

CUDINEE HAS DISAPPEARED

With a Few Trusted Deputies Seattle's Big Sheriff

HAS GONE ON STILL-HUNT

Yellow Journal Reporters are Making an Active Search

FOR THE OFFICER WHO HIMSELF IS SEARCHING FOR TRACY - MERRILL'S BODY LEFT CHEHALIS LAST NIGHT FOR SALEM - FINDER CLAIMS REWARD.

SEATTLE, Wash., July 14.—A special to the Post-Intelligencer, from Auburn, Wash., says:

"Sheriff Cudinee is undoubtedly on a still-hunt after Convict Tracy, accompanied, perhaps, by one or two trusted lieutenants. Almost every effort has been exhausted to ascertain the sheriff's whereabouts. Cudinee, however, has proved himself Tracy's equal in the matter of sudden disappearances, and neither the newspaper men nor the remaining members of the old posse have so far been able to locate him. The general belief is that Cudinee is somewhere on the Palmer Cut-off."

Merrill's Body.

Chehalis, Wash., July 14.—The coroner's jury decided this afternoon that the body found Monday night was that of David Merrill. Mrs. Wagoner will take it to Salem tonight and claim the reward.

(Supt. J. D. Lee last evening telegraphed Warden J. E. Jones, at Chehalis, that the matter of the disposition of the remains would be left to the people having them in charge; that if the remains were shipped here, he would pay a reasonable sum for the trouble, and bury the body here, but he did not feel justified, under the circumstances, in paying the reward offered for the capture of Merrill. In speaking of the matter last night, Supt. Lee said he would pay the woman who found the body liberally, but he did not feel justified in paying the reward. However, if she wished to bring it here he was willing to have her test the case in the courts, if necessary, or to submit her claim to the Legislature. According to the above dispatch, Mrs. Wagoner left Chehalis, accompanying the body of Merrill, last night, and she will probably arrive in Salem at 11 a. m. today, when the matter will be adjusted.)

The Body Identified.

Chehalis, July 14.—The main result of the coroner's inquest over the body of David Merrill, the outlaw, has doubt been to establish its identity beyond a doubt by the testimony of a number of witnesses, chief among whom are B. H. Merrill, brother of the dead man, and Ira Johnson, his foster father.

Wore False Teeth.

Tacoma, July 14.—The inquest over the body of Merrill, the dead convict, has developed the fact that he had served terms in the Montana Penitentiary at Deer Lodge, one term under the name of McTague and the other under the name of Carroll. Information is needed from Deer Lodge as to four false front teeth Merrill wore, which the Oregon Penitentiary officials failed to discover when examining him. Convicts at Salem have since told the warden there that Merrill had false teeth and this fact was telegraphed to the coroner at Chehalis this morning.

Is Tracy Wounded?

Seattle, July 14.—The only interest in the Tracy hunt today lies in the mysterious disappearance of Sheriff Cudinee, who severed connection with his office and the outside world in general yesterday afternoon when he vanished from the vicinity of Covington. The only thing new is the following special from Ravensdale:

"John Cunningham reports that he discovered some bloody rags in an old shack one mile west of here yesterday. Near by were the ashes of a camp fire. He says the rags looked as if they had been used in dressing wounds. A little later, two railroad men saw a mysterious man carrying a gun and hiding behind trees in the same section. There are no deputies in town."

HEAVY HAIL STORM

DOES BIG DAMAGE NEAR NEW YORK CITY - BUILDINGS STRUCK BY LIGHTNING.

NEW YORK, July 14.—A violent storm of rain and hail, accompanied by heavy lightning has put an end to the hot wave here. Brooklyn suburbs were swept by the hail, which shattered many windows. Trees were uprooted in the gale and to houses set on fire by the lightning.

In the lower section of Manhattan the most severe effects were noticed. The steel frame work of the Hanover Bank's new 20-story building at Pine and Nassau streets, were apparently charged with electricity, sparks dancing with almost as much brilliancy as that given out by the arc lights. Lightning struck the flag pole on the roof of Tammany Hall, splintering the staff half way down its length. As the splintered wood fell into fourteenth street, crowds made a rush for pieces to bear off as souvenirs. The bolt passed off without doing further damage, although there was considerable excitement in the neighborhood.

