

REPUBLICANS NAME TICKET

State Nominations Made and Iowa's Campaign

HAS NOW BEEN OPENED

The Trust Plank in the Platform Caused Debate

A SPIRITED DISCUSSION IN THE COMMITTEE ON RESOLUTIONS—WISCONSIN DEMOCRATS ARE UNABLE TO FIND CANDIDATES FOR THE NOMINATIONS.

DES MOINES, Ia., July 30.—The Republican State Convention today nominated the following ticket:

Secretary of State—W. B. Martin, Adair county.

Auditor—B. F. Carroll, Davis county.

Treasurer—G. S. Gilbertson, Winnebago county.

Attorney-General—C. W. Mullan, Black Hawk county.

Judge of the Supreme Court—Scott M. Ladd, Bryan county.

Judge of the Supreme Court, short term—Chas. A. Blahop, Polk county.

Supreme Court Recorder—W. W. Cornwall, Clay county.

The only controversy was over the tariff and trust utterances of the platform, and that was settled in the committee on resolutions, in favor of a reiteration of last year's utterances, with an addition to the trust plank, congratulating President Roosevelt for the inauguration of judicial proceedings to enforce the anti-trust laws.

There was a spirited debate in the committee of resolutions, over the reaffirming of that clause of last year's platform, which declared for "any modification of the tariff schedule that may be required to prevent their affording shelter to a monopoly."

Lack of Candidates.

Detroit, Mich., July 30.—The Democratic State Convention, to nominate a Governor and state officers, convened this afternoon and will continue the sessions until tomorrow night. The nominations will not be made until tomorrow. There appears to be a lack of competition for the nominations. Several prominent Democrats, suggested for the nomination for Governor, have declared their unwillingness to make the run.

A Democratic Campaigner.

New York, July 30.—Between 15,000 and 20,000 women and children were the guests of former Chief of Police Wm. S. Devery on a water picnic, today. Devery is a candidate for the Democratic leadership of the Ninth Assembly District, and a monster outing was a feature of the spectacular campaign he has been conducting. Men were excluded, and the six shiploads of excursionists consisted only of women and children from the Ninth District. Two large steamers and four large barges were required to handle the crowd, and Devery was personally in charge. Ten physicians, a corps of trained nurses, life savers, an opera company, a vaudeville troupe, and four bands were taken along, and refreshments were served in unlimited quantities.

ROBBED A TRAVELER

TRAMPS IN UTAH USE TACTICS OF TRACY—HELD UP AN OFFICER.

OGDEN, Utah, July 30.—Three hobos coolly held up and robbed a passenger on the Rio Grande Western train who had stepped out on the platform of the Union Station here last night. A detective who went in pursuit of the robbers was in turn held up and relieved of his paraphernalia and told to hurry away, which he did. A posse headed by several policemen took up the pursuit of the robbers. They came up with them and in the exchange of shots which followed Policeman Farr was severely wounded. The robbers then fled toward the hills north of the city. Bloodhounds from the state penitentiary at Salt Lake City were telegraphed for and were put on the track of the robbers this morning.

COW WRECKED A TRAIN

OVERTURNED ENGINE AND DE-RAILED THREE COACHES—CREW BADLY HURT.

SEATTLE, July 30.—The northbound Canadian Pacific passenger train, leaving this city at 5:45 this morning, ran into a cow on the track near Yesler, and was badly wrecked. The engine was overturned and three of the coaches derailed. The engine and four coaches sustained serious injuries. The former had both legs broken and one badly cut up, and the latter was terribly scuffed and cut about the head and face. All of the passengers were badly shaken up. It will be many hours before the wreckage can be cleared away.

ARMOR IS WORTHLESS

NEW EXPLOSIVE PIERCES FOUR TEEN INCH KRUPP STEEL WITH EASE.

