

COLER LEADS FOR GOVERNOR

New York Democrats Have Arranged Their Slate

FOR TODAY'S CONVENTION

Talk of a Bolt and Warm Times Are Expected

THE CONTESTING DELEGATION HEADED BY FORMER CHIEF OF POLICE DEVERY WILL BE SEATED TO AVOID TROUBLE WITH THE BIG TAMMANY CHIEF.

SARATOGA, Sept. 30.—For Governor, Baird S. Coler, of Kings; Lieutenant Governor, James N. Bulger, of Oswego; Controller, C. M. Heston, Ulster; Secretary of State, Frank H. Mott, Chautauque; Attorney General, John Cullen, Erie; Engineer, Richard W. Herman, Ontario; Treasurer, D. J. Vanauken, Ontario; Judge of the Court of Appeals, John C. Gray, New York. This is the ticket promulgated tonight from the headquarters of Senator Hill. It was the result of a long conference of the state leaders, in which Senator Hill and Hugh McLaughlin took a leading part.

The announcement of this tentative ticket was received quietly by the throngs in the hotel corridors, and later rumors were circulated that when it came before the convention it might not stand. One of the rumors which sprang up after the slate was announced was that Kings county was preparing to bolt and that several delegates would refuse to abide by the Coler decision.

The important news of the night, from a semi-official source, but lacking authorization, was that the committee on credentials, to avoid further trouble, would seat the delegation headed by William S. Devery.

Injunction in Politics

Butte, Mont., Sept. 30.—F. Augustus Heinze will institute injunction proceedings, it is understood, whereby it will be sought to enjoin the county clerk from filing the nominations made by the Clark Democracy in the county convention yesterday.

Heinze's new political party, known as the Anti-Trust Democracy, met in convention today, with J. M. Denny, one of Heinze's attorneys in his litigation with the Amalgamated, as temporary chairman. A committee of five was appointed as a conference committee, to meet the representatives of the Populist and Labor parties, and agree upon a candidate for the Associate Judgeship of the State Supreme Court.

The New Federation

Butte, Sept. 30.—F. Augustus Heinze's fusion committee, consisting of representatives of the Labor and Populist parties, has joined forces with the Amalgamated Republicans in an effort to defeat Senator W. A. Clark, by inducing Judge W. L. Holloway for Associate Justice of the State Supreme Court, and Martin Dee, for Congress, both nominees of the Amalgamated Republicans.

Michigan Democrats

Detroit, Sept. 30.—After an animated discussion lasting nearly three hours, this afternoon, the Democratic State Central Committee selected L. T. Durand, of Saginaw, as the party's candidate for Governor. The new nomination was made necessary by the withdrawal of Judge Durand, of Flint, brother of today's nominee. Judge Durand was stricken with paralysis five weeks ago, and his condition has remained such that all thought of his going through the campaign had to be abandoned.

The fight today lay between the Gold Democrats, who favored L. T. Durand, and the Silver Democrats, who wanted to nominate State Senator J. W. Helme.

THREATENED JAIL BREAK

SHERIFF COLBATH WARNED OF A PLAN OF HIS PRISONERS TO GET AWAY.

(From Wednesday's Daily.)

Sheriff B. B. Colbath has seven prisoners in the county jail, awaiting trial on charges ranging from murder to petty larceny, and he is constantly concerned about the safety of the prison. He received a shock yesterday afternoon when a prisoner confined for a trivial offense smuggled a note to him, advising the officer that a break was being planned, and that some of his charges expected to get out and away before the session of the Circuit Court, which meets on the second Monday of this month.

The sheriff promptly locked the prisoners in the cells, and he proposes that they shall stay there until the court meets and disposes of their several cases. He is determined that none of his birds shall fly, and with this end in view, will not relax his watchfulness during the next few weeks.

That the Marion county jail is not a safe place in which to confine men who have reason to fear the results of a trial has long been known. Time and again breaks have occurred and prisoners have escaped, and sheriff after sheriff has asked the county court to supply steel cells in which to keep desperate prisoners, and to strengthen the jail throughout for this purpose, but during the past twenty years the officers have received no relief.

