

HARRY WRIGHT IS LOCATED

Friend of Tracy in the Wolf Creek Country

IN HIDING NEAR EUGENE

Has Been Seen on the Road by Several People

DISASTER MARKS SALMON FISHING ON THE FRASER RIVER, WHERE SEVERAL MEN HAVE THIS YEAR LOST THEIR LIVES WHILE AT WORK.

EUGENE, Or., July 29.—Reports from what is considered reliable authority are that Harry Wright, the ex-convict, suspected of having assisted Tracy and Merrill in making their escape from the Penitentiary and for whom a reward of \$500 is offered, is in hiding in the Wolf Creek country, twenty-five miles west of Eugene. He formerly lived in that vicinity. Two men saw him pass along the road a week ago.

Many Disasters

Vancouver, B. C., July 29.—Disasters mark the salmon fishing season this year. The latest accident resulted in the drowning of Fred Markinson, who was drowned in the Fraser river near Stevenson. A boat was found today drifting bottom up. It has not been ascertained how many fishermen it contained.

A Strange Upheaval

New York, July 29.—The town of Stratford, N. Y., now has, according to a press dispatch from Little Falls, a strange upheaval of the ground. Tons of mud, gravel and stone were tossed in the air and landed on a knoll 12 feet higher than their original place. The debris covers a space of 100 feet square and is more than six feet deep. It is believed lightning ignited a vein of natural gas and caused an underground explosion.

Shepherd Shot

Saratoga, Wyo., July 29.—Don Martinus, a Mexican shepherd, was shot and killed near Copperton, by M. A. Steep, a miner, better known as "California Red." Another herder was also shot at but escaped injury.

An Accidental Shooting

Steamboat Springs, Colo., July 29.—Dewitt Brown, a real estate man of Criddle Creek, accidentally shot and killed Marion Hurt, of the same town, at their camp on Mud Creek, six miles from here. The two have been prospecting here for several weeks.

Epidemic of Murder

Tucson, Ariz., July 29.—Tucson is going through an epidemic of murder. Three foul murders have taken place here in less than three weeks. On the day set for the funeral of Officer Katzenstein, who was shot down at his post of duty by a drunken Mexican, another brutal murder occurred. Late last night Vicente Arena, one of the best Spanish citizens of Tucson, was held up while on his way home by a gang of five Mexicans and cruelly beaten to death. Three of the assassins were captured today, and are now in jail. The other two, it is believed, have crossed the Mexican line.

A BOLD ROBBERY

HIGHWAYMAN STOPPED STREET CAR AND ROBBED CONDUCTOR AND PASSENGERS.

SPOKANE, July 29.—A lone highwayman, well armed both with shooting irons and nerve, assumed the Tracy role here Sunday evening about 11 o'clock and successfully carried out all he undertook. The man with a bulging revolver held up and systematically robbed a conductor and eight passengers on an Astor-street car not more than a mile from the business center of the city. He succeeded in getting away with a neat little sum, amounting to something over \$50, and is now at large, with apparently no immediate fear of detection.

It was about 11 o'clock and the car coming toward the center of the city was moving slowly along Division street. Just before entering a deep rock cut, this gentleman of the road stood on the track as the car approached and pointing his revolver at the motorman ordered him to stop, which demand the motorman lost little time in obeying. Swinging on the front platform the highwayman walked down the aisle and confronting the conductor, ordered him to "dig up." The hellraiser replied by handing over change amounting to at least \$25 whereupon the man with the gun turned his attention to the passengers, each of whom contributed his mite to the general fund. When his work was done the robber swung leisurely off the car and disappeared.

ENGLAND IS UNEASY

CORONATION SEATS CANNOT BE SOLD, EVEN AT GREATLY REDUCED PRICES.

