

SENSATION IN IDAHO TOWN

Eugene, Oregon, Man Shoots a Married Woman

HE THEN COMMITS SUICIDE

They Are Believed to Have Been Former Lovers

A YOUNG LADY WITNESSED THE AWFUL CRIME—A DESPERATE FIGHT WITH A SUPPOSED CRIMINAL IN WHATCOM RESULTS SERIOUSLY

BOISE, Ida., June 27.—A double tragedy occurred at Pearl, twenty miles from Boise, at 3 o'clock this afternoon. William P. Kissinger, of Eugene, Or., shot and killed Mrs. William Garner, and then killed himself.

Pictures of the woman were found on the man and a lock of hair, supposed to be hers. The theory is that they were former lovers. A young lady named Alice Foster heard what passed between the two, and saw the shooting. She was in another room when Kissinger entered, and heard some expression of surprise on the part of Mrs. Garner. She then started to pass through the room when she saw Kissinger grasp Mrs. Garner in his arms, and as he held her he drew a pistol and shot her behind the ear. Then he shot himself through the head.

Mr. and Mrs. Garner were married here in February last. Garner has long been a resident of this section. Mrs. Garner, who was Ada Horn, came from Oregon. Her parents reside at Pilot Rock, near Pendleton.

Shot at Whatcom.

Whatcom, Wash., June 27.—A man was shot and seriously wounded by Policeman Alvord today after a fierce struggle. He gives the name of Godfrey R. Campbell, and says he came from Black River Falls, Wash.

Policeman Alvord observed a gun in the man's pocket, and as he was desperate-looking, after consulting with Officer Jessup, he determined upon his arrest.

The man turned on a side street, followed by Alvord, who requested him to halt. The stranger replied, "Not by a sight," whereupon the officer ordered him to throw up his hands, at the same time drawing his revolver. The man attempted to draw his revolver, at the same time grabbing hold with one hand of the officer's gun. The officer fired, the ball striking the man in the pit of the stomach and passing clear through.

The wounded man kept up a terrible fight with the man who had shot him. Officer Jessup, who had come to his brother officer's assistance, and a large number of bystanders who were trying to render the officers aid, for fully five minutes. A dozen blows from a giant policeman's club finally cracked his skull, but did not loosen his grip on Officer Alvord's gun. His hand was finally broken in order to loosen his grip.

COAL SHORTAGE MORE THAN MADE UP BY OTHER FUEL SHIPMENTS.

PHILADELPHIA, June 27.—The statement of coal and coke originating on the Pennsylvania Railroad lines east of Pittsburgh and Erie for the week ending June 21 shows that there was carried only 5901 tons of anthracite coal, as compared with 22,812 tons for the corresponding period of 1901. The shipments of bituminous coal were 248,596 tons, as compared with 254,678, and the coke tonnage was 191,541, as against 159,488 tons, the total tonnage amounting to 778,338 tons.

AMNESTY FOR AGUINALDO

All Philippine Prisoners to be Liberated

ON THE FOURTH OF JULY

The President Will Issue a Formal Proclamation

ON INDEPENDENCE DAY—THE PURPOSE IS TO SHOW THAT MOTIVES OF HUMANITY DICTATE THE COURSE OF AMERICA IN THE ISLANDS.

WASHINGTON, June 27.—At the meeting of the Cabinet today the terms of the amnesty proclamation to the Philippines, which it is contemplated to issue on the Fourth of July, were agreed upon.

Secretary Root will cable it to Acting Governor Wright for his inspection. If it meets the latter's approval, nothing will remain but for the President, if the Philippines Government bill is a law on that day, as is now expected it will be, to issue on Independence Day a formal proclamation, setting forth the terms of the amnesty for all political offenders in the islands, including Aguinaldo and those held at Guam.

The proclamation is based on the object of the Philippine Government bill, namely, to restore peace in the archipelago and substitute a civil for military administration.