Following the recent attempt to escape the present sheriff, like his predecessors, asked that there would be less likelihood of a jail break, and with this added warning that another jail delivery is being planned, and knowing the calibre of some of the men confined there, it is likely the county court, which meets today, will doubtless take prompt steps to protect the sheriff, and grant him the desired and certainly much-needed relief. Steel cells and a steel corridor,

of the latest and most improved pattern, would be none too good for the jail in Marion county, the second county in importance and wealth in the state of Oregon. The Marion county officers are tried and efficient men, but that avails little against a jail filled with desperate men, if the prison is not strong enough to withstand their assaults.

MUCH ROOSEVELT

NEW YORK, Sept. 30.—The engagement has been announced, says the Herald, of Miss Helen Roosevelt Roosevelt to Theodore Roosevelt Douglas Robinson, of this city. Miss Helen Roosevelt Roosevelt is the daughter of James Roosevelt Roosevelt. Her fiancé is the son of Mr. and Mrs. Douglas Robinson, and a nephew and namesake of President Roosevelt. He is a junior at Harvard University. He is a cousin several times removed of his fiancée.

WHEAT WENT UP RAPIDLY

Shorts Attempted to Cover for September Delivery

WERE CAUGHT IN SQUEEZE

An Advance of Over Seven Cents Noted in the Cereal

THE STOCK MARKET EXCITED IN NEW YORK AND MADE A SENSATIONAL RECOVERY—CALL MONEY RATES HAVE AGAIN COME DOWN TO NORMAL.

CHICAGO, Sept. 30.—The all absorbing feature to trading in wheat today was the alleged corner in September delivery. Early in the session there were sufficient shorts who had neglected covering their contracts to boost prices from 87 1/2 to 90 cents, but at that figure there was a lull in the price, due to rumors of an injunction similar to the one secured in the oats corner recently.

As the session advanced and nothing of this nature materialized, the shorts decided that further parleying was useless and there was a grand rush to cover. The result was the price advanced from 90 to 95. At 95 cents the shorts were able to secure all the necessary stuff to satisfy their creditors, most of the offerings coming from Armour and Company, who have been leaders in the bull movement. The close was at the top notch, at a gain of 7 1/2 cents over yesterday's close.

Stock Market Excited

New York, Sept. 30.—The stock market, which closed yesterday utterly demoralized as a result of the stringent money conditions and other unfavorable circumstances, made a sensational recovery today. The chief cause for the complete reversal were the action of Secretary Shaw in removing the restraint on the bank reserves, and the persistent reports from various quarters that the coal strike had at last reached a point where negotiations for a settlement were actually under way. For this last rumor there appeared to be little or no foundation, according to the collective statements of the leading operators, made after the regular weekly meeting. Another influence for better prices was the decline in the call money rates, though during the morning loans were made as high as 13 per cent. A large part of the day's loans was made at around 10 per cent, and the rate at the close went down to 2 per cent, but this was merely nominal, no money being placed at that. The opening prices were all the way from 1/8 fraction to five points higher than last night's quotations.

His Life in Peril

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Tex. "billiouness and a lame back had made life a burden. I couldn't eat or sleep and felt almost worn out to work when I began to use Electric Bites, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy health and work." They give vigorous health and new life to weak, sickly, run down people. Try them. Only 50c at Dr. Stone's Drug Stores.

WALKING IN NEW ORLEANS

ELECTRIC LINEMEN ARE ON A STRIKE AND NOT A STREET-CAR IS MOVING.

NEW ORLEANS, Sept. 30.—Nearly the entire police force of New Orleans was concentrated this morning at the Arabella barn of the New Orleans Street Railway Company, with the expectation that there would be trouble when the company attempted to run cars today. It was ascertained, however, that the power connecting all but one of the circuits in this barn with outside barns had been cut off. The cutting off of the power will not prevent the running of cars in the lower or business part of the city, but if any cars are moved in other sections of New Orleans today mules will probably be used. The electric line men in the employ of the railway company who went out on a sympathetic strike yesterday refuse to repair the break in the supply wire.

A mail car made a trip down Canal street this morning with mail matter, and many carriers and policemen were aboard. Not a passenger car has moved since Sunday morning.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. A remedy for Nasal Catarrh, which is drying or exciting to the diseased membrane should not be used. Cream Balm is recognized as a specific. Price 50 cents at druggists or by mail. A cold in the head immediately disappears when Cream Balm is used. Ely Brothers, 56 Warren Street, New York.

