**OFFICERS ON HIS TRACK**

The Outlaw Says He Has Only Killed Three Men

SINCE HIS ESCAPE FROM THE PENITENTIARY AT SALEM—HE ASSERTS THAT SOME OF THOSE SHOT AT SEATTLE WERE VICTIMS OF THEIR COMRADES.

**SPokane, Wash., Aug. 1.—**A Waterville special to the Spokesman-Review says:

"George McCann has arrived here with the report that this morning, about fifteen miles west of Coulee City, he passed a man answering the description of Harry Tracy. He had the horses supposed to have been taken near Wenatchee. Deputy Sheriff Frial and City Marshal Deyers left last night to intercept Tracy at Moses Lake, the only route that could be taken, if he is headed for the mountains.

"Deputy Sheriff Sedgwick, of Coulee City, will follow up the clue of McCann."

While at the Sanders place near Wenatchee, Sanders asked him how many men had really been killed since his escape. Tracy replied: "Only three. Some of the men they say I killed near Seattle, were killed by their own men."

"In reply to the question as to how he got over here, he said: "I walked and crawled through the summit, where I met a prospector who gave me a buckskin horse. Then I came across a sheep camp near Ellensburg, and stole two horses, a Winchester and some flour and bacon."

**BOILERMAKERS WENT OUT**

BIG STRIKE IN CHICAGO BECAUSE MASTER BUILDERS REFUSED RECOGNITION.

CHICAGO, Aug. 1.—Boilermakers and shipbuilders and their helpers to the number of 1500 men, employed in the contract and job shops in this city, struck today because the Master Boilermakers' Association refused to concede demands made upon them. The principal demand is an increase in the wage scale of the boilermakers from 20 cents an hour to 25 cents for inside work, and 30 cents for outside work.

Recognition of the union; nine-hour day inside and eight-hour day outside; double time for holiday work, and time and a half for overtime.

The boilermakers and helpers declare they are prepared to continue the strike indefinitely. The Master Boilermakers' Association has offered to concede an advance of 7 per cent, but its officers say it is impossible to grant all the demands of the union. It is feared the strike will tie up all work in the branches affected.

Before noon today it was reported by union officials that hundreds of boiler-makers were leaving Chicago to seek work in adjacent cities. Practically all work at boiler shops has ceased, and hardly any work is in operation. Employers predict that the strike will kill the boiler-making in this city. Already they declare other cities can secure workmen at much cheaper wages than are now paid here, and, as a consequence, work is being diverted in their favor. During the day three of the largest shops in the city signed the union scale, and 200 men will return to work tomorrow.

PROMINENT ATTORNEY TELLS HOW HE SQUANDERED AN ESTATE—WAS ARRESTED.

BOSTON, Aug. 1.—By his own admission, Wilson C. Vanderlip, a prominent Boston lawyer, who has had for years the care of several estates, is guilty of embezzlement, and the estate of the late George B. Emerson of which he had charge for sixteen years, has been dissipated in ways of which Mr. Vanderlip is unable to give account. Mr. Vanderlip says that the amount involved is "somewhere around \$100,000." Colonel W. D. Sohler and John Lovell, who are acting on behalf of the estate, however, declare that \$200,000 had disappeared.

Vanderlip was arrested at his home this afternoon. He was arraigned on the charge of larceny of bonds valued at \$4,000 from John Lowell, a relative of Mr. Emerson, pleaded not guilty and was held in \$5,000 bonds. The accused man for thirty years has acted as confidential agent of numerous law firms in the city in the care of estates, the collection of dividends, the purchase and sale of securities, and the disposal of real estate. He also is a prominent member of the Order of Elks, and is a Mason of high degree.

Colonel Sohler says: "For sixteen years Vanderlip had had as trustee, management of the Emerson estate. He rendered his accounts quarterly and submitted statements, the accuracy of which there was no reason to question. A few days ago bonds to the value of \$5,000 were missed. This led to an investigation and after a severe cross-examination, Vanderlip admitted that he had taken the bonds and that he had squandered the entire Emerson estate."

before, what can the matter be? Where is the bottle? There, I thought so; it is not Perry Davis' Painkiller at all, but something the druggist must have made himself and I did not notice it; I have used Painkiller for years for diarrhoea, cramps and stomach aches and it never failed."

**CRUTCH-BOUND**

The crutch is a poor substitute for legs, and affords a very inconvenient and tiresome mode of locomotion—there is no more pathetic sight than a person slowly and painfully moving along the street supported by these artificial limbs.

When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound. The corrosive, irritating matter that is deposited in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity.

The acid poisons that produce rheumatic pains form in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability. A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S. It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty particles are washed out or dislodged by the new rich blood, and relief comes to the pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reunite and produce another attack, but expels every atom of it from the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies.

Write for our special free book on Rheumatism, and if any medical advice or other information is wanted, our physicians will gladly furnish it without charge.
