

HONORED THE PRESIDENT

He Visited the New Jersey Militia in Camp

A CONTINUOUS OVATION

Soldiers Refused to Recognize the Secret Service Men

BAYONETS USED ON ROOSEVELT'S BODY GUARD BY TROOPS TO PREVENT THEM GETTING NEAR THE STATES GUEST—DEMOCRATIC MEETING.

SEA GIRT, N. J., July 24.—No President ever received a more sincere, heartfelt and patriotic reception, than that given to President Roosevelt today by the people of New Jersey. From the time he landed on New Jersey soil until he left, he was the recipient of a continuous ovation. The President, on the invitation of Governor Franklin Murphy, visited the encampment of the Second Brigade, N. J. N. G., at Sea Girt.

President Roosevelt and Governor Murphy and staff reviewed the troops in camp. At the conclusion of the review, the President addressed the assembled troops and a multitude which had gathered numbering nearly 15,000. The arrangements for the reception of the President were excellent in the main, but for almost two hours, the President was without his guard of secret service officers, five of whom were with him on the trip. The military contingent absolutely refused to recognize the authority of the badges, or of the names of the secret service operatives, and in two instances officers used their bayonets against operatives to enforce the commands of their officers.

The Harmony Meeting.
Boston, Mass., July 24.—Nearly 4,000 Democrats gathered at Nantuxet today, and participated in the "harmony" meeting arranged by the New England Democratic League, a new political organization which is expected to develop its strength in the fall campaign. Mayor Collins, of this city, acted as "moderator," as he expressed it, and presented in the order, Edward M. Shepard, of New York; Senator Edward W. Carmack, of Tennessee, and W. J. Bryan, of Nebraska, who expounded and discussed the issues of this campaign to the marked satisfaction of the audience.

THE REBEKAH PICNIC

MEMBERS OF THE SALEM LODGE ENJOYED RARE SPORT AT SAVAGE'S GROVE.

The picnic given by Salem Rebekah Lodge No. 1, I. O. O. F., at the Savage grove, east of the insane asylum, yesterday afternoon and evening, was one of the most enjoyable and successful

affairs of the kind ever held at Salem, and while the attendance was not as large as some similar gatherings have witnessed, in point of pleasures and amusements none have excelled it this season.

Some of the members of the lodge and members of their families went out during the early part of the afternoon, and others came a little later, until by 6 o'clock a good-sized crowd was in attendance. The afternoon was spent in playing various games, and when evening came and the children joined the ladies and children, all felt as though the time for refreshments was due, and it did not take the ladies long to bring forth the good things prepared for the occasion. A toothsome repast was spread in the shade of the big firs, and this together with the generous supply of ice cream, soon disappeared when the crowd, their appetites sharpened by the afternoon's play and work, surrounded the well-laden tables.

The evening was spent in conversation, games, music and an all around good time was had, and when, at a late hour, the picnic party returned to the city, all voted the day a memorable one, and all agree that the beautiful grove could scarce be excelled as a picnic ground. With its swings, platforms and other conveniences, it is indeed a rare spot for such a gathering, and the cool shade of the big firs, makes the place an ideal one for gatherings of this kind in the summer.

Falls a Deadly Attack.
"My wife was so ill that good physicians were unable to help her," writes M. M. Austin, of Winchester, Ind., "but was completely cured by Dr. King's New Life Pills." They work wonders in stomach and liver troubles. Cure constipation, sick headache, 25c at Dr. Stone's Drugstore.

LIGHTNING STROKES

There are few people who would care to be struck by lightning, and Jennie Pierce, of Pine Point, Vermont, was one of these. She was struck a few days ago, however, and rendered unconscious for some time, but she recovered her senses and is very glad it happened. The reason is that after being totally deaf for ten years, she can now hear as well as any one, the change having been caused by the shock.

The application of electricity in another form by a skilled hand does not shock the most delicate system though equally effective in curing deafness and other diseases. Dr. Darrin, now located at the Willamette Hotel, is treating many cases daily, and that they do not seek relief in vain is demonstrated beyond a doubt by the following cures performed many years ago, thus showing the permanency of the electrical treatment. Mr. C. Cary, of Ashland, writes his cure of deafness is complete, cured last August. He also states in his letter that his wife is in perfect health, after being ill for ten years with female troubles, constipation, piles, liver and kidney trouble.

Miss Birdie Schmidt, Jacksonville, Or., discharging ear and deafness, cured. C. M. Ruch, postmaster at Ruch, Or., deafness 12 years, cured in two hours. H. A. Tucker, president of the bank of Genesee, Idaho, now living near Ashland, Or., deafness 15 years, cured.

S. P. Gorline, Lookingglass, Or., deafness and ringing in ears, cured seven years ago.

G. B. Matthews, Eagle Point, Or., consumption and large tumor, cured eight years ago.

Mrs. Isaac Williamson, McEwen, Or., inflamed eyes, catarrh pain in her side, cured.