The purpose is to demonstrate that the motives of humanity and generosity dictate our course toward the Philippines. When the islands are turned over to the civil authorities they will not be left without adequate military protection.

Dewey Talks.

Washington, June 27.—"Since you have asked my opinion," said Admiral Dewey before the Senate Philippine Committee today, in answer to a question from Senator Patterson, "I will say, I believe Aguinaldo was there for gain, for loot, for money, and that independence never entered his head."

Senator Carmack asked him why he furnished such a man arms and helped organize his army, to which the Admiral replied that "all was fair in war," and there were no American troops in the islands to oppose the Spaniards.

"He had not been in Manila forty-eight hours before we knew he was there for loot. He was then taking everything he could lay his hands on from everybody."

Not in White House.

A SHARP DEBATE IN THE SENATE OVER CUBAN RECIPROCITY—MITCHELL TALKS FOR THE LEWIS & CLARK EXPOSITION—A CONTEST CASE.

PORTLAND, Or., June 27.—A dispatch from Washington says: "The President today appointed W. F. Mathews, United States Marshal for Oregon; and re-appointed I. L. Patterson, Collector of Customs at Portland. Mathews is chairman of the Republican State Central Committee.

A Sharp Debate. WASHINGTON, June 27.—Quite unexpectedly a sharp debate arose in the Senate today on the question of Cuban reciprocity. Teller (Colo.), at whose instance the Senate Committee on Cuban Relations made its investigation of the subject, delivered a spirited speech in opposition to reciprocity with Cuba. He charged that the entire propaganda had been backed by the American Sugar Refining Company and by Americans who were interested financially in the Cuban sugar plantations.

Mitchell said it was his intention at this time to call the attention of Congress and the American people to the determination of the people of the Great Pacific Northwest to join hands in commemorating the Centennial anniversary of achievements of Lewis and Clark, by holding a grand industrial exposition at Portland, Or., in 1905. Much had been done already by the people in that direction by raising funds and getting the exposition under way, under the direction of the President, ex-Senator Corbett. He said that at the next session of Congress, he should ask that proper Congressional recognition be given to the Exposition, notwithstanding the statement of Mr. Hale, that the United States should not take part in any other expositions.

A Contest Case.

Washington, June 27.—The House today began the consideration of the contested election case of Horton vs. Butler, for the Twelfth Missouri District. The vote will be taken tomorrow.

Some odds and ends were cleared up during the early portion of the session. Requests for unanimous consent, for which there is always a great demand on the closing days of the session, were suddenly blocked today by Moon (Tenn.), who told his friends that he would object to all such requests until he was recognized to ask consideration of the bill to give the Indian Territory a territorial form of government.

A CHILD SACRIFICED

FANATICISM OF ITS PARENTS SAID TO BE RESPONSIBLE FOR ITS DEATH.

WOODBURN, June 28.—Another child has been sacrificed through the ignorance and fanaticism of its parents, named Day, from Aberdeen, Wash., who has been attending the church of God, or "Saints," campmeeting here, and were quarantined in a house on account of their 10-year-old daughter catching diphtheria at the camp.

Health Officer O'Leary called on Drs. Shorey and Carrio, and all three physicians pronounced the child stricken with diphtheria. Dr. O'Leary then left medicines, but the parents refused to administer them, trusting to prayer to cure their daughter. Yesterday the child died. Dr. O'Leary at once telephoned Deputy Prosecuting Attorney J. E. McNary, at Salem, to see if action could not be brought against the father for criminal negligence, and was informed by Mr. McNary that there was no law in Oregon under which the man could be prosecuted. This makes in one week the second fatal case of diphtheria in this city, where these faith-healers have refused the aid from physicians.

MACHINISTS WILL STRIKE

THEY ARE ORDERED OUT ON THE UNION PACIFIC—ALL DEMANDS ARE DENIED.

