

# MITCHELL DAY CELEBRATION

## Will Be Observed Throughout Coal Regions Today

### MINE SUPERINTENDENTS

#### Have Received Instructions to Blow the Whistles as Usual

#### OPERATORS RATHER THE MEN WOULD WORK, BUT ARE HELPLESS UNDER THE CIRCUMSTANCES—EVERY MINING CENTER PREPARED.

SCRANTON, Pa., Oct. 20.—Official figures from five big companies show that 90 per cent. of the collieries are in operation and that the output is now more than three-quarters of what it is normally.

Much complaint is heard concerning the idleness that will ensue tomorrow by reason of the observation of Mitchell Day. Each company has instructed its superintendents to blow the whistles as usual, and work the mines if possible.

It is almost certain that the whistles will bring no response, as every mining center in the valley has arranged for Mitchell Day elaborately.

#### Operators Are Helpless.

Wilkesbarre, Oct. 20.—In order that Mitchell Day may be properly observed tomorrow, there will be a general suspension of mining. The operators would rather the men would work, but under the circumstances they are helpless in the matter.

Mitchell Day is the anniversary of the close of the last strike, October 29, 1900, when the mine workers returned to work after being out six weeks.

#### Makes No Difference.

Washington, Oct. 20.—There is nothing to do but wait in the coal strike matter. As soon as the commissioners start work the fact will be known, as their sessions are not in any way to be secret, but until the taking of testimony begins there is little likelihood of anything of interest coming up. The policy of the coal magnates and the railroad managers was made known at the session yesterday, when Baer announced that he would oppose all recognition of the Mine Workers Union as an organized body, but was willing that Mitchell and others should attend the sessions of the convention as individual representatives of the miners themselves. These matters make no great difference before the board.

#### Miners Are Happy.

Wilkesbarre, Oct. 20.—The output and the number of men employed is greater today than at any other time since the strike began. A very cordial feeling seems to exist. The men are going at their tasks with a will, and the operators are giving them every encouragement.

### MOB CHASED MAN

#### THROUGH STREETS OF NEW YORK, YELLING "TRACY, KILL HIM!"

NEW YORK, Oct. 20.—Two men, shot through the legs, are in Bellevue Hospital, and one man is locked up as the result of a fusillade of bullets fired in a shooting gallery in a basement in Ninety-Eighth street and Third avenue. The prisoner sought the protection of a policeman after he had been chased up Third avenue and through Fourteenth street by a crowd who were shouting: "Tracy, the outlaw! Kill him!"

With a rifle over his shoulder, his face cut and bloody, his collar ripped off and his shirt torn, the man, when captured, said he was David Wenner, proprietor of the shooting gallery, and declared he had shot no one. One of the injured men, William Saunders, was passing the gallery when the bullets began to fly into the street. Louis Rausser, the second wounded man, Wenner declared, was the cause of the trouble.

The shooting gallery man explained to the police that he had quarreled with his wife recently, and that she had left home. In his search for her, he intruded at the home of one of his acquaintances. The latter, with several friends came to the gallery, he said, and started a fight. The rifle lying about were caught up and a fusillade followed. He fled into the street, rifle in hand, but he did not shoot. The crowd took up the chase and in a few moments 250 persons were howling at Wenner's heels. The police had great difficulty in making the stagion with their prisoners.

### ONLY ONE OF MANY

#### MINISTRY OF COMMERCE WILL CONSIST OF NUMBER OF CHINAMEN.

WASHINGTON, Oct. 20.—Minister Wu Ting Fang has not been advised of the appointment of Yuen Shi Kai as Minister of Commerce of the Chinese Empire, although, in his view, such appointment would not be unlikely. Yuen Shi Kai is the Viceroy of Chi Li Province. When the late Li Hung Chang was the Viceroy of the province he also held the title of Minister of Commerce. The Ministry of Commerce to which Minister Wu has been appointed is a special board whose duties relate to the Empire as a whole. He will be in association with Chang Chi Lun and perhaps with others, the title of each of whom will be Minister of Commerce. Yuen Shi Kai may be one of these. It is the hope of Minister Wu that Yuen Shi Kai has been designated, as he is a friend of Mr. Wu and a statesman and diplomat of ability and distinction.