B. P. Pope, Houlton, Or., diabetes, Bright's disease and catarrh of the bladder, restored.

Mrs. C. Morris, Talent, Or., kidney trouble, diabetes and pain in back 20 years, cured.

Mrs. B. Bickford, Roseburg, Or., treated successfully, and her son was cured of cross eyes.

Mrs. H. Enaton, Roseburg, Or., granulated eyes all her life, the eye lashes were all gone, cured.

Thos. Madison, Farmington, Oregon, scrofulous swelling under the ear, causing total deafness, cured.

A. E. Miller, photographer, 277 Knott street, Albina, Or., stricture many years so life was despaired of, cured.

J. D. Hoffstetter, Baker City, Or., total blindness and deafness; the latter cured and the sight nearly restored.

Ex-Postmaster J. F. Johnson, Pendleton, Or., now jailer at Portland, Or., granulated eyelids for years, cured.

Jas. Harvey, Jr., Talent, Or., cords of the neck contracted and head drawn to one side, cured four years ago.

J. J. Kern, ex-editor of the northwestern German paper, "Freie Presse," of Portland, Or., deafness for years, restored.

Ex-Judge J. H. Nozler, Coquille City, Or., partial paralysis and breaking down of the system, restored ten years ago.

AN AMERICAN CONSUL SUE

By a Big Portland Firm of Coal Dealers

HEAVY DAMAGES ASKED

For Retaining Their Steamer's Papers at Dawson

WHEN THE VESSEL WAS LOADED AND READY FOR SAILING THE GOVERNMENT'S REPRESENTATIVE REFUSED TO TURN OVER THE STEAMER'S REGISTER.

SEATTLE, Wash., July 24.—Henry D. Saylor, the United States Consul at Dawson, Y. T., has been sued for \$10,000 damages here, by the Sterling Coal Company, a Portland corporation. The company owns the steamer May West, of St. Michael. The West was fitted out at Dawson in June. When she was ready to start Captain Ensign went to the consul and demanded the register of the vessel which had been deposited in Saylor's office. The captain, however, could not produce the register for the papers. It had been mislaid by his predecessor. The consul refused to give Ensign the papers without the receipt. The steamer had freight and passengers on board, but dared not sail under the circumstances for fear of seizure. She had to remain at the dock until July 8th, and her owners want reimbursement.

BIG FIRE IS RAGING

ALBANY, NEW YORK, IS SUFFERING A SERIOUS CONFLAGRATION.

ALBANY, N. Y., July 24.—The largest fire Albany has experienced in years has just broken out on Beaver street, comprising the Columbus Hotel and about a dozen different manufacturing buildings. The loss cannot be estimated at this time.

SUING A UNION.

NEW YORK, July 24.—A fresh application of the principle whereby trades unions have been held responsible for breaches of the law, cables the London correspondent of the Tribune, is sought in an action brought by the colliery firm against the Miners' Association, which has a membership of over 125,000. This suit is a case for damages for cessation of work on four successive days under the orders of the federation. It is attracting much attention, since decision in favor of the employers in the courts would complete the record of a full financial responsibility of the Federated Labor Union for the acts of its officers, even when no aggressive action, such as picketing, is taken, and more serious than the stopping of work for a few extra days has been ordered.

FANCY PRICES PAID

OATS AND JULY CORN AGAIN TOOK AN UPWARD TURN YESTERDAY.

CHICAGO, July 24.—There were fancy prices again in oats and July corn, to relieve the monotony of the grain session otherwise dull. The former jumped 3 cents to the new record price of 70c. The latter sold at 70 but did not hold its strength. The cause of the up-turn in oats was the bidding of shorts for several "cans," and the reluctance of traders to sell what they did not have.

SPECKELS' INVENTION.

SAN FRANCISCO, July 24.—Colonel George A. McFarlane, of Honolulu, last night gave information about the plans of the Federal Sugar Company, recently formed with \$50,000,000 capital, and C. A. Speckels, youngest son of the sugar magnate, as president. Mr. McFarlane says that by a secret process invented by Speckels, the cost of refining will be greatly reduced. "Speckels," said McFarlane, "can refine sugar at less than \$1 a ton. He will establish refineries in all the big cities from Philadelphia to San Francisco, and in Honolulu. His plan is also to unite with the sugar-beet growers of the West."

SHOW CAR BURNED.

ARLINGTON, July 24.—At 3 o'clock this morning an advertising car attached to the westbound passenger train, took fire one mile west of here, and was totally destroyed, except the trucks. It was the property of the Buffalo Bill theatrical company and was loaded with posters and advertising matter. Several employees of the theatrical company, who were asleep when the fire broke out, barely escaped in their night clothes. The burning car was detached and left on the main track until a wrecking car was dispatched from the Dallas. No one knows what caused the fire.

