

VISIT IN NEW HAMPSHIRE

President Roosevelt Touring That State Yesterday

ALL PLANS MISCARRIED

For His Entertainment and There Was Great Danger

BOTH TO THE NATION'S CHIEF AND THE CROWDS BY THE UTTER HELPLESSNESS OF POLICE TO HANDLE THE PEOPLE—ADDRESS TO GRAND ARMY.

NEWBURY, N. H., Aug. 28.—President Roosevelt tonight is the guest of Secretary of State Hay, whose summer home is a few miles from here. New Hampshire's arms were today open in readiness to receive the President. Long before he was awake a committee representing the Governor boarded the train. The welcome they extended was magnified later in the day in the smaller towns through which the train passed, and at Nashua, Manchester, The Weirs and Concord, although the day was replete with a miscarriage of arrangements. At The Weirs, where the Grand Army reunion was held, the people, in an excess of desire to accord the President a fitting reception, came near causing a crush which might have resulted disastrously. As it was the President was for a time in the midst of the howling, surging mass, and was all but carried off his feet. So inadequate were the police that the crowd had complete control of the situation, and some relief was expressed after the President was escorted into the hotel for luncheon. Here the carefully laid plans for his entertainment went astray, luncheon being finally served through the gallantry of the Governor's staff who acted as waiters. The President's speech at the park, where the veterans were gathered, was most favorably received. A great crush occurred at Concord, as the train was pulling out, and for a time it was feared that the people would be hurt.

Shaw's Plans. Washington, Aug. 28.—In view of the rumors as to Secretary Shaw's plans for relieving the money market in the event of a possible stringency, the Secretary has authorized the following statement: "The Secretary recently invited some of the larger National banks in the principal cities to order additional amounts of circulating notes to be printed. The National banks are entitled to issue a circulation to the full amount of their capital. The aggregate capital of the National banks is \$700,000,000, but the banks have outstanding only \$350,000,000 of circulation. It is not his intention that they should issue this additional circulation at all now, but only in case of an actual necessity and emergency. With this in view those banks which have made arrangements to deposit United States bonds as security for such additional circulation, have sent in an order and the Secretary has had all the branches of the Treasury service busily engaged in expediting the preparation of the notes, pending a possible emergency."

Victor in Berlin. Berlin, Aug. 28.—The entry of King Victor Emanuel into this city today, and his drive through Unter Den Linden, was advanced a half hour from the published time, as a precaution against possible disorder. He was greeted by great crowds of cheering people.

THE TRACY REWARD

SHERIFF GARDNER WITHDRAWS HIS CLAIM—GOLDFINCH TO HAVE AN EQUAL SHARE.

SPOKANE, Aug. 28.—It is understood that peace has been declared between the men who have been claiming shares in the Harry Tracy reward and that now there will be no fighting over its payment. Sheriff Gardner is authentically said to have made an offer to the five members of the Creston posse to the effect that if they will sign an agreement to give Goldfinch, the boy who betrayed the outlaw, an equal share with each of them in the reward, he will step aside and do all in his power to assist them to draw down the prize money. The sheriff states that throughout the controversy the rights of young Goldfinch have been his objective point and he asserts that he is determined to see that the boy gets his full share. The offer of the sheriff will probably be accepted and will thus settle the dispute over the reward, which, it has seemed, could only be adjusted through the courts. It is understood that the youth has a particle of not believe the terms of Sheriff Gardner and give Goldfinch a full share with themselves.

BIG FIRE DAMAGE

BUTTE, Mont., Aug. 28.—The concentrator of the Montana Ore Purchasing & Smelting Works was destroyed by fire tonight and 1000 will be thrown out of work. The loss is estimated at \$100,000, covered by \$50,000 insurance. It will take about three months to repair the damage.

HOP-PICKING IS HERE

GROWERS AT FOREST GROVE HAVE NOT FIXED ON THE PRICE TO BE PAID.

