

CROPS AND THE WEATHER

Conditions Have Not Been Very Favorable Recently.

THERE HAS BEEN TOO MUCH WET WEATHER AND FALL WHEAT LOOKS YELLOW AND SICKLY IN THE WILLAMETTE VALLEY.

The following is the weekly crop bulletin for the week ending May 20th, issued by the Weather Bureau at Portland:

The past week has been unseasonably cool and cold, local rains have occurred almost daily in the western part of the state, and showery conditions prevailed generally east of the Cascade mountains. A sharp frost occurred Monday morning in Southern Oregon, and the indications are favorable for frost again on Tuesday morning, in all exposed localities, except near the coast.

The maximum, or day temperatures in Western Oregon ranged between 52 degrees and 72 degrees, and the minimum, or night temperatures between 40 degrees and 53 degrees. In Eastern Oregon the maximum temperatures ranged between 48 degrees and 76 degrees and the minimum temperatures between 34 degrees and 56 degrees.

Both fall and spring wheat continue to make satisfactory progress, except on low and poorly drained land in the Willamette valley, where the fall wheat keeps yellow and has a sickly appearance. It is thought now that some of this yellow wheat will not mature and that it will later be cut for fodder. Complaints are also being made that in Umatilla county the fall wheat is unusually weedy. Fall rye and barley are beginning to head. Oats are doing nicely, and grass of all kinds is making a luxuriant growth.

Gardens are backward and very weedy. The cool, wet weather has retarded the growth of tender vegetables, but potatoes seem to be doing fairly well. Potato and corn planting is progressing as rapidly as possible, and the early planted fields have come up nicely. Hops are also in a promising condition and the vines now reach above the tops of the poles.

The weather has been unfavorable for tree fruit, and the reports regarding the condition of prunes and pears, are very conflicting. Italian prunes will be a total failure in some orchards in the central portion of the valley, while in other orchards the prospects are favorable for from half to a full crop. Bartlett pears will be short, but cherries and Petite prunes are promising. It is too early to tell much about apples, but the reports so far are favorable and it is thought that at least an average crop will be obtained. Strawberries are doing well and the first ripe Oregon berries of the season were marketed from Hood River during the latter part of the week.

COAST DISTRICT.
Bay City, Tillamook county, Joseph J. Dawson.—This has been a week of winter weather; rain more or less every day; the temperature has been mild. Crops in the ground generally have made rapid growth. Late apples trees are all in full bloom except the Northern Spy, but owing to the amount of rain, the pollenizing of the fruit is being stopped or destroyed in consequence of the bees not working out of the blossoms. No garden work done; a large amount of late plowed ground is to be used for seeding.

Templeton, Coos county, Andrew Olson.—Southerly winds with mild temperature, planting delayed by frequent showers. Grass not advanced because of previous cold weather. Fruit prospects good.

WILLAMETTE VALLEY.
Mist, Columbia county, J. W. Jones.—The week has been a rainy one. Grain is about all in; not many potatoes planted yet. Grain and grasses look fairly well. Cattle commencing to look well.

Lent's, Multnomah county, C. F. Zinser.—Monday and Tuesday of this week were fair and warm, after which showery conditions again prevailed. Weeds are getting the upper hand of the gardens, and berries are slow to mature. Italian prunes are falling to an alarming extent, also cherries in some orchards, while others seem more favorable. Spring and fall grain look well. Pedee, Polk county, C. W. Pagett.—Cool, cloudy weather, with daily rains were the weather features during the week. Hop land is too wet to cultivate, though the yards are clean of weeds, and the vines are growing rapidly; no musing hills to speak of. Grain and grass shows gradual improvement. Potatoes are doing well. Gardens rather slow. Pasture abundant, and all stock in good condition.

Tangent, Linn county, J. H. Scott.—The past week has been quite wet. On Tuesday evening a heavy half-storm passed over here; the hail was one-half inch in diameter, and cut off leaves of the trees and beat the young grain into the ground. There is still a number of farmers behind with their spring work. Grain looks quite well, but needs more sunshine. Fruit trees have dropped their blossoms. At this time the ground is too wet to work.

COLUMBIA RIVER VALLEY.
Pendleton, Umatilla county, H. J. Taylor.—A week of fine growing weather. Reseeded wheat looking well; fall-sown wheat reported to be very weedy. Rain fell on the 14th and heavy rain occurred on the 18th. Summer fallowing mostly done. Gardens doing well. Fruit all right yet. Pasture getting good. Stock improving.

