

MEETING OF THE COUNCIL

Petition For Permission to Allow a Shingle and Asbestos Roof

TO BE PLACED ON A BRICK BUILDING NEAR ODD FELLOWS' TEMPLE WAS REJECTED—CITY RECORDER JUDAH PRESENTS HIS MONTHLY REPORT.

From Wednesday's Statesman.) The common council of the city met in regular session in the police court room of the city hall last evening all members being present except Alderman Walker, and Mayor C. P. Bishop presided.

Upon request of Recorder N. J. Judah the time for drafting the ordinance providing for the establishment of a uniform curb line in the city, was extended.

The committee on licenses reported favorably upon the bond and application of LeBranch and Roth for a renewal of liquor license and the report was adopted and the license ordered to issue.

Chairman Riggs, of the committee on streets and public property, made a verbal report upon the matter of the application of E. S. Lamport to construct a brick building on High, between State and Court streets, with a shingle and asbestos roof, to which proceedings Chemeketa Lodge No. 1, I. O. O. F., has remonstrated, without recommendation. W. H. Holmes addressed the council briefly in behalf of Mr. Lamport, urging that the council grant the petition and W. D. Fugh, Mr. Lamport's architect, presented a statement showing the comparative cost of the different roofs, stating the difference in the cost would amount to \$92.

Mr. Griswold moved that, in order to get the matter before the council, the request be not granted and a discussion followed in which it developed that the council was almost unanimously opposed and when a viva voce vote was taken the motion was carried, and the petition rejected.

The monthly report of City Recorder N. J. Judah, for the month of May, was filed, read and adopted. The report shows that in the justice's court there was one case in which \$3.95 justice's fees were collected and \$2.80 constable fees; one case in the recorder's court in which the defendant was committed for five days. The miscellaneous receipts for the month aggregated a total of \$355.75; cash on hand May 1st, \$1,422.23; total debit for May, \$1,814.78; amount turned into treasury \$3,400, and cash on hand June 1st, \$414.78. The warrant indebtedness for May was \$1,165.59.

A petition from John Hughes, et al., for the improvement of High street, from the south line of State to the north line of Trade streets in accordance with the ordinance providing for same and establishing a grade, was referred to the committee on streets and public property.

A petition from a number of residents of block No. 54 to have the lateral sewer, which extended through that block and is represented as being in a very bad and unhealthy condition, examined and repaired, was referred to the committee on streets and public property to act. It developed that this sewer is the one that has been causing so much trouble and an order has already been made and entered for its repair but was postponed last fall until spring, and the committee was instructed to investigate the legal status of the case, as some threaten to enjoin the work, and act accordingly.

The recorder drew a warrant for \$30 in payment for the painting of the old Yew Park engine house, which was authorized at a previous meeting, and the council ratified his action.

The petition of the contractors for the construction of M. Klingler's building on State street, to use that portion of State street, between the car tracks and the building site to pile material upon, was granted with the provision that a passage way be provided for pedestrians.

DEATH OF BAINBRIDGE. NEW YORK, June 2.—Absalom Rug-Bainbridge, who at one time was under sentence of death for assistance he was charged with having given John Wilkes Booth, while the latter was making his escape after assassinating President Lincoln, is dead from apoplexy at his home in this city. Mr. Bainbridge was born in Virginia in 1845. He entered the Confederate Army under Colonel Mosby when he was 16 years of age, and at the close of the war held the rank of Lieutenant. When Colonel Mosby's command was dispersed Bainbridge and a cousin, Major Ruggles, who died in this city two weeks ago, were on their way home, when they met Booth, whom they unwittingly assisted to cross the river. The young lieutenant and his cousin were arrested and sentenced to death, but subsequently were released. Oregon postoffice.

ALDERMAN RIGGS MOVED THAT ONE OF THE NIGHT STEELES BE DISPOSED OF AS HE THOUGHT THE CITY COULD GET ALONG JUST AS WELL WITH ONE AND SAVE THAT MUCH EXPENSE, BUT THE MOTION WAS VIGOROUSLY OPPOSED AND HOPELESSLY LOST.

THE COMMITTEE UPON ACCOUNTS AND CURRENT EXPENSES REPORTED FAVORABLY UPON THE FOLLOWING BILLS, WHICH WERE ORDERED PAID, AND THE COUNCIL ADJOURNED.

DEMISE OF AMOS STRONG

Passed Away in Far-Away Mexico After a Brief Illness

THE FAMILY NOTIFIED BY TELEGRAPH LAST EVENING—HIS END WAS NOT EXPECTED AS HIS HEALTH WAS BETTER THAN FOR YEARS.

From Wednesday's Statesman.) Mrs. Amos Strong last evening received a telegraphic dispatch from the Montezuma Copper Company, of Nazcozari, Mexico, to the effect that Mr. Strong, who has spent the past several months in the state of Sonora, Mexico, had died at that place.

Mrs. Strong after the first shock at the news of her husband's untimely demise, telegraphed instructions to have the remains prepared for shipment home, and steps will today be taken to secure permission to bring the body across the border from Mexico to the United States, and transport it to this city for burial.