FOREST GROVE, Aug. 28.—Joseph Williams of Paddy Valley, situated west of Gaston six miles was in town yesterday arranging for hop pickers for his hop crop, which he says is unusually good this year. He offers to pay at present 90 cents per hundred, but pickers are holding out for \$1. Never before in the history of the hop industry in this whole section have the crops looked so well, and the outlook is excellent throughout the valley this season. John Bushanan, of Cornelius, who has the banner hop field in Washington county, which will not be ready for picking for two weeks, brought in a sample of his crop and placed it in the Bazar window here this morning, and it is the universal opinion that these are as fine hops as have ever been grown here. Mr. Bushanan thinks 90 cents per 100 pounds a good price for picking, but says if one-third of the yards will pay \$1 he will also. Joseph Williams has made two shipments of his hops direct to England, and each time has realized a profit larger than he could have made by selling them here.

RAINS WERE TIMELY

LOWER CALIFORNIA SECURES A NEW LEASE ON LIFE—DRY FOR THREE YEARS.

SAN FRANCISCO, Aug. 28.—Timely and abundant rains, the first for three years, have saved the southern end of the Territory of Lower California from becoming a barren waste. J. W. C. Maxwell, who has arrived from the Mexican coast of the steamer Curacao, reports that up to the time the steamer left Cape San Lucas, at the very extremity of the peninsula, over six inches of rain had fallen during the last few weeks. The creeks and arroyos were full, and many canyons which had been like furnaces for many months had running streams. Early this year there was a large exodus of people from the barren district, only the men remaining in order to guard their ranches, in the hope the rain would fall and prevent a total loss of their small holdings.

MOUNTAIN LION AT LARGE

THE ANIMAL ATE A HORSE NEAR BELKNAP SPRINGS RECENTLY.

HARRISBURG, Aug. 28.—Pleasure-seekers in the mountains near Belknap Springs had a thrilling adventure recently, according to Julian Ward, a farmer living near Coburg, who has just returned from the Springs. The persons in question, whose names were not learned, went out for a watch at a deer lick, and in planning the ambush they tethered their pack horse a short distance from where they lay in wait for the deer. The next morning when they went for their horse his clean picked bones were found in testimony of a suspicious feast by a mountain lion. The boldness of the attack, which occurred within 100 yards of where the hunters were lying, shows the desperation of these ferocious beasts when goaded by hunger.

WAR IN COLOMBIA

ALL THE REBELS GATHERED AT AGUA DULCE TO ATTACK GOVERNMENT TROOPS.

WASHINGTON, Aug. 28.—Advices from Colombia today state that the attacking force at Agua Dulce consists of practically all the rebels on the Isthmus, about 2,500, and the Government troops number 2,300. Government forces are strongly entrenched, and it is asserted that even without outside assistance they can hold Agua Dulce for at least ten or twelve days, if the food supplies do not give out.

FOR LABOR UNIONS

BILLS TO BE INTRODUCED AT THE NEXT LEGISLATIVE SESSION IN THEIR INTEREST.

PORTLAND, Or., Aug. 28.—The Multnomah county legislative delegation, at the next session of the Legislature, will be asked to give careful attention to the enactment of laws intended to advance the interests of the laboring men. Labor unions are already considering measures which they think should be given favorable consideration. The intention is to be moderate in the demands, and to frame bills so as to make them subject to as little criticism as possible.

LOOKS LIKE BARTHOLIN

CHICAGO, Aug. 28.—A man said to resemble William Bartholin was arrested at Indiana Harbor, a small town two miles southeast of Whiting, town two last night. The suspect, it is said, wore a badge issued by the lodge of which Bartholin was a member. The prisoner claims to be E. W. Bell, of Upper Sandusky, O., and referred to several persons in Chicago, who, he said, could readily testify as to his identity.

COURT RELEASED HIM

SAN FRANCISCO, Aug. 28.—Francis Leberne, a former seaman of the French bark Harriet, which recently sailed hence for France, has been released from the custody into which he was ordered by the French Consul-General, but has been immediately re-arrested, this time on a formal charge, which puts him in the hands of the United States authorities.

ROBBERS ARRESTED

SPOKANE, Aug. 28.—Three men, suspected of being members of the band of robbers who held up the Northern Pacific train near Sand Point Sunday night, are safely behind the bars of the city jail. They were arrested in this city last night on descriptions given by William Pearson, a Chicago tramp, who was on the tender of the train when the robbers took possession. The prisoners gave their names as Thomas McDonald, Frank Niff and J. W. Murray. They deny all connection with the robbery. The search for members of the gang in Northern Idaho continues, but none of the robbers have yet been found there.