Hood River, Wasco county, G. J. Gessling.—The past week has been cool and rainy. Strawberries just commencing to ripen; first shipments made on the 15th. Hay and fruit prospects excellent.

Lexington, Morrow county, Edwin R. Beach.—Weather warm and wet; vegetation thriving remarkably. Some early planted potatoes one foot high.

SOUTHERN OREGON.
Glendale, Douglas county, Mrs. Fannie Miller.—The past week has been cool, with showers on each day. Fall wheat doing well, and spring wheat coming up nicely. Gardens are backward; warmer weather is needed badly. Fruit is not damaged yet. Apples are dropping their bloom. Range stock is doing well.

Table Rock, Jackson county, E. H. Davis.—The weather during the past week has been cool and windy, with light showers, but not enough rain to do any good; wheat is looking well, but it is too cool for corn and garden stuff to make much growth.

PLATEAU REGION.
La Grande, Union county, W. F. Gekeler.—Crops are growing well. We have had some good rains; fall wheat and alfalfa are making good advancement; spring grain coming up nicely. Fruit trees blooming, with prospects favorable. Slight frost Thursday night. Potato planting well along.

LACHMAN RESIGNS

From Chemistry Department of the State University

OTHER MEMBERS OF THE FACULTY WILL FOLLOW AS A RESULT OF A LACK OF HARMONY AMONG OFFICERS OF THAT INSTITUTION.

EUGENE, Ore., May 20.—Dr. Lachman, head of the Department of Chemistry at the State University, has tendered his resignation. It is said that two more members of the faculty will soon follow. It is generally believed that the upheaval is the result of the lack of harmony between the regents and the faculty.

CLARK CONVICTED

OF ASSAULT UPON ELI MORTISON IN O'DONALD'S COURT YESTERDAY.

The case of the state of Oregon, plaintiff, vs. Harry Clark, defendant, came up for hearing in Justice O'Donald's court yesterday afternoon and was tried before a jury composed of the following named gentlemen: J. A. Baker, E. C. Patton, J. M. Bigler, A. D. Palmer and C. M. Epley. This was the case in which Clark (not Alexander as stated in yesterday morning's paper) was accused of having committed the crime of assault and battery upon the person of Eli Morgison, on the steel bridge last Sunday evening. A number of witnesses were examined after which the case was submitted to the jury and that body after a few moments' deliberation brought in a verdict of guilty. The defendant was fined \$20 by the court which he paid.

Deputy Prosecuting Attorney C. L. McNary appeared for the state and Frank Holmes for the defendant.

IN SUPREME COURT

ONLY TWO MINOR ORDERS MADE IN CASES PENDING.

Minor orders were made by the Supreme Court yesterday, as follows:

B. H. Winchester, et al., respondent, vs. Huldah E. Hoover, et al., defendants; ordered on stipulation that respondents have until August 1, 1923, to serve and file their brief herein.

German Savings & Loan Society, respondent, vs. Sarah M. Kern, administratrix, appellant; ordered on motion that appellants have until June 1, 1923, to serve and file her brief herein.

A GREAT BUSINESS

LIFE INSURANCE MONEY PAID IN UNITED STATES AND IN OREGON.

The Insurance Press, of New York, in its May issue, publishes a table showing the amount of insurance paid by the life insurance companies in the United States in 1921. The payments in Oregon were as follows:

Albany	5,000
Arlington	5,500
Ashland	12,831
Astoria	18,823
Baker City	11,000
Cascade Locks	4,201
Centerville	1,447
Chemawa	6,000
Cornelius	9,019
Corvallis	5,000
Dallas	7,000
Echo	2,715
Erwin	5,500
Eugene	16,900
Leake View	10,000
Gervais	10,000
Hillsdale	8,900
Hood River	28,256
Huntington	4,233
Independence	7,000
Lake View	10,000
Linn County	3,860
McEwen	4,000
Mt. Tabor	3,900
Nehalem	3,289
Newport	6,290
Oregon City	9,000
Pendleton	10,454
Phoenix	2,130
Pineville	394,927
Prineville	5,523
Salem	9,000
Seaside	5,500
Sheridan	3,000
Suver	3,356
The Dalles	8,656
Tualatin	3,900
Industrial	3,088
Unclassified	28,521
Total	\$685,736

The total for the whole United States was \$217,162,530. This was an increase of \$20,000,000 over 1920. This does not include the payments by fraternal societies not with a national reputation and business. It is probable that the grand total would mount up to \$250,000,000. This is for life insurance only, and does not include accident and sick benefits, nor payments on account of deaths by accident.

