PERSONAL MENTION

Dr. Darrin is still holding forth at the Willamette Hotel, and making new cures daily.

Mr. Harry Percy writes: "I am so pleased with Dr. Darrin's treatment for deafness that I wish all to know of my experience. For some time I have been deaf, until it became so troublesome I could not attend to my vocation as a musician. Dr. Darrin cured me with electricity and a slight operation, in 20 minutes. Refer to me at Mrs. Miller's Commercial St., Salem."

Mr. C. R. Durfee, of Shaw, Or., was in town May 23d, and reported his cure of almost total deafness by Dr. Darrin is nearly complete. He can hear the tick of a watch, and feels very sanguine of a complete cure. His daughter, Miss Nettie Durfee, has had no recurrence of her deafness, and her granulated eyes are fast recovering. She was cured of deafness by Dr. Darrin, April 28th.

Mr. Thomas James, living three miles out of Salem, visited Dr. Darrin May 23d, and says he can hear much better after three treatments.

H. A. Kurtz, of 127 Church street, Salem, considers himself perfectly cured of deafness. He took his first treatment May 5th.

Mr. Fred Neckerman, of 110 State street, Salem, is very enthusiastic over his relief from an eye trouble, catarrh and pain in the head and eyeballs, by Dr. Darrin.

Mrs. P. Hayes' daughter, corner of 20th and Marshall streets, Portland, got the (large neck) for years. Cured by Dr. Darrin with medicine and electricity.

Mrs. Al Hudson, formerly of La Grande, Oregon, now residing at 269 Salmon street, Portland; paralysis of one side, and diseases peculiar to her sex cured nine years ago by Dr. Darrin.

Mrs. Abbie Wareham, Montavilla, Or., epilepsy 26 years, cured by electricity and medicine ten years ago, and never had a return of the symptoms.

Dr. Darrin's terms for treatment are now \$2 a week, or in that proportion of time, as the case may require, except in special cases. The poor treated free, except medicine.

IN SOUTH AFRICA.

CAPE TOWN, S. A., June 5.—Reports from all quarters indicate greatest relief and satisfaction at conclusion of peace. Boer delegates are all in field to bring in various commands and most of latter have been ordered to converge on railroad lines and surrender to nearest British officer.

SAILED FOR ENGLAND.

NEW YORK, June 4.—Rear-Admiral John C. Watson and General James Wilson, who will represent the army and navy of the United States at the coronation of King Edward, sailed today on the St. Paul.

THE COLLEGE GIRLS SING

Splendid Program by the Ladies' Chorus of W. U.

THEY APPEARED TO SPLENDID ADVANTAGE AND DELIGHTED A LARGE AUDIENCE—ENCORES WERE THE RULE—A CHALLENGE.

Sparkling college songs, sung by lovely college girls entertained an audience of about eight hundred at the First M. E. church last night. The Ladies' Chorus of W. U., numbering thirty-five young ladies has often sung at recitals and entertainments during the past two years; but never before have they appeared to such good advantage as last evening in their second annual concert. For several months the chorus has been trained by Mrs. Pitta Squier-Seley, who on this occasion conducted in a graceful and effective manner. The girls obeyed as if by intuition every motion of the baton, singing with good tone, volume and intonation. After singing Barnaby's "Voice of the Western Wind" and a college song, "Daylight," the ladies responded to the enthusiasm of their auditors with "Hello, Hello," giving it with delicacy of expression. The other chorus numbers were "Breeze of the Night," by Lamothe, "Ching-a-ling," "The Spider and the Fly," "Nut Brown Maiden," and Vogel's Waltz. Persistent applause brought two encores, "Fairy Moonlight" and "The Church in the Wildwood." Every chorus was a gem, but the most beautiful were "Breeze of the Night," and the waltz song, "The Mignon Ladies' Quartet" sung in a very pleasing manner "Cuckoo," by Carl Fittig, and "Cradle Song," by Clara Raymond. For encore they offered the story of the three little kittens in a basket of sawdust, and brought down the house.

