

DEMOCRATS CRY FRAUD

Campbell, of Democratic State Committee, Talks

THOUSANDS OF EFFECTIVE

Ballots Alleged to Have Been Cast in Greater New York

THE PARTY WILL INVESTIGATE—GOVERNOR ODELL'S EXPENSES NO SMALL MATTER—COLORADO REPUBLICANS CHARGE FRAUD IN REGISTRATION.

NEW YORK, Nov. 6.—Chairman Frank Campbell of the Democratic State Committee issued the following statement:

"It appears on the face of the returns that Odell has a plurality of 9,122. These figures do not include, in some counties, the vote cast for the Greater New York Democratic ticket, which has on it the name of Coler for Governor. This will materially reduce this apparent plurality.

"We have reliable information of thousands of defective ballots having been cast, and in certain districts, where the returns were strongly Republican, the ballots were burned by the inspectors immediately after they were counted, which is in direct violation of the law. These facts and all others will be investigated by representatives of the party and, until that time, actual results cannot be stated."

Indians Have Election.

Rochester, N. Y., Nov. 6.—The Indians of Cattaraugus and Allegany reservations held election today. A bitter contest was on between the Democratic and Republican factions. Frank Peterson, Republican, was re-elected president of the league.

A Big Account.

Albany, N. Y., Nov. 6.—Governor Odell filed his statement of election expenses today. It consists of one item, \$10,000, which was contributed to the Republican State Committee for campaign purposes.

Trouble in Colorado.

Denver, Col., Nov. 6.—Although the returns are far from complete, enough have been received to show that the Republicans will have a majority of the lower house of the Legislature, while the Democrats, with seventeen members, will have a majority in the Senate. From the best reports obtainable at this time, the Legislature seems to stand on the joint ballot: Democrats, fifty-three; Republicans, forty-seven. Of the Democratic Representatives, fourteen are from this (Arapahoe) county, and their seats will be contested by the Republicans on the ground of fraud in registration and at the election.

Republican leaders declare that the whole number will be re-seated, making the Legislature heavily Republican on joint ballot. It is declared by the leading Democrats that if this course is adopted, a Democratic Senator will succeed Teller.

Contempt of Court.

Denver, Col., Nov. 6.—On application of the Arapahoe County Republican Committee, Judge Johnston today issued a writ of attachment for County Clerk Julius Alchele, who is charged with having disregarded the order of the court which enjoined him from certifying about 1,800 names on the registration lists which, it was claimed, were fictitious and fraudulent.

Will Investigate Fraud.

San Francisco, Cal., Nov. 6.—With about 300 precincts in remote districts to be heard from, it is estimated that the lead of Pardee for Governor will be in the neighborhood of 1,800.

A meeting of the law committee of the Democratic State Central Committee was held today to inquire into the reports alleging fraud in a number of counties. No action was taken, pending the result of the official canvass.

A Good Majority.

Lincoln, Neb., Nov. 6.—Eighty-four counties, with estimates on the remaining six, show Minekey, Republican, for Governor, elected by 5,800. Tonight's returns show McCarthy, in the Third, and Harris, in the Fifth district, Republicans, are elected to Congress, giving that party five of the six Congressmen from Nebraska.

The Tables Turned.

Wythville, Va., Nov. 6.—Late returns for the Ninth district indicate the reelection of Congressman Rhea, Democrat, by a majority of twenty-five. Up to tonight Rhea was supposed to have been defeated.

Will Control Legislature.

Boise, Ida., Nov. 6.—It is now known that the majority for the Republican state ticket will reach close to 7,000, while French, for Congress, may have 3,500. In the Legislature the Republicans will have at least fifty on joint ballot out of a total of sixty-seven.

FRISCO ROAD STOCK SOLD.

NEW YORK, Nov. 6.—James Campbell, of St. Louis, and B. F. Yoakum, president of the St. Louis & San Francisco Railroad, have completed a deal

with the banking house of J. & W. Seligman & Co., according to the Herald, whereby the stock represented by the banking house has passed into the hands of a pool, of which Messrs. Yoakum and Campbell are the active agents. The deal involves the purchase of a large block of common stock of the Frisco, and on its successful termination, it is stated, places the property in the absolute control of St. Louis capitalists.

The annual election will be held November 10, when several changes in the directorate are expected to occur.

COAST FLOUR MILL TRUST

THEODORE B. WILCOX, OF PORTLAND, ONE OF LEADERS IN MOVEMENT.

SAN FRANCISCO, Nov. 6.—Confirming previous reports, the Call this morning says: A deal is practically accomplished for the amalgamation of all the extensive flouring interests of the Pacific Coast. It will take in the large plants of Washington, Oregon and California, and will call into existence one large corporation, with a capital of \$20,000,000, and facilities equal to supplying the present and prospectively greater demands of the Pacific Coast and of the Orient. William Thomas, of this city, is now in the East in connection with the deal. The preliminary advances were made a few weeks ago by Mr. Thomsen of the Centennial Mills, of Seattle, and Mr. Wilcox, of the Portland Flouring Mills Company.

