

CORONATION OF THE KING

London Ready for This Greatest of Spectacles

THE CITY IS ILLUMINATED

And Hordes of Strangers on the Streets Last Night

KING EDWARD BUST AND HE FEELS STRONG AND READY FOR THE CEREMONY—THE SALVATION ARMY UNIFORM IS RECOGNIZED BY HIM.

LONDON, Aug. 8.—The eve of the coronation of King Edward VII. was marked in London by the large crowds which wandered through the streets. The brilliancy of the illumination held visitors to the city so spellbound that the vehicular traffic became more and more difficult as the night wore on. Until a very late hour the stand speculators did a thriving business.

Those who walked through the streets exhibited unmistakable signs to stay up all night in the hope of securing a free coin of vantage from which to view the procession. King Edward passed a busy day at Buckingham Palace and did not appear to the public. At a late hour tonight he was reported as feeling quite strong and looking forward to the ceremony without the slightest misgiving. Acting upon medical advice, Lord Salisbury has obtained the King's permission to absent himself from the ceremony. One of the most curious incidents of the coronation will be the appearance of the uniform of the Salvation Army in Westminster Abbey. Bramwell Booth has been appointed to attend the ceremony. Booth sent a request to the King for permission to wear the uniform of the army. This permission His Majesty readily granted.

SURVEYING TIMBER LAND

A PARTY BEGINS WORK ON THE OLD MILITARY WAGON ROAD GRANT.

GRANTS PASS, Aug. 8.—H. C. Perkins and Fred Mensch, of this city, have obtained the contract for surveying the military road grant, comprising portions of six townships lying directly on the summit of the Cascades between the headwaters of the Des Chutes and Willamette rivers. The contractors, with a crew of men, have left here for the scene of operations, and will be engaged in the work of surveying the big grant till the last part of October.

The work is to be done for the Government, but directly for the Booth-Kelly Lumber Company, which recently secured an option for the purchase of the big timber tract of the California Company, which purchased it of the Pengra Company several years ago. The Booth-Kelly Company will furnish the money for the survey of the grant, but will be repaid by the Government upon the presentation of proper vouchers in accordance with an act of Congress passed several years ago.

GENERAL LUCAS MEYER

ONE OF THE BOER HEROES DIES SUDDENLY OF HEART DISEASE IN BRUSSELS.

BRUSSELS, Aug. 8.—The Petit Bleu announces the sudden death of General Lucas Meyer, of heart disease. General Meyer was attacked several times with this illness during the war in South Africa.

PYTHIANS GO WESTWARD.

SAN FRANCISCO, Aug. 8.—San Francisco is in gala attire and ready to welcome the Knights of Pythias, thousands of whom are now on their way here to attend the grand convocation of their order.

WILL RESIST DEMANDS

EXPRESS COMPANIES REFUSE TO PAY ADVANCE IN SALARIES OF DRIVERS.

CHICAGO, Aug. 8.—The express companies have decided to resist the demands of their drivers for increased pay and shorter hours, says the Tribune, and have taken steps to protect their business should the Teamsters' Union call a strike. Coupled with this decision come rumors of a similar action by the managers of some of the big department stores, whose stablemen and drivers are threatening trouble. Both decisions were reached at a secret joint conference in which representatives of some of the stores and companies were present.

FILED ON TIMBER

ALBANY, Aug. 8.—A party of nineteen men has returned to this city from a trip after timber land to the mouth of the Unipqua river.

Most of these men live in Albany; a few were from Marion and a few from Moscow, Idaho. They report that after a hard trip they managed to file upon some desirable claims that were about the last in that vicinity in an accessible place. The claims are in Douglas county, a few miles north of the town of Gardiner, and are one stream tributary to the Unipqua river. The timber is fir with a small quantity of spruce.

CASPERIA

benefit reach this city. The companies will send word to the consignee that he must call for the goods. Perishable articles will be sent by fast freight.

HARVESTING THE FLAX

MR. BOSSE MAY HAVE TO CUT SOME OF IT—HAULING IN THE CROP.

