Board of Trustees Elects the Faculty for the Next Year

PRESIDENT J. M. COLEMAN FOR-
MALLY INSTALLED BY BISHOP
EARL CRANSTON—THE ALUMNI
ASSOCIATION HOLDS ITS AN-
NUAL BANQUET AT M E CHURCH

(From Thursday's Statesman.)

In the College Chapel yesterday
morning at 10:30 Rev. John H. Cole-
man, D. D., was formally inaugurated
as president of the Willamette Univer-
sity. The ceremony was most impres-
sive.

After a violin duet by Lillie Stege
and Ada Williams, which was well re-
ceived, Dr. L. E. Rockwell, presiding
elder of the Portland district, offered
prayer. General W. H. Odell, president
of the board of trustees, and member
of the board in the 60's, and contin-
uously since 1889, introduced Bishop Earl
Cranston, who spoke of the efforts of
the University to secure a president
and of the selection of Dr. Coleman.
He said that if President Coleman did
not succeed here it would be his first
failure. Bishop Cranston, as a repre-
sentative of the church and of the
board of bishops formally installed Dr.
Coleman as president.

Mrs. Emma L. Parvine sang "O, Di-
vine Redeemer" very beautifully.
General Odell on behalf of the board of
trustees, Dean W. C. Hawley for the
Faculty and John W. Reynolds for the
Alumni bid welcome to the new presi-
dent. Prof. Hawley dwelled especially
upon what he conceived to be the duty
of an instructor to the students, his
responsibility and his opportunity to
mould character. In closing he clasped
President Coleman by the hand, and
bid him welcome and pledged him with
the hearty co-operation of the faculty.
President Coleman in responding to
these words of welcome feelingly ex-
pressed his appreciation. At the con-
clusion of his address Miss Winnie
Byrd presented him with a beautiful
bouquet of flowers.

The Mignon Ladies' Quartet deli-
cated the audience with a selection, Dr.
Ford pronounced the benediction and a
general handshake was indulged in.

Afternoon Session.

At 2 p. m. the trustees re-convened
and Bishop Earl Cranston, Judge F. A.
Moore and Hon. C. B. Moores were re-
elected trustees for three years.

Officers were elected unanimously as
follows:
President, General W. H. Odell; vice-
president, Hon. C. P. Bishop; secretary,
John W. Reynolds; treasurer, A. N.
Bush, and executive committee, the
trustees residing in Salem.

Dr. John Parsons has been secretary
of the board of trustees of Willamette
University for seven years and has
been one of the mainstays of the insti-
tution. It was upon his nomination
that Mr. John W. Reynolds was elected
his successor.

The degree of D. D. was conferred
upon Rev. Chas. E. Gibson, presiding
elder of Moscow, Idaho, district Colum-
bia River Conference.

The degree of LL. D. was conferred
upon Henry Clews, of New York City.
James Matthews was elected profes-
sor of mathematics. Loran A.
Kerr, professor of natural sciences;
Mabel Lankton Carter, professor of
oratory and dramatic expression; Mary
Emma Reynolds, professor of peda-
gogy; W. H. McCall, professor of mod-
ern languages; B. J. Hoadley, profes-
sor of philosophy; Dr. W. H. Byrd,
dean of college of medicine and Prof.
Francisco Seley dean of the college of
music. Miss Marie Craig was elected
professor of the college of art, and Rev.
J. D. Driver lecturer on Christian evi-
dences.

A committee of three was constituted
on accredited schools with President J.
H. Coleman as chairman, he to appoint
the other two members.

The committee on ways and means
was continued and President Coleman
added to the committee.

A vote of thanks tendered Miss Ellen
J. Chamberlain for the A. F. Waller
memorial tablet, and the Oregon Nur-

ery Co., for setting the shade trees on
campus.

President was authorized to secure
instructor for the gymnasium.
President and vice-president were
authorized to prepare the catalogue.

The filling of the chairs of Greek and
Latin, made vacant by resignation of
Prof. Drew, and of English literature,
made vacant by the demise of Dr. Bak-
er, were left to the committee on fac-
ulty, with power to act.

Committee consisting of President J.
H. Coleman, Dean W. C. Hawley and
General W. H. Odell was appointed to
express to Prof. W. P. Drew the appre-
ciation of the board for services ren-
dered the school and for the high ca-
reer in which he is held. Prof. Drew
resigned that he might pursue his
study of the languages.

Alumni Association.

The Alumni Association held its an-
nual meeting yesterday and elected the
following officers: President, A. N.
Moore; vice-presidents, Mrs. Amelia
Miller, H. N. Rounds, Richard H.
Dearborn and N. L. Butler; secretary,
Miss Ethel Fletcher; treasurer, Miss
Mattie Beattie, and trustee of Will-
amette University, John W. Reynolds.

Last Night's Program.