NEW YORK, July 30.—A new time fuse for use on armor-piercing shells, loaded with a recently discovered secret explosive of great power has been invented by War Department ordnance experts, and will, according to a New York American dispatch from Washington, revolutionize foreign warship building. Tests of the explosive and fuses have been made, and so long as the United States Government holds the secret, foreign battleships must double their steel walls or be as wooden frigates with the new destroyer. General Crosier, chief of ordnance, is quoted as having said that a test of

The new explosive has been conducted with great success at Sandy Hook proving grounds, that the shell carried its contents through the thickest armor and that the fuse lived long enough to have exploded on the interior of a ship of war. The greatest penetration secured was that of a shell fired from a 12-inch gun. It pierced 14-inch Krupp armor before detonation. The heaviest shield now in use is said to be only 12 inches thick.

HAYTIAN SITUATION

ONE OF FIRMIN'S ARMIES JUST OUTSIDE THE CITY—OPONENTS DEMORALIZED.

CAPE HAYTIEN, Hayti, July 30.—General Salnave, commanding an army in support of M. Firmin's candidacy for the presidency, is camped, with a large body of troops, about three miles from this place. General Nord, who went out to give battle to General Salnave, was defeated and his army retreated in panic to Cape Haytien. The volunteers have abandoned their posts. Confidence has been restored among the foreign residents of this city, thanks to the energetic measures taken by Commander McGree, of the United States gunboat Machias, and United States Consul Livingston to guarantee them protection in case of an attack on the city.

FLEMING NOT GUILTY.

NEW YORK, July 30.—Hearing in the case of Ernest L. Fleming, an English manufacturer, who was arrested recently for alleged fraudulent invoicing of borax as "washing crystals," has been concluded before United States Commissioner Alexander. After varying testimony had been taken and the two sides had rested without summing up, the Commissioner dismissed the complaint on the spot. Fleming testified that a test shipment of washing crystals, containing a small per cent of borax, had been admitted at 25 per cent ad valorem, the jury, under Alexander's aid, could see no evidence of criminal intent and dismissed the complaint.

BLOODSHED IN COAL REGIONS

Striking Miners and Officers Clash—Fatal Results

A MAN BEATEN TO DEATH

By the Strikers, and a Number of Miners Injured

A MOB OF FIVE THOUSAND MEN OPPOSED TO A HANDFUL OF DEPUTY SHERIFFS AND POLICE—TROOPS ORDERED TO THE SCENE OF THE CONFLICT.

SHENANDOAH, Pa., July 30.—In street fighting tonight, between a mob of striking miners on the one side, and deputy sheriffs and police on the other, Joseph Beddall, a leading merchant, was beaten to death; two Borough policemen were shot, one fatally, and more than a score of strikers were shot by policemen and deputy sheriffs.

Sheriff Beddall arrived at 7:15 p. m. from Pottsville, with a posse of deputies. The trouble started about 6 o'clock tonight, when Deputy Sheriff Thomas Beddall attempted to escort two non-union pickets through the strikers' line of workers. The workers were dressed in their street clothes, but one of them carried a bundle under his arm, and this aroused the suspicions of the strikers. The bundle was torn from him, when it was found to contain a blouse and overalls. The man was taken from the deputy and beaten almost to death.

In the meantime Beddall opened fire on the mob which had gathered, and emptied his revolver. Two of the shots took effect, one man being shot in the leg and the other in the foot. The deputy and the other street-breaker were now compelled to flee for their lives, and took refuge in the Philadelphia and Reading Railroad station. The station was soon surrounded by an angry mob of 5000, which was becoming more threatening and demonstrative every moment. Joseph Beddall, a hardware merchant, and a brother of the deputy sheriff, was seen making his way through the crowd in an effort to reach his brother, and the mob, divining that he was carrying ammunition to those inside the station, struck and beat him with clubs and billed into insensibility. He died en route to the miners' hospital.

Shortly after this the entire borough police force arrived on the scene and escorted the deputy sheriff and his men to an engine, which had been backed into the station. When the mob realized that their prey was about to escape, they surrounded the engine and the engineer was afraid to move. In a few moments, however, the police fired a volley, dispersing the crowd for a brief period, and the engineer turned full steam on and got away. Stones were thrown thick and fast about the heads of the police, whereupon Chief Frye gave the order to fire. At the first volley the mob fell back and several were seen to fall.