LONDON, July 29.—Coronation seats cannot be sold even at reduced prices, there is a steadily increasing feeling of uneasiness respecting the King's condition, cables the London correspondent of the Tribune. Outwardly, there is every indication that the coronation will occur in a fortnight. Medical bulletins are favorable, rehearsals are in progress, proclamations have been posted; the process of reconstructing the approaches to the Abbey have been resumed and preparations are making for the naval review; but, notwithstanding all these signs of

optimism, there are persistent reports that the coronation will be deferred a second time. There are, unfortunately, strong reasons for believing the Queen, the Prince of Wales and other members of the Royal family are dreading a second postponement, yet they are not prepared to assume responsibility in advising it, since they fear that the mental effect upon the patient would be serious. The most hopeful thing is the fact that the general impression is that the coronation will not occur and consequently the expected is liable to happen.

NEW ORK MYSTERY

NEW YORK, July 29.—William Tierney, an Adirondack boatman, who with his companion, George Jackson, disappeared a month ago, has been found dead, says a Saranac Lake, N. Y., dispatch to the Herald. Tierney and Jackson went out in a boat to fish on the upper lake. The next day their boat was found with a couple of holes in it. As each man was a thorough oarsman and a good swimmer, the cause of their death is a mystery.

Divers were employed to look for the bodies, money to defray the expense being raised by wealthy Summer visitors. Tierney was found in water 20 feet deep, but Jackson's body has not been recovered.

STRIKERS IN COAL REGIONS

Attack Non-Union Men and Raise Disturbances

TROOPS MAY BE CALLED

To Preserve Order at Shamokin and Mount Carmel

AT SHENANDOAH A LIEUTENANT OF THE COAL AND IRON POLICE ATTACKED AND COMPELLED TO FLEE—WORKMEN BEATEN BY THE MOB.

SHAMOKIN, Pa., July 29.—One thousand men, women and children assembled at the Mineral Company's Cameron colliery tonight, and hooted and cursed the non-union men. Boys stoned several sub-bosses. The coal company officials say they will ask for troops tomorrow if there is a continuance of attempts to annoy the workmen.

Trouble at Mines

Mount Carmel, Pa., July 29.—Strikers numbering 3000 men, women and children, collected at all the Reading and Union Company operations between here and Shamokin this evening and threw stones and sticks at non-union men.

Cannot Import Men

Omaha, July 29.—Secretary Samuel Grace, of the Machinists' Union, has received from the United States Immigration Bureau information that an attempt to import men from foreign countries to take the place of striking shopmen on railroads would receive the immediate attention of the Government and that such companies will be made liable and compelled to return such men at their expense.

At the labor temple it was given out early today that 25 men had quit work in the local shops because of the piece-work system, and that grievance meetings are being held by the non-union men now at work, who, they claim, are already dissatisfied.

Attacked By Strikers

Shenandoah, Pa., July 29.—Thomas Tash, of this city, a lieutenant of the coal and iron police, in charge of a camp of special mine guards, was attacked by strikers today and compelled to seek shelter in his home. The strikers say Tash has been active in attempting to induce miners to return to the collieries. Late last night a workman was severely beaten by a mob.

One Man Hurt

PHILADELPHIA, July 29.—The strike of rug-weavers, which after having been in progress 10 weeks, was believed to have been settled yesterday, is still on. The new obstacle to an amicable adjustment is one non-union workman employed by William T. Smith & Co. The firm declined to discharge him and the strikers refused to return to their looms at that mill. When it became known that Smith & Co. would not resume the other companies announced their intention of keeping their factories closed for the present. About 5,000 men are affected.

TO VISIT CRATER LAKE

WILL G. STEEL OF PORTLAND, IS ORGANIZING AN EXCURSION TO GO THERE.

WILL G. Steel, of Portland, was in Salem yesterday in the interest of the proposed excursion to Crater Lake, Mt. Mazama, which has been planned to take place during the month of August and for the purpose of organizing a party to join the excursion from this city. Crater Lake is one of the grandest natural wonders in existence, being a great body of fresh water, 5 1/2 miles in breadth and 2,000 feet deep, situated in the pit of an extinct volcano 5,000 feet above sea level, and was made a National Park during the last session of Congress. Mr. Steel, having visited the lake in 1885 has devoted his time and energy to this end which was brought about only after seventeen years of effort.

This excursion will leave Portland on Wednesday, August 6th, and will require sixteen days to make the round trip. A regular itinerary has been arranged, and the expedition will be in charge of Mr. Steel. Several have signified their willingness to join the party from this city, and Mr. Steel thinks that, all told, between forty and fifty will take advantage of the opportunity to visit this great natural wonder.

