

POLITICAL CONVENTIONS

The People in Hawaii Are Preparing for Battle

PRINCE CUPID IS NAMED

As Republican Candidate for the Delegate to Congress

HE WILL OPPOSE R. W. WILCOX, AND HAS THE SUPPORT OF THE FORMER QUEEN-THE DEMOCRATS AND HOME RULERS HAVE FUSED.

HONOLULU, via San Francisco, Sept. 9.—The Republican Territorial Convention has nominated Prince Josiah Kalaialaiole, popularly known as Prince Cupid, for delegate to Congress. The Democrats and the Home Rule party have formed a fusion. The Democrats agree to endorse R. W. Wilcox for re-election to Congress, and the Home Rulers to give a number of Democrats places on their Legislative ticket. It is said that the Prince will have the support of ex-Governor Liliuokalani against Wilcox.

The platform adopted by the Republicans contains a demand that city and county governments be established in Hawaii as soon as possible.

Named for Governor.
Denver, Sept. 9.—Richard C. Stimson, of Crispie Creek, Judge of the Fourth Judicial District, was today nominated for Governor by the Democratic State Convention, on the first ballot.

Washington Republicans.
Tacoma, Sept. 9.—The delegates to the Republican State Convention have spent the day caucusing over the three Congressional nominations, and the indications tonight are that Representatives Cushman and Jones will be re-nominated, and W. E. Humphrey, of Seattle, selected as the third candidate. The friends of Brownell, of Everett; of Pickersell, of Colfax; Falkner, of Olympia, and Bridges, of Auburn, have been trying to effect a combination whereby one of them would be chosen instead of Humphrey, but they failed to secure the necessary votes.

The Anti-Railroad Commission delegates have been making a hard fight, and it is almost certain that they will be able to prevent the insertion in the platform of a plank favoring an appointive Commission, and possibly will have enough votes to defeat even an elective proposition. Governor McBride's friends claim to be confident that the convention will endorse his views in favor of an appointive Commission. Judge Hadley will undoubtedly be re-elected for Justice of the Supreme Court, and A. J. Falkner, of Olympia, will probably be selected as Chairman of the Convention.

In South Carolina.
Columbia, S. C., Sept. 9.—Particulars from today's session of the State Democratic Convention give the following figures for nomination for Governor and other state officials: United States Senator—John Gary Evans, 25,514; A. C. Lattimer, 3775; Governor—D. C. Heyward, 36,393; W. B. Talbert, 27,421.

ON A HOP RANCH

OPERATIONS DURING HARVEST IN ONE OF THE LARGE YARDS OF THE VALLEY.

What is more exhilarating than a drive through the country at this season of the year when the air is heavily laden with the refreshing and pleasant odor from the hop fields and the scenes of activity upon every hand! Hop picking is in full blast in all parts of the valley at present and it is only necessary for one to make a brief visit to the more extensive hop growing districts to convince him of this fact beyond any possible doubt.

Picking began in a number of yards last week and, in fact, quite a number of the growers in these cases are through with their harvest and are now engaged in selling their product. In many cases this early picking was necessary in order to take advantage of the inadequate curing facilities at hand and consequently, the hops are rather immature, but very rich nevertheless, and will command a good price in the market.

While in most localities the hops were ripe enough to begin picking on Monday and while picking was begun in nearly all yards on that day, it is nevertheless true that the hops are by no means entirely ripe in all yards and are scarcely in a condition to pick although picking is in progress and in full swing.

It is also true that, while some portions of every yard are yielding very heavy, the yards are very spotted and the hops so thin in places that the general yield will fall considerably below the average. Reports are very conflicting in this respect, however, and while one grower will report that his yard will yield an extraordinary crop, his near neighbor will complain that he will realize a very light crop and the situation grows more confusing every day until those who believed themselves well informed and correct in their estimate, earlier in the season, have come to the conclusion that it is impossible to tell what the yield will be until the hops are in the bale.