Mr. Eugene Bosse, the flax grower and promoter, is busily engaged in harvesting his flax and preparing it for the work of manufacture. Some of the flax is getting ripe too fast, and it is likely that all that portion will have to be cut with harvesting machinery, instead of being harvested by the slow method of pulling. This will make the straw and, consequently, the fibre shorter, and will make regulation of satisfactory—all because sufficient bolls could not be secured.

One Salem firm owning hay scales, expects to weight 200 loads of flax for Mr. Bosse, the latter having arranged with this firm for this work to be done. The hauling of flax has commenced, and the product is being stored in the big brick mill on North Front street. Mr. Bosse is well satisfied with the quality secured, and is confident his experiments in Oregon will be eminently successful, and will result in a great boom in the industry here.

HARRY TRACY IN PORTLAND

Body of the Famous Convict Arrived Last Night

GUARDED BY THREE MEN

Will Arrive in Salem on the Train This Morning

HIS CAPTORS HAVE THE FAMOUS WINCHESTER RIFLE WHICH WILL BE PRESENTED TO GOVERNOR GEER—BODY WAS NOT SHOWN AT SEATTLE.

PORTLAND, Or., Aug. 8.—The body of Harry Tracy rests tonight on the baggage truck at the Union Station here, guarded by three of the men who caused him to kill himself. The body will be taken to Salem in the morning. The guards have with them the famous 30-30 rifle that Tracy carried while a fugitive. It will be given to Governor Geer.

Body Not Shown.

Seattle, Aug. 8.—C. A. Straub, Dr. E. C. Lanter, and Maurice Smith, three of the five men who ran out Harry Tracy to his death, arrived here on the Great Northern at 11:30 today, having in charge the body of Harry Tracy. There was an immense crowd of curious people at the depot, but they were doomed to disappointment, as the box containing the body was not opened. The party transferred to the Northern Pacific, and at 2:30 left for Salem via Portland.

BIG FOREST FIRE

RAGING IN THE SISKIYOU MOUNTAINS—TIMBER LOCATORS THE PROBABLE CAUSE.

ASHLAND, Or., Aug. 8.—Forest fires are raging in the Siskiyou mountains in the Beaver, Hungry and Grouse Creek mining sections, and are doing much damage to the timber. Reports connect their origin with the bitter feeling against the timber land locators who have thickly entered that region and filed notices of location on thousands of acres of land, all of which is claimed to be mining land.

GENERAL LUCAS MEYER

ONE OF THE BOER HEROES DIES SUDDENLY OF HEART DISEASE IN BRUSSELS.

BRUSSELS, Aug. 8.—The Petit Bleu announces the sudden death of General Lucas Meyer, of heart disease. General Meyer was attacked several times with this illness during the war in South Africa.

PYTHIANS GO WESTWARD.

SAN FRANCISCO, Aug. 8.—San Francisco is in gala attire and ready to welcome the Knights of Pythias, thousands of whom are now on their way here to attend the grand convocation of their order.

PRESIDENT ROOSEVELT

Approves Proposition to Lay the Pacific Cable

VIA HONOLULU AND GUAM

It Will Connect With the British Wire in China

CONDITIONS OF THE AGREEMENT OFFERED BY THE CABLE COMPANY ARE FAVORABLE TO THE GOVERNMENT AND WILL DOUBTLESS BE APPROVED.

OYSTER BAY, Aug. 8.—Several months ago the Pacific Commercial Cable Company sought permission from the executive branch of the Government to lay the Pacific cable from San Francisco via Honolulu and Guam, to China, where to connect with the British cable to the Philippines. President Roosevelt referred the subject to Attorney General Knox. The results of the investigation and his conclusions, Knox has presented to Roosevelt in verbal form, the papers in the matter having been laid before the President. Mr. Roosevelt approved the recommended resolution, and as far as the Government is concerned the work of laying the cable.

The conditions as approved by President Roosevelt are regarded as particularly favorable to the Government, and it is believed that with the endorsement which he will give the proposition in his message in December, Congress will ratify the conditions without serious delay.

A Traffic Agreement.

Chicago, Ill., Aug. 8.—The Daily News announces that, by what is known as the "Traffic Agreement," a close alliance has been entered into between the Milwaukee & St. Paul railways, and the Missouri Pacific system, one representing the Rockefeller interests and the other the Great Southwestern Railway system of the Goulds. By the alliance the former company will secure a direct line to Salt Lake City, and the Missouri Pacific will gain a direct entrance into Chicago. It is understood that a "traffic agreement" is entered into rather than a direct consolidation, for fear of an interruption similar to that experienced by the Northern Securities Company.