LEGAL BLANKS, STATESMAN JOB OFFICE.

THE NEVADA CONVENTIONS

John Sparks Named for Governor by the Fusionists

DEMOCRATS AND SILVER

Men Name Joint Standard Bearers for this Year's Campaign

THE NOMINATIONS MADE BY THE TWO BODIES HAVE NOT BEEN RATIFIED BY THEM WHEN MEETING IN JOINT CONVENTION.

RENO, Nev., Aug. 28.—The Silver party and the Democratic party have agreed upon fusion and made the following nominations today: Democrats—United States Senator, F. G. Newlands; Congressman, C. D. Van Duser; Governor, John Sparks; Attorney-General, James G. Sweeney; Superintendent of Public Instruction, John Edwards; Regent University, W. W. Boher.

Silverites — Lieutenant-Governor, Lemuel Allen; Supreme Judge, G. F. Talbot; Secretary of State, Eugene Howell; Treasurer, David Ryan; Surveyor-General, E. D. Kelly; Regent of the University, C. E. Mack. This practically completes the labor of the conventions, and all that remains to be done is to meet in joint convention and ratify the nominations.

Republicans Approve. Charlotte, N. C., Aug. 28.—The Republican State Convention at Greensboro today adopted a resolution, accepting the constitutional amendment of disfranchisement. The convention was composed entirely of white men.

NEW NATIONAL PARK

HAS BEEN CREATED ON THE SITE OF A FAMOUS INDIAN BATTLE GROUND.

GREAT FALLS, Mont., Aug. 28.—Montana has a new national park. The land includes the site on Snake creek, north of Great Falls, and is the site where the battle with the famous Bear Paw was fought over twenty-five years ago. The Order withdrawing the land from settlement and entry has been issued, and the ground set aside for a National park. Butte, Mont., Aug. 28.—A Sheridan, Wyo., special, to the Miner, says that C. D. Walker, Director of the Geological Survey, and F. H. Newell, Chief Hydrographer, have recommended the acceptance of the Piney Reservoir site, Sheridan county, for the construction of a government reservoir. They will also recommend a site in the Big Hole country.

MUST BUY MANY COWS

SOME FARMERS HAVE CONTRACTED TO SUPPLY MILK FROM MORE THAN THEY HAVE.

FOREST GROVE, Aug. 28.—It was found out here today that several of the farmers who have contracted to furnish the milk from a certain number of cows to the condensed milk factory at this place, have contracted more cows than they have on hand. This will necessitate these people purchasing cows. In one instance a prominent farmer near here has subscribed 22 more cows than he had and another seven. A good milk cow will not cost less than \$40 in this county, so it is plain to be seen that in order to comply with their contracts these two farmers will be required to expend \$880 and \$280 respectively.

ARIZONA HAS RAIN

JEROME, Ariz., Aug. 28.—This place has just passed through the worst storm in its history. Water poured down the mountain sides in raging torrents, depositing debris and boulders in the United Verde plant to the depth of from eight inches to two feet. A 35-foot embankment on the Jerome Railroad washed out, which will necessitate the transfer of traffic for several days, until the damage can be repaired. On the east side of Jerome, in Deception Gulch, several thousand dollars' worth of mining machinery, including a hoist and air compressors, belonging to G. W. Gill, were completely ruined. The property loss is estimated at many thousands, but no lives were lost. It is estimated that it will take 100 men thirty days to clear away the debris and put the plant of the United Verde Company in the usual condition.

THE STRIKE COSTS BLOOD

At Least One Man Killed in West Virginia AS RESULT OF TROUBLES Caused by the Strike of the United Mineworkers