In one of the largest hop yards in the valley—that of Krebs Bros., near Brooks, consisting of over 200 acres, picking began on Monday with a maximum force of 350 pickers, but, owing to the immature condition of the hops, the pickers are limited to about 500 boxes per day until the hops become riper, a matter of two or three days, when they will be allowed full swing. There are six 24-foot kilns on this farm and one 36-foot kiln with a combined capacity of 1,200 boxes or 14,000 pounds per day. This yard is equipped with all of the up-to-date conveniences which a picker could desire and everything is provided for their comfort and

amusement that one could imagine. Upon this yard, and in connection with it, are conducted a butcher shop, restaurant, general merchandise and grocery store, refreshment saloon wherein soft drinks are dispensed, a barber shop, bakery, bootblack stand and dance hall, all for the benefit of the pickers and the yard is also equipped with a complete water works system. The water, with which the pickers are supplied, is very pure and cool and is pumped from a well 25 feet deep, into a 5000 gallon tank situated on top of a 60-foot tower and is conveyed to the pickers' cabins by means of a complete pipe system and it requires about 10,000 gallons of water to supply this vast army of merry harvesters.

SERIOUSLY HURT

CORVALLIS, Sept. 9.—John Rickard, a wealthy farmer and capitalist, was seriously injured last evening while driving out of town toward his country home. His horse became frightened and ran away, throwing the occupant out of the conveyance on his head. When found Rickard was in an unconscious condition. His head was bent under his arm and he had received serious injuries from the fall. His condition is pronounced critical this morning.

THE STRIKE IS UNBROKEN

Governor Stone, of Pennsylvania, Exerts Himself

IN INTEREST OF PEACE

Appeals to J. P. Morgan for Interference Are in Vain

AN IMPORTANT CONFERENCE HELD AT THE OFFICES OF THE UNITED STATES STEEL CORPORATION YESTERDAY—MARINE ENGINEERS GO OUT

NEW YORK, Sept. 9.—Gov. W. A. Stone, of Pennsylvania, who made an effort today to see what could be done towards ending the anthracite coal strike, returned to Harrisburg, Pa., tonight without apparently having been able to accomplish a settlement.

Governor Stone was accompanied to this city by Attorney General Elkin, of Pennsylvania, and Senator Flynn, of Pittsburgh. The three held a conference with P. A. B. Widener, of Philadelphia, in the office of the United States Steel Corporation.

After the conference, Widener went to see J. P. Morgan, and asked him to use his influence to end the strike. Later Widener stated that Morgan had declined to interfere.

Engineers Strike.

Portland, Or., Sept. 9.—The marine engineers, about 150 in number, will strike tomorrow. It is expected nearly every boat on the Willamette and Columbia rivers will be tied up. The engineers claim the companies have not kept an agreement to restore their old positions to all the men engaged in the strike two months ago.

CHILD BADLY SCORCHED

A LITTLE GIRL MEETS WITH AWFUL INJURIES IN A HOP YARD CAMP.

The little 2-year-old girl of J. H. Fitzwater met with a distressing accident at the Horst Bros. hop yard, near Independence, on Monday evening, and which came near proving fatal. The family is from Linn county, and is encamped at the Horst yard. Their camp stove stood on three iron legs, and a box was used for a fourth. On Monday evening a visitor came to the tent, and seeing the box pulled it out from under the stove to sit on it, when the stove toppled over, and a kettle of boiling water was upset on the little girl playing on the floor. The little one's neck, right arm and right lower limb were horribly scalded by the boiling water, and although medical attendance was promptly secured, the child suffered fearful agonies. Yesterday the little sufferer was brought to Salem and placed in the hospital for treatment, and it is believed her life will be saved.

THOMAS FALLON, AN AGED MONITOR FARMER, LOSES LIFE IN RUNAWAY ACCIDENT.

WOODBURN, Sept. 9.—Thomas Fallon, aged 60 years, residing near Monitor, died last night from injuries resulting from a runaway accident. It is supposed that while driving he dropped one rein and was thrown out and dragged. His lower jaw was broken, one ear was torn off and he was injured internally. A widow and children survive him. The body was shipped to Portland tonight for interment.

A STROKE OF PARALYSIS

EX-GOVERNOR WHITEAKER, OREGON'S FIRST EXECUTIVE, IS SERIOUSLY ILL.

EUGENE, Or., Sept. 9.—Ex-Governor John Whiteaker, the first Governor of the state of Oregon, suffered a stroke of paralysis last night, and is now quite ill at his home in this city.

ROOSEVELT GOES HOME

HAS CONCLUDED HIS TRIP THROUGH SOUTH—LEAVES FOR WASHINGTON.

ASHEVILLE, N. C., Sept. 9.—President Roosevelt left for Washington at 1:30 this afternoon.