BOERS LOVE THEIR LEADERS

At Wedding of Gen'l Delarey's Daughter Yesterday

HEROES WERE CHEERED

Until the Ceremony Was Threatened With Interruption

GENERAL LUCAS MEYER, FORMER LEADER OF THE ORANGE FREE STATE FORCES IS LIONIZED IN LONDON AND CORDIALLY RECEIVED BY LORD ROBERTS.

CAPE TOWN, July 29.—The hero worship of Boer Commanders was strikingly illustrated at the marriage of General Delarey's daughter to his secretary, Ferreria, today. The approaches to the church were packed and the congregation cheered Generals Botha, Dewet and Delarey. Dewet was carried from the church on the shoulders of his more enthusiastic admirers. When the bridal party appeared, the congregation arose and cheered until the minister threatened to stop the ceremony or clear the church.

A Boer in London

London, July 29.—General Lucas Meyer, formerly commander of the Orange Free State forces, is being lionized in London. He will lunch tomorrow with Earl Roberts, commander-in-chief of the British forces. General Meyer expects to interview Joseph Chamberlain, and is overwhelmed with social invitations.

A Liberal Victory

London, July 29.—The bye-election for a member of the House of Commons to represent North Leeds resulted in the election of Rowland Barren, a Liberal. The loss of the seat for North Leeds has filled the supporters of the new Balfour administration with dismay. The utmost ingenuity of the editorial writers of the conservative press is quite ineffectual in explaining away the conversion of the Tory majority in 1900, to a Liberal majority now.

Wants to Forget

CAPE TOWN, July 29.—Generals Delarey and Botha were given ovations yesterday at Stellenbosch. They were driven to the Town Hall and each of the two carriages was drawn by 60 students. At lunch which followed, the students acted as waiters.

General Botha, in a feeling address, said the day of surrender, was the most painful of his life, but now that it had been done he prayed earnestly that his hearers should consider it God's will. Although Afrikaner nationality, in a manner, had been buried, it would remain the most important factor in the social life of South Africa. General Botha paid a tribute to former President Steyn's abilities as a Statesman. "Now let us stop bothering ourselves about politics," said the General, "and try to make ourselves happy in South Africa, because we have no home elsewhere."

KING EDWARD BETTER

HIS CONDITION IMPROVING AND THE CORONATION WILL BE HAD ON TIME.

LONDON, July 29.—The latest information indicates that King Edward's doctors were not mistaken in fixing August 9th as the date upon which His Majesty could be crowned. The sinister rumors which have pervaded all classes for the last few days now appear to have lost all semblance of probability. The apprehension that King Edward would be unable to stand the strain of the coronation ceremony has been greatly lessened by the announcement that His Majesty is now permitted to use his feet, and with the aid of sticks has done a little walking. Nearly all restrictions upon the King's diet have been withdrawn.

FRENCH NAVAL OFFICERS

DISCIPLINED BY BEING RELIEVED OF THEIR COMMANDS BY PRESIDENT LOUBET.

PARIS, July 29.—Two distinguished naval officers, Vice Admiral de Beaumont, Maritime Prefect of Toulon, and Rear Admiral Sevran, commanding the Atlantic Division, have been summarily relieved of their commands by order of President Loubet. Rear Admiral Sevran's downfall is attributed to the sensational developments which led up to the recent suicide of Commander Henry De Beaumont's discipline is said to be due to his recently published interview, severely criticizing Minister of Marine Pelletan. M. Pelletan, the Minister of Marine, attributes the dismissal of Vice Admiral De Beaumont to his having, upon the occasion of a National fete, July 14th, placed his mistress in the official tribune with the Prefect of War, and the Mayor of Toulon, and saluted her while ignoring them.

TORNADO DOES DAMAGE

DISASTER AND WRECKAGE IN ITS PATH IN THE GULF OF CALIFORNIA.