New Grain Rates.

Chicago, Aug. 8.—The traffic officials of the Chicago, St. Paul lines received notice today that the Great Northern and the Northern Pacific will reduce grain rates from all Northwest territory to St. Paul, Minneapolis and Duluth, to take effect September 1st. It is announced the maximum reduction will be two cents per 100 pounds. The traffic officials concerned were given to understand that they would be invited to a conference, at which they new grain tariffs would be discussed.

To Protect Cable.

Washington, Aug. 8.—The United States and Haytien Telegraph and Cable Company has appealed to the State and Navy Departments to prevent the cutting of their cable at Cape Hatteras by the revolutionists. A cablegram was sent to Commander McCrea, of the Machias, directing him to prevent the cutting of the cable.

A QUEER ROOMMATE

A WASHINGTON FARMER WHO OCCUPIES A CABIN WITH A RATTLESNAKE.

KENNEWICK, Wash., Aug. 8.—Because he sleeps in the same room with a big rattlesnake which raises its ugly head and rattles every time he rolls over and makes the bed creak, John Prentice, a Westerner living in a little one-room shack on the shores of the Columbia, about half a mile from here, is said to be the nerviest man in the country. The story of Prentice's relations with the rattlesnake is a peculiar one. Two weeks ago, when he entered his lonely cabin on the river shore, he first heard the big fellow's warning from behind a pile of plunder in the corner. Prentice had long been accumulating stuff in one side of the room, boxes and stored articles of all descriptions blocking one side of the house. Behind these the rattler had taken refuge, did not propose to come out without a struggle, and Prentice, after a look at the mass of stuff accumulated decided it would be too much trouble to pull it all down.

So he simply shifted his bunk a little out of the way and lay down with a bottle of whisky no one side and a gun on the other. "Now he says if the rattler gets him first he has the snakebite ready; if he gets the rattler first, "God help him, I'm all right either way."

A less courageous man would tremble to hear the ugly looking reptile snarling away in his seclusion, but Prentice simply hugs the gun and the whisky a little closer, and lets him go.

SAILED FOR SWEDEN.

REVAL, Aug. 8.—Emperor William sailed for Wisby, Sweden, this afternoon. During his stay here the Emperor and the Emperor were constantly together, and the intercourse throughout was of the most cordial character.

NEWSPAPER SOLD.

SALT LAKE CITY, Utah, Aug. 8.—A special to the Tribune from Helena, Mont., says: The Helena Independent, the oldest morning daily in Montana, has been sold to United States Senator Walker.

A GOOD HOP CROP

JOSEPHINE COUNTY YARDS COME FORWARD WITH EXCELLENT YIELDS.

GRANTS PASS, Aug. 8.—After several years of comparatively poor crops,

Josephine county hop yards will come to the front this season with the biggest yield in years. There are a number of large yards in the county, situated principally in the Williams and Applegate districts, a few miles south of here. Reports come from all of these yards that they will have a better crop this season than they have had for many years in the past; in fact this year's crop may eclipse all previous records in this respect. The hops are large and plump, and abundant on the vines. The main difficulty experienced by the proprietors of yards is in engaging a sufficient number of pickers. The same prices will be paid here for picking as in the Willamette valley.

A PROMINENT CITIZEN

ARRESTED FOR MAKING A GUN PLAY IN A FIGHT WITH A NEIGHBOR.

BAKER CITY, Or., Aug. 8.—Dr. H. E. Curry, a prominent citizen, was arrested this afternoon, charged with assault with a whip on Bob Allen, and using a deadly weapon to prevent him from resisting while the whipping was being administered. The trouble which led up to the gun play was a quarrel between neighbors, over cattle breaking into a hay field.

STRIKE OF COAL MINERS

Wife of Non-Union Workman Receives Protection

OF MILITARY AUTHORITIES

She Reported the Treatment Accorded Her by the Strikers

AND WAS PROMPTLY GIVEN ASSISTANCE BY GENERAL GOBIN—IRON WORKERS WILL GO OUT TO ENFORCE THE WAGE SCALE IN ONE DISTRICT.