The storm was general throughout the northern part of New Jersey. Lightning struck the steeple of the Arlington M. E. church, setting it on fire. The steeple stood out like a great blazing torch, attracting crowds from all parts of the city. The firemen were unable to cope with the fire, so high in the air, and the steeple burned down 120 feet to the roof of the church. The loss was estimated at \$2000.

Hail stones fell in Newark, doing considerable damage. Windows were

broken and several horses stampeded in the streets. A terrible storm visited the Muscongon Valley, in New Jersey. Hail fell steadily for 15 minutes, and did great damage. Trees were entirely stripped of their foliage and young fruit was blasted. It is thought the peach crop was ruined. Mrs. William Hoffman was killed by lightning at New Village.

MASSACRE MACEDONIANS

TURKS BURN A VILLAGE AFTER FORCING INHABITANTS TO KILL THEIR FAMILIES.

LONDON, July 14.—The Vienna correspondent of the Daily Mail says official dispatches received describe a formidable Macedonian rising in the Vilayet of Monastira, European Turkey. According to these reports, the rebels, entrenched on the banks of the Ostrovo, withstood the attacks of a thousand Turkish regulars and several hundred bashi bazouks for a week. Finally the Turks placed the Macedonian women and children in the front of a screen and stormed the position of the rebels. The latter maintained a murderous fire, and many women and children were killed by their own husbands and fathers. After dispersing the rebels the Turks massacred the population and looted and burned the houses of the inhabitants.

REPUBLICANS OF WISCONSIN

The LaFollette Faction Defeats Spooner's Friends

THE SENATOR ENDORSED

Resolutions Adopted Favoring His Re-Election to the Senate

CONCESSIONS ARE DEMANDED AT HIS HANDS—TEXAS DEMOCRATS ENDORSE KANSAS CITY PLATFORM BUT FORGET TO NAME BRYAN AND FREE SILVER.

MADISON, Wis., July 14.—The followers of Governor LaFollette won a decisive victory over the so-called Stalwarts and United States Senator John C. Spooner, in the Republican State Convention here today. The committee came in with a majority and minority reports. After a sharp and decisive contest the followers of LaFollette carried the day, adopting its majority report, and adjourned the convention until tomorrow morning. The platform reported expressed confidence in President Roosevelt and said:

"We approve the public services of Wisconsin's representatives in both Houses of Congress, and we especially commend the official career of Hon. John C. Spooner.

"We again express our regret in his announced determination not to serve the state another term in the Senate, and should he now find it possible to reconsider this declaration and express his willingness to stand as a candidate in harmony with the sentiments and in support of the platform principles adopted by the Wisconsin Republicans, and for the election of a Legislature favorable to their enactment into law, his decision would meet the general approbation of the Republicans everywhere, and we pledge him the enthusiastic support of the party for his re-election."

Texas Democrats.

Galveston, Tex., July 14.—The Democratic State Convention today nominated S. W. T. Lanham, of Park county, for Governor. The platform endorsed the Kansas City declaration. Bryan and free silver were not specifically mentioned.

Wyoming Republican.

RAWLINS, Wyo., July 14.—The Republicans today re-nominated Governor Richards and Congressman Mondell. The platform endorses the "progressive" and patriotic administration of President Roosevelt, and expresses satisfaction in the recognition and assistance he has given the West.

DISASTROUS STORM

DID GREAT DAMAGE IN MINNESOTA NORTH DAKOTA AND THE UPPER VALLEY.

ST. PAUL, July 14.—Telegraphic communications with the Red River valley is still interrupted, but a brief telephone conversation with Grand Forks at noon brought the news that the storm was very widespread and did much damage, which will be heavy in the aggregate, but there is yet no confirmation of the reports that several towns have been destroyed. These reports are discredited at Grand Forks, as also are the reports of loss of life. It is believed many are injured, but no one killed.