The Cecelian Ladies' Quartet sustained their reputation well in a difficult musical setting of the simple nursery rhyme, "Hickory-Dickory-Do," and when the audience refused to hear the next program number, the ladies sang an encore a splendid imitation of the Scotch bagpipe, causing much laughter and deafening applause. These quartets have also been under the care of Mrs. Seley, who deserves the abundant praise bestowed upon her and the university girls.

Should there be any Ladies' Glee Club on the Pacific coast desiring to compete for the coast championship, it is safe to prophesy that in such a contest the Ladies' Chorus of W. U. would be sure winners. They certainly reflect great credit on Willamette University and the College of Music.

CONFERENCE FAILED.

PITTSBURG, Pa., June 2.—The attempted conference between the miners and operators set for today failed in its purpose on account of the absence of the operators. Another meeting will be held tomorrow, at which it is hoped a disposition of the new scale may be had.

WIGGINS' IMPLEMENT HOUSE

The McCormick Mower

Has the widest frame. The heaviest frame. The heaviest cutter bar. The longest pitman—of any mower in the market. In addition to this it has the ONLY PERFECT "draw cut" in use today, for not only does the draw bar pull directly on the inside shoe, but this draw bar instead of attaching to the tongue with the double trees on top of the tongue attaches directly to the double-trees, WHICH HANG UNDERNEATH the tongue, thus PULLING UP instead of down on the neck of the horse. We have the lightest draft mower in the market when it comes to cutting grass. The real test of a mower is in the field when the weight and strength are put on their mettle. A light, flimsy mower may pull easily on the floor but in the grass the tune it sings is different. Buy a McCormick and save time and money. Call and see them anyway.

The Easy-Running Tribune

Made famous by their perfect bearings and cycloidal sprockets, which produce the easiest running wheel in the world. Tribune riders don't suffer from broken bones or cracked skulls, due to mishaps with defective fork crowns and weak frames. Tribunes stand the racket for durability.

Models 60 and 61	\$35.00
Models 70 and 71	\$40.00
Racers	\$50.00
Chainless	\$60 to \$75

Coasters and cushion frames at extra cost.

You will find that the lines of goods represented by this house are the very best on the market in their respective classes. Many times the price is a little higher than certain other goods we might obtain, but it's our policy to handle the best things we can get. Sometimes a dealer may miss an occasional sale to the cheaper trade by not having the cheaper grade of goods, but the longer we sell goods the more we're convinced that cheap goods are dear at any price. It's not the first cost of goods that always tells the tale. In farm machinery it's often the repairs cost more than the article.

BIRDSELL CLOVER HULLERS
This old reliable line of clover hullers is the one we sell. If you're interested write us for information. Get in your order early for this class of goods, it pays.

FAIRBANKS MORSE GASOLINE ENGINES
The best grade of engines on the market. They weigh more than others, have phosphor bronze boxes in place of babbitt metal, platinum points on spark, suction feed, and other features too advantageous to pass up.

HAY TOOLS
Carriers, forks, pulleys, hangers, hooks, screws, etc. Best quality of goods shown. Call and see the lines.

PARSONS SELF FEEDERS
Fitted to any make of separator. Get in your order now and save the annoying delay that falls to the lot of the late comer.

RUSSELL WINDSTACKERS
Too. Taking orders now for these. The up-to-date thresherman can't get along without them and compete with his neighbors.

Studebaker Wagons

Were never more popular in their history than now. Other makes may rise and fall, but Studebaker goods have for 60 years been gaining in popularity. The hardest test on the valley wagon—the wood hauling—only further proves Studebaker's claim of the strongest in the field. Studebaker slope shouldered spokes, black birch hubs, second growth spokes, etc., tell the tale.

Studebaker Spring Wagons
Studebaker Open Buggies
Studebaker Bike Wagons

Russell Engines and Separators

The old reliable line. They stand the racket. If you want the maximum of satisfaction and the minimum of trouble, this is the line to buy. If you want anything in this line drop us a card of inquiry.

THIS IS THE CLIP...

That holds together the Portland Anchor Fence. No. 9 wire for the fence and stays, together with this steel clip put on without coiling the stay, makes a fence that stands superior to anything in the field. Call and see us.