ROOSEVELT TO TAKE A HAND

He Will Attempt to Settle the Coal Strike

CABINET IN CONFERENCE

Discusses the Situation With the Nation's Chief Magistrate

HE WILL DO ALL IN HIS POWER TO PROPERLY AND LEGALLY BRING ABOUT AN EARLY SETTLEMENT—ANOTHER MEETING TODAY.

WASHINGTON, Sept. 30.—The President today took the initiative steps to ascertain what, if anything, could be done by the Federal authorities to settle the coal strike. The result was a general expression of opinion by the advisers of the President, who were present, to the effect that the Federal laws and Constitution did not afford means of Federal interference to end the strike, but another conference will be held tomorrow, and the President will do all he can, properly and legally, to bring about a settlement. At the temporary White House the conference was held with three cabinet officers, Attorney General Knox, Secretary Moody and Postmaster General Payne. Governor Crane, of Massachusetts, was also present.

President Roosevelt is deeply concerned over the situation. Many appeals have been made to him and many suggestions have been received by him, and it was with a view of ascertaining what power the Federal authority could invoke that caused the conference to be held. The general opinion of the advisers was that the situation did not represent a case in which there could be Federal interference by any warrant of law.

Plenty of Coal

New York, Sept. 30.—President Baer was asked today if there would be enough coal in this city to supply the demand before the winter sets in. "Oh, certainly," he said. "This idea that there is going to be a scarcity of coal this winter is only a scare. There will be plenty of coal in New York before cold weather."

The President Cheerful

Washington, Sept. 29.—The President had a very comfortable day, and tonight is reported to be doing nicely. The day has been a busier one than for some time, with his conferences on the strike, making it necessary to see more people than it has been his custom lately. He maintains his cheerful and buoyant disposition.

BURGLARS IN WOODBURN

BREAK INTO A STORE AND TRY TO ROB THE SAFE IN THE POSTOFFICE.

WOODBURN, Sept. 30.—Robbers visited D. H. Beebe's store last night, gaining entrance through the transom over the rear door. The till was broken open, but nothing found there. The thieves evidently were after money, for they took only a pair of blankets, and proceeded to the postoffice, where they broke open the front door and were about to work on the safe, using the blankets to muffle all noise, when they were no doubt frightened away from effecting their purpose. They had taken a sledge from Paul Sowa's blacksmith shop.

R. K. Miller, of Silverton, was arrested by Constable Beach yesterday on a warrant sworn out before Justice Overton, of this city, charging him with violating the food and dairy law. He was charged with remodeling tubes of butter into rolls and selling same for creamery butter.

Smith's Dandruff Poimage

stops itching scalp upon application three to six removes all dandruff and will stop falling hair. Price 50c, at all druggists.

THE ST. LOUIS SCANDAL

ST. LOUIS, Oct. 1.—A special to the Post-Dispatch from South McAllister, I. T., says that Emil Hartman, a former member of the House of Delegates, who has been a fugitive from justice since September 8th, was arrested last night by a deputy marshal at the residence of his brother-in-law in that city. The prisoner is one of the six fugitives indicted for bribery on the confession of John K. Murrell, another former councilman under indictment, who recently came back from Mexico, whither he had fled. Hartman is charged with bribery in the Suburban bill and the lighting bill affairs, and with perjury by reason of his testimony before the grand jury last spring.

"When you inclose a bill or a check in a letter pin it to the letter, that it may not drop when the envelope is opened."

STONE QUARRY IN CAVES

MINING OF STONE IN SOUTHERN OREGON TO BE COMMENCED IMMEDIATELY.

GRANTS PASS, Sept. 30.—The great Oregon caves of Southern Josephine county have been located and taken up by the Southern Oregon Marble Company, with the intention of utilizing the stone they contain. J. C. Whipp, manager of the company, has made a recent inspection of the caves with the idea of ascertaining whether the stone they contain is of quality sufficient to warrant its removal for commercial use. The Oregon caves form one of the greatest natural wonders of the state, and should be set aside as a National Park instead of being used as a marble mine. They are said to be the largest

limestone caves in the world, and are of as great an extent as the noted Mammoth Caves of Kentucky. They consist of an endless labyrinth of passages, tunnels and halls all of limestone of purest white, and of the most remarkable brilliancy. They have never been completely explored. At one time an effort was put forth to have them and the surrounding territory converted into a park and resort, of which, by its natural advantages, it could become one of the best on the coast, but the project was given little or no support and the scheme came to naught.