After a most interesting and enter-
taining program at the chapel the
members of the alumni association,
trustees and invited guests repaired
to the M. E. church where a banquet
was served by the Ladies Aid Society.

Prof. J. T. Mathews, retiring presi-
dent of the Alumni Association, acted
as toast master. He said it was a
question whether they should have a
failure or a dead failure as a toast
master so he was chosen because he
was just a plain failure.

General Odell responded to the toast
of "Willamette University, and the
Board of Trustees." He said that he
has been acquainted here 49 years and
that in that time many had gone out
from Willamette University, many
bright students. Willamette Univer-
sity has seen nights, some frosts, but
that she is on the eve of a brighter
day. The trustees are a sort of bur-
den bearers, but trust that what they
have done will be of value.

Mrs. V. Ohmart was called upon to
respond to the toast of "The Girls of
Long Ago," and said while she was
glad to see the girls of long ago, she
was also glad to see girls of today.

Miss Frances Cornelius responded to
the toast of the "Girls of Today," say-
ing she was glad to see so many girls
of today and that they are always glad
to help build up Willamette University.
Prof. McCall responded to the toast
"The Faculty," and said the best way
to become acquainted with the faculty
is to see the members in their envi-
ronment. The faculty of Willamette
University is working to make men
and women. There is no higher call-
ing than that.

Mrs. Lloyd Reynolds responded to
the toast "The Kind of Husbands
Willamette University Makes." She
advised the young ladies to try them.

Mr. C. J. Atwood responded to "Wil-
lamette University and the Business
Men."

Prof. W. C. Hawley, on the "Past
Year of Willamette University," said
the past year has been an eventful one
and a prosperous one also. Organized
school in fall with the largest enroll-
ment since 1891, the total enrollment in
the college of liberal arts this year be-
ing 200. He was pleased with the
devotion of the students to their work.

Students and graduates from Will-
amette occupy positions of trust and
confidence. Reviewed the work of the
educational convention, referred to the
lection of Rev. Coleman as president,
and said we cordially welcome him. He
referred to the fact that the eighteen
graduates this year are all Christian
men and women. He spoke of the
work of the Christian associations, and
prospect for the future of the univer-
sity of the young people who have ex-
pressed their intention of attending
next year.

Rev. Frank L. Moore was called upon
to respond to "The Alumni and the
University." He said that we should
awaken the conscience of the many
alumni of this institution to the pleas-
ure and duty in helping the University.

Letters were read from Stanley O.
Royal, Ella Whipple-Marsb, J. K. Buff,
Minnie Frickey, S. O. Royal, H. H.
Giffrey, H. S. Goddard, Gabriel Sykes,
T. H. Crawford and others.

Hon. C. B. Moores said he is full
of the idea that the future has much
in store for the old school; and he re-
membered well Drs. Wilbur, Hines,
Dillon, Waller and others and that they
were giants. He spoke of the develop-
ment of the Northwest coast and the
consequent growth and prosperity of
Willamette University. If we will
rally around Dr. Coleman we will have

Dr. J. H. Coleman was called upon
and said that when called upon at an
Eastern conference to speak concern-
ing the University he told them that
if they were seeking great universities
they were in the West, and if they
were seeking empires they were on the
Pacific coast.

McCormick Binders

Are now made in both right and left hand, most parts inter-
changeable, 6 or 7-foot cut. The McCormick rests its claim for su-
periority on points of merit alone. There's not a Binder made that
controls as many desirable features that count for efficiency and
durability as the McCormick. If you're on the market for a Binder
this season we want you to call and look over the new machine. No
harm if you don't buy, but there are but few who go away uncon-
vinced. Then the fact that the McCormick people always carry an
immense stock of repairs for machines of all ages, is a mighty con-
vincing factor. Your binder does not break while standing in the
shed in midwinter. Breaks, if any, only occur when you're the busi-
ness. It's a big saving of time and money to be able to get the need-
ed repairs at once. We have a big stock of repairs always on hand,
and the Portland branch has an assortment that enables them to fill
orders for any part at any time.

get them out of the way. Call
soon.

McCormick Rakes

This is the time of year when the farmer is getting his hay tools
in readiness. We are having a fine trade on our mowers and rakes.
Last week we showed a number of very desirable features on Mc-
Cormick mowers, this week show you the rake. This rake is all steel
except the shafts. The main axle is of angle steel, very heavy, and the
teeth are bolted underneath, rising against the steel bar instead of
against the castings, as in many rakes. The cleaners do not rest on
the teeth as in many other rakes, thus saving in breakage there.
The wheels have channeled 1-piece rims, with staggered oval section
spokes, making the strongest form of wheel made. The hub-boxings
are removable. The self-dump mechanism is of the very best type
that's made, a child's foot is sufficient to operate it. Call and see
these rakes. always glad to show you goods whether you buy or not.
