

THE CONGRESS IS ADJOURNED

After One of the Most Interesting Sessions

THE SCENES IN THE HOUSE

Were Reminders of the Days Preceding Spanish War

PARTY LINES DISAPPEARED AND ALL JOINED IN HONORING THE SPEAKER—THE MEMBERS JOINED IN SINGING PATRIOTIC SONGS—SENATE QUARRELED.

WASHINGTON, July 1.—Amid a scene of enthusiasm that has not been paralleled since the exciting and stirring days of the Spanish War, Speaker Henderson, at 5:20 this afternoon declared the House of Representatives adjourned without day.

In doing so he said no House of Representatives since the adoption of the Constitution had done as much work as this one. The audience to which he made a brief address was a brilliant one. The galleries were banked to the doors, and almost two-thirds of the members were in their seats on the floor. The speaker's appreciative words to the members, thanking them for their cooperation during the session, touched a responsive chord and they gave him a remarkable demonstration of friendship and good will.

While the cheering and applause were still in progress, members began singing "My Country, 'Tis of Thee." Other patriotic airs followed as the members exchanged farewells, the "Star Spangled Banner," alternating with "Dixie." The speaker came down from the rostrum, his appearance on the floor being greeted with "For He's a Jolly Good Fellow," and there was a perfect rush of members to grasp his hand. There was a wild scene when General Hooker, of Mississippi, took his place by the side of the speaker, and together they sang "Dixie." For almost an hour, the jubilation continued.

Adjournment came at the end of a seven and a half hours' session, during which minor business was transacted in an seventy bills and resolutions were passed.

A Stormy Debate.

Washington, July 1.—After a session marked by some of the stormiest debates ever heard in the American Congress, the Senate adjourned sine die, at 5:30 this afternoon.

This conference report on the Philippine Government bill was adopted without serious opposition, and when the desks were cleared for adjournment, Carmack called up a resolution for the continuance of the investigation of the Philippine Committee, and for a visit to the Philippines by the committee during the present summer. This started trouble, and for more than an hour the battle of words was waged.

Spencer delivered a scathing denunciation of the minority of the committee, for what he declared was an attack upon the American Army. Spencer declared that the attack made upon the army by the minority of the Philippine Committee of the Senate was not only a "farce," but a wicked farce.

Auditor—Samuel G. Iverson.

Treasurer—J. H. Block, Nicollet.

RAILROAD STRIKE

CHICAGO, July 1.—Transportation in the Middle West may be seriously affected as a result of a series of strikes threatened by the machinists and boilermakers employed by every railroad entering Chicago from the West. The first of these strikes was called today, when 149 boilermakers employed by the Chicago & Northwestern railway were called out.

THE PUBLIC DEBT.

WASHINGTON, July 1.—The statement of the public debt at the close of the fiscal year, June 30th, shows that the debt, less cash in the Treasury, amounted to \$99,457,241, which is a decrease of \$13,012,332. The decrease is accounted for by the corresponding increase in the amount of cash on hand.

A ROYAL GIFT.

WALLA WALLA, Wash., July 1.—Two checks for \$25,000 each were received yesterday by President Penrose, of Whitman College, as a gift from Dr. K. Pearson, of Chicago. This makes \$250,000 Dr. Pearson has given to Whitman.

WASHINGTON, July 1.—The President today nominated Ruel Rounds to be United States Marshal of the District of Idaho.

REFUSED TO PAY

INDEMNITY MIX-UP CAUSING ANOTHER WRANGLE IN CHINA'S CAPITAL.

PEKING, July 1.—The Taotal of Shanghai, has notified the Bankers' Commission that China refuses to pay the July installment of the indemnity

except at the rate of exchange prevailing April 1, 1901. The foreign Ministers consider that the Taotal's declaration is the result of the announcement of the United States Minister, Mr. Conger, to the Chinese, that the United States sustains China's contention and is willing to accept payment on the basis mentioned. But the Ministers are confident that China will accept the decision of the majority of the Ministers when she is convinced that the United States is her only supporter.

Some of the Ministers insist that the policy of the United States is unreasonable and in direct opposition to the terms of the protocol. They assert that Prince Ching, head of the Foreign Office, and other Chinese officials, before learning that China had the support of the United States in the matter, admitted that their arguments were rather a plea for mercy than a demand for justice.

SUFFICIENCY OF THE TITLE

A TREATY WILL BE NEGOTIATED WITH COLUMBIA AND A TECHNICAL COMMISSION APPOINTED TO TAKE CHARGE OF WORK IF A GOOD TITLE IS SECURED.