Mr. Strong left here several months ago for Cos, state of Sonora, Mexico, to look after some mining property he owned there. About ten days ago Mrs. Strong had a letter from him stating that his health was much better there than here and he expected to remove his family to that country. The shock to the family at the receipt of the message announcing Mr. Strong's demise last evening, can therefore, scarce be described. The first telegram was followed by a second one, announcing the serious illness of Mr. Strong, but the date of the message showed that it had been sent out some hours before the one announcing that gentleman's death.

Mr. Strong was well and favorably known as one of Salem's prominent business men, and was a member of a prominent mining family. He was an enthusiastic miner and held valuable mining properties in many portions of the country. Deceased leaves a wife and daughter, Miss Ama, both of this city, and a host of warm friends to mourn his untimely demise. He was a charter member of Oregon Cedar Camp No. 5246, Modern Woodmen of America.

WILL SEND \$2.50 FREE

Franklin Miles, M. D., LL. B., the Celebrated Chicago Specialist, Will Send \$2.50 Worth of His New Special Treatment Free to Each of Our Readers.

When an experienced physician offers to give away \$40,000 worth of a New Treatment for diseases of the heart, nerves, stomach or dropsy, it is conclusive evidence that he has great faith in it. And when hundreds of prominent people freely testify to his unusual skill and the superiority of his New Special Treatment, his liberality is certainly worthy of serious consideration.

That Dr. Miles is one of the world's most successful physicians is proven by hundreds of testimonials from well-known people. One patient cured after failure of eleven Grand Rapids physicians, two after being given up by six and seven Chicago physicians, another after nine leading doctors in New York City, Philadelphia and Chicago failed. 1600 testimonials sent upon request.

The eminent Rev. W. Bell, D. D., of Dayton, O., Gen. Sec'y of Foreign Missions, writes editorially in The State Sunday School Union: "We desire to state that from personal acquaintance we know Dr. Miles to be a most skillful specialist in a man who has spared neither labor nor money to keep himself abreast of the great advancement in medical science." The late Prof. J. S. Jewell, M. D., said: "By all means publish your surprising results." Prof. J. P. Ross, M. D., Ex-Pres. of Rush Medical College, wrote in 1874: "Dr. Miles has taken two courses of my private instruction in diseases of the heart and lungs." Mr. Truman DeWesse, editor Chicago Times-Herald, states: "Dr. Miles cured me of years of inherited headache and dizziness." The well-known manufacturer of Freeport, Ill., J. C. Scott, says: "I had fruitlessly spent thousands of dollars on physicians until I consulted Dr. Miles." Mrs. Frank Smith, of Chicago, writes: "Dr. Miles cured me of dropsy after five leading physicians had given me up."

This new system of Special Treatment is thoroughly scientific and immensely superior to the ordinary methods. As all afflicted readers may have \$2.50 worth of treatment especially prepared for their case, free, we would advise them to send for it at once. THE SAME OLD STORY

BOY TRIED TO DRAW GUN WITH MUZZLE TOWARD HIM AND WAS SHOT.

NORTH YAKIMA, June 3.—Albert McIvor, the 16-year-old son of Mr. and Mrs. William McIvor of this city, was accidentally shot through the heart Saturday at George Harris' sheep camp on the upper Cowlitz. In company with another shepherd the boy went to the woods with a rifle to hunt squirrels. There was but one cartridge in the camp at the time, it was discovered, and they concluded not to shoot squirrels, but save the load for a coyote. The gun was stood against a fallen tree while they sauntered through the forest. When they were ready to start home the boy went to get the rifle. He reached over the log and grasped it by the muzzle, and in lifting it up the hammer caught a projection on the log, causing it to be discharged. The ball penetrated the boy's heart and killed him instantly. The other herder ran to the camp and gave the alarm, and it was some time before the other employees could realize the extent of the sad accident. A wagon was obtained and the boy was brought to this place last night and taken to the family home.

POWER FOR FLAX MILL

THE MILL CREEK DAM HAS BEEN COMPLETED AND WATER FLOWS TODAY.

G. G. Swart has completed the work on the old Mill creek dam and is ready to turn the water into the mill race. The repair work on the dam was practically completed on Tuesday but, on account of the manner in which the water, in passing through the head races of the mill race formerly, had cut in quite deep underneath and threatened the destruction of the gate, it was necessary to build a brush protection underneath and this work was finished yesterday.

Yesterday afternoon Mr. Swart put his crew to work constructing a sort of riprap protection to a drain ditch which showed evidence of having been cut into by the current of the race previously, which work was completed last evening, and at 8 o'clock this morning the flow of the creek will be shut off and water turned into the race.

