STEAMERS IN THE ICE PACK

The Jeannie and Portland in Dangerous Place

REVENUE CUTTER THELIS

Is standing By to Give Them Aid if Needed

THERE ARE GOOD PROSPECTS OF THE ESCAPE OF THE TWO IMPRISONED VESSELS—MANY IDLE MEN IN DAWSON UNABLE TO GO OUT.

PORT TOWNSEND, Wash., June 30.—The steamer Centennial, from Nome, brings news of the safety of the steamers Jeannie and Portland. The whaler Belvedere, at Nome June 20th, reported that the Jeannie and Portland were sighted in the ice pack June 17th. The revenue cutter Thelis was standing by the imprisoned vessels. The Jeannie and Portland were not injured, and there are good prospects of their escaping soon.

Many Idle Men.

Victoria, B. C., June 30.—Arrivals from Dawson report that there are a large number of idle men in the Klondike capital. The majority have not the means to outfit to prospect, and are lingering about Dawson.

CHASING THE CONVICTS

TACOMA OFFICERS TAKE UP THE TRAIL OF TRACY AND MERRILL

TACOMA, Wash., June 30.—Deputy Sheriff Johnson and four men left Tacoma this morning, and went to Rainier, thirty miles south, where they are co-operating with officers of the neighboring counties in the hunt for the Oregon convicts, Tracy and Merrill.

Charles Ferrell Here.

Charles Ferrell, who has been out on the track of the escaped convicts, Tracy and Merrill, for the past two weeks, returned to Salem on the overland last night from Tenino, Washington, where he abandoned the chase temporarily at 8 o'clock yesterday morning. Mr. Ferrell said last night that he would not have returned at this time because, he said, that he regard-

ed the prospects, considering the country in which the convicts are now under cover and the conditions generally, as better than they have been at any time since he joined the hunt, but his business interests in Idaho are pressing him so that they require immediate attention, and as soon as he can wire some instructions and see his wife safely on her journey homeward to look after their affairs, he intends to return and resume the chase and hopes that he may be able to leave this afternoon.

He thinks there is no question but the convicts are receiving aid from confederates and that they are striving to get into Tacoma or Seattle where they have numerous friends to protect them.

"The last they were seen," said Mr. Ferrell, "was in Bucoda where they asked for food at the home of a Mrs. Sanford. That was shortly before 1 o'clock Sunday afternoon and while Carson and I were at dinner. Mrs. Sanford's house was not more than 100 yards from where Carson and I took dinner and when the lady gave the alarm, after the convicts left, Carson and I went right over and took up the trail from her back door, which was very plain, and followed it quite a distance till we crossed a creek and advanced some little distance when the dogs either lost the trail or were too weary to hold out any longer. We were not more than 10 minutes behind them I am sure."

He said that there were three sheriffs in the field with posse, guarding every road and he feels certain that they will soon be apprehended. He brought back with him a piece of blanket that the convicts had discarded, near Kelso, Washington, and Tracy's shoes discarded after crossing the river at Vancouver. He is still determined to capture the murderers and declares he will return at the earliest date possible.

THE PACIFIC CABLE

PROPOSITION TO LAY IT IN LESS TIME THAN ORIGINALLY CONTEMPLATED.

WASHINGTON, June 30.—A conference was held at the Navy Department today, at which Secretary Moody, Rear Admiral Bradford and Senator Perkins, of California, a member of the Committee on Naval Affairs, were present. They had before them the proposition of the Eastern Extension Telegraph Company, acting, it is understood through the Commercial Pacific Cable Company, by which the company would agree to finish its work of laying a cable across the Pacific ocean a year earlier than was contemplated, and give the Government the benefit of reduced rates. Rear Admiral Bradford was charged with the personal inspection and consideration of the matter.

FIGHTING AGAIN.

CAPE HAYTIAN, June 28.—Great excitement has prevailed here since yesterday. Since 5 o'clock this afternoon fighting has been in progress in the streets and the firing still continues. The situation is exceedingly grave.

THE PORTLAND BOYCOTT ENDS

Building Trades Council Has Declared It Off

UNIONISM MUCH STRONGER

As a Result of This Action Say Its Supporters

THE UNION PACIFIC MACHINISTS ARE ORDERED OUT—FREIGHT HANDLERS IN CHICAGO HAVE GRIEVANCES AND ARE THREATENING TROUBLE.

PORTLAND, Or., June 30.—At a meeting of the Building Trades Council tonight, the boycott against the "unfair" planing mills of Portland was declared off. It is understood that the Building Trades Council believes that by declaring the boycott off, unionism will be strengthened.

Machinists' Strike.

Omaha, Neb., June 30.—In accordance with the prearranged plan of a formal order was issued today by President Wilson, of the International Association of Machinists. The order demands a 5 per cent advance in wages, and that the company abandon the recently adopted piece work system. The number of men at work had been greatly depleted by the closing of the shops at Omaha, Cheyenne, North Platte, and Armstrong, Kans.

