The Boy King--Spain's New Monarch--Changed Conditions

Saturday, May 17th, Christina, the queen regent of Spain, retired to private life, and her son, a youth of sixteen years, having reached the legal age at which he is entitled to succeed to his inheritance, was crowned King Alfonso XIII.

Natives of Canada are so numerous in the United States, especially in New England, Minnesota and other border states, that the idea is very general that nearly all who cross the line to change locations and better their conditions come from Canada, and we find good reason why this should be so in our soil, climate, public institutions, laws, standard of wages and in fact nearly all the elements which go to make a country attractive to home seekers.

CAUGHT IN A GALE

NEW YORK, June 9.—Twenty persons who were caught on a yacht in Long Island Sound in Sunday's gale, arrived at their homes safely early today. The yacht was owned by Charles E. Clark, a politician of the Bronx. The party had failed to return up to midnight and a general alarm was sent out. It developed that the yacht's rudder broke shortly after noon, and the party, helpless before the gale, drifted in the course of the storm until a passing steamer took them in tow late in the afternoon and landed them at Bayside, L. I.

IN FAVOR OF NICARAGUA

Senator Harris of Kansas Favors That Route FOR THE ISTHMIAN CANAL

He is an Engineer of Recognized Ability AND HIS ADDRESS SHOWING THE VAST ADVANTAGES THE NICARAGUA ROUTE HAD OVER PANAMA MADE A DEEP IMPRESSION—THE ANARCHY BILL.

WASHINGTON, June 9.—An interesting contribution to the discussion of the Isthmian Canal project was made in the Senate today by Harris, of Kansas, a member of the Committee on Inter-Oceanic Canals, who is also an engineer of recognized ability. His discussion of the technical details of canal construction was listened to with profound attention. He strongly advocated the selection of the Nicaragua route. He maintained that it was entirely feasible and practicable from an engineering standpoint and said that some of the difficulties presented by the Panama route were insuperable, notably the construction of the Bohte dam.

During the early part of the session the naval appropriation bill was considered. All of the committee amendments were disposed of except that relating to the construction of two additional battleships, two cruisers and two gunboats.

The Anarchy Bill. Washington, June 9.—The House passed the bill to protect the President, Vice President, Members of the Cabinet and Foreign Ministers and Ambassadors, and to suppress the teaching of anarchy, by a vote of 175 to 38. The motion to recommit the measure with instructions to strike out certain sections was defeated 71 to 125. The remainder of the day was devoted to the bill to transfer certain forest reserves from the Interior Department, and to authorize the creation in such reserves of game and fish preserves. President Roosevelt in his annual message recommended such a measure. No vote was reached.

Phasants for Roosevelt. Washington, June 9.—Representative Tongue, at the request of his constituents at Albany, Or., and elsewhere, today presented the President with three mounted specimens of the Montezuma phasant, which is found in large numbers in Oregon. He coupled the presentation with an invitation to the President to visit Oregon and hunt his bird.

Pay for Property. The committee decided to recommend that an appropriation of \$1,000,000 be made, and authority given the territory of Hawaii to issue bonds for the payment of the remainder of the claims, aggregating \$500,000.

Action Postponed. Washington, June 9.—At a conference of the Republican members of the House tonight, it was decided to postpone a further consideration of the Fowler bill for a revision of banking and currency until the assembling of Congress next December.

ROME, June 9.—The Pope today formally bestowed the Red Hat on Mgr. Martinelli, formerly Papal Delegate to the United States. The Pontiff also appointed several Bishops, including Mgr. William J. Kenny as Bishop of St. Augustine, Fla., and Mgr. Philip J. Carigan, Vice Rector of the Catholic University at Washington, as Bishop of Sioux City, Ia. Judge Taft.

THE GERMAN ALLIANCE THAT COUNTRY ANXIOUS TO FORM A POLITICAL UNION WITH AMERICA

BERLIN, June 7.—Dr. Paul Herreral, in a pamphlet on Germany's alliances, expresses the hope that the United States will take the hand which Germany stretches out. He says the open door aims in China, of United States and Germany are identical. The political alliance, if it were possible, would not interfere with their business rivalry there or elsewhere in the world.

STRUCK BY LIGHTNING

ODELL, NEB., HIGH SCHOOL DEMOLISHED DURING COMMEMORATION EXERCISES. ST. JOSEPH, Mo., June 5.—During the graduating exercises of Odell, Neb. High School, at the first Methodist church, lightning struck the edifice, demolishing a tower and rendering several spectators and graduates unconscious. The building was soon as fire and the lives of many people were in peril. A large tank of water afforded prompt and effective means of extinguishing the flames. It is believed no deaths will result, although several women were removed from the church to their homes suffering from the shock.