The retreat, however, was only momentary. They turned and with revolvers, stones and even a few shot-guns, charged on the little band of policemen, and made them flee for their lives. The policemen turned in their flight at short intervals and fired volley after volley, at their merciless pursuers, but the mob seemed thoroughly infuriated and revolvers seemed to have no terrors for them. When the Lehigh Railroad crossing was reached, a passing freight train blocked the progress of the police, two of whom were caught and brutally beaten. One of them, Stiney Yacopsky, will die.

It was estimated that more than 1000 shots were fired. More than twenty strikers, all of whom were foreigners, were shot and at least two of them will die.

WENT INTO THE COURTS

CHICAGO GRAIN GAMBLERS, WHO ARE SHORT, APPLY FOR RELIEF BY INJUNCTION.

CHICAGO, July 30.—Judge Chytraus today issued an injunction against the board of trade firms of Patten Bros., Carrigan, Patten & Company, and Bartlett, Frazer & Company, restraining them from conducting or continuing to conduct a corner in July oats. The writ was issued at the request of Waite, Thoburn & Company, another commission firm, which is short to these houses.

This is the first time in the history of the Chicago board of trade that dealers, who are shorts, have resorted to the courts to assist them in a dilemma like the present, and the injunction came as a decided surprise, although drastic measures had been threatened to prevent heavy losses. A default of three million bushels of short new July oats, the lawsuits, and the action by the board of trade are seemingly inevitable results of the granting of the restraining order. Unable to secure new July oats wherewith to meet their contracts, the dealers who are short appear to have practically thrown up their hands.

"We have nothing left to do but to default," said one of the unfortunates today. "Those in control of the corner, will not sell, but tell us to go into the pit and buy. If we should do that price would go up into the clouds. One dollar a bushel could easily be exacted, as the receipts of standard new oats will not fill our contracts."

Will Cure Stomach Ache in Five Minutes.

This is just what Painkiller will do; try it. Have a bottle in the house for instant use, as it will save you hours of suffering. Watch out for imitations, dealer does not sell you an imitation, as the great reputation of Painkiller (Perry Davis') has induced many people to try to make something to sell, said to be "just as good as the genuine."

EXERCISES

Health by exercise is one of the sanest of modern fads. It is really a recognition of one of the necessary laws of health from which we, in modern life, are always prone to drift away. When each man provided for his own individual needs, he had to till the ground, to hunt, to earn his bread literally by the sweat of his brow, and all this exercise made for health. Now-a-days, when there is specialization of labor, it falls to the lot of many a man and woman to work in store or office and to take no exercise save what can be taken between the store and the dwelling or on Sundays and rare holidays. For this reason there is sound sense in the attempt to supply artificially the exercise which cannot be obtained naturally—to toughen the muscles, and expand the chest. It is never to be forgotten, however, that gymnastics or calisthenics are artificial, and while they will promote health can rarely be counted on to produce it. If the heart, lungs, liver, kidneys, or stomach, are "weak" it can hardly be expected that exercise will strengthen them. But once cure diseases which weaken the body, and then exercise will do much to preserve the restored health.

John Stears, who lives about one mile east of the Zoological Garden, caught sight of "Tracy" near his barn. He gave the alarm, and about 200 persons responded, armed with all sorts of weapons. The panther was "overaken," but only two of the pursuers stood their ground. They succeeded in throwing a net over the animal and carried it back to the park.

She is a slight woman and of very attractive appearance, and is evidently confident of her husband's innocence. She acknowledges that Heaton is a gambler by profession, that he had played in hard luck; that he was frequently away from home, but says she does not believe he was in Oregon at the time of the Junction murder. She says she expects to work at something here and make a living until after the trial, and that Heaton has a father and brother in Colorado who will soon be here.
