

A DESPERADO IN TENNESSEE

Leads a Band of Convicts Out of Penitentiary

USED CHARGE DYNAMITE

To Break Down the Walls of the State Prison

ONE MAN KILLED AND TWO CAPTURED WHILE THIRTEEN DESPERATE MEN MADE GOOD THEIR ESCAPE—TRACY'S TRACKS HAVE BEEN LOST NEAR SPOKANE.

NASHVILLE, Tenn., Aug. 4.—Gus Hyatt, a train robber and desperado tonight led a desperate band of sixteen convicts to liberty from the Tennessee penitentiary. Ed. Carno, a safe blower was killed, and Jos. Lons and James Work were captured, but the rest of the prisoners escaped. The prisoners were evidently furnished with dynamite from the outside, and they blew out an opening in the main wing of the prison. Hyatt stood off the inside guards with a brace of revolvers, which had also been furnished him from the outside, while the men preceded him to liberty.

Tracy Is Lost.
SPOKANE, Wash., Aug. 4.—Beyond the rumor that Tracy was seen near Odessa, in the Crab Creek country, there is nothing new as to the outlaw's whereabouts.

In Hot Pursuit

SPOKANE, Aug. 4.—Harry Tracy, the outlaw, was today believed to be hiding in the rough Lake Creek country, west of Harrington, awaiting for darkness to sneak toward the wild region in Southeastern Lincoln county. A special to the Chronicle from Odessa states that a man answering his description was seen by Mrs. Craben, a farmer's wife, two and a half miles north of that town, about 9:30 o'clock last night. He was traveling north on the road that leads to Wilbur, riding one horse and leading another, and carried two rifles. He did not stop or speak to the woman as he passed. It is suspected that he merely turned north to find a hiding place.

Sheriff Doust, of Spokane, with a posse went west today to co-operate with Sheriff Gardner, of Lincoln; Debolt, of Douglas, and Cuddehe, of King. Gardner and Cuddehe left Harrington this morning, and Debolt left Reardon this morning, and is supposed to have gone to the Lake Creek region. The plan of campaign is somewhat changed, the program now being to get in front of Tracy and head him off instead of pursuing him. Debolt tried this plan Saturday night, lying in wait for the outlaw near Odessa, but the road forked and Tracy took the wrong fork, swinging south and missing the ambush.

Signs today point strongly toward the theory that Tracy plans to work through the Crab Creek and Rock Lake region, passing near Sprague, and working toward Idaho. Along the route are many hiding places. It has long been known as a haunt for horse thieves and desperados who might give aid and sympathy.

CHAMBREY, France, Aug. 4.—Crowds made demonstrations today against the commissaries of police, who were closing the schools, which were being closed by the police, who were obliged to make breaches in the walls of the building, whereupon the sisters, amid the cheers of their sympathizers, left by the front doors.

The Situation Grave

Rome, Aug. 4.—The Vatican regards the present situation in France, arising from the closing of the unauthorized congregational schools, as most grave, as it is believed to be the intention of M. Combes, the French Premier, to denounce the Concordat.

HIS WIFE'S GRAVE

NEW YORK, Aug. 4.—With no minister present and surrounded by old friends of his family, Richard Henry Stoddard, the venerable blind poet, stood beside the grave of his wife in Sag Harbor and pronounced the eulogy upon her life. Several times the aged poet broke down and wept. So feeble and crippled by rheumatism that he could not stand alone, he was supported by two attendants at the head of the grave, while with bowed head and trembling voice he paid tribute to his life companion.

In trying to stop them he became entangled in the rope of the hayfork, and was thrown in such a manner as to shatter the limb, and amputation may have to be resorted to to save the life of the unfortunate man, and it is feared that even that course may be insufficient to save him.

BOERS VISIT IN HOLLAND

Many of the African Leaders Are With Kruger

ULTIMATE SUBVERSION

Of British Rule In Africa Believed to Be the Plan

IT IS NOT BELIEVED THAT THE MISSION OF THE OLD FIGHTERS IS TO COLLECT FUNDS FOR THE WIDOWS—SULTAN ARRESTS HIS SUCCESSOR.

LONDON, Aug. 4.—The correspondent of the Daily Mail at The Hague, says, it is becoming increasingly difficult to combat the generally accepted Dutch theory that the Boer leaders are campaigning toward the ultimate subversion of British rule in South Africa. General Lucius Meyer, instead of going to Germany, is going to visit Kruger, while several other prominent Boer leaders are assembling here. Nobody at The Hague believes the story that their mission is to collect funds for the Boer widows.

