(From Wednesday's Daily.) Capt. S. B. He reports grain in the section of the country surrounding The Dalles in excellent condition and promising an enormous crop.

Supervisors W. H. H. Dufur for the north half of the Reserve, and S. C. Bartrum, of Roseburg, for the south half, have been appointed, the Department having decided to have only two supervisors this year, instead of three as in the past. A number of forest rangers have been appointed, and some of them are now on duty in the reserve, and others will probably be named in the course of the next few days of weeks. The rangers are placed on the payroll at \$60 per month, and they furnish their own supplies, food, tools, horses, etc. Those already appointed in the two divisions are:

THE WORKMEN OFFICERS ELECTED BY THE SUPREME LODGE AT YESTERDAY'S SESSION.

(From Wednesday's Daily.) PORTLAND, June 17.—The Supreme Lodge, A. O. U. W., today elected the following officers: Webb McNeil, Kansas, Supreme Master. C. R. Matson, Illinois, Supreme Foreman. W. H. Miller, Missouri, Supreme Overseer. M. W. Sackett, Pennsylvania, Supreme Recorder. J. J. Acker, New York, Supreme Receiver. K. C. Merrill, New Hampshire, Supreme Guide. S. B. Ritchie, Manitoba, Supreme Watchman. Dr. D. H. Shields, Missouri, Supreme Medical Examiner. The per capita tax for the Supreme Lodge purposes was reduced from 20 cents to 16 cents. The Supreme Lodge today decided that the United States is in a condition of war. The by-laws of the Order provide that no soldier can join while the Nation is at war. The question arose in Kansas, whether or not the United States is at war. The Grand Master of that state held that the Nation was not at war, and admitted several soldiers to membership. An appeal was taken to the Supreme Lodge, and this afternoon that body reversed the Kansas Grand Lodge, holding that in the language of the Secretary of War, the United States is now in a condition of war, and that soldiers cannot be admitted to membership.

THE WEATHER AND CROPS

Weekly Bulletin Issued for the Week Just Closed

BY THE OREGON SECTION OF THE WEATHER BUREAU—GRAIN IS PROMISING BIG YIELDS, WHILE THE HOPS ARE IN EXCELLENT CONDITION.

(From Wednesday's Daily.) The weekly weather and crop bulletin issued by the Oregon Section of the Weather Bureau for the week ending Monday evening, June 16th. The bulletin shows all crops to be in excellent condition and especially are hops growing nicely. The general summary of the crop situation is as follows: The weather during the past week was dry and very favorable for the growing crops. The maximum, or day temperatures in Western Oregon ranged between 66 degrees and 75 degrees, and the minimum, or night temperatures between 42 and 62 degrees. In Eastern Oregon the maximum temperatures ranged between 60 and 82 degrees and the minimum temperatures between 38 and 52 degrees. The days were moderately mild, but the nights were rather too cool for the rapid advancement of corn and gardens. Wheat, oats and barley are heading under very favorable weather conditions and there is hardly any doubt but the wheat crop this year will be as good as last year's crop, notwithstanding the damaging freeze in January. Haying is now well started in the west and portions of the state, and a good first cutting of alfalfa is being housed in excellent condition. For some unexplained reason, the crop of timothy is not as heavy as usual, but clover hay will amount to more than an average crop. Range grass continues good and stock is generally fat. Sheep-shearing is practically done and the late reports indicate that the clip will be above the average in quantity and about the average in quality. Hops are doing splendidly and no complaints are made of the crop. It has been too cold for corn, but the plant is thrifty and its cultivation is general. Potatoes and gardens are backward, but otherwise promising. Fruit continues dropping in many sections, and cherries will probably not amount to more than half a crop. Strawberries are plentiful and the indications point to good crops of blackberries and raspberries.

Coast District. Bay City, Tillamook county, Capt. J. J. Dawson.—Owing to the amount of dry weather we have had this week, a large amount of farm work was done, tide-land hay and some clover is being cut; green gooseberries, radishes, and scallions are in market; there is a large crop of ripe salmon berries; plums and cherries are set, and show about half a crop. Myrtle Point, Coos county, L. Strong.—First part of week warm, latter part cooler with northwest winds and no rains. Grass and gardens growing very fast; some barley yet to be sown on low lands; barley is sometimes sown as late as July 4th, and makes a crop. Milk increasing at creameries. Roads are getting good. Fruit prospects good. No late frosts here.

Willamette Valley. Rosedale, Marion county, R. J. Spencer.—The weather has been fine throughout the week. All crops have been benefited by continued sunshine. Late grass shows marked improvement. Corn is making a thrifty start and cultivation has commenced. Strawberries are ripening. Fruit prospects generally good.

Albany, Linn county, H. C. Jordan.—His week has been favorable for growing crops; grain of all kinds looks well. Gardens are growing rapidly, and strawberries are ready for market. Sheep-shearing is nearly finished. Roads are drying off rapidly. Wren, Benton county, G. A. Bayne.—The past week has been generally clear and cool. Fall-sown grain and grass are growing nicely, but spring grain does not look very promising and needs rain; the fruit crop will be light, with the exception of some varieties of berries.

Columbia River Valley. Dufur, Wasco county, Alex. Strachan.—The past week has been favorable for the crops. Considerable wind from the east, but not warm enough to hurt grain. Fall barley ready to cut for hay; wheat all heading. Prospects are good for an excellent yield of all kinds of farm products. Hood River, Wasco county, R. E. Harbison.—Clover sowing is in progress and the crop is very heavy; much of it is lodged. Winter grain looks well and will make a full crop. Strawberry growers are enjoying an excellent season. Estimates on the apple crop are not easily made now, but a good average crop is quite certain. Adams, Umatilla county, C. S. Ferguson.—Weather fine for crops of all kinds and they are doing well. Barley heading out, some has been cut for hay; wheat heading fine, very tall in places and weeds bad. Gardens doing well, but backward. Potatoes doing fine.

Southern Oregon. Buncom, Jackson county, J. Parks.—Weather good for haying; farmers are cutting alfalfa; the crop is above the average and is coming into barns in fine condition; garden extra good; wheat is good, but will not be cut for some time; frost the 14th, but not heavy enough to do any damage. Rice Hill, Douglas county, L. H. Calame.—Continued fair and cool weather. The ground is getting quite dry. Grass has a good color and is growing fairly well; haying has commenced; pasture is beginning to dry up on some of the hills; there is some complaint of Italian prunes falling off, also varieties of apples; peaches are not good. Wilderville, Josephine county, J. M. Hoxie.—Clear and warm all the week; haying progressing nicely. Corn and other crops making fine growth; quite a frost on the 14th, but no damage done. Ranges in this section extra good; fruit needs thinning very badly; no reports of rust as yet.

Platauea Region. Island City, Union county, J. M. McCall.—Early fall wheat beginning to

head; sugar beets nearly all thinned out, they have made a splendid growth. The apple crop promises to be a full one; only about half of a cherry crop will mature; late potatoes coming up. We have had some west winds. A nice rain would do much good. Weather clear and warm.

THE ENTERTAINMENT AT THE OPERA HOUSE A SUCCESS—A COMMENCEMENT.

(From Wednesday's Daily.) The entertainment at the New Grand Opera House, last night, given by the teachers, pupils and patrons of the Lincoln school, for the benefit of the school library, was a complete success; there was a goodly attendance, an excellent program, the audience appreciative, and the management satisfied. The stage had been beautifully and tastefully decorated with a wealth of roses and other flowers and these, with the pretty costumes of the actors—children and grown people—made a beautiful picture.