SEVERAL OTHERS ARE REPORTED SHOT—THE GOVERNOR HAS ORDERED OUT TROOPS TO QUELL THE DISTURBANCE AND ASSIST THE SHERIFF. ROANOKE, Va., Aug. 28.—A special to the Times from Bluefield, W. Va., says: There is much excitement on Crane creek and Simmons creek over the recent shootings. This morning John Ruble, a blacksmith, was shot by striking miners and killed. Reports were current that a number of guards had been killed and wounded by strikers, but an investigation proves that Ruble was the only man killed. None of the miners have been arrested. Non-union men are terrorized and many are leaving. Strikers Fired. Bluefield, W. Va., Aug. 28.—Strikers today fired on the miners and tipple men at Crane Creek coal mines. Two guards and two strikers were killed. Several were wounded. Troops Sent Out. Charleston, W. Va., Aug. 28.—Governor White has ordered the second regiment, West Virginia National Guard to the New River district. The cause for this action is the appeal of Sheriff Daniel, of Fayette county, for assistance on the ground that he is powerless to protect life and property. Iron Trade Affected. Cleveland, Aug. 28.—The Iron Trade Review this week says: Comparative quietness has come into the iron trade. The coke supply has improved slightly in some spots but with other consumers the liability to sudden stoppage is as great as at any time last week. It is evident that there can be no increase in the supply of domestic pig-iron. The tendency in foundry iron is upward and the movement is more marked because of the refusal of some producers, particularly Southern, to quote for any delivery in 1921. Meantime \$18 Birmingham is the usual quotation for No. 2, although there have been sales as high as \$20. Northern furnaces have been beset the past week by fussy customers, to whom the banking of a furnace means the suspension of melting. The effect of the anthracite strike is cumulative, and it may be months before it ceases to be felt in the iron industry. In the Pittsburgh district it is reported that the producers of Virginia basic iron have made tenders of iron for shipment late this year at \$21.50 to \$21.75, and for the future at \$20.50 to \$20.75. Foreign iron, bessemer, foundry and basic, is coming in at an increasing rate, and quotations for Middleboro iron at Atlantic seaboard are as low as \$19, duty paid, for No. 3. Cargo lots of Middleboro iron have been offered at \$21 a ton, Pittsburgh. The decline in foreign steel has led to waiting by some buyers. German billets can be bought at \$30, duty paid, as against \$32 and \$33 for domestic steel. Some rail tonnage is still being placed, the mills booking about 50,000 tons the past week, including an order from the Wabash railroad for 25,000 tons. In the Chicago district quite a number of structural orders are pending, and some German material has been placed in that market, and an eastern shipbuilding company has placed a good order for plates and shapes abroad. One large plate mill is sold ahead to the middle of 1923.

THE STRIKE COSTS BLOOD

At Least One Man Killed in West Virginia AS RESULT OF TROUBLES Caused by the Strike of the United Mineworkers

SEVERAL OTHERS ARE REPORTED SHOT—THE GOVERNOR HAS ORDERED OUT TROOPS TO QUELL THE DISTURBANCE AND ASSIST THE SHERIFF. ROANOKE, Va., Aug. 28.—A special to the Times from Bluefield, W. Va., says: There is much excitement on Crane creek and Simmons creek over the recent shootings. This morning John Ruble, a blacksmith, was shot by striking miners and killed. Reports were current that a number of guards had been killed and wounded by strikers, but an investigation proves that Ruble was the only man killed. None of the miners have been arrested. In the Chicago district quite a number of structural orders are pending, and some German material has been placed in that market, and an eastern shipbuilding company has placed a good order for plates and shapes abroad. One large plate mill is sold ahead to the middle of 1923.

LOOKING FOR PRUNES

THE TWO FRENCH BROKERS ARE DELIGHTED WITH WHAT THEY FIND HERE.

The two French gentlemen, L. Chegaray and P. L. Martineau, who represent two prominent fruit brokers from France, and are in Salem to negotiate for the purchase of a large quantity of prunes to supply their home demand, made necessary on account of a great shortage of the French crop, returned to the city last evening from a trip, by carriage, through the fruit district south of Salem in company with H. S. Gile. This is the first glimpse these gentlemen, who have recently arrived from their native and sunny clime, have obtained of the Oregon interior, and although they only covered an infinitesimal portion of the great Willamette valley, to say that they were pleased with what they saw would be expressing it mildly. They had no idea of the extent of the fruit industry of Oregon and their eyes sparkled with an eagerness to see all that was to be seen that was gratifying to behold, and they spoke in the highest terms of praise for the scenery and the climate, but did not seem to relish the dust which arose in such great clouds at to shut off their view entirely when the wind would shift to an unfavorable point. As yet they have made no deal with the local dealers, but everything points favorably to the sale of a large quantity of this year's product to these gentlemen before they depart for California today.

