FRANK INGRAM A FREE MAN

Full Pardon Issued the Brave Prisoner by the Gov-And all the rest of the silverware ernor

> REASONS GIVEN FOR THIS ACT SPOTLESS PRISON AND COURAGEOUS ACTION EN-TITLE HIM TO LIBERTY.

Governor T. T. Geer yesterday did an pardon to Frank S. Ingram, the brave sion. convict who, at the time of the outbreak of Tracy and Merrill at the Penitentiary, risked his life in the defense of the unarmed guards.

Ingram, at the time of the prison deing in amoutation of the beg above the knee, and he has since that time occupied a ward in the prison hospital. He is rapidly recovering, and in the course of a few weeks will be able to leave the hospital.

Ingram was arrested in September, 1891, on a charge of murdering his brother. There was ill feeling between the two, on account of the division of the farm by their mother, Frank S. Ingram receiving the family home. This resulted in an encounter in which the younger brother was killed. Frank Ingram and one of his employes were arrested charged with murder. The hired hand-was acoditted, and Ingram's trial resulted in a hung jury. At the next term of court, in March, 1902, he was convicted of murder in the second degree, and sentenced to life imprisonment, and on the 22d day of that month he was received in the Penitentiary. Ingram alleged self-defense, but he has always maintained that he did not

purely one of circumstantial evidence. Ingram comes from a good family. and has a g od farm in Linn county. Governor Geer, in granting the partwo strangers who had been talking don gives as his reasons for doing so the fact that "during his ten years of Hunter stated that the woman had incarceration he has been a model usoner, and for the further reason that during the recent outbreak in the Penitentiary he risked his life in defense of the unarmed guards by which act of bravery he had the misfortune

to lose one of his legs," Ingram's prison record is an excellent one, and he has always been considered a model prisoner. While he is now a free man, Ingram will remain at the prison until he can be safely removed, and in the meantime he is receiving the best of attention. Dr. W. A. Cusick, the prison physician, says the man is now practically out of danger, and that as he is receiving the terrible ordeal had driven the unfor- best of care and nourishment there it will be best to leave him there until OWNER AND MANAGER OF THE the improvements on the Machinery

A CONSUMER. Salem, Or., June 19:

TRADE IS SUFFERING

SINCE THE WITHDRAWAL OF AM ERICANS FROM CUBA-PIRACY

IS FLOURISHING.

NEW YORK, June 18 .- The nonarrival of the United States Consul-General to Havava and the Consuls appointed to Matanzas, Clenfugos and Santiago, has resulted in seriouly crippling commerce with the United States, says a Herald dispatch from Havana. Since the evacuation of the island by the United States forces OF CLEMENCY ARE THAT HIS piracy and smuggling along the Cuban coast has increased enormously. The collectors of half a dozen ports are constantly requesting the assistance of revenue cutters. The chief offenders are smacks from Jamaica, Nassua and Barbadoes. There are only two cutters scallable to guard 2000 miles of coast line. Four others owned by the Govact of ustice in that he grantel a full ernment are at present out of commis-

Six smacks which were violating the turtle-fishery laws, have been captured. Many others are under surveilfance and probably will be captured on the arrival of assistance. Several instances are reported of actual piracy. Many Cuban smacks have been overlivery, was shot in the left limb, result- hauled and robbed of catches of fish, provisions, water, etc., by eigners who evidently are under the impression that the withdrawal of the Americans left the Cubans an easy prey. It is possible that examples will be made of those captured, in which case undoubtedly the penalty will be salutary. It has been suggested by customs officials that the cutter service be abolished as a means of economizing, but the revelations in the last 48 hours have demonstrated the absolute necessity of continuing the service if

not increasing it. Many diplomatic questions, already have arisen, and the time of the United States Minister is fully occupied therewith, notwithstanding the fact that he is compelled to devote much time to American indigents of all parts of the island who are seeking aid or transportation to the United States, and the grievances of others.

MINEWORKERS WILL MEET

shoot his brother at all, the case being NATIONAL CONVENTION CALLED TO CONSIDER THE SITUATION IN PENNSYLVANIA.