SHOT HERSELF

PORTLAND, Sept. 30.—Despondent over continued ill health Mrs. Eleanor Bowman, wife of E. M. Bowman, cashier of the Brunswick-Balke Colender Co., this afternoon shot and killed herself with a revolver.

AN OFFICER'S AWFUL DEED

A Naval Commander Shoots Himself on Board Ship

DUTIES OF HIS POSITION

Worried Him Until It Resulted in His Suicide

AN EPIDEMIC OF SELF-DESTRUCTION AMONG THE OFFICERS OF THE NAVY AT THIS TIME—MANY AUSTRALIAN VESSELS SUFFER.

NEW YORK, Sept. 30.—Lieutenant Commander William V. Bronaugh, of the United States Navy committed suicide today on the battleship Kearsarge at the Navy Yard, by blowing out his brains with a revolver. Friends of Commander Bronaugh believe that he was much worried over the manifold duties of his position as executive officer, which are conceded to be more arduous than those of any other officer in the navy. Purnell F. Harrington, captain of the Brooklyn Navy Yard, said:

"There is an epidemic of suicide in the navy, as surely as there was ever an epidemic of fever. Such a thing may occur among men, but cannot be explained."

Commander Bronaugh entered the Naval Academy in 1873.

Many Vessels Lost

Victoria, B. C., Sept. 30.—The steamer Moana, brings the news of the loss of several Australian vessels during the recent gales in the South Seas. The schooner Sybil, of Sidney, when returning from the Solomon Islands, left port in April with 110 on board, for heard of again. The steamer Quirang, of Sidney, was lost off the Australian coast with all hands, numbering 39. The steamer Mambare was lost off the coast of Santos, but all hands were saved.

TO THE INCREDULOUS

THERE WAS NEVER THE MAN WHO WAS FOOLED OR HUMBLED—HE HUMBLED HIMSELF.

The human race affords in itself a most singular study. There are among the many classes of thinkers, those who repose too much confidence in others, too little confidence in themselves, or no confidence in anything. The man who knows it all himself, the man who thinks somebody else knows it all and the man who thinks he knows who knows it all. The egotist, the simpleton and the skeptic. Recognizing the fact that people require more substantial evidence than mere words and promises, Dr. Darrin resorts to the most legitimate method of advertising himself by advertising his cures. That those among the community may be offered an opportunity of investigating before calling in person upon the doctor, the following names are published bearing evidence of the doctor's ability and skill as well as success.

J. V. Van Osdol's daughter, Salem, discharging ears and deafness, cured. B. G. Dove's daughter, West Salem, diabetes and kidney trouble, cured 15 years ago.

S. R. Ramp's son, 373 Marion street, Salem, Or., weak lungs, pain in side and general debility, cured.

F. H. Hohn, 247 Commercial street, Salem, catarrh, cured.

J. W. Pate, Jefferson, Or., rheumatism and diabetes, restored.

Reuben Lee and wife, Turner, Or., sciatic rheumatism and cough, restored.

Mrs. Georgia Miles, Pratum, Or., cancerous tumor in the breast, rapidly disappearing.

Mrs. C. Pfennig, Salem, varicose ulcers on both limbs, restored.

B. Baxter, Ferry street, Salem, tumor, cured.

Miss I. Ashford, Woodburn, Or., discharging ear, cured.

B. F. Ringo, Gervais, Or., discharging ear, cured.

J. S. Heaten, Salem, liver complaint and dyspepsia, cured.

Miss L. Stanfield, 223 Mill street, Salem, cured ten years ago of deafness and discharging ears, cured.

A. G. Evers, Independence, Or., total deafness, one ear cured in two hours, the other in two months.

Fred Neckerman, Salem, weakness optic nerve of the eye, pain in eyeballs and catarrh, restored.

Miss Nettie Durfee, Shaw, Or., deafness and granulated eyes. Her father, C. R. Durfee, deafness 23 years, cured.
