SICK MADE WELL WEAK MADE STRONG

MARVELOUS ELIXIR OF LIFE DISCOVERED BY FAMOUS DOCTOR SCIENTIST THAT CURES EVERY KNOWN AILMENT.

Wonderful Cures Are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

The Remedy Is Free to All Who Send Name and Address.

After years of patient study, and delving into the dusty record of the past, as well as following modern experiments in the realm of medical science, Dr. James W. Kidd, 3033 Baites building, Fort Wayne, Ind., makes the startling announce-

DR. JAMES WILLIAM KIDD.

ment that he has surely discovered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seem to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his "Elixir of Life," as he calls it, for he sends it free to anyone who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headache, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, droopy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

WHAT BEECHER SAID

THIS EMINENT DIVINE UPHOLDS THE ADVERTISING DOCTOR WHOSE WORK BECOMES KNOWN.

That most eminent divine, the late Rev. Henry Ward Beecher, publicly advocated the advertising doctor, as he once stated in the following words:

"I am glad that the doctor cured him. I am glad that the doctor put it into the paper that he could cure him. And if any doctor is certain he can cure such diseases and don't put it into the paper, I am sorry. What a pity it would have been had this doctor come to town with his wealth of science and experience, and gone away

leaving him uncured! What a pity it would have been if he had been so prejudiced against advertising as to read the responsible certificates of the doctor and give him the go-by as a quack! What are newspapers for if not to circulate information? What more valuable information can a newspaper give than to tell a sick man where he can be cured? If a man has devoted his life and labor to the study of a special class of diseases, the necessity of his saying so becomes all the more pressing. His duty to advertise becomes imperative. A really able man, whatever his gifts, makes a great mistake if he fails to use those gifts through want of advertising."

The above extract from an able article of the Rev. Mr. Beecher embodies a sound view of the subject of advertising. Suppose Dr. Darrin had come to the city and not advertised, who would know of his presence? Since Dr. Darrin has been in Salem he has relieved more agony and suffering than tongue can tell. His testimonials have substantiated his cures. The fact that his office, at the Willamette Hotel are crowded the greater part of the time and that few go away dissatisfied, is pretty good evidence of his success.

The editor of this paper is personally acquainted with many of the people named as cured by Dr. Darrin.

SUCCESSOR TO PROF. WENTZ

Thomas P. Clark of Flint, Michigan, Has Been Elected.

AS SUPERINTENDENT OF THE OREGON SCHOOL FOR DEAF MUTES—THE NEW OFFICER HAS A SPLENDID RECORD—HIS WIFE CHOSEN AS MATRON.

The Board of Trustees for the State School for the Deaf Mutes held a brief session yesterday, and elected a superintendent and a matron to succeed Professor and Mrs. Clayton Wentz, of the Oregon School for the Deaf Mutes.

Thomas P. Clarke, of Flint, Michigan, was elected Superintendent, and Mrs. Clarke was chosen as Matron.

Mr. Clarke is 43 years old, married, and has no children. He is principal of the oral department of the State School for Deaf Mutes, at Flint, Michigan, which position he has held for some time. Mrs. Clarke is a teacher in the advanced oral department of the same school, and both have been very successful as teachers of deaf mutes.

Mr. Clarke has been in the work of educating deaf mutes since 1886. He served for six years at the Arkansas school for deaf and for the past ten years, has held a similar position in the Michigan school. He is recommended by leading educators of the mutes from all parts of the United States, and the State Superintendent of Schools for Michigan recommends him in the highest terms.

The Michigan school, according to county superintendent of schools at Flint, teaches every subject taught in the ordinary schools, and speech and lip-reading are well brought out, while shop work is extensive and thorough, the industrial department being one of the best in the United States.

