

REPAIRING THAT REPAIRS

Every job of watch or jewelry repairing that is entrusted to us is given a careful attention as if the article were something from our own stock that had become accidentally damaged and that must be fixed up in the nicest possible shape before it could be sold.

WEST VIRGINIA HAS A STRIKE

Mineworkers in the Coal District Walk Out

IT IS MORE EFFECTIVE Than Was Anticipated When the Order Was First Given

THE TIE-UP IS REGARDED AS IN SYMPATHY WITH THE TROUBLES IN PENNSYLVANIA—\$5 PER CENT OF THE MINERS IN KANAWHA OUT.

WHEELING, W. Va., June 7.—The strike ordered by the United Mine-workers of America, to take effect in West Virginia today, was much more complete in some districts than expected and less effective in others than expected. The complete reports are conflicting, but on the whole several thousand more men went out than was anticipated.

One Man Killed. Keystone, W. Va., June 7.—Thousands of striking miners are in Keystone tonight, and there is much revelry. At the Crane creek mines today James A. Dewees, a bank boss, was shot and killed. More trouble is expected.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable. Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

SENSATIONAL OUTBREAK AT THE STATE PRISON

(Continued from page 1)

guards, in speaking of the affair, and his experience, said: "The prisoners had just come in and were going to work at 7 o'clock. I and Shop Guard Girard were standing together about 20 feet from where Guard Ferrell was. The first I knew there was trouble was when I heard report of a gun, and turning, saw Ferrell fall forward with the cry, 'Oh, My God!' We saw he was killed and Girard and I ran for safety, through the nickel room for the main building to give the alarm. The convicts followed firing several shots, none taking effect. The firing began in the moulding room. There is no doubt that intention was to kill all three shop guards. There were 162 prisoners in the shop this morning when the break occurred."

The Dead Guards. Frank Ferrell, the first victim of the murderous convicts, was almost instantly killed, being shot through the heart. He fell where he stood, and after the first exclamation never spoke. S. R. T. Jones, the guard on post No. 2 was shot in the abdomen. He lived a few minutes, but sank rapidly, and before medical assistance could be secured he died, lying on the floor of his guard station. B. F. Tiffany was shot in the back, while being held a prisoner by the two convicts who evidently aimed to use him as a shield. The convicts deliberately murdered him; he lived only a few minutes, and Esqes, who was with him could do nothing for him, as life ebbed away rapidly, and the poor fellow died with a request to see his wife on his lips.

Frank B. Ferrell was born in this city on June 27, 1867, and would have been 55 years old on the 27th of this month. He was for many years employed at the flouring mills as a flour packer; served for a year on the police force and for the past four years as guard at the prison. He leaves a wife, mother, four brothers and one sister. His mother is Mrs. Susan Ferrell; his brothers are Newton L. George W., and James M. Ferrell, of Salem, and Charles Ferrell, of Reno, Nevada; Mrs. Minnie Vibbert, of Celilo, Or., is a sister. His mother and his wife, the latter a grand daughter of Mr. and Mrs. David Simpson, and a daughter of James Simpson, at his home are grief-stricken. Deceased is a member of Salem Camp No. 118, Woodmen of the World, in which order he carried a benefit certificate for \$2000. The funeral will be held from the family home at No. 645 State street, tomorrow (Wednesday) at 2 p. m., under the auspices of the Woodmen. Interment in the Rural cemetery.

S. R. T. Jones, better known as Thurston Jones, was a native Oregonian. He was a son of Fielding Jones, the honored pioneer of Hubbard, and was born at that place on September 10, 1852. He lived there until three years ago, when he assumed the duties of guard at the Penitentiary, and removed his family to a farm one mile east of the prison. He leaves a widow, and eight children to mourn his untimely demise. They are: Warren, Edgar, Clyde, Grant and Alva, sons, and Mrs. Rilla Zeck, of Canby, and Misses Grace and Edna, daughters. The funeral will be held at Hubbard under the auspices of Hubbard Lodge No. 76, I. O. O. F., and Columbia Lodge No. 47, A. O. U. W., in both of which he was an honored member. Interment will be had in the Hubbard cemetery.

Berry F. Tiffany was 31 years old, and came to Salem several years ago from Klamath county, accepting a place at the prison, as guard on the fence. He was married a few years ago to a daughter of Judge M. E. Goodell, the widow who is left to mourn his untimely and violent death.

The convicts late last night held up J. W. Roberts, of South Salem, near his

home and compelled him to show them where a boat could be secured. They left in a boat down the river. At 4 o'clock this (Tuesday) morning Mr. Roberts came down town and reported his experience to the officers.