SHENANDOAH, Pa., Aug. 8.—Today General Gobin received a pathetic letter from the wife of a non-union workman, in which she tells of the treatment accorded her by the strikers. Rocks had been thrown through her windows, and one night a shot was fired at her. Her husband was compelled to work to keep them from starving. General Gobin learned that the woman was ill, and it was decided that she be taken to the Pottsville hospital. The General ordered a platoon of cavalry to make a demonstration in that section, and to escort the woman and her child to the railroad station. This was done.

Another Strike.

Philadelphia, Pa., Aug. 8.—The Executive Board of the Structural Iron Workers' Union today voted to order a strike of all employees of the American Bridge Company throughout the country, for the enforcement of the wage scale in the Philadelphia district. Five thousand men will be affected.

R. H. LEWIS IS DEAD

PASSED AWAY AT MACLEAY YESTERDAY—WAS THrice STRICKEN BY PARALYSIS

On yesterday at 1:50 p. m., August 8th, 1922, at the home of his son, Levin H., one mile west of Macleay, Richard H. Lewis peacefully passed away. Mr. Lewis had been a sufferer from inflammatory rheumatism for over eight years, and during the last three years had been unable to walk even upon crutches. Added to this, deceased was thrice stricken with paralysis. During this time his devoted wife and loving children spared no pains to make smooth the rough journey over which destiny had dictated that he should pass.

Mr. Lewis was born in Wood county, West Virginia, in that section known as "Washington's Bottom," January 8th, 1832. Seven years afterward, just across the Ohio river, or in the midst of it, on the historical "Blannerhasset Island," his future wife, Mary Ann Harwood, was born, their acquaintance dating almost from this event. They were married May 28th, 1856, and lived upon this famous plantation for a number of years. To them were born one son, Levin H., and five daughters, Mrs. Josephine Vass, Mrs. Eulalie Mann, Mrs. Ella B. Cutler, and Miss Lillian M. Lewis, now all of Salem, and Mrs. Cora Beardmore, now of Jamestown, Kansas. In 1872 the family moved to Kansas, and in the year 1889 emigrated to Oregon, since which time the various members of the family have contributed material social wealth to our most respectful citizenship. The funeral will be conducted by Rev. J. P. Early, at the place of demise, on Sunday, August 10th, at 10 o'clock a. m. Interment will be had at the Mission Cemetery, northeast of Salem.

NEW WOODMEN OFFICERS

ELECTION HELD BY THE HEAD CAMP AT CRIPPLE CREEK YESTERDAY.

CRIPPLE CREEK, Colo., Aug. 8.—Among the officers elected by the head camp of the Woodmen of the World, today, were the following:

F. A. Falkenberg, of Denver, Colo., Head Consul.

MALARIA Invisible Enemy to Health

Means bad air, and whether it comes from the low lands and marshes of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same. These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid. Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and biliousness are frequently due to that invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood current until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various eruptions of an indolent character appear, depleting the system, and threatening life itself.

The germs and poisons that so oppress and weaken the body and destroy the life-giving properties of the blood, rendering it thin and watery, must be overcome and carried out of the system before the patient can hope to get rid of Malaria and its effects. S. S. S. does this and quickly produces an entire change in the blood, reaching every organ and stimulating them to vigorous, healthy action. S. S. S. possesses not only purifying but tonic properties, and the general health improves, and the appetite increases almost from the first dose. There is no Mercury, Potash, Arsenic or other mineral in S. S. S. It is strictly and entirely a vegetable remedy. Write us about your case, and our physicians will gladly help you by their advice to regain your health. Book on blood and skin diseases sent free. THE SWIFT SPECIFIC CO., Atlanta, Ga.

A Great Offer

Dr. Gunn's Household Physician Or Home Book of Health

TO BE GIVEN AS A PREMIUM WITH Twice-a-Week Statesman

THIS IS OUR OFFER: THIS BOOK WITH THE STATESMAN ONE YEAR \$3.25; OR BOOK ALONE \$2.50. HERE'S AN OPPORTUNITY TO GET A VALUABLE BOOK AT SMALL COST.

The only complete household guide and reliable, genuine medical book ever published.