Mr. Eugene Bosse has everything in readiness at the old flouring mill where his flax machinery is established, waiting for the water power and will begin acting the old stock of flax on Monday. The balance of this week will be devoted to getting his old machinery in good running order. Mr. Bosse expressed himself as being much gratified with the manner in which the flax crop is coming on and the condition generally, but, while the wet weather is very beneficial to the growing plants, the cold weather has to a certain degree retarded the growth, but with plenty of sunshine in the future he predicts that a vigorous growth will be put forth and the desired result realized. He expects the new set of machinery, which has been ordered from Belgium to arrive in this city some time in September or in due time for the new crop.

IS A GENERAL

LONDON, June 4.—Lord Kitchener has been promoted to be a General.

KITCHENER IS REWARDED

Created a Viscount by King Edward for His Work

AND IS TO HAVE A PURSE OF FIFTY THOUSAND POUNDS FROM PARLIAMENT—THE BALLOT OF THE BOERS STOOD 564 TO 6—WOMEN ARE HAPPY.

LONDON, June 4.—It was announced this afternoon that Lord Kitchener had been created a Viscount by King Edward.

Message From the King. London, June 4.—In the House of Commons today the Government leader, A. J. Balfour, presented a message from King Edward as follows:

"His Majesty, the King, in consideration of the eminent services rendered by Lord Kitchener and being desirous of recognition of such services to confer on him some signal mark of his favor, recommends that he, the King, should be enabled to grant Lord Kitchener £50,000."

John Dillon, William Redmond and Swift MacNeill, Irish Nationalists, announced their intention of opposing the grant at every stage. A resolution replying to His Majesty's message will be discussed tomorrow.

Kitchener Goes Home

Durban, June 4.—The Times of Natal states that Lord Kitchener has left for England and that General Lytton is acting Commander-in-Chief of the British forces in South Africa.

How the Vote Stood.

Pretoria, June 4.—The ballot of the Boers at Vereeniging resulted in 534 votes in favor of surrender and six against it. Preparations are being made here for the surrender of the Boer commandos, which will take place of the next few days. There will be a thanksgiving service Sunday, June 8, on the church square, in which it is hoped the Boers will participate.

The women in the concentration camps are anxious to return to their homes immediately, but this will be impossible until a system of supply depots for the outlying districts is established.

General Baden-Powell is arranging for the distribution of mounted constabulary in various districts. The police, railroads and telegraphs will be handed over to the civil authorities as soon as possible, and the restrictions of martial law will be gradually relaxed. The Boer delegates who, during the peace negotiations, were stiff, formal and unfriendly, are now extremely cordial. All the commandos are returning to their commandos in order to explain the situation.

Lord Kitchener's address to the Boer delegates at Vereeniging, in which the Commander-in-Chief said that if he had been one of them he would have been proud to have done so well in the field as they had done, made the best possible impression and drew forth a hearty response from General Beyers, the chairman of the Boer conference, who expressed the pleasure the Boers experienced at meeting Lord Kitchener as friends, adding that they had fought so long against him that they had acquired full appreciation of his worth.

The departure of the Boer commandos from Vereeniging for their various districts was marked by remarkable scenes of fraternization. The trains conveying the Boers started late, and the night being extremely cold, the sentry along the railroad track lighted huge bonfires, around which groups of Boers and Britons gathered, forming a highly picturesque scene. The late opponents joined in such songs as "Hard Times Come Again no More" and "Old Folks at Home." The British soldiers and burghers outlying one another in demonstrations of joy.

The same signs of rejoicing were witnessed throughout the Rand. Flags were displayed everywhere, and thanksgiving services were held in all the towns.

INTRODUCTORY PROGRAM

OF THE WILLAMETTE UNIVERSITY COMMENCEMENT EXERCISES LAST NIGHT.

(From Wednesday's Statesman.) The introductory program of the Willamette University commencement exercises was given last night to an audience which filled the large auditorium of the First M. E. church. Lack of space permits only a sketch of the program which contained only the best class of music, given artistically. The march by Boston Clark, arranged for eight hands, and interpreted by Carl Williams, Mrs. Lela Johnson and Misses Nellie Richmond and Ada Williams, was to this program and to the general commencement exercises what the fanfare of trumpets will be to the coronation of England's King. The songs by Miss Leona Lewis, Miss May Jones and Mr. George Snyder were pleasing and effective, showing the results of careful training and earnest study. Three beautiful piano solos by Mrs. Lela Johnson, Miss Nellie Van Patton and Carl Williams, delighted many who generally do not crave piano pieces, while Paul Stahl's brilliant performance of Hiller's Concerto in F sharp, with orchestral accompaniment played by his teacher, Mr. I. C. Garrison, fired the audience to a high degree of enthusiasm. The program closed with "Last Night," by Kjerulf, nicely sung by the Mendelssohn Ladies' Quartet, accompanied by Mrs. Seley. The ladies in their black dresses decorated with red roses looked charming and the song was so sweet that the audience was slow to believe the program ended.

The first recital was assuredly an artistic success, and is a promise of the high grade of the entertainments to be heard during the coming two weeks.

The second music recital occurs today at 2:30 p. m., in the Methodist

He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable medicine is for sale by Dr. Stone's Drug Stores.