Under the plan for financing the deal, says the Call, the owners of existing properties are to receive on a fixed and agreed valuation of plants, etc., 20 per cent in cash and the remainder in bonds and stocks to be issued by the new corporation to be formed to effect the amalgamation.

MUST HOLD DIPLOMAS

CHICAGO WOMEN TO ADOPT PLAN FOR SOLUTION OF "GIRL" PROBLEM.

CHICAGO, Nov. 6.—The latest suggestion for the solution of the servant girl problem is embodied in a plan that has just been adopted at a meeting of the Chicago Housewives' Association. According to the plan servant maids may hereafter be obliged to hold diplomas issued by the association in order to secure positions in the homes of the members of the organization. The rules regulating the granting of the diplomas are to be definite. The formal testimonials will be granted to a maid only after she has been in one family one year and has performed her duties with a certain degree of proficiency. Real parchment will be used and the holders will be described as "satisfactory," "good," or "remarkably efficient." Graduate "cooks," "waiting maids," "ladies' maids" and "laundresses" will be classed as household servants.

STOCK RATES UNREASONABLE

Claims President Bird of St. Paul Road

TO COMMERCE COMMISSION

Because Too Low to Compensate for the Services Rendered

THOUGHT IT WAS ALL RIGHT TO LOWER RATES ON RAW MATERIAL, BUT DID NOT BELIEVE IN FORCING DOWN LIVESTOCK RATE.

CHICAGO, Nov. 6.—A. C. Bird, third vice president of the St. Paul Road, took a bold stand before the Interstate Commerce Commission today when that body began the investigation into the rates on cattle and packing house products between Chicago and the Missouri river.

"Not only are our livestock rates unreasonable," he declared, "but all our freight rates are unreasonable, because they are entirely too low to compensate us for the service rendered. All the freight rates should be raised."

Bird deemed it a wise policy to make as low a rate on the raw material as on the finished products, but when the rate on the latter, which was not remunerative, was forced upon the roads, he did not believe in also forcing down the livestock rates to maintain the relation.

To Receive an Increase.

Chicago, Ill., Nov. 6.—Twenty-five hundred trainmen in the employ of the Union Traction and Consolidated Street Railways are to receive an increase in wages of more than 10 per cent, dating from September 15th, according to the findings of the board of arbitration, which made its report tonight.

HOPE FOR EPILEPTICS

SOCIETY OF SURGEONS FOR THE STUDY OF TREATMENT REPORT GOOD PROGRESS.

NEW YORK, Nov. 6.—At the annual meeting of the National Association for the Study of Epilepsy and Treatment and Care of Epileptics, in this city, President Frederick Peterson, in his annual address, said:

"There are 140,000 cases of this disease in the United States only. Time was when the hospital, the school, the church and employment were closed to him; when he was even a burden to his family. Now, in nineteen states there are provisions made for their care and treatment, and in some cases cures have been established. In Europe also there are many homes and colonies established for the care of these unfortunate, and the movement has extended into the countries of Asia and South America."

Among other speakers was Dr. Roswell Park, of Buffalo, who discussed "The Treatment of Epilepsy by Surgery." He advocated the early diagnosis of the case for the attainment of the best results by surgery. It will be well, he said, to have the epileptic carefully studied by an accomplished surgeon, who should review the case with a view to the possibility of surgical intervention. The operation, when undertaken, he thought, should be regarded as a first measure, to be followed by others looking to a correction of all faults of diet, of elimination and so forth.

These officers were chosen for the year: President, Dr. Wharton Sinkley, of Philadelphia; vice-president, Dr. William Oster, of Baltimore; treasurer, Dr. William P. Spaulding.

THEY MAY BE SORRY

DENMARK ANTI-SALE PARTY FIND TROUBLE IN DEVELOPMENT PROJECT.

COPENHAGEN, Nov. 6.—The time for subscribing to the stock of the Danish West Indian Company has expired. Of the \$100,000 nominal capital only one-fifth was subscribed for, notwithstanding the advertisement given to the concern by King Christian and Crown Prince Frederic raising stock. The promoters, who are anti-salers, are disappointed because of the weakness of the sentiment in favor of aiding the West Indian. The leaders of the movement intend to appeal to King George of Greece, Queen Alexandra and the Dowager Czarina of Russia to buy shares. The banks and a few individuals will probably face the matter and stand the losses since the treaty providing for the sale of the Danish West Indies to the United States was rejected partly on account of their promises.

Sick of Job.

COPENHAGEN, Nov. 6.—The smallness of the subscription (one-fifth of the proposed capital of \$1,000,000) to the proposed Danish West Indian Company, is discussed everywhere. The leading promoters disagree, some insisting on the abandonment of the plan. Many former anti-salers are wishing that the island had been sold. The prospect of assisting the inhabitants of the islands is now more problematical than ever.

CUBAN TREATY NOW OVERDUE

Reciprocity Document Has Not Left Havana Yet

STATEMENT OF MINISTER

Misleading as to Location of Draft—Should Follow Message

CUSTOMS OFFICERS SEIZE THE ENTIRE CARGO OF FURS FROM ALASKA ON STEAMSHIP OHIO—OTHER CARGOES TO BE SEIZED LIKEWISE.