Accused of Treason.
London, Aug. 4.—The Constantinople correspondent of the Daily Chronicle says, Prince Reshad, the heir apparent to the throne of Turkey, and Djimat, next in succession to the throne, have been imprisoned, accused of assisting the young Turks party.

CUBANS NEED MONEY

THEIR CONGRESS WILL BORROW AND CIRCULATE MILLIONS IN THE ISLAND.

NEW YORK, Aug. 4.—The first important work of the Cuban Congress is approaching a conclusion after a sitting of a little more than two months. At Saturday night's session of the Senate the way was prepared for circulating \$35,000,000 throughout the island by substantially approving the House bill for the circulation of this amount. The money, it is believed, will have the effect of relieving considerably the present crisis.

The Cuban Congress considers it advisable to add the sugar planters pending efforts to obtain reciprocity at the next session of the American Congress. The necessity is also recognized by paying the debts contracted by the Cuban Junta of New York, in aid of the liberal revolution and to pay the liberated army. Authority has been granted for the appointment of the agricultural tax and pay the amount due the army. General Maximo Gomez probably will be the chairman.

President Palma will be authorized to borrow \$35,000,000 in American gold and issue national 30-year 5 per cent bonds within six months. Four million dollars will be applied to the aid of the cane growers and the agricultural and cattle industry generally. The money will be loaned at the rate of 50 cents for every 2500 pounds of sugar grown in the last crop. The money is to be repaid in February, March or April of next year drawing 6 per cent interest. The bondholders will have the custom house receipts as a guarantee for the repayment of the \$4,000,000.

President Palma will be authorized to increase the tariff duties on certain articles accordingly.

The rest of the \$35,000,000 loan will be used for the payment of debts contracted by the New York Junta to support the revolution, amounting to about \$2,000,000, also for payments of the services of the army, amounting to \$23,000,000. To bring this loan within the terms of the Platt amendment and other provisions of the Cuban Constitution, the present Congress, before adjourning, will provide a way to pay interest and will establish a sinking fund to redeem the principal. This probably will be done by means of a stamp tax. Any balance of the loan will be applied to agriculture at the discretion of Congress.

The foregoing has been substantially approved by Congress, only the details remaining for discussion, which will begin Monday in public sessions. It is believed such a loan can be negotiated and taken care of without great difficulty. It will be Cuba's only national debt. Business depression in the towns and poverty in the country are not decreasing. There have been 125 business failures in the last 12 months, against 22 the year before.

MORE INJUNCTIONS

GRAIN GAMBLERS IN COURT TRY TO EVADE PAYING THEIR OBLIGATIONS.

CHICAGO, Ill., Aug. 4.—Judge Chetlain today issued twenty-nine more injunctions as the result of the legal battle being waged over the recent corner in July oats. The petitions this time, instead of alleging a conspiracy to corner July oats, state that the margins can be paid only by illegal use of an authority that is iniquitous and unjust.

GERMANS ARE ANGRY

ADMIRAL TAYLOR'S PREDICTION OF WAR WITH THAT COUNTRY CAUSES CRITICISM.

BERLIN, Aug. 4.—The utterance attributed to Rear Admiral Taylor, of the United States Navy, as to the probable conflict between Germany and the United States in 1907, was greeted indignantly here. The Tagblatt says any German Admiral so indiscreet would be relieved of his duties immediately.

THE STRIKE SITUATION

Troops at Shenandoah Showed Activity Yesterday

VIGILANCE BEING CAUSED

By a Fear of Disturbance at Joseph Beddall's Funeral

NOTHING OCCURRED TO MAR THE OCCASION—BLACKSMITHS IN PULLMAN CAR SHOPS STRIKE FOR BETTER PAY—NO COAL WAS MINED.

SHENANDOAH, Pa., Aug. 4.—While the situation is calm, the troops encamped here showed more activity today than on any other day since ordered to Shenandoah. The greater part of the vigilance was due to the fact that the funeral of Joseph Beddall, who died as a result of the injuries received in Wednesday night's riot, took place today, but nothing occurred to disturb the funeral.

A Pullman Strike.
Chicago, Ill., Aug. 4.—Six hundred blacksmiths, blacksmith's helpers and body builders in the shops of the Pullman Car Company went on a strike today, an increase of 50 cents per day being demanded.

No Coal Mined.
Wilkesbarre, Pa., Aug. 4.—The day having passed without a resumption of mining in the strike region, there is a rejoicing at headquarters tonight. At the offices of the coal companies the only information given out was that when the operators get ready to resume work they would do so.

DAMAGED BY FIRE

BLAZE PUTS A McMINNVILLE NEWSPAPER OUT OF BUSINESS FOR A TIME.