FIVE LIVES LOST

ACCIDENT HAPPENED WHILE VICTIMS WERE RETURNING FROM PLEASURE TRIP.

BATTLE CREEK, Mich., Aug. 28.—The bodies of the five employees of the Battle Creek Sanitarium, who lost their lives in Lake Gogoua last night, their rowboats being run down by the steamer Welcome, were recovered today. The bodies of Lizzie Brady and Mabel Richard, a stenographer, were found floating on the water. They evidently had been killed by the collision, or else they would have sunk. The bodies of Della Dorsey, of Allegheny, Pa.; Fannie Williams, of Toronto, Ontario, and C. F. Bennett, of Dallas, Tex., were found after the lake had been dragged for several hours. Carrie Elnock, the other occupant of the boat, was rescued by a man who put out from shore in a rowboat. She was the only one of the party who managed to catch hold of the boat after it had been overturned. Bennett had been rowing the young women about the lake, and the party was returning to the Sanitarium Villa about 10 o'clock, just as the steamer Welcome was leaving her dock with an excursion party. The small boat was struck amid ships and the hull crushed, all the occupants being thrown into the water. All the victims except Miss Richard were members of a new class of nurses.

THE GRAVE OF WAR

ARMY IS RAPIDLY PREPARING FOR THE WORK OF REPELLING THE NAVY.

NEW LONDON, Conn., Aug. 28.—Tomorrow night the first real move in the game of war between the army and navy will be made. Gardener's point has been considered the weak spot by the Army men, and one liable to be attacked by the Navy. The submarine mine boat Dime is darting about in that vicinity, which leads to the belief that the passage of the North Atlantic squadron will be interrupted by mines.

A BOYCOTT IS ILLEGAL

IF CONDUCTED PEACEABLY—NEVER A SUBJECT FOR A COURT OF EQUITY.

SPOKANE, Wash., Aug. 28.—In the Superior Court today, Judge Richardson held that the boycott is not illegal when peaceably conducted, and when not so conducted that it must be dealt with by the criminal court, not by a court of equity. He denied an application of K. Takahashi, a Japanese restaurant keeper, for an injunction to stop the aggressive boycott of cooks and waiters' union.

BASEBALL GAMES

Pacific League. BUTTE, Aug. 28.—Butte, 3; Seattle, 1. Helena, Aug. 28.—Helena, 3; Portland, 5. Spokane, Aug. 28.—Spokane, 15; Tacoma, 5. National League. Pittsburg, Aug. 28.—Pittsburg, 11; Chicago, 3. St. Louis, Aug. 28.—St. Louis, 1; Baltimore, 6. Detroit, Aug. 28.—Detroit, 4; Boston, 3. Cleveland, Aug. 28.—Cleveland, 5; Washington, 2.

THE ESTATE SETTLED

MRS. FAIR'S FAMILY RELINQUISHED ALL CLAIMS TO 99 PIECES OF PROPERTY.

SAN FRANCISCO, Aug. 28.—Although the heirs of the late Mr. and Mrs. Chas. Fair have reached an agreement, it will be six months or a year before all the legal arrangements can be perfected. The wills left by the decedents will be filed in the near future for probate. Then executors will have to be appointed, and there are a number of minor heirs whose interest will have to be looked after. There will be no contest, however, over the estate, as the Fair children, Mrs. Hannah A. Nelson, Abraham Nelson, Chas. Smith and the other heirs desire to avoid all litigation. All the terms of the adjustment will not be made public, but the attorneys state that the relatives of Mrs. Fair will receive the full value of her estate, which has been estimated at \$300,000. None of those interested will admit that they are to be given a lump sum in cash. The document by which the Nelsons relinquish all claims on the estate of Charles Fair is in the form of a quit claim, the consideration for which is to be \$10 in gold coin. By it Mrs. Nelson and her two sons convey to Mrs. Oetrichs and Mrs. Vanderbilt all their rights, title and interest in 23 different pieces of Fair estate, in 23 different pieces of Fair estate, in 23 different pieces of Fair estate, together with 13 in San Mateo county, six in Napa, four in Yolo, and some holdings in Calaveras county. This settlement will not affect the application of Public Administrator Farham to secure administration of the wills, which is being opposed by the heirs.