The storm started near Devil's Lake, in Northern Dakota, swept over and up the Red River valley, then jumped across Minnesota and went tearing down the Mississippi river into Iowa.

GRAND LODGE ELECTS

WOKMEN NAME WM. SMITH, OF BAKER CITY, MASTER WORKMAN—DEGREE OF HONOR.

PORTLAND, Ore., July 14.—The Grand Lodge A. O. U. W., today elected William Smith, of Baker City, Grand Master Workman.

The Degree of Honor elected Mrs. Laura Smith, of Baker City, Grand Chief of Honor.

BURNED AT STAKE

A NEGRO MEETS AWFUL FATE IN MISSISSIPPI FOR HIS HEINOUS CRIME.

CLAYTON, Miss., July 14.—Early this morning William Odey, a negro, was tied to a tree and burned. Odey had outraged a young woman, Virginia Tucker. The negro was saturated with oil and a match applied to the fagots piled around him.

EXPLOSION'S AWFUL HAVOC

Death Comes Quickly and in an Awful Form

TO MANY UTAH MINERS

A Lighted Candle in a Magazine in a Shaft the Cause

RESULTS IN A TERRIFIC EXPLOSION AND ASPHYXIATION OF A NUMBER OF THE MEN EMPLOYED IN TWO MINES AT PARK CITY.

PARK CITY, Utah, July 14.—This city and camp are today plunged in the deepest grief that they have ever experienced. The cause of their sorrow is an accident that occurred last night in the Daly-West and Ontario mines, an accident that brought death to thirty-five men—twenty-nine in the Daly-West and six in the Ontario.

The disaster was the result of an explosion occasioned by John Burgy, a miner going into one of the magazines of the Daly-West with a lighted candle. His act cost him his life and the lives of many other miners beside. His own body was blown to atoms. Not a fragment of his remains have been found. All other victims are recognizable, their faces being easily identified by relatives and friends.

The explosion occurred at 11:20 last night, and in a twinkling a most deadly gas was being generated throughout the mines. It crept through every tunnel shaft, and in a very short space of time, scores of miners found themselves face to face with death.

The shock was something terrific and was heard for a long way although it was nearly 2 o'clock before it was known in Park City, a distance of three miles. When it is stated that a horse was killed at the mouth of the Ontario tunnel, 2 miles away, some idea of the force of the explosion may be had. The animal was in use at the entrance to the mine, and was hurled against the wall and machinery with such violence as to be killed outright. Two other horses were also killed, the latter in the Ontario, almost as great a distance away. That the loss of life was not far greater than it is, seems marvelous.

The work of rescuing the imperilled and dead was quickly and heroically undertaken. Men were brought to the surface just as fast as the disabled machinery would permit. Every man who went down with the first rescuing party was overcome by the deadly gas, and it was with the utmost difficulty that the machinery was kept in motion.

Two of the dead are rescuers—John McLaughlin and John Eckstrom. When it was apparent that all the remaining men in the mine were dead, and that further rescue work would be futile, it was stopped for the time being, and at present nothing is being done to recover the other bodies, nor will anything be done in that direction until after some of the deadly gas has passed out of the mine.

The miners who escaped state there was no smoke or fumes in the mine, and the air was so clear and apparently pure, that the men did not realize they were being asphyxiated.

GOOD ROADS BUILT

SPLENDID SUCCESS OF COUNTY OPERATION OF COUNTY COURT AND FARMERS.

With the exception of a few gaps the improvement of the road between the Catholic cemetery and the Liberty school house, which is being built with crushed rock, is just about completed and with favorable weather will be finished this week. Barring several days of rainy and disagreeable weather the rock crusher and the crew of operators and teams have been working continuously since the machine was placed in the pit, and the result is most satisfactory. Besides building up the Liberty road 100 loads of crushed rock have been distributed along the Salem-Jefferson road in places where it was most needed, between the fork just beyond the cemetery and the Liberty crossroads, and 100 loads have also been hauled upon the old Judson road, which leads off to the river from Liberty.

