the construction of the Salem postoffice. T. H. Campbell, who is supervising the construction of the building in this city, stated last evening that, if everything went smoothly, the Salem postoffice would be completed by September. The contractors are allowed three years to complete the Salt Lake building.

T. J. Graves, the Republican candidate for sheriff of Polk county, was in Salem last night. He had been canvassing the river precincts and came across to find some of the boys on this side.
