MR. MITCHELL IS OPPOSED

And Will Decline to

INTERCEDE WITH MINERS

Will Not Ask Them to Resume Unless Conditions Are Stipulated

THE MINERS ARE INCLINED TO REGARD THE PRESIDENT'S RE-QUEST FAVORABLY AND DE-CLARE THAT THEY SHOULD RECEIVE SOME CONCESSIONS.

BUFFALO, N. Y., Oct. 7 .- The conference between the committee appointed by the National Association of Manufacturers and President Mitchell and his lieutenants, reld at the Iroquois Hotel this evening, did not resuit in any definite plan being agreed upon for partial resumption of work in the anthracite coal fields, but mem- By a Parade in Honor of the bers of the manufacturers committee said that they were greatly pleased with the progress made. Communication was established with operators by long distance telephone, and the appointments made for a committee representing them in Philadelphia tomorrow is looked upon as significant. Mitchell this afternoon positively declined to discuss the request made by President Roosevelt that Mitchell encourage the miners to resume work with the promise of the appointment

conditions are stipulated.

of a committee to investigate the min-

ers' grievances. It was learned from a

reliable source, however, that Mitchell

does not regard the proposition favor-

ably, and that he will decline to ask

the miners to resume work unless the

Miners Are Reticent. WILKESBARRE, Pa., Oct. 7 .- The two principal features of the anthracite strike which claimed the public attention in the coal fields today were. the President of the United States that and by a number of reunionists selectthey return to work and investigate afterwards, and will the mine operators Hoosevelt. The weather was threaten- and children assembled on the hill produce enough coal to relieve the situation if given the protection of the full military power of the State? New Peacemaker.

Buffalo, N. Y., Oct. 7 .- President John Mitchell and his party, and the committee apointed by the National Manufacturers' Association, held a three hours' conference here this morning, and then adjourned until 2 o'clock. No member of either party would discuss the propositions to be submitted for a plan whereby the manufacturers might secure a supply of anthracite coal and thus keep their plants in operation during the continuance of the strike. The committee of the Manufacturers' Association is composed of ferred to the President's suggestion Frank Leake, Philadelphia; George H. Barbour, Detroit; D. M. Perry, Richard saying our monuments should be to Young, and George Maxwell, Indian-

representative this morning before the done so. beginning of the conference, Mr. Perry

"No tentative plan has been discussed by the committee. Until we get together and talk the matter over with Mr. Mitchell nothing can be said for publication except that we have strong hopes of accomplishing something before the conclusion of this conference which will be of benefit to the manufacturers of this country." "Have you any understanding with

"No, we have made no move in that direction. If we are able to accomplish anything with Mr. Mitchell and his colleagues, we will then try to formulate a plan on a purely business basis to bring the two sides of the controversy together for the benefit of the manufacturers."

President Mitchell declined to discuss the action of Governor Stone in calling out the entire National Guard of Pennsylvania, and refused to give the substance of what passed yesterday, between himself and Carroll D. Wright, United States Commissioner

of Labor, in Philadelphia,

After the conference Mr. Perry stated that a general discussion of the situation had taken place, but that nothing tangible had been agreed

"Everything is progressing favorably," he said, "and we have hopes that ne definite action will be taken at the afternoon meeting."

GERMAN ARMIES

COMMISSIONER MAKES A PLEA FOR APPROPRIATION WITH PHOTOS OF BACTERIA.

NEW YORK, Oct. 7 .- Alarming conditions in the air. In the uncleaned or

for the increase of \$445,316 in the appropriation of the Department of Street Cleaning He presented statistics and photographs showing that an army of germs hovers over the city, and that in the congested districts of the East Side, bacteria swarm above the streets. For months a scientific investigation ger in the refuse of the streets, its character and the proper way to fight it. This investigation is yet incomplete. Water is to be the remedy suggested.

Under the direction of well-known THE scientists an investigation has proceeded since July 12th, and photographs of the atmosphere were taken after many experiments between August 1st and Issued Such Instructions Up-August 16th to prove the statistics gathered. These photographs were taken at least twelve hours after a heavy rain in order to warrant normal condi-

Commissioner Woodbury presented data showing the number of colonies of bacteria caught by gelatine plates at the curb and at an elevation of six feet in various parts of the city. They vary from ten to a dozen colonies in the best residence districts to nearly 100,000 in the East Side. The plates were all exposed half an hour, and after being placed in an incubator were photographed.