THE STEAMER COTTAGE CITY

Wrecked While Coming from Alaska to Seattle

ALL PASSENGERS SAVED

The Vessel Lies on the Rocks in Wrangel Narrows

OTHER STEAMBOATS CAME BY AND TOOK OFF THE HUMAN FREIGHT THUS PREVENTING LOSS OF LIFE, WHILE THE CARGO WAS JETTISONED.

SEATTLE, Sept. 9.—The steamer Cottage City was wrecked Sunday below St. Petersburg in the Wrangel Narrows. All passengers were saved, and are due at Skagway this afternoon on the steamer Spokane, which will convey them to Seattle.

She now lies sixty feet forward on the rocks. Fifty feet of the keel are gone, and her forefoot is dry, at low water. The steamer filled aft and the hurricane deck to the top of the smoking room is under water at high tide. The vessel is well sheltered and it is believed a bulkhead can be built inside and the ship floated. One hundred and fifty passengers of the Cottage City were transferred to the steamer Spokane of the same company, which came along three hours after the accident. They were taken to Skagway and will return south on the Spokane. The Cottage City was bound for Seattle when the accident occurred. Over 100 tons of cargo were jettisoned. The remainder of the cargo, consisting chiefly of salmon, was transferred to lighters and got ashore.

Details of how the accident occurred are lacking. She is a wooden vessel, which probably accounts for the fact that she did not break to pieces on the rocks. It is believed the vessel will be floated and saved unless a storm of unusual severity intervenes.

A VOLCANO IN ACTION

IS AGAIN IN ACTION AND PRESENTS A BEAUTIFUL SPECTACLE.

HONOLULU, Sept. 9.—The volcano Kilauea again broken out in active eruption. Later reports from the Island of Hawaii state that a lake of hot lava has appeared in the smaller crater, and that the volcano is again displaying streams of fire, forming a grand spectacle.

Rome, Sept. 9.—The volcano on Stromboli Island is in an awful eruption, and is throwing up great columns of fire and torrents of stones. The island is shrouded in smoke. Mount Vesuvius is showing signs of activity.

New York, Sept. 9.—Further news from St. Vincent is awaited with painful interest, cables the London correspondent of the Tribune. The future of the island is in jeopardy and investigation from a scientific point of view seems absolutely necessary. Colonial Secretary Chamberlain has given no indication of his intentions in the matter, but it is believed he favors the appointment of a commission of inquiry.

MILES STARTS TOMORROW

WILL COME THROUGH OREGON ON HIS WAY TO THE PHILIPPINE ISLANDS.

WASHINGTON, Sept. 9.—Lieutenant General Miles today presided over the meeting of the Army Board of Ordnance and Fortifications, which is giving a final consideration to its annual report to Congress. He will leave here Thursday for the Philippines, but will stop at Chicago and possibly at other important points on the way to Portland, Oregon, from which city he will proceed leisurely down the coast of California in order to inspect the recent extensive improvements in the defense system of the Pacific coast.

BREACH OF PROMISE

PORTLAND, Sept. 9.—Birdie N. McCartney, of Wayne county, Mich., today filed a breach of promise suit in the United States District Court, for \$70,000 against James Heryford, a wealthy stock buyer of Lake county, Oregon.

CASTORIA

The Kind You Have Always Bought
Bears the Signature of J. C. Watson

HOWELL IS ACCUSED

ALASKAN PAPERS CHARGE HIM WITH CAUSING THE DEATH OF TWO PERSONS.

SEATTLE, Sept. 9.—Word comes from St. Michaels that President Roosevelt has personally directed an investigation that is now in progress in St. Michaels, inquiring into the facts surrounding the drowning last September of a man named Onick and a woman named Beckey, who was living with him at this place. They were supposed to be on their way up the river with a stock of liquors, but remained here for some time, and Captain Howell, in command of this military reservation, being convinced that they were selling liquor on the island, gave them orders to leave within 24 hours.

A hard storm arose of the afternoon of the same day they were ordered off, and the story is that they went to Captain Howell and asked to be allowed more time, but that he refused them. They set out in a small boat and were

drowned before reaching mainland, a few miles from this port. Their bodies were recovered this summer, and a result of several attacks that have been made on Captain Howell by the Nome and Dawson papers in connection with the matter, an investigation is now in progress. It is being conducted by the son of Colonel Griggs, by the new District Attorney for this district, and the personal friend of President Roosevelt.