The farmers in that section are highly pleased with the result of the work, and are appreciative to the degree of offering of the work and financial assistance in their power toward the continuation of it to all the roads.

As yet it has not been decided as to which road will be treated next, but in all probability it will be the Salem-Jefferson road as the farmers owning property adjacent to it have already contributed almost enough work and money to carry it out quite a distance. The county officials have been planning to put all the teams available to work graveling Commercial street from the city limits to the Catholic cemetery, and connect with the newly improved road, just as soon as the work of reconstruction of the bridge is completed so that gravel can be hauled from the opposite side of the river.

The county court is authority for the statement that the rock crusher will be kept in operation just as long as teams can be procured to haul the material and the weather permits, and that just as soon as the work of hauling the crushed rock upon the road was finished, a traction engine would be employed to pull an immense five-ton roller over the road until it was mashed down and packed solidly, which process will render it equal to a macadamized road as the material is of such a character as to furnish its own cement.

Judge John H. Scott says that the people are beginning to realize the importance and benefits of good roads and that there has been more work done, more interest manifested and more gravel hauled and deposited on the roads throughout the county during the present season than for many years past.

WATER VERY SCARCE

DENVER WILL HAVE TO CUT DOWN ITS CONSUMPTION BY NEARLY ONE-HALF.

DENVER, Colo., July 14.—The scarcity of water and the extravagant waste of the diminished supply have brought condition of affairs in Denver that compel prompt official action. Secretary Miller, of the Water Company, says that his company has not been able to store a drop of water for nearly three years. The water for manufacturing purposes will be cut off at once. Irrigation must also cease unless an unprecedented rainfall comes within a few days. The Water Company says the consumption must be cut down from 55,000,000 to 35,000,000 gallons daily, at once.

The Same Old Story.

J. A. Kelly relates an experience similar to that which happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by Dr. Stone's Drug Stores.

AN ACCIDENT IN YEW PARK

Small Boy Run Over by Fire Department Hose Cart

WHILE VOLUNTEER FIREMEN WERE DRILLING THE LITTLE FELLOW RAN IN THE WAY, FELL AND THE CART PASSED OVER HIM—NO INJURY.

There was an accident in connection with the regular Thursday evening drill of the Yew Park Volunteer Fire Department, last evening which for a time appeared as though it would result seriously for little Leonard Carey, the 11-year-old son of F. F. Carey, who resides on 13th street, Yew Park.

The alarm was sounded about 7:30 o'clock in the evening and the members of the department made the usual rush for the apparatus. A number of boys had congregated around and, when the hose cart came out, little Leonard Carey, in the excitement of the moment, grasped the rope and started to run with the men. They soon attained such a speed that the boy could not keep up and, in letting go his hold upon the rope, stumbled and fell and before a stop could be made one of the wheels of the hosecart, bearing 650 pounds of hose, passed over the little fellow's hips. The accident caused a great deal of excitement for a time, as it was thought the boy was seriously injured, and medical assistance was immediately telephoned for but, before the physicians arrived, the little fellow had scampered home evidently more scared than hurt.

A Runaway Team.

A runaway occurred on Commercial street yesterday that caused some excitement while it lasted. John Armin, a farmer, tied his team in front of the Damon Bros. grocery store, and passed inside. Scarce had he disappeared when one of the horses, in rubbing his head, slipped off the bridle. The act frightened the animal, and the next instant the team went dashing down the street, running to the corner of Commercial and Center streets, where they collided with an electric light pole, and were brought to a sudden stop. The result was the breaking of one wheel, the reach, a single-tree, and the harness, and badly bruising one horse's shoulder, and cutting one leg seriously. The broken rig was repaired as best it could be done, and Mr. Armin started home, happy in the thought that the accident was no worse.

A TEXAS WONDER

HALL'S GREAT DISCOVERY.