WOOL POOL IS FORMED MARION AND POLK COUNTY SHEEP MEN ORGANIZE FOR SALE OF FLEECES.

The wool-growers of Marion and Polk counties met in the Waldo Hills on Friday and formed a pool for the sale of their wool. The meeting was largely attended and 55,000 fleeces were placed in the pool, and it is expected this will be increased in the next few days to 100,000 fleeces.

W. H. Downing, A. T. Wain, and Chas. F. Hein were appointed a sales committee, and this committee has advertised for bids for the pool. Before the sale is made others can join the pool and increase the holdings. Valley wool is now quoted at 14 to 14 1/2 cents, but a large pool of Eastern Oregon wool was recently sold at 13 1/2 cents, and the valley growers think they ought to have a much higher price, as their wool is much better, hence the pool and organized effort.

Last year the Waldo Hills farmers pooled their grain, and succeeded in securing much better prices for their wheat and oats than their neighbors, and they think that a pool of wool will have equally good results.

EXCITEMENT—Salem has had a good deal of excitement lately; but there is no excitement over the well known fact that the place where the best groceries, vegetables and fruits can be had, all the year through, is at the popular grocery store of Branson & Ragan.

WHEEL STOLEN—The following wheel was lost or stolen from the rack at Jos. Meyers & Sons on Saturday evening last: Rambler No. 3969; A. B. C. Coaster brake; red and black 22 inch frame. The wheel belongs to Chas. Bier, who will pay a reward for its return.

COAL STRIKE HAS VICTIMS

Shooting of a Boy by Guards at a Colliery

HAD A SOBERING EFFECT

The Anthracite Region Was Very Peaceful Yesterday

THERE WERE NO PARADES, NO MARCHES OR BIG GATHERINGS OF PEOPLE—THE POLICEMEN CHARGED WITH SHOOTING TO HAVE THEIR HEARING TODAY.

WILKESBARRE, Pa., June 6.—Last night's shooting had a sobering effect upon the idle men and boys in this valley, and as a result the Wyoming region was a place of almost absolute peace today. There were no parades, marches or any considerable gathering of persons, and the police authorities had little more to do than to keep watch.

The Stanton colliery, where the shooting occurred, was visited today by bands of persons who expected to see more trouble, but no more crowds were allowed to congregate in that neighborhood. The preliminary hearing of the four coal and iron policemen who are charged with the shooting of a boy will be commenced tomorrow. The condition of the boy is still serious, but it is believed he will recover.

Strawberries

We are handling the famous Clark Seedling Strawberries. They are beauties. Send us your orders.

Portland Strike. Portland, June 6.—The strike situation in Portland is gradually becoming more complicated. The sawmills have united with the planing mills in fighting the unions; and the combination has besides the active support of the Master Builders' Association. It has been decided to institute a counter-boycott against the Building Trades Council, unless the "unfair" ban is removed from the products of the planing mills. This means that the building contractors propose to buy material from the planing mills and run the risk of another strike by carpenters and affiliated unions; and that neither sawmills nor planing mills will sell to persons participating in or enforcing the boycott. The agreement to this effect has been signed by the leading sawmills, planing mills and the Master Builders' Association, and the fight seems to be on in earnest.

CLOSING THE SCHOOLS GRADUATING EXERCISES AT THE NEW GRAND OPERA HOUSE, THURSDAY, JUNE 16TH.

The graduating exercises of the Salem public schools will be held at the Grand Opera House on Thursday evening, June 16th, at 8 p. m., and an excellent program has been arranged for the occasion, as follows: Program: Invocation... Gladys Adell Loucks The Result of a Common School Education. Essay—Opportunities of a Boy in the Beginning of the 20th Century... Travis Henderson

THE MINERS' TROUBLES PRESIDENT MITCHELL IN CONSULTATION WITH COMMISSIONER OF LABOR.

NEW YORK, June 9.—President John Mitchell, of the United Mine-workers' Union, arrived here this afternoon, having been sent for by Carroll D. Wright, United States Commissioner of Labor, who is here investigating the anthracite coal miners' strike. Mitchell first called on Secretary Ralph M. Easley, of the National Civic Federation, and tonight President Mitchell went to Commissioner Wright's rooms where he remained in conference with Wright for two hours. When he left Mitchell said: "I have little to say, further than that I have talked with Mr. Wright and have explained to him the situation from the miners' standpoint, and have told him of the causes which led up to the strike."