> IDIANAPOLIS, Ind., June 18 .- An official call for a National convention of the United Mineworkers of America was issued this afternoon, from the National headquarters in this city, by Secretary-Treasurer Wilson. The convention will meet here July 17th, to determine whether the soft coal miners of the country shall go on a strike to assist the striking antracite miners of Pennsylvania.

Omaha, Neb., June 18.-The boilermakers of the entire Union Pacific system were called on by the Boiler Makers' Union to strike. About 300 men are expected to obey the order.

CRIMINAL LIBEL

SAN FRANCISCO CALL ARE ARRESTED.

SAN FRANCISCO, June 19 .- Sheriff Hammel. of Los Angeles, today served warrants of arrest on J. D. Spreckles and W. S. Leake, proprietor and managing editor, respectively, of the Morning Call, on the charge of criminal libel, preferred by Governor Henry T. Gage. The defendants were immediately released on \$500 bail each, by Police, Judge Fritz.

pondents refrain from personalities CHEMICAL MONSTER IN DYED MILK.

Evidence is accruing that the practice of adding artificial coloring matter to milk is increasing. Samples are commonly met with thus colored to give them a rich but false creamy aspect. The natural color of milk bears seems to me that some thing should be no relation necessarily to the amount and exhibitors were inconvenienced and of cream present. It is very desirable hand and even third hand berry boxes that this practice should be stopped. We believe that annatto is the dye commonly employed and it is fortunate that is is harmless, though that barn, the chicken house and any other fact does not justify the device. C... place they happen to be stored for the tain coal-tar dyes have, however, been detected in milk and among them COME AND SEE T. B. STATE FAIR BOARD'S CASE

On Trial in the State Circuit Court Yesterday

NUMBER OF CASES DISPOSED OF BY JUDGE GEORGE H. BUR-NETT-PRESIDENT W. H. WEH-RUNG ON THE WITNESS STAND. -A POLK COUNTY CASE.

Judge Burnett's department of the

State Circuit Court for Marlon county convened in the adjourned June term of court at 10 o'clock yesterday morning and remained in session all day. During the forenoon a motion of the defendant Phya Daly, for a new trial In the suit of Van B. Sears, plaintiff, vs. J. J. Daly, et. al., defendants, for the sum of \$200 and interest upon a promissory note, was heard by the court and taken under advisement. This is the Polk county case which was tried in this department on Wednesday, June 11th, before a jury which rendered a verdict for the plaintiff for the full amount asked for and the defendant, Phya Daly, who has been contesting the suit on the grounds of the alleged forgery of her sibnature to the note, filed a motion for a new trial on the ground that the plaintiff did not produce sufficient evidence to prove that he had authority to bring suit on the said note and that the court erred in allowing the admission of incompetent evidence and in its instruction to

A motion of the plaintiff, in the suit for damages, for alleged libel, Louise E. Combest, plaintiff, against the Statesman Publishing Company, defendant, to strike out parts of the defendant's answer to the complaint was argued by the attorneys on both sides of the case and was taken under advisement by the court. An action brought by the State

Board of Agriculture against R. T. Denham and his sureties, F. P. Talkington and J. C. Goodale, was begun in this department yesterday afternoon. Denham, according to the allegations of the complaint, entered into a contract with the Board on May 16, 1901, to erect certain buildings and make some alterations and improvements on other buildings and to complete the work before August 1, 1961, and he was to receive for his work \$585.50 for the Machinery Hall; \$707.50 for the Creamery Building; \$695.75 for the Farm Cottage and \$2689.75 for improvements on the pavilion. The defendants, Talkington and Goodale, executed a bond to the Board for the faithful performance of the contract by Denham, and Denham began work and completed the Farm Cottage and Hall and on July 13, 1901, he abscond ed and left the balance of the work unfinished. The Board then gave notice The Board also claims special dam-

ages of \$186.30 for services of the members of the Board in superintending the completion of the work, and \$400 general damages for failure of Denham to complete the work at the time agreed upon and, as the buildings were not finished until September 18th, the Board contends that the patrons the Board deprived of the use of some of the buildings until two days after the Fair began.

have retained 25 per cent of the conwas finished as provided by the con-

tion is to the effect that the sureties are not damaged because Denham completed two buildings and was therefor entitled to be paid in full for them. W. H. Wehrung, President of the turning to his home last night.