Minister Wu has received no advice indicating the probable arrival in Washington of his successor, Minister Liang. Mr. Liang was appointed Minister to the United States early last

summer, and subsequently made a brief trip to this country as a member of the suite of the Emperor's house.

### DEATH OF DR. HUGHES.

PHILADELPHIA, Oct. 20.—Dr. Daniel E. Hughes, chief assistant physician of the Philadelphia Almshouse, died today of tubercular peritonitis, the germs of which disease he is believed to have contracted from a patient in the hospital. Dr. Hughes had an international reputation as an alienist. He devoted his life to a study of insanity and amelioration of the condition of the criminal and pauper insane.

The public agitation resulting from Dr. Hughes' peculiar ailment started an investigation which will probably result in an attempt to improve the sanitary conditions at the almshouse.

### "LIBERTY BELLES" SUED.

SAN FRANCISCO, Oct. 20.—L. J. Scofield has filed a suit in the United States Court to restrain Frank Hennessey, manager of the "Liberty Belles" Company, now playing at the California Theater, from producing a portion of the play, which he claims is an infringement on a play entitled "Under the Sphinx," the copyright of which is now in his possession, having been made over to him October 23 last by Mrs. Edith Cook, of this city, who is the writer, and who had the same copyrighted on April 17, 1897. The case will be tried before Judge Morrow next Monday.

### RESCUED BY HER LAWYERS

#### An Asylum Officer Attempts to Procure a Patient

### STELLA JOSEPHINE TELLER

#### Who Had Escaped But Is Forced to Release Her by Officers

INDIANAPOLIS, IND., Oct. 20.—A special to the Sentinel, from Valparaiso, Ind., says: An exciting race with the liberty of a young woman as the stake, set this city wild this afternoon. Miss Stella Josephine Teller, cousin of United States Senator Teller, of Colorado, was placed a half year ago, in a private asylum, at Jacksonville, Ill. She escaped and has since resided here.

Recently she prepared to file a suit for \$50,000 against one of her brothers for her asylum experience. This step revealed her whereabouts, and Dr. Sharpe, of the Jacksonville institution, came here, placed her in a truck and started for the railroad station.

Her attorneys hurried to the station with a blanket habeas corpus writ. The writ was signed, Circuit Judge McMahon hastened to gain the necessary order, and the Jacksonville physician was compelled to release his former patient.

#### A Terrible Deed.

Butte, Mont., Oct. 20.—A Miner special from Bearmouth, says: James Conn, a wealthy ranchman on Willow Creek, was found shot to death in his home today.

His mother lay upon the floor with her skull crushed and cannot live, the murderer is believed to be the lone bandit who held up the North Coast Limited, Friday morning.

#### Demented Woman Found.

The discovery of the crime was made this afternoon, and officers are now at the scene. A demented woman who had lived with the Conn family for some time, and who killed her husband about 20 years ago, was on the premises, and it is suggested that perhaps she committed the tragedy.

#### Suspected Bandit Released.

Butte, Mont., Oct. 20.—A special to the Miner, from Missoula, says: Van Hazendock, held on suspicion of being the bandit who held up the North Coast Limited, at Bearmouth, last Friday morning, has been released. The trainmen who confronted the prisoner today were unable to identify him as the robber.

### DHOUKHOBOBS MIGRATE

#### SIXTEEN HUNDRED ARRIVED IN YANKTON, FROM CANADA IN SAD CONDITION.

ST. PAUL, Minn., Oct. 20.—A dispatch to the Pioneer from Yankton, Assiniboine, says: Sixteen hundred Dhoukhibors, men, women and children, have arrived there. They entered town singing a hymn and carrying their sick and infants on stretchers. They are in want of food.

#### Ottawa, Ont., Oct. 20.—Inquiry in regard to the Dhoukhibors elicits the information that a number of them are infected with religious mania. The Dhoukhibors believe it a sin to hold domestic animals in restraint, and they have turned their horses and cattle loose. Men and women have been yoking themselves to the plow and wagon. A large number of the horses and cattle have been seized by the Government and sold. The amount realized, about \$20,000, will be used to take care of the families when winter closes in.

