

MITCHELL DAY CELEBRATED

In all Principal Places of Anthracite Coal Regions

GREAT DEMONSTRATIONS

Held in Wilkesbarre in Which President Mitchell Took Part

WAS GIVEN TREMENDOUS OVATION ALL ALONG LINE—ALL MINES SHUT TO CULTIVATE FRIENDSHIP OF OPERATORS.

WILKESBARRE, Pa., Oct. 20.—"Mitchell Day" was celebrated in all of the principal places of the anthracite coal region today, and the mines were closed. The principal demonstration was held in this city, and President Mitchell took part. The procession started shortly before noon, and it is estimated that there were 10,000 men in line. Mitchell was given an ovation all along the line of march, and whenever the carriage stopped the crowd from the sidewalk pressed around and insisted on taking his hand.

After the big parade a mass meeting was held at the Y. M. C. A. Park. Thomas Haggerty, of Reynoldsville, Pa., who was the principal speaker of the day, eulogized Mitchell for his great work in behalf of the miners. Several addresses in foreign languages then followed. President Mitchell was the last speaker. He said in part:

"Language is inadequate to express the gratitude I feel for the great reception I have received at the hands of the anthracite miners, and I feel that the victory is not due to myself, but to the men, women and children who made such great sacrifices. I hope there will never again be a strike in the coal fields of Pennsylvania. I want union men to prove that they are better workmen than non-union men. I desire the men and operators to meet as friends and not make enemies of the operators."

Mitchell was busy tonight completing his plans for the first meeting of the arbitration board in Scranton tomorrow. Professor Well is assisting Mitchell in preparing for the presentation as is also Dr. Peter Roberts, of Mahanoy City, an authority on the hard coal industry.

Commission at Work.
Scranton, Pa., Oct. 20.—The anthracite coal commissioners arrived here tonight and tomorrow will be spent in the hard coal region north of this city. Friday the commission will spend the day in visiting the collieries in and about the city of Scranton, and Saturday will go to Wilkesbarre.

Militia Was Assailed.
Pittsburg, Pa., Oct. 20.—An outrageous scene marked the return of the soldiers of the Fourteenth Regiment from the anthracite region today.

While passing down Fifth avenue they were assailed with chunks of concrete, blocks of wood, and even tools, thrown from the 21st floor of a building. The act was evidently premeditated, for the workmen had collected enough missiles to be able to keep up the assault while the entire regiment was passing.

When Company D reached the spot the abuse increased. The soldiers were halted, ordered to load and prepare to shoot. The hurried arrival of their captain and the flight of the workmen prevented bloodshed. The captain ordered the troops to march on. He then stood with a lieutenant with drawn revolvers, intending to shoot the first workman again showing violence. None appeared.

As the officers started to overtake the troops a bystander made insulting remarks and the captain turned and struck at him viciously with his sword, but the civilian escaped.

All the assaulting workmen will be discharged and complaint made to the local unions.

BAD FOR TAX OFFICERS
IRREGULARITIES FOUND IN THE RECORDS OF THE CITY OF CHICAGO.

CHICAGO, Oct. 20.—In ten years the city of Chicago has lost \$5,610,000 in uncollected taxes. A report showing this, and declaring the tax-assessing and collecting methods of the city full of errors, abuses and mysteries, has been placed in the hands of Controller McGinnis by expert accountants who have been examining the books of the county treasurer. During ten years, the accountants assert, the collections of delinquent personal property taxes amounted to only \$50,000 until an investigation of the books was begun, and then the county authorities were able to collect \$15,000 a month. It is asserted also that the county authorities have made a practice of accepting partial payments as payment in full, without showing by their records why a reduction was allowed.

WINNIPEG, Man., Oct. 20.—Among the sixteen hundred Droukhobors in Yorkton today no disturbance is reported. Their immediate errand is peaceful, being a conversion of Yorkton to their vegetarian and humanitarian ideas.

The majority of the travellers are scantily clad and not a few are barefooted. The hardships suffered on the march were fearful. More than half of the entire band were women and children. Several babies were born and the exposure was especially trying on them.

PRESIDENT PROCLAIMS

Thursday, November Twenty-Seventh, Be Set Aside as

A DAY OF THANKSGIVING

Year Has Been One of Peace and Overflowing Plenty

THANKS SHOULD BE RENDERED TO ALMIGHTY GOD FOR MANIFOLD BLESSINGS—HIS IDEA OF RESPONSIBILITIES OF PRESIDENT—WILL GO SOUTH.

WASHINGTON, Oct. 20.—President Roosevelt today issued his proclamation designating Thursday, November 27, as a day of thanksgiving. The proclamation is as follows:

"According to the yearly custom of our people, it falls upon the President at this season to appoint a day of festival and thanksgiving to God. Over a century and a quarter has passed since this country took its place among the nations of the earth, and during that time we have had on the whole more to be thankful for than has fallen to the lot of any other people. Generation after generation has grown to manhood and passed away. Each has had to bear its peculiar burdens, each to face its special crisis and each has known years of grim trial, when the country was menaced by malice, domestic or foreign, when the hand of the Lord was heavy upon it in death by flood or pestilence, when in bodily distress and anguish of soul it paid the penalty of folly and a forward heart, have struggled onward and upward, we now abundantly enjoy material well being, and under the favor of the Most High we are striving earnestly to achieve moral and spiritual uplifting."

"The year that has just closed has been one of peace and overflowing plenty. Rarely has any people enjoyed greater prosperity than we are now enjoying. For this we render heartfelt and solemn thanks to the giver of good and we seek to praise Him not by words only, but by deeds, by the way in which we do our duty to ourselves and to our fellow men."

"Now, therefore, I, Theodore Roosevelt, President of the United States, do hereby designate as a day of general thanksgiving, Thursday, the 27th of the coming November, and do recommend that throughout the land the people cease from their ordinary occupations and in their several homes and places of worship render thanks to Almighty God for the manifold blessings of the past year."

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the City of Washington, this 20th day of October, in the year of our Lord, 1901, and of the Independence of the United States the 127th."

(Sgd.) THEODORE ROOSEVELT.

(By the President, John Hay, Secretary of State.)

President's Responsibilities.

Boston, Oct. 20.—In an article written for the Youth's Companion, Theodore Roosevelt gives his ideas of the responsibilities of the President of the United States. Mr. Roosevelt wrote the article previous to his nomination for Vice President. He said in part: "The President of the United States occupies a position of peculiar importance. In the whole world there is no other ruler, certainly no other ruler under free institutions, whose power compares with his."

"Of course, there is an enormous personal factor incumbent upon himself to be considered entirely apart from the power of the office itself. This is merely another way of stating that in any office the personal question is always of vital consequence."

Will Go South.

Washington, Oct. 20.—President Roosevelt will make a trip through a part of the South next month if official business will permit.

All the men are between the ages of 18 and 25 years. The Adams, which will make a cruise with apprentices, with Wake Island as her most distant point, will probably sail within a few days.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.