SEEKS DIVORCE

DESERTED WOMAN ASKS FOR RELIEF FROM THE COURT.

In department No. 3 of the Circuit Court for Marion county yesterday, Mrs. Mettie Davis filed a complaint asking for a divorce from her husband, Frank P. Davis. The complaint alleges that the parties were married in Indiana about ten years ago and that the defendant deserted the plaintiff about a year ago. It also states that there are three minor children, all boys, aged 8, 7 and 6 years, respectively, and that they are now in the care and custody of their legal grandfather, Enos Presnall, who has heretofore and custody of their guardian, and plaintiff asks that they be allowed to remain with him. The defendant has been in Alaska most of the time in recent years but was in San Francisco during the past winter. Bonham & Martin appear as attorneys for the plaintiff.

CIVIC LEAGUE

HELD MEETING LAST NIGHT AND ELECTED SEVERAL OFFICERS.

The Capital City Improvement League held a called meeting in the police court room of the city hall last night over which President George G. Bingham presided. As the League has not got in working order yet the meeting was devoted almost entirely to the transaction of business before it. The constitution and by-laws were taken up, discussed, amended and adopted.

FRUIT NEAR STAYTON

SOME DAMAGE DONE TO PRUNES AND CHERRIES BY THE LATE RAINS.

STAYTON, May 21.—The prevailing cold rains are doing considerable damage to the fruit crop in this vicinity. Prunes and cherries seem to be more materially affected, although it is generally believed the entire fruit family will be injured.

The county candidates and campaign speakers will be in Stayton this evening on their round of campaign work in this county.

audience at the "Daisy" hall, on Tuesday evening. Mr. Wilson is an able speaker and presents his ideas in a clear concise manner.

Mr. and Mrs. John McCrow, of McCoy, are guests at the home of their daughter, Mrs. Joseph Fisher since Tuesday.

Fred Rock and E. T. Mattheu were looking after political interests in the lower end of the county last week.

Arthur Elder, who has been an employe at the Saginaw mills for the past few months is visiting his parents in this city.

A. L. Shreve, electrical engineer at the Reform School, spent Sunday with his family in this city.

Mr. and Mrs. Mose Titus, of Kingston, passed through this city Tuesday morning, en route to the Capital City.

Rev. Goode entertained a good sized audience at the Christian church in this city Saturday evening with an able talk on the evils of intemperance.

JOINT DEBATE OF NOMINEES

Canvass Now in Progress by Marion County Candidates

HAS PROVEN OF GREAT VALUE TO THE REPUBLICAN PARTY—THE REPORTS BROUGHT IN FROM THE SCENES OF THE BATTLE INDICATE GOOD WORK.

The joint canvass of the republican and Democratic county candidates in Marion county is going merrily on, and it appears from the reports received from the front, that the Republican speakers have a decided advantage over their Democratic opponents.

The report from the meetings at Aumsville at 10 a. m. yesterday, and Sublimity at 2 p. m., were very satisfactory. At both places excellent audiences were secured, and while the Democrats had hoped to make their largest gains here, the sympathies of the audiences were decidedly in favor of the Republican candidates for the several offices.

At night a big meeting was held at Stayton, and the day's program was there repeated with the same results as shown at the other two stopping places.

At the rate that gains have thus far been made by the Republicans in the joint canvass, the candidates of that party may feel certain that if they continue their good work, there will never again the suggestion be made that Democrats can be elected into office in Marion county.

A QUICK CURE FOR BEE-STINGS.

First pull the sting from the flesh, then bruise the fresh leaves of the common weed known as vervain and rub the wound well with them, after which bind it to a plaster of the crushed leaves well moistened. This will prevent swelling and ease the pain. Vervain may be used in its dried state by steeping the leaves in hot water. It is gathered in September by negro nurses in the South, and hung up to dry for winter use.—Ladies' Home Journal.