Vice-President Wilson said benefits would be paid to the strikers numbering nearly 1500. To this number 200 boiler-makers are added, making the total number affected 1700. The railroad officials declare these figures are too high. Reports received at the railroad headquarters say that the men at Grand Island, Neb., and Evanston, Wyo., refused to strike.

Freight Handlers.

Chicago, June 30.—Unless the general managers of the railroads reverse their announced decision in regard to the new scale of wages, 10,000 freight handlers will in all probability quit work tomorrow in all the railroad warehouse freight-sheds in Chicago. If the freight handlers strike, it is highly probable that other unions will be drawn into the struggle through sympathy.

Rewards for Outrages.

Wilkesbarre, Pa., June 30.—The Citizens Alliance of Wilkesbarre offers rewards aggregating \$5000 for the arrest and conviction of all persons engaged in boycotting, hanging effigies and other acts of intimidation. At the strike headquarters it is declared that the offering of such large rewards will cause irresponsible detectives to arrest innocent people, in the hope of securing the reward.

VARICOCELE OPERATION

So many people, old and young are affected with varicocele that a means of having it cured with some of the latest surgical science has been at fault until very recently. Dr. Darrin, at Willamette Hotel, Salem, is now able to accomplish it, absolutely without pain or detention from business, so the cure is permanent and lasting. As a proof of this assertion we refer, by permission, to Mr. A. J. Armstrong, cutter and chief assistant of "Nicoll, the Tailor," at 80 Third street, Portland. Read his card.

To Whom It May Concern.

Without solicitation I volunteer my testimonial in favor of Dr. Darrin, who cured me of an aggravated case of varicocele of many years' standing. Had despaired of cure until eight years ago I tried Dr. Darrin's new method, and was permanently cured, and have had no return of the trouble. I most emphatically recommend Dr. Darrin as a skillful physician and straightforward man in business. Will gladly confer with anyone, either in person or by letter, at 80 Third street, where I have been employed for years.

A. J. ARMSTRONG.

TO GIVE PROTECTION

AMERICAN WARSHIPS ORDERED TO CAPE HAYTIAN—FIGHTING IS GOING ON.

WASHINGTON, June 30.—Orders have been forwarded to Commander Rodgers to proceed to Cape Haytian to afford necessary protection to American interests. The State Department received two cablegrams from Consul Powell, at Port Au Prince, in the afternoon in regard to the situation at Hayti. The first said that the minister had received a telegram from Cape Haytian, saying that the Haytian Admiral had fired on the city and that several persons had been killed. The minister also said that President Firmin had left Cape Haytian under the protection of the foreign consuls on a Haytian vessel. Another cablegram said the Haytian Minister for Foreign Affairs had informed Minister Powell that the Government had ordered the arrest of Admiral Killick.

DIED ON WAY HOME.

GLENWOOD SPRINGS, Colo., June 30.—John McGuire, of Steubenville, O., a discharged soldier from the Philippines, who was returning home, was taken violently ill between Newcastle and Glenwood. He was removed from the train here, but died before medical aid could be summoned. The body was taken in charge by two companions, who will accompany it to Steubenville.

BAILEY AND BEVERIDGE

Quarrel in the Senate and Fight Outside

THE SENATOR FROM TEXAS

Assaults the Indiana Orator After Sharp Debate

A MEXICAN MINING CASE CAUSED THE TROUBLE—ELKINS INSISTS ON THE PASSAGE OF HIS RESOLUTION ANNEXING CUBA AS A STATE.

WASHINGTON, June 30.—Hot words passed between Bailey and Beveridge on the floor of the Senate today, and after adjournment were followed by a physical assault by the Texas Senator on the Senator from Indiana. Bailey criticized the State Department for its handling of the case of an American citizen, Dr. Scott, and reflected on the competency of Judge Penfield, Solicitor of the Department. Beveridge characterized the words of the Texas Senator as an "unwarranted attack."

This characterization Bailey regarded as an insult, and demanded that the Indiana Senator withdraw his words. Beveridge declined to withdraw them until Bailey first withdrew his language in respect to Solicitor Penfield, although he disclaimed any intention of insulting Bailey. The trouble grew out of a resolution offered by Bailey, calling for the papers in the Mexican mining case, in which he maintained Dr. Scott had been unfairly treated, not only by the Mexican courts but also by the American Ambassador, Clayton, and the officials of the State Department. Bailey declared that Minister Clayton was either incompetent or dishonest, and his remarks led to some tart rejoinders.

Early in the session, Elkins delivered an earnest speech in favor of annexation of Cuba, maintaining that it would be in the best interests of both countries. Elkins' remarks drew a sharp fire from Platt and Hanna, who deprecated any annexation proposition at this time, and urged that the United States ought to be sensible of its obligations to the civilized world, if not to Cuba. After a lively colloquy in which General Wood was criticized by inference, for using Cuban funds to advance the reciprocity propaganda, Elkins' resolution for annexation was referred to the Cuban Relations Committee.

A Vicious Attack.

Washington, June 30.—Senator Bailey of Texas, assaulted Senator Beveridge, of Indiana, tonight. Bailey was very angry, the result of a heated controversy, which the two Senators had during the afternoon, when Beveridge had said that Bailey had made an "unwarranted attack" on Solicitor Penfield of the State Department.

