## INCREASE ASSESSMENTS

RAILROADS IN MONTANA ARE the election of a Republican House. PROTESTING AGAINST A CON-TEMPLATED RAISE,

HELENA, Aug. 2 .- The State Board

of Equalization received protests today from representatives of railroads operating in Montana against increase. of 185 per cent in railroad assessment of the state. They will be given a hearing next week. A raise in the assessment means that railroads will pay between \$420,000 and \$450,000 more in taxes in Montana for this year than last.

Governor Toole favored the increase of 300 per cent, but the State Auditor and State Treasurer who, with himself constituted the majority of the Board, induced him to accept the assessment as made. The Governor, in explaining his action, said:

The Northern Pacific and Great Northern were assessed only 25 per cent of valuation placed on property by the Northern Securities Company. We may have been in error in taking \$52,800 a mile as cash value, but when such successful financiers as Mr. Morgan and his associates have within A year paid that sum, it certainly makes a prima facie case for the board."

# THE LIBERAL VICTORY

IS STILL THE TALK OF ENGLISH POLITICAL CIRCLES-LEAD-ERS SCOLDED.

LONDON, Aug. 2 .- Calmer estimates of the significance of the unprecedented Liberal victory in this week's Parliamentary election in Leeds indicates little real basis for the alleged renewed hopes that the Liberals are gaining control of the government. The government has been soundly lectured and soundly warned this week, not only by its opponents, but also by some of its journalistic supporters; but the opposition's enthusiastic prophecies about early getting together of all branches squeiched by Lord Rosebery's dispas-

sionate reiteration that he has no in-tention of abandoning the imperialistic platform, and the equally stubborn con-tention of the Radicals that they will not relinquish home rule as a standard party issue.

In politely deploring Lord Rosebery's tterances, the Liberal organ disap-ointedly remarks: "We do not think ord Rosebery quite realizes the pas-ionate desire for unity that exists mong Liberals throughout the country for the passionate desire to arrive at

for the passionate desire to arrive at with or without leadership." The paper scolds the Liberal leaders for their folly in splitting hairs at a time when the government is flounder-ing in the labyrinths of a patched-up education bill, and is "revealed to the country to be without aim or policy."