WILL DEDICATE PAIR.

ST. LOUIS, July 24.—Dedication of the World's Fair will take place in the Palace of Liberal Arts, April 30, 1903, with pageantry and oratory. The drawings of liberal arts buildings have been given to the contractors for their bids. The structure must be ready for occupancy by April 1, 1903. This palace, with its hall, which is estimated will seat 12,000 persons, will make the only serviceable building for large assemblies among all of the architectural giants of the fair.

MITCHELL IS GOING HOME

Leader of the Mineworkers Confident of Victory

IS WILLING TO ARBITRATE

The Miners Are Not Fearful of the Possible Outcome

THE VIOLATION OF AN INJUNCTION BRINGS A COLORADO MAN INTO COURT IN WEST VIRGINIA—MILLERS ARE NOT FIGHTING SPEAKER HENDERSON.

CHICAGO, July 24.—President Mitchell, of the United Mineworkers, left for Wilkesbarre, Pa., tonight. He says he is confident of success in winning the strike because the men were standing solidly for their demands, and not one had deserted the union, as far as he was able to learn. He said the miners were ready to submit their side of the contention to any board of arbitration in the country, and were not fearful of the outcome.

Violated An Injunction.

Parkersburg, W. Va., July 24.—The hearing of John Gehr, of Colorado, who is charged with violating an injunction of Judge Jackson, issued against the striking mineworkers, was continued until tomorrow. This case attracts more attention than all the others, as the affidavits and witnesses all allege that Gehr, at various meetings, spoke of Judge Jackson as an "old yaller dog."

Gehr is an attorney, and has announced his intention of appearing for himself.

Millers Do Not Fight.

St. Louis, Mo., July 24.—There is no concerted action on the part of the National Millers' Association to defeat Speaker Henderson in his race for reelection to congress, was the positive statement made by H. S. Kennedy, Secretary of the National Millers' Association, today. "Whatever the millers may feel individually about the matter, there is no concerted movement on the part of the National Federation to get the speaker's scalp. The National Federation does not go into politics at all."

A REQUISITION ISSUED

SHERIFF DEGGELLER, OF CHEHALIS, SECURES EXTRADITION OF A. J. MOLITOR.

Upon the requisition of Governor McBride, of Washington, a state warrant was yesterday issued in the Governor's office at the capitol, for the arrest and delivery to the agent of the state of Washington, of one, A. J. Molitor, wanted in Chehalis, Wash., for obtaining money under false pretenses. Sheriff Edward Deggeller, of Chehalis, who accompanied Mrs. Waggoner here last week to return the body of Merrill, the escaped convict, is the officer named as the agent of the state of Washington. The warrant was placed in his hands, and he went to Oregon City last night, where Molitor was under arrest. He secured his man and proceeded to Chehalis. Molitor issued an order on Whittier, Coburn & Co., of San Francisco, for \$70, on which he secured \$30. Molitor was formerly an employee of the offices of Collector of Internal Revenue, D. M. Dunne, and it is said, he was always inclined to be somewhat crooked in his dealings.

RACE WAR IMMINENT

NEGROES LYNCHED IN WEST VIRGINIA FOR MURDERING AN OFFICER.

PHILIPPI, W. Va., July 24.—Two negroes whose names were unknown were lynched at Womelsdorf, near here, last night by an angry mob numbering several hundred. The first victim was shot and killed in the station house; the second was taken to the park where he was hanged and then riddled with bullets and cut to pieces. Both whites and negroes are enraged and in arms.

The trouble grows out of yesterday's murder of Chief of Police Wilmoth, of Elkins. Several other arrests have been made and lynching seems imminent. The dead blacks were caught near Bellington and were locked up there, officers fearing lynching if taken to Elkins. Negroes are leaving on every train. The lynched men were horribly mutilated and their bodies left on the common.

STOCKMEN DEFY LAW

NATIONAL GUARD OF WYOMING CALLED OUT TO DEAL WITH THEM.

LANDER, Wyo., July 24.—It is learned that in addition to killing a Mexican sheepherder and slaughtering several thousand sheep, a band of 150 masked men surrounded all the sheep camps and forced the sheepmen to abandon all their flocks. After killing one herd numbering 2,000, 25 other herds, numbering altogether about 6,000 sheep were driven into the mountains

and left to shift for themselves. The sheepmen have been threatened with instant death if they go after their animals. The sheep are now the prey of wild animals, and if they escape this death the loss will be very heavy, as they are nearly all ewes and lambs. The scene of the lawlessness is 115 miles west of Lander, in Fremont county. The sheriff is powerless, and the military may be called out to protect the sheepmen.

"I never felt better, and I don't see how I can lose. If I win I intend to keep on fighting as long as there is any one to fight."

Fitzsimmons said: "What I want and what I am going to get, is the championship. That is everything to me."