### CONSUL MILLER'S REPORTS.

ST. PETERSBURG, Oct. 20.—The Journal of Commerce and Industry, published by the Ministry of Finance, finds useful information in the reports of the American Consulate at New Chwang on American commerce in Manchuria. After recapitulating the facts, it observes that Russia ought to be able to wrest the kerosene trade from the United States and to secure a share of its textile trade.

# URIBE-URIBE SURRENDERS

## With Ten Cannon, Rifles and all of His Ammunition

### TO GENERAL MARJARRES

#### Successful Attack Upon Rebels Forced Their Surrender

#### DETAILS OF ENGAGEMENT LACKING, BUT HEAVY CASUALTIES ARE REPORTED—COLOMBIAN LEGATION OFFICIALS BELIEVE INSURRECTION HAS ENDED.

PANAMA, Oct. 20.—Revolutionary General Uribe-Urbe, with ten cannon, 25,000 rifles and 3,000,000 rounds of ammunition, has surrendered to General Marjarres at Rio Frio, near Santa Marta. General Marjarres with 2,000 men proceeded against the rebels and succeeded in forcing them to surrender.

The news of this attack was received by General Perdomo and General Salazar this morning. Details of the engagements are lacking, but heavy casualties on both sides are reported.

The surrender of Uribe-Urbe is said to complete the pacification of the departments of Magdalena and Bolivar. Revolutionists now occupy the Isthmus only.

#### Received Death Blow.

Washington, Oct. 20.—The Colombian Legation officials declare that, with the surrender of Uribe-Urbe, the life of the rebellion in the interior of Colombia has received its death blow. He was, they say, the acknowledged leader of the movement against the Government, and by energy and perseverance in raising and equipping troops and securing assistance from the outside, has kept the revolution going so many years.

General Castillo, who surrendered with Uribe-Urbe, formerly, was the guerrilla who gave the Government a great deal of trouble.

#### Are Still Fighting.

Sofia, Oct. 20.—The leading Macedonian here assert that the insurgents inflicted severe losses on the Turkish troops during the recent fighting in Kresna Pass by the use of dynamic mines. The fighting is still going on.

#### RECEPTION FOR CHAFFEE.

SAN FRANCISCO, Oct. 20.—Definite action has been taken toward arranging a reception for General A. R. Chaffee when he arrives in this city, the last of this week or the first of next, from his campaign in the Philippines. The presidents of the various commercial associations of the city have constituted themselves into a committee to wait upon the general and tender him a general reception in the name of the Chamber of Commerce. He will also be invited to be the guest of honor at the annual banquet of the Merchants' Association.

### WHEAT INCLINES UPWARD

#### CALIFORNIA CROP HAS BEEN FOUND MUCH LESS THAN THE ESTIMATE.

SAN FRANCISCO, Oct. 20.—The upward movement in the price of wheat is causing considerable excitement in local commercial circles, and the market is showing more activity than for many months. The fact has developed that early estimates of the crop of this state were far from the actual facts. The reports at first indicated a yield of about 900,000 tons. Now that the harvest is over, the crop is believed to be only 500,000 tons or a trifle over.

The extent of the wheat shortage is shown by the statement that there will be between 25 and 30 million grain bags carried over this year against from 10 to 15 millions in ordinary seasons.

The great drought in Australia is turning a large quantity of wheat in that direction which would otherwise be shipped to Europe from this port, though the steamer Saloma has brought news that the drought was breaking and better conditions prevailed in the South Sea continent. The British ships Claverdon, Trafalgar, Glenclava, Blythwood and Vimeria have all been chartered to load here for Australia and other cargoes may be engaged before the end of the week.

Freights have gone down and ships are now easily secured at 17 shillings, six pence per ton with the disengaged tonnage in port on the increase.

#### A MATCH HUNT.

BROWNSVILLE, Oct. 20.—The members of Hemlock Camp, Woodmen of the World, have completed arrangements for their annual hunt, which will be held on next Saturday. The Woodmen have been chosen on opposite sides, and the side securing the least points will entertain the winning side with a game supper on the following Monday night. The immediate families of the Woodmen and the members of Women of Woodcraft are also invited. There will be edibles other than game, and the wives and sweethearts of the members of the camp and the members of the Circle are expected to prepare and bring well-filled baskets. The captains are F. A. Bruckman and O. R. Long.