POLICE CHIEF OF SPOKANE

Was On a Car Held Up in that City Last Night

HE WAS CAUGHT UNARMED

And Was Powerless to Resist the Bold Robber's Demands

CONDUCTOR AND PASSENGERS COMPELLED TO CONTRIBUTE TO THE MASKED HIGHWAYMAN—CAPTAIN SAMUEL BASS DIED AT WHATCOM LAST NIGHT. SPOKANE, Wash., Aug. 28.—Chief of Police Reddy was a passenger on a street car that was held up tonight by a highwayman. A masked robber with a revolver in each hand, stepped aboard and compelled the conductor and passengers to contribute. Chief Reddy was unarmed, and said he was powerless.

Captain Bass Dead

Whitcomb, Wash., Aug. 28.—Captain Samuel Bass, who came to the Pacific coast in 1859, died here tonight, aged 71 years. He has been prominent in Democratic politics in this state and Oregon the last forty years, holding numerous federal and state offices.

The Sealers

San Francisco, Cal., Aug. 28.—The steamer Brunswick which arrived today from Dutch harbor, Kodiak, and the Seal Islands of St. George and St. Paul, brought in the season's catch of sealskins, representing outside coverings of 22,232 seals, and on the markets of the world they will bring in the neighborhood of \$300,000.

MUST OBEY MANDATE

UNITED STATES COURTS CAN SEND COUNTY JUDGES TO JAIL FOR CONTEMPT.

ST. PAUL, Minn., Aug. 28.—The United States Court of Appeals today denied the application for writs of habeas corpus for the relief, in the cases of Thomas D. Nevitt and Samuel Paden, Judges of the County Court of St. Clair county, Missouri, and sustaining the right of a Federal Judge to imprison judges of county courts for contempt in refusing to carry out the mandates of a judgment issued by him.

ENGLAND IN CHINA

TRYING TO GET CONCESSION FOR NAVAL STATION AT MOUTH OF YANGTSE RIVER.

LONDON, Aug. 28.—Private advices from Paris say it is reported there that Sir James Lyle-Mackay is trying to secure from the viceroys of the Yangtze Valley a concession for a permanent British naval station at the mouth of the Yangtze River, but that it most likely will not be granted, as the other powers will certainly object. Nothing confirmatory of this statement has thus far been obtained in London.

DEBT PAID WITH ROSES

An odd church debt of one hundred and fifty-seven years' standing was cancelled yesterday, when the congregation of the Tulpehooken Reformed Church paid one hundred and fifty-seven red roses to the descendants of Caspar Wistar. A Dutch custom transplanted to America two centuries ago was revived by the payment of the debt of flowers. More than one and one-half centuries ago Caspar Wistar, one of the pioneers of Pennsylvania, deeded one hundred acres of land bordering on Tulpehooken Creek in trust to a Dutch Reformed Church. The only condition was that the church should pay to Mr. Wistar or his descendants a red rose each year. The condition was never fulfilled until yesterday, when a number of Caspar Wistar's descendants, who are numbered among the wealthy old families of Philadelphia, were paid the arrangement—Philadelphia North American.

THREATENED WITH DEATH

PLAINFIELD, Ind., Aug. 28.—Word has been received from Everett Morgan and wife, formerly residents of Plainfield, now missionaries at Colovcl, Mexico, that natives of that place have warned them that unless they leave the city by September 17th, they will be put to death. Mr. and Mrs. Morgan were sent out by the Board of Foreign Missions of the western yearly meeting of the Friends about four years ago and have been at that place about a year. Appeals for protection have been sent to the Government authorities.

CARLYSLE SPEAKS

SARATOGA, N. Y., Aug. 28.—John G. Carlyle, ex-Secretary of the Treasury, delivered the annual address before the American Bar Association today. He spoke on "The Power of the United States to Acquire and Govern Territory."

GREAT LOSS OF LIFE

CALCUTTA, Aug. 28.—Great landslides are reported from the native state of Nepal. Several hundred persons were killed. E. D. Fulmer, of Portland, was a visitor to Salem friends yesterday, and returned home on the afternoon train.