One small bottle of Hall's Great Discovery cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two month's treatment, and will cure any case above mentioned. Dr. E. W. Hall, sole manufacturer, P. O. Box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists, and at Dr. S. C. STONE'S drug store, Salem, Ore.

READ THIS,

Bandon, Ore., Dec. 3, 1901.
Dr. E. W. Hall, St. Louis, Mo.—Dear Sir:—I have used your Texas Wonder for kidney and rheumatic trouble its effects are wonderful. It has equal, and I can cheerfully recommend it. Yours truly,
HARVEY HOWE.

"NOTHING SUCCEEDS LIKE SUCCESS."

The Oregon Fire Relief Association has been a success ever since it began business in January, 1905, and is now growing faster than ever before.

Its annual report of December 31, 1905, shows a net gain in amount of insurance in force of \$2,828,787, which is 50 per cent more than the net gain of any previous year. It paid 135 losses during the year amounting to \$23,509. It is strictly a mutual institution which furnishes the best of Fire Insurance at Cost.

For further particulars, address A. C. Chandler, secretary, McMinnville, Oregon, or if you reside in Marion county, call on or address H. A. Johnson, (agent) Salem, Oregon.

NEW PASTURE GRASS.

INDEPENDENCE, July 14.—I. Connett, living south of town, states that he is getting a grass on his farm

A Yarn

That is good, knits further, wears longer than any other.

We have just received a large assortment of Fleisher's yarns in

Shetland Floss, Ice Wool, Sax-onies, Spanish and German Knitting Yarns

Colored Percale, we are closing them out, the 75c ones for 50c; the \$1.25 ones for 75c.

Shirt Waists

for ladies, children and infants from 5c up.

Sleeveless Vests

Millinery at Reduced Prices

Greenbaum's Dry Goods Store

NEXT TO POSTOFFICE

THE REMEDY THAT CURES AND PREVENTS THE EPIDEMIC now RAGING among HORSES.

PRUSSIAN HEAVE POWDERS

and will cure them of Heaves, Cough or Distemper, in Prussian Heave Powders.

It has been tried by the Prussian Heave Powder Co. for the past eight months and in that time have cured 11 horses of heaves, 14 of distemper and 7 of cough.

PREPARED ONLY BY PRUSSIAN HEAVE POWDER CO., N. Y. PAO., N. Y.

STATE NORMAL SCHOOL

MONMOUTH, OREGON

Graduates of the school are in constant demand at salaries ranging from \$40 to \$100 per month. Students take the state examinations during their course in the school and are prepared to receive state certificates on graduation. Expenses range from \$120 to \$175 per year. Strong Normal course and well equipped Training Department. The fall term opens Sept. 16. For catalogue containing full information address

E. D. RESSLER Pres.
Or J. B. V. BUTLER, Sec'y.

Central Oregon State Normal School

DRAIN, OREGON.

Fall term opens Monday September 8th, with a full faculty of special teachers.

Physical education a feature of the course, in charge of a trained teacher.

Demands for teachers the past year have far exceeded our supply. Our graduates have all had positions. We aid our graduates and worthy teachers in securing positions.

The training department is in excellent condition, affording the best of opportunities for the practical side of teaching.

Students and graduates are so trained that they are able to adapt their work to the needs of schools having limited apparatus, appropriating and adapting environment to practical work in the classroom.

Facilities of the school are improved by additions to the library and laboratories.

Boarding-hall is being refitted and stoves added, to make all students comfortable in their rooms.

Teachers' Review Class a special feature.

Prospects are excellent for a largely increased attendance. Board and room, \$2.25 per week.

For those desiring it, a two years' course in Latin has been added.

For catalogue, address—

J. H. ORCUTT, President

New's This!

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm.

WEST & THURX, Wholesale Druggists, Toledo, O.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price, 75c per bottle. Sold by all Druggists. Testimonials free.

Hall's Family Pills are the best.

Miss Alice Ward, daughter of Judge S. C. Ward, of Sterling, Ill., is visiting with her aunt, Mrs. D. M. Crouse, at their fruit farm at Liberty.