### ARMLESS MAN IN TROUBLE

#### GAVE AN EXHIBITION IN SALEM THREE WEEKS AGO—MADE A GUN PLAY.

ABERDEEN, Wash., Oct. 20.—A man sans hands and arms, but who can use his feet as expertly as most people do their hands, has been "working" Aberdeen for the past day or two. He can shuffle cards, shave a man, shoot a pistol, and has divers other accomplishments. His crippled condition excites the pity of those who have the usual number of members, and he has received a goodly number of contributions of coin of the realm, which he proceeded to utilize last night to purchase liquid refreshments. While intoxicated in a saloon, he mixed up in a quarrel between others, and finally some gun play was indulged in. He pulled his pistol, cocked it with his chin and was ready for business, when an officer was sent for, who, after a little parley, disarmed him, and keeping near enough to avoid his ostrich-like kicks, finally landed him in jail.

The armless man was tried this morning and sentenced to ten days in jail for attempting to use a deadly weapon.

#### UNION PACIFIC'S MANAGER.

DENVER, Oct. 20.—The Republican today says: William A. Deul, superintendent of the Colorado Division of the Union Pacific Railway, with headquarters in Denver, is said to be slated for the position of general manager of the Union Pacific to succeed E. Dickinson, the present general manager, who, on November 1, will assume similar duties with the Stillwell Road in Mexico. Private advices received in Denver from Omaha state that Mr. Deul's appointment had been practically decided upon.

#### ADVOCATES CLOSER UNION.

LONDON, Oct. 20.—In a speech tonight, at West Bromwich, Staffordshire, Vice-Admiral Lord Charles Beresford, advocated a closer union between Great Britain and the United States.

### DEPARTMENT WAS PROMPT

#### In Answering Latest Colombian Note in Reference to

### PANAMA CANAL TREATY

#### It Is Presumed That It Deals With the Sovereignty of the Isthmus

WASHINGTON, Oct. 20.—It was learned today that prompt answer has been made by the State Department to the latest Colombian note respecting the Panama Canal Treaty, which was transmitted to the Department Monday. Its nature was not divulged, but the presumption is that it deals almost entirely with Colombia's representations regarding the sovereignty of the Isthmus, which the Colombians feel has been seriously invaded by the acts of Commander McLean and Admiral Casey in preventing the prompt movement of troops across the railroad.

The State Department is anxious that a speedy settlement be reached in order to facilitate the completion of the Panama Canal Treaty. Mr. Concha, Colombian Minister, received ample and specific instructions empowering him to proceed in the matter, which has been retarded only by the controversy which has arisen regarding the transit of the Isthmus.

The original proposal looked to wait for 14 years before beginning the payment of annual rental, the amount of which was to be fixed then by mutual agreement. Colombia now asks the United States to agree at once upon a lump yearly payment of \$600,000, which will largely increase the immediate cost of the enterprise. The Colombian Government clings to its contention that it has no constitutional authority to alienate any Colombian territory, and reiterates that the best it can do to meet the language of the Spooner act, which looks to perpetual control by the United States over the canal strip, is to make a 100-year lease, with distinct provision that the same shall be renewable by the United States at the expiration of the first century.

### CRUSHED BOY'S HEAD

#### KEEPER HAD TO PRY ANIMAL'S JAWS OPEN TO RELEASE THE LAD.

HOT SPRINGS, Ark., Oct. 20.—At Happy Hollow, a pleasure resort near here, containing a Zoo, Robert Tatum, about 8 years of age, while passing close to where a large black bear was chained, was caught between the jaws of the animal, who dragged him close to his body, and placing the youth's head in his mouth, started to crush his skull. The bear's keeper rushed to the scene, pried open the mouth of the animal and rescued the boy, who was unconscious. The boy's skull was fractured and his legs torn. He will die.

### PERISHABLE FREIGHT

#### BRYAN AND HIS PARTY WRECKED, THEN DUMPED INTO A REFRIGERATOR CAR.

CRIPPLE CREEK, Col., Oct. 20.—The Bryan special crashed into a freight train, 115 miles above Leadville, and three persons were injured. Bryan and party were put into an empty refrigerator car and taken to Leadville.

#### A Typical South African Store.

O. R. Larson, of Bay Vista, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an Achor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's Remedy. All testify to their value in remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by Stone's drug stores.