NEW TELEPHONE LINE

BURNS, Sept. 9.—The business men of Burns have organized a company to build a telephone line from Burns to Prineville, and thence to Ontario. The stock is all owned by the business men of Burns and Prineville. The company expects to have the new line in working order this fall, and it will be a great help to people living along the line. As it is 150 miles to the county seat of Crook county, the people have considerable trouble in the winter time to get to town to transact business. With a telephone line connecting the two towns settlers along the line will be greatly benefited. The new line will save telephoning to Portland by way of Baker City, and will be the means of bringing the people of this section of Oregon closer to the Northwest metropolises.

MORE BRIBERY AND PERJURY

The Scandal in the St. Louis House of Delegates

MANY MEMBERS INDICTED

And Are Placed Under Heavy Bonds for Their Appearance

ST. LOUIS, Sept. 9.—When Judge Douglas adjourned court tonight, seven of the fifteen members or Delegates indicted yesterday, were still at large. Developments in the case followed each other throughout the day with startling rapidity. The most important was the finding of new indictments against eighteen members of the combine.

In addition to the charges of bribery and perjury in connection with the Suburban Railroad deal, the accused now rest under additional indictments charging bribery. These were found by the Grand Jury after J. K. Murrell had testified today as to the city lighting scandal of 1900, in which each member of the combine is said to have received \$2,500 in payment for his services in securing the passage of the bill. Bonds were fixed at \$15,000 for every indictment, making a total of \$45,000 necessary for the release of any one of the accused.

Early in the day ex-Delegates J. H. Schnettler, John Helms, Otto Schumacher and Chas. Gutke, and Delegate J. J. Hannigan, who spent the night at their respective homes in the custody of deputy sheriffs, were locked up in jail because of a failure to secure bonds. Chas. Gutke was later released on bonds of \$30,000 on the first charge, but was soon re-arrested on the bribery indictment returned today, and is still in custody.

GRAND JURY BRINGS MORE CHARGES AGAINST MEN IMPLICATED IN THE QUESTIONABLE DEALS BY J. K. MURRELL WHO TESTIFIED.

INSANE MURDERERS

A MOTHER BURNS HER CHILDREN—A MINISTER STABS HIS WIFE

GREENVILLE, Miss., Sept. 9.—Mrs. Mollie Westrope, of Clayton, Miss., who while insane, murdered and burned her five children near Hazelhurst, Miss., June 16th, committed suicide here yesterday by jumping into the river.

Genoa, W. V., Sept. 9.—Rev. Maurice Wilson, who, on Saturday, almost severed his wife's head from her body, with a razor as he spoke "without the shedding of blood there can be no remission of sins," was found today in the woods. He is insane.

"NOTHING SUCCEEDS LIKE SUCCESS."

The Oregon Fire Relief Association has been a success ever since it began business in January, 1895, and is now growing faster than ever before.

Its annual report of December 31, 1901, shows a net gain in amount of insurance in force of \$2,628,787, which is 50 per cent more than the net gain of any previous year. It paid 135 losses during the year amounting to \$23,600.

It is strictly a mutual institution which furnishes the best of Fire Insurance at Cost.

For further particulars, address A. C. Chandler, secretary, McMinnville, Oregon, or if you reside in Marion county, call on or address H. A. Johnson, (agent) Salem, Oregon.

CLAIMS ARE CONTESTED

HOMESTEADS IN SILETZ COUNTY, FILED ON BY ALBANY CITIZENS, JUMPED.

ALBANY, Sept. 9.—Contests have been begun against homestead claims of a number of Albany citizens, who have filed on land in the Siletz country. They took up their homesteads more than a year ago and made the necessary improvements to secure the land under the homestead law. Since taking up the land they have lived at home, but fulfilled the letter of the law by making frequent trips to their claims and even going to Lincoln county to vote. Some investors have been through that country recently, and finding some valuable timber on the land, have apparently hired men to "jump" the homesteads and contest the claims of the men who had originally filed, on the grounds of non-residence. They hope thus to get possession of the claims. The Albany men who are having their claims contested have plenty of witnesses to show that they have been on their land as required by law, and have no fear but that they will be able to retain their homesteads.

Not Doomed for Life.
"I was treated for three years by good doctors," writes W. A. Greer, McConnellsville, O., "for Piles and Fistula, but, when all failed, Bucklen's Arnica Salve cured me in two weeks." Cures Burns, Bruises, Cuts, Corns, Sores, Eruptions, Salt Rheum, Piles or no pay. 25c at Dr. Stone's Drug Stores.