WASHINGTON, July 1.—

The Cabinet was engaged today at the suggestion of Secretary Hay, in the preparation of measures to carry out the terms of the Isthmian Canal law. The Government must determine the sufficiency of the title that can be conveyed to the United States by the Panama Canal Company.

A treaty must be negotiated with Columbia, conferring the necessary rights, and a technical commission must be appointed to carry on the actual work of construction. It was decided to refer the matter of title to the Attorney General.

Washington, July 1.—In accordance with the resolution recently adopted by the Senate, Foraker, chairman of the Senate Committee on Porto Rico and Pacific Islands, today appointed a subcommittee to visit Hawaii during the recess of Congress, for the purpose of making an inquiry concerning the conditions in that territory.

The subcommittee consists of Mitchell, Foster, Burton, Cockrell and Blackburn.

FIRST BLOOD IN STRIKE

The Anthracite Trouble Results in One Fatality

AN ITALIAN MINER KILLED

By a Guard at a Wilkesbarre Colliery at Duryea

GUARDS HAVE BEEN DOUBLED AND A SHERIFF'S POSSE MARCHED ON THE GROUND TO HELP PRESERVE ORDER — THE MINERS ARE GREATLY INCENSED.

WILKESBARRE, Pa., July 1.—

The first loss of life during the anthracite strike occurred today at the William A. Colliery at Duryea. Antonio Gulsuepe, an Italian, was shot dead by one of the coal and iron policemen from behind the stockade of the colliery. Reports differ as to the cause of the shooting.

The friends of the dead man say he was walking on the road near the stockade when he was fired upon, and was on his way from Scranton to Duryea. Another report is that the Italian tried to get over the fence and would not heed the warning of the policemen to go away. There is much indignation and the sheriff of Lackawanna county was summoned to take steps to preserve order, as it was reported that there would be an uprising among the foreigners and they would attack the stockade before night.

The guard at the Williams colliery was doubled tonight, and the sheriff swore in a special posse to preserve order. When darkness came about a thousand people collected in the vicinity of the mines, and an attack would undoubtedly have been made on the guard had not the sheriff's posse kept the crowd in check. The officials of the Williams colliery say that the people on the outside of the stockade were engaged in firing at the guards all last night, and that several of the coal and iron police had narrow escapes from being shot.

Union Pacific Strike.

Omaha, Neb., July 1.—The center of operations in the Union Pacific Machinists' and Boilermakers' strike has been partially removed from this city to the west. The labor officials sent a large delegation of organizers to the shops at Evanston, Cheyenne, Rawlins and other points in the west, where the men are reported to have remained at work. The same train also took General Manager Dickinson, Superintendent of Motive Power McKeen, and Division Superintendent Baxter, who go to safeguard the company's interests and keep the traffic clear.

Word was received tonight that the machinists at Grand Island and Columbus, and a third of the force at Evanston, had gone on a strike during the day. It was also stated that the men who remained at work would quit tomorrow.

River Steamboat Men.

Portland, Or., July 1.—The threatened strike of the steamboat men has not reached a definite determination. The men employed on the boats on the Willamette and Columbia rivers are in conference tonight, but it is a late hour no conclusion had been reached.

END OF WAR TAXES

THE GOVERNMENT REMITS ITS CLAIMS — UNSATISFACTORY DECISION.

NEW YORK, July 1.—While, beginning today, Uncle Sam will remit his claims of taxes which have been putting each year recently \$70,000,000 in his treasury, and the banks, National, State and savings, are to feel the effects of this reduction in their expenses, together with various other lines of business enterprises, the National banks have not been eased by a decision rendered by Judge Lacombe, in the Federal Court of Brooklyn, holding that the Treasury Department must not repay the tax which was levied on the undivided profits of one bank.

Judge Lacombe's decision was given in the case of the Leather Manufacturers' Bank, brought as a test to ascertain if the Treasury Department could collect \$154 which was levied as war taxes on the undivided profits of \$77,796, held by the bank. When Congress passed the internal revenue act in 1898, imposing a tax on the surplus funds in the various banks, objection was made, and the Leather Manufacturers' Bank was the only one to make the payment. Having done this it brought suit to recover.

Taking this decision as a precedent, all the banks in the country will be compelled to pay the taxes which have accrued in the last three years, as the act was not repealed until this year. Nearly all the banks in the country will make an effort to have this decision reversed, and the American Bankers' Association probably will carry this case to the Supreme Court.

THE ST. LOUIS FAIR

WILL BE VISITED BY ROYALTY—KING MENELIK IS EXPECTED.