Superintendent Warren C. Hull, of the Michigan School for the Blind, in a letter to Prof. J. H. Ackerman, says of Professor Clarke:

"A close acquaintance for three years at Flint, Michigan, with Professor Thomas P. Clarke, brother of the very successful superintendent of the Michigan school for the deaf, satisfies me beyond a reasonable doubt that he is eminently qualified to perform the duties of superintendent of a school for the deaf. Mentally he is gifted, morally he is a pure-minded gentleman. I know him in his class-room, as a public speaker, as a leader of men, and he is a powerful man at whatever he undertakes. In his home he is a courteous gentleman, and devoted husband. I have tramped the fields and woods with him, studying birds and flowers, and have spent days with him wheeling, boating and fishing, and I give you my word of honor that I never saw in him an unworthy act, nor heard from his lips an unworthy utterance."

Professor Clarke, as stated above, is a brother of Superintendent Clarke, of the Michigan School for Mutes, one of the most eminent teachers of mutes in the country.

The new superintendent of the Oregon School for the Deaf Mutes is expected to arrive in Salem about August 1st, or 15th, when he will immediately take possession of the school, and organize the school preparatory to opening it for the fall term.

Left Hand McCormicks Right Hand McCormicks

New 1902 machines, not 1900 or 1901 goods. Be certain when you buy a binder that you get a new one. They get old soon enough anyhow.

The McCormick is the old reliable machine line that is always ready to take care of you if trouble comes. The question of repairs for machinery is brought forcibly to mind these days when we have calls every day for repairs for any and all makes of machines. We supply the repairs for McCormicks from the largest stock that's carried—or any machine in Marion county, and it's seldom that a customer has to wait for anything.

Time is Money
When your machine is standing idle in the field waiting for a 25 cent repair that you can't get for two or three days. Get a binder that seldom gives trouble, and when anything does happen can supply your needs at once.

That's a McCormick

Left Hand Cut and Right Hand Cut

Now carried in stock. Call and see them. McCormick Mower and Rake trade is exceeding former seasons, because every machine that's out sells others. Call and make unprejudiced comparisons and you'll say the same thing.

Second Hand Wheels

I have a lot of second hand wheels in both ladies' and gents' that are in good order, many with new tires, etc., and the prices are away down. It might be worth your while to look them over. You can get your season's riding pretty cheap.

...WE SELL...

Studebaker Wagons and Buggies, McCormick Harvesting Machinery, Russell Engines and Threshers, Parsons Self Feeders, Russell Windstackers, Birdsall Clover Hullers, Hay Balers, Ohio Enslage Cutters, Hory Fanning Mills, Monitor Drills and Seeders, Fairbanks-Morse Gasoline Engines, Moline and Syracuse Plows Moline and P. O. Cultivators, Buffalo Pits spike, spring and disc Harrows, Beneca Rotary Disc Plows, Binder Twine and Harvesting Supplies. Extras for McCormick, Woods and Osborne Mowers, Hay Tools, Carriers, etc., Tribune Bicycles and Wheel Sundries, Standard and White Sewing Machines and supplies, and all other things usually carried in a first-class implement house.

A Dissertation on Twine

The Plymouth Twine has been sold by this house for four years, and in that time has built up a steadily increasing line of users from the ranks of farmers who have made their own tests in the field, of this and the Portland twines. The Plymouth Twine is the evenest that's on the Salem market, and you need take no one's judgment for this but your own. We are always glad to make comparisons, and many a man prejudiced against everything but Portland twine, has admitted the above fact after a trial. Length of twine is an important factor, but if you buy FEET at the sacrifice of QUALITY and EVENNESS you're borrowing trouble. FEET, and feet only will not compensate for the losing of 25 bundles in one ball of twine, as has been done in various brands. PLYMOUTH STANDARD is longer than other standards and so much better grade that there's no comparison. It is not as long as Manila twines, neither does it cost as much. It is evenner than any Manila twine shown in Salem. There are so many "standard" twines sold that you should "in buying always require specific information as to the quality of the twine, and moreover, be very careful to inspect the tag attached to every ball." The Plymouth Standard has a

RED TAG

We are selling quantities of this already, and as there is likelihood of a shortage, the early buyer will make no mistake. It is extremely hard for a man with his hands free, taking his own time to it, to unite in a knot a piece of twine as large as a lead pencil with one about the size of a knitting needle. That's what you ask your binder to do on some twines. So don't bless the machine if it fails.

GET PLYMOUTH.