McMINNVILLE, Aug. 4.—Fire broke out in the rear room of the McMinnville News office and McMinnville Fence Works about 11:30 p. m. Saturday, and consumed the building. Much of the newspaper plant was rescued, but the \$1200 Cottrell press is badly damaged. The office was insured for \$2500. The fencing material was the property of E. Estes, general agent of the Page Company, and was mostly saved. The building, a frame, was owned by J. G. Wisecarver, and was insured for \$300.

In the rear of the building stood a large wood market and an elevated bowling alley the property of Elsie Wright. The damage to these will amount to about \$500. The bowling alley had a rear connection with the rooms of the McMinnville Commercial Club, and these were badly steamed and smoked by the fire, causing much of the plastering to fall. It required the strongest effort to save the Wright block, of which these rooms form the upper story.

The origin of the fire is thought to be incendiary, though it may have originated from the careless dropping of a cigar in the rubbish at the rear of the building. The saving of much of the town is due to the fact that there was but little wind and strong water pressure.

STRICTURE CURED

How Urinary Diseases Are Successfully Treated By Dr. Darrin.

To the Public: In appreciation of Dr. Darrin's wonderful skill as a specialist, I take pleasure in extending him (through the paper) my sincere gratitude for what he has done for me, with the hope that suffering humanity will avail themselves of his power, should any be afflicted as I was. For 10 years I was a great and constant sufferer from stricture and bladder trouble, which finally complicated my kidneys, producing general debility and other agonizing difficulties that made an invalid all those years. Eight physicians treated me throughout this time, but to no avail, so I concluded to try Dr. Darrin and the result I wish to give to the world with the advice not to go to any but a specialist, as I did, whose skill is undisputed. I am now a well man and can be referred to at any time in Pendleton, Or.

J. E. TAYLOR.

Dr. Darrin can be consulted free at the Willamette Hotel, Salem, until September 1st, from 10 to 5 daily, evenings 7 to 9. Charges low and reasonable. Dr. Darrin makes all chronic and private diseases, varicocele, hydrocele, stricture, errors of youth, lost manhood, a specialty. Sufferers from any trouble of a private nature should not fail to confidentially consult Dr. Darrin.

THE HAYTIAN OUTBREAK

WASHINGTON, Aug. 4.—Captain McCrea, of the Mishias, called today the Navy Department that the outbreak in Hayti is practically over. The cablegram, which is dated Cape Haytien, August 4, is as follows: "After interviewing the authorities, the aspect of affairs appears more satisfactory. Nationals are well armed. Rebels have been driven from critical positions. Little enthusiasm. No fear of serious disturbances. Captain McCrea requested permission to go to San Juan, Porto Rico, for coal. This was granted and the Mishias will probably come north unless there is another outbreak in Hayti."

WILL REDUCE GRAIN RATES

Three Railroad Presidents Consult With Farmers

IN EASTERN WASHINGTON

Conference Unique in American Railroad History

PRESIDENTS HILL, MELLENDEN AND MOHLER MET THE PRODUCERS PARTICIPATE IN AN OLD-FASHIONED COUNTRY DINNER, AND GIVE THE FARMERS THE DESIRED RELIEF.

SPOKANE, Wash., Aug. 4.—The

grain rates will be reduced from all points in Eastern Washington in time to benefit the farmers on this year's crop. The amount of the reduction is not yet determined, but conjecture ranges from one to two cents a bushel. The Great Northern and the Central Washington-branch of the Northern Pacific will be connected by a cross-road from the Grand Coulee to Adrian, on the Great Northern. It may be completed before January 1st. As a result of this arrangement the Northern Pacific will move its tonnage to the terminus of the Central Washington branch. There it will be taken by the Great Northern to Seattle. These announcements were made by President Mellen, at Davenport, today. The occasion was unequalled in the history of American railroading. Three railroad presidents, in response to a petition from the leading farmers, assembled at Davenport to hear their case and to plead their own interests. They were James J. Hill, president of the Great Northern; President Mellen, of the Northern Pacific, and President Mohler, of the O. R. & N. lines. Addresses were delivered by the three presidents. Then an adjournment was taken to the Armory, where the old-fashioned farmers had assembled, and where an old-fashioned country dinner was served to the guests and visitors. After dinner the farming delegates laid their wishes before the railroad presidents. The large hall was packed to the doors, and scores of farmers, fruit growers and miners stood in the aisles. An earnestness ran through all the speeches. Mr. Hill answered the many questions, offered numerous voluntary explanations of matters that seemed wrong to the farmers, and repeatedly asked the farmers to speak out their beliefs and convictions. He was frequently applauded. The entire proceedings were characterized by a good spirit. This evening the railroad party left for Colfax. They have decided not to hold a third conference at Walla Walla.