ST. LOUIS, July 1.—A copy of Lord Lansdowne's letter to Ambassador Choate, accepting the invitation to participate in the world's fair, was received today from the Secretary of State. The display to be made by Great Britain at the fair will consist largely of educational and art exhibits. Opportunity will also be afforded the British manufacturers to make exhibits.

Wilbur F. Crafts, of the Sunday Reform Association, is continuing his propaganda for closing the Louisiana Exposition Sunday, in spite of the fact that the Louisiana Exposition Com-

pany has given every evidence of a firm purpose to observe the Sunday-closing clause of the law providing for Federal participation in the Exposition. A number of additional letters from ministers and religious bodies were received by the Exposition Company today. All of these letters were critical in content, asserting "Sunday closing contract is contemplated that cannot be ignored without re-tracta."

One of the letters, signed by a minister in Iowa, enclosed a printed copy of a letter identical in context with those received before.

The Exposition Company is sending to these correspondents copies of the paragraphs pertaining to the closing of the Exposition on Sunday. It is said that an unbiased exposition of these documents will completely vindicate the exposition from insinuation of double dealing and equivocation which is laid upon them in the crusade which Dr. Crafts is conducting.

In a letter received from Commissioner Zeiglig, written at Florence on June 15th, he says that the Crown Prince of Siam, while in Florence recently, manifested considerable interest in the world's fair, and said he would certainly spend a few days in St. Louis next September. The Crown Prince of Siam spent 18 days in Florence and Mr. Zeiglig had the honor of entertaining him as his guest at his home for several days.

Commissioner Zeiglig has learned that King Menelik, of Abyssinia, desires to visit the world's fair. Mr. Zeiglig suggests that a formal invitation be extended to His Majesty by the directors of the exposition.

A SCUFFLE OVER A RIFLE

Ends in the Death of Two Indian Children

THE GUN WAS ACCIDENTALLY DISCHARGED AND THE BULLET WROUGHT FEARFUL DESTRUCTION IN A NEAR-BY TENT—BRIBE-TAKER SENTENCED.

NEW WESTMINSTER, B. C., July 1.—

Two Indian children are dead, and a third is seriously injured, from a rifle accident. Two Indian boys began wrestling for the possession of a rifle on the reservation at Albert Crescent. In the scuffle they discharged the rifle. The bullet went through a tent near by, occupied by an Indian woman, and her children. One child was instantly killed, the bullet passing through his body and entering the head of another child, who died in 15 minutes. A third child received the bullet, and after passing through her chest it struck the squaw in the face, inflicting a slight injury.

Sentenced to Prison.

MINNEAPOLIS, Minn., July 1.—Judge Sampson today sentenced Captain King of the detective force, to three years and six months at hard labor in the Penitentiary at Stillwater. King was convicted of being an accessory after the fact to a felony.

PROGRESS IS STEADY

KING EDWARD IS IMPROVING AND TAKES GREAT INTEREST IN PUBLIC AFFAIRS.

LONDON, July 1.—The steady progress of King Edward is fully maintained, and His Majesty takes light nourishment with enjoyment. He evinced the greatest interest in the arrangement for today's review of the colonial troops, and was eager that the people should be in some way compensated for their disappointment because of the postponement of the coronation. The King's grandchildren are allowed a brief daily visit to his bedside.

AMNESTY PROCLAMATION

HAS BEEN AGREED UPON AND WILL BE PUBLISHED IN A FEW DAYS.

WASHINGTON, July 1.—The terms of the amnesty proclamation to the Philippines have been definitely agreed upon by the authorities here, and have met the approval of Acting Governor Wright, to whom they were submitted for inspection. The proclamation is to be made public simultaneously in the Philippines and in this country.

Income.

doesn't make prosperity if the expenses are greater. Did you ever figure out what sickness costs you per year; doctors' bills, medicine bills, etc., etc., to say nothing of the suffering. Rheumatism strikes like lightning in the back if left alone; with Perry Davis' Painkiller, the terrors of this disease are headed off. Painkiller relieves muscular cramps, lumbago, neuralgia and sciatica. 25 and 50 cent bottles.

FREE MAIL AT EUGENE.

EUGENE, July 2.—The free delivery of mails in Eugene began this morning. There are two carriers, Glenn Chessman and C. D. Charpening, one taking the east side of Willamette street and the other the west. The service is very satisfactory, but the carriers are not accustomed to their routes and find it harder work than they will in the future.

WILD BLACKBERRIES RIPE.

INDEPENDENCE, July 1.—A small army of pickers are in the pastures hereabout gathering blackberries. There is any quantity of them, but property owners, as a rule, are very strict as to trespassers. There is good money in picking the berries, as the market demand is always strong.