In the executive session Beveridge lighted a cigar, and took a seat on the Republican side. Bailey walked through the aisle until he faced Beveridge and said: "Beveridge, I don't want to have any trouble with you, but I want you to withdraw those words which charged me with making an unwarranted attack on Penfield."

"I did not intend to insult you," replied Beveridge, "and there is nothing in my language that you could consider offensive."

"I don't allow any one to say that I libel a man," answered Bailey, "and that is what you do in making the charge. Now if you won't withdraw the words when I ask you, I'm going to make you withdraw them."

Bailey threw himself upon Beveridge and seized him by the throat with both hands. Hensbrough seized Bailey by one arm and Spooner seized the other. The Texas Senator is a powerful man and it was with great difficulty that the two Senators were able to drag him away from Beveridge.

House Works Fast.

Washington, June 30.—With the final adjournment probable tomorrow, the House worked under a high pressure from noon today until far into the night. As a preliminary several resolutions were adopted, to grease the Legislative wheels. The rule providing for the printing of conference reports before consideration was suspended until the end of session, and a resolution was adopted making a motion to suspend the rules in order at any time. The House then got down to business.

The conference report on the Philippine Civil Government bill was adopted. A partial report on the general deficiency appropriation bill was adopted, and after a prolonged fight the House adopted the Senate amendment to appropriate \$500,000 for the Buffalo Exposition, and then sent the bill back to conference. The Senate amendments to appropriate \$160,000 for the Charleston Exposition and \$1,000,000 to pay the Hawaiian bubonic plague awards were defeated.

At the evening session the Dick militia bill was taken up. The adjournment resolution is to be withheld un-

til the conference report on the Philippine bill is adopted by the Senate. At the night session the House reversed itself and assented to the Senate amendment, making the appropriation for the Charleston Exposition.

Mr. Hirsch Confirmed.

Washington, June 30.—The Senate today, in executive session, confirmed the nomination of Edward Hirsch, as postmaster of Salem, Oregon.

STEAMER OREGON ASHORE

SHIP WAS ON WAY TO NOME WHEN SHE SPRUNG A BAD LEAK.

SAN FRANCISCO, June 30.—The steamer Oregon, is ashore at Dutch Harbor with eight feet of water in her hold. On the voyage north, the Oregon began leaking badly before she had passed Vancouver Island and it was found necessary to keep the pumps going constantly to keep her afloat. She reached Nome with two feet of water in her hold and her machinery very badly out of repair.

As soon as the passengers and cargo were landed, Captain Seely decided that he could make St. Michael, where the vessel could be safely beached and repaired. After leaving Nome the rudder post gave out and refused to answer her helm. Fortunately the weather was good, and Captain Seely was able to make temporary repairs. As the leak had not increased and did not appear to be dangerous, he decided that he could reach Seattle in safety, and so did not stop in St. Michael. With the pumps going continually he found it impossible to keep the water down, and as it was gaining at a dangerous rate, he was compelled to put into Dutch Harbor and beach her.

The Oregon had some south-bound passengers on board, but the number is not known. It is believed the vessel can be saved.

THE BRITISH CELEBRATE

BONFIRES LIGHTED EVERYWHERE IN HONOR OF THE KING'S RECOVERY.

LONDON, June 30.—The general feeling of relief, as the result of the favorable condition of the King, vented itself tonight by the touching of 2000 bonfires throughout the United Kingdom, which were originally prepared to celebrate coronation night. The display in London was confined to the theatres, hotels and boarding houses on the Strand, Fleet street and other thoroughfares.

AWFUL CRIME IS SUSPECTED

A Baker County Miner Burned to Death Sunday

WHILE LYING IN A TENT

The Circumstances Point to Murder and Robbery

WHEN THE FLAMES WERE SEEN THE UNFORTUNATE OWNER'S TENT COULD NOT BE SAVED—LATER HIS REMAINS WERE FOUND—HE HAD MONEY.

BAKER CITY, Or., June 30.—A message from Bowers says, John Bruner, a miner, aged 47 years, was burned to death Sunday under circumstances which point to murder and robbery. He lived in a tent and was supposed to have had considerable money about his person. Yesterday morning the tent was discovered on fire. The flames had made such progress when the rescuers arrived that they could not enter. When the fire had consumed the tent, the charred remains of Bruner were found.

COULD NOT PAY.

CRIPPLE CREEK, Colo., June 7.—Ernest M. Gray, son of George W. Gray, a well known physician and surgeon of Washington, D. C., committed suicide by shooting himself in the breast with a revolver. Gray was about 35 years of age. He has been a resident of this state for a number of years at Aspen and Cripple Creek. He was engaged in mining here, and became dependent over the fact that he was in debt and could not meet his pay roll. His remains will be taken to Washington.

BUSINESS FAILURES.

NEW YORK, June 27.—Bradstreet tomorrow will say: The business failures for the week in the United States number 153, as against 177 last week.