OMAHA, Neb., June 28.—After a conference lasting just five minutes this afternoon, the Executive Committee of the Machinists of the Union Pacific Railroad declare they have ordered all the machinists on the system to quit work before Monday morning. The demands which were presented by the men and refused by the railroad officials were for a 10 per cent increase in wages, the reinstatement of all discharged machinists, and no piece work.

HE WILL INVESTIGATE

THE PRESIDENT WANTS TO KNOW ABOUT THE ANTHRACITE COAL COMBINE.

NEW YORK, June 28.—President Roosevelt has requested Attorney-General Knox to submit an opinion, says a Washington dispatch to the World, as to whether the combination controlling the anthracite coal output constitutes a trust within the meaning of the Sherman anti-trust act and the decision of the United States Supreme Court thereon. In making this request the President gave Attorney-General Knox the report recently prepared by Carroll D. Wright, Commissioner of Labor, after a careful investigation of the differences existing between the coal operators and the miners, the facts forwarded by President Mitchell, of the United Mineworkers of America, and all other data in his possession bearing on the subject.

It will be the duty of Attorney-General Knox to formulate an opinion for the President, making a definite declaration that the anthracite combination does or does not constitute a trust. His present instructions did not require him to go further and express an opinion as to the probability of successful prosecution under the Sherman anti-trust act.

The President will, it is believed, determine on his subsequent line of action after Attorney-General Knox has rendered his opinion.

KING EDWARD IS GAINING

The Public Greatly Pleased With His Condition

PHYSICIANS ARE HOPEFUL

In Their Opinion the Monarch's Recovery is Remarkable

THE LATEST BULLETIN IS IN ALL RESPECTS SATISFACTORY—THE CORONATION MAY BE HELD SOME TIME THIS FALL—THE POOR DISAPPOINTED.

LONDON, June 27.—"It is the best yet," was the popular comment with which the bulletin, posted at Buckingham Palace at 11 o'clock tonight, was greeted. A small crowd waited before the Palace until the bulletin was brought out, and when the good news became known there were cries of "Hear, Hear," and cheers. The unanimity among prominent physicians in expressing their opinions as to the case of the King is quite remarkable. All professional opinions gathered are distinctly favorable and hopeful. The doctors regard that all danger of Pertontis is now almost passed, and believe His Majesty's recovery to be entirely probable.

The Latest Bulletin.

LONDON, June 27.—The following bulletin was issued tonight at Buckingham Palace, at 11 o'clock: "His Majesty's condition is, in all respects satisfactory. The King has had a good day, and has made substantial improvement."

The Coronation.

LONDON, June 27.—From an equally authoritative source, the Associated Press learns that the King reads and converses continually with the Queen and the Prince and Princess of Wales. All that the doctors insist is that he shall not discuss matters requiring careful weighing. The Government officials expect possibly within a week to fix the approximate date of the coronation, which will probably occur early in the autumn.

The Poor Agrieved.

NEW YORK, June 27.—That many persons unreasonably felt aggrieved by the postponement of the local coronation festivities is shown, says a Herald dispatch from London, by the fact that disturbances have occurred in different parts of England. A crowd gathered in the streets of Watford and windows in the house of the chairman of the council were smashed, together with those of members of coronation committee. Mounted police charged the crowd.

Considerable rioting was indulged in at Dunstable, a protest meeting was held and the crowd afterwards proceeded to the residence of the Mayor and vector, where amid much hooting, windows were smashed. A move was then made to the Chiltern Hills where a great coronation bonfire was lighted contrary to orders.

A riot also occurred in Hemel Hempstead, owing to the difficulty of the coronation committee to get out the beef and other things for the coronation dinner for the poor. The disappointed poor collected in crowds and smashed the windows of members of the committee.

At Newton, Montgomeryshire, the committee decided to postpone all festivities indefinitely. Several residents being of the opinion that the children should not be disappointed, requested the chairman of the district council to convene a public meeting to consider the matter. This he refused to do. When the chairman emerged from the committee meeting he was hooted by a large crowd. He took refuge in an inn which was immediately surrounded by hundreds of persons.