SAN FRANCISCO, July 29.—A special train from Tucson, Ariz., says that a cyclone visited the Gulf of California coast on Thursday night, wrecking vessels and damaging many buildings in the coast cities. The wires have been down and news of the disaster has just been received. At Guaymas five vessels in the bay were dashed ashore and sunk. Two of them, El Luella and El Granivan, were large steamers engaged in coastwise trade. The public building containing the offices of the Harbor-master and Collector of Customs

was totally destroyed by the cyclone. The residence of the English Vice Consul was unroofed and other fine wrecked. The new municipal palace and city prison were both badly damaged. The streets of Guaymas were strewn with fallen trees and wreckage. At Mazatlan the Romero Rubio, a large passenger steamer, was driven ashore and sunk. Five passengers were drowned and the rest reached the shore on wreckage and driftwood. Another large vessel in the bay was also damaged by the cyclone. Between Guaymas and Mazatlan a great deal of wreckage drifted ashore, and it is supposed that many small vessels were wrecked and a large number of lives lost.

MAY BE FREED

CHICAGO, July 29.—Judge Dunne today issued a writ of habeas corpus for Charles W. Spalding, formerly treasurer of the University of Illinois and president of the defunct Globe Savings Bank, now serving a term in the state prison at Joliet for embezzlement. Jailer Whitman, in company with Mrs. Spalding and attorneys, left here today for Joliet to bring the former banker within the jurisdiction of the court in order that Judge Dunne may pass upon the legality of his sentence. The plea made in behalf of Spalding is that the law under which he was convicted was special legislation, and therefore unconstitutional.

Of Philippine Islands and Its People Are Turbulent

THEY THREATEN TROUBLE

A TRANSPORT LEAVES MANILA WITH MANY SICK SOLDIERS FOR AMERICA — THE CHARGES AGAINST AMBASSADOR POWELL CLAYTON REFUTED.

WASHINGTON, July 29.—A Manila paper, published June 19th, has a long account from Cebu, Samar, indicating that the people of that island threatened trouble because General Gueverra was not made Governor. It is stated that Samar is keeping up its reputation as the storm center of the archipelago. In peace as well as war, the turbulent spirit of its people shows itself. Governor Wright, however, refused to weaken and Governor Lorente was inaugurated.

Clayton Clears Himself

Washington, July 29.—The last charges against Ambassador Powell Clayton, to the State Department by Senator Penrose, of Pennsylvania, in the shape of affidavits that he held mining stock in his own name, stand already denied by the Ambassador and the statement is made that the State Department regards them as having been satisfactorily answered.

The Creek Treaty

Washington, July 29.—Interior Department has been notified that the supplemental treaty with the Creek Indians of the Indian Territory, ratified by Congress June 30th, last, was ratified by the Creek Indian Council July 26th. The supplemental treaty modifies the original treaty in some minor respects as to allotments and enrollment, and makes illegal unless approved by the Secretary of the Interior, all leases of land for grazing purposes for more than a year, and leases for agricultural land or mineral purposes covering more than five years.

NOTED RUSTLER CAUGHT

WALLA WALLA, July 29.—Sheriff Gardner, of Lincoln county, yesterday returned home with a prisoner, John Henry Paul, who was arrested in this city, charged with stock rustling. Paul has become a noted character in official circles, especially in the offices of several sheriffs. He, with a man by the name of Gibbons, terrorized Eastern Washington horsemen several years ago, and "rustled" a large number of horses and cattle, selling them handily and escaping. For four years an attempt has been made constantly to capture Paul, but until a few days ago it proved fruitless. He was easily arrested on the streets of this city, nearly 200 miles from the scenes of his principal depredations.

TELLER MAY RETIRE

WILL NOT BE A CANDIDATE UNLESS NOMINATED BY THE STATE CONVENTION.

CRIPPLE CREEK, Colo., July 29.—The Morning Times, will tomorrow print a letter from United States Senator Teller, in which he says regarding his candidacy to succeed himself: "I have carefully considered the question as to whether I ought to be a candidate, and have determined to leave that question to the Democrats of Colorado in the State Convention. If the convention makes me its candidate for the Senate, I will accept the nomination, but if the State Convention shall not see fit to make such a nomination, I will not be a candidate."