WASHINGTON, Nov. 6.—Contrary to the common understanding here, it appears that the draft of the Cuban Reciprocity Treaty has not yet left Havana on its return to Washington. A misunderstanding as to the location of the document arose from a statement from Minister Squires, at Havana, that he expected the treaty to be sent by mail following the sending of his message.

Cargoes Seized.

Seattle, Wash., Nov. 6.—The entire cargo of furs brought out from St. Michael by the steamship Ohio has been taken charge of by the customs officers at this port and the same will be the case with the other shipments due shortly.

The seizure was made under the law fixing the date when fur shipping from Alaska, on bear or game animals, shall cease on July 1.

Alaska Gold Output.

Washington, Nov. 6.—The Director of the Mint reports the placer gold output of Alaska for the last ten months at \$18,970,075. This is over \$4,000,000 in excess of the Alaska output for the entire calendar year of 1901.

BOHEMIA'S RAILROAD

TWO TRAINS DAILY TO BEDROCK, AND ADVANCE WORK BEING PUSHED.

COTTAGE GROVE, Oct. 31.—The new railroad to connect this city with the great Bohemia mining district, is slowly but surely pushing its way along. Two trains are regularly run to Bedrock, ten miles distant. The passenger traffic is steadily increasing, and the freight business is all that can be expected. About six miles more of grade is nearly completed and track-laying will be commenced Monday next and pushed steadily forward until completed to the Red Bridge, a distance of sixteen miles from town.

A branch is being built up Mosby Creek into the big timber district to connect the logging camps with the large saw mill here, and over a mile is now in operation with train loads of logs arriving daily. The general manager of the new road went East yesterday to arrange for more cars and passenger coaches. A new depot is soon to be built at the intersection of the main line and the Mosby Creek branch to be known as Walden Station, about three miles from here. The second engine, which recently arrived, is actively at work on construction and fills the requirements fully. The finishing touches are now being put upon the roundhouse in the corporation yard for housing the engines. New and commodious quarters have been fitted up and are now occupied as the offices of the company in the east end of the big freight house on the terminal grounds. In fact, everything for the advancement of the new enterprise is going forward as fast as circumstances will permit, and another season will witness the completion of this railroad through one of the finest timber belts in Oregon and into the heart of the greatest mineral zone in the Northwest.

FATAL MONTANA DUEL

DEPUTY CUSTOMS COLLECTOR KILLED HIS ADVERSARY—THREE WOUNDED.

BUTTE, Mont., Nov. 6.—A special to the Miner from Glasgow, Mont., says that as the result of ill-feeling engendered during the campaign United States Deputy Collector of Customs James R. Stephens shot and instantly killed William Humphrey during a pistol duel yesterday. The fight occurred in a saloon, and a number of bystanders were shot, though it is believed not fatally.

George F. Hurd, mayor of Glasgow, was shot in the right leg and may lose that member.

D. J. White was struck by a spent bullet and slightly injured.

Joseph F. Dore was shot in the ankle and foot shattered; will lose foot.

Humphrey was shot through the heart.

Stephens emptied his six-shooter and Humphrey three chambers of his gun during the duel.

GIFT TO AMERICANS.

CHICAGO, Nov. 6.—The gift of a large collection of edition de luxe volumes, mostly historical and scientific, is the partial award received by the University of Chicago for its participation in the "Franco-American" move, to establish closer educational

relations between France and the United States.

The French Government with its own press publishes scientific treatises and historical memoirs which no private publisher could afford to undertake. No expense is spared in the compilation or printing of these works, and they are extremely valuable. The French Minister of Public Instruction in appreciation of the University's co-operation with the French schools, has presented to the Chicago school a collection of all works so far issued. Several thousand volumes already have been shipped. It is expected that as new works are published the University will receive copies of them.

ARRESTED FOR ASSAULT

DRUNKEN MAN ATTACKS A CRIPPLED BARBER ON COMMERCIAL STREET.

D. F. Vance was arrested last night, about 7 o'clock, by Chief of Police D. W. Gibson, charged with assault and battery upon the person of one Hyde, a barber employed in a shop on Commercial street, next to the Pennsylvania restaurant. Vance was considerably intoxicated at the time of the assault. Just as he came along, Hyde, who is a cripple, stepped out of the shop, and was in the act of locking the door, when Vance began a tirade of abuse without the slightest excuse. Hyde attempted to return to the shop, when Vance made the assault, striking him in the face, and inflicting a serious bruise. Chief Gibson, at that time appeared upon the scene and escorted the fellow to the city jail, where he was locked up for the night. He will be given a hearing this morning before City Recorder Judah.

EDITORIALS OF PEOPLE

HOP GROWER RECEIVES INFORMATION FROM ENGLAND REGARDING MARKET.

Editor Statesman:

I had a friend, whose relatives live in the hop center of Kent, England, make inquiry regarding the prices. He received a reply, dated October 16th, 1902, stating that hops there were 44 cents per pound, or \$50 per cwt. of 112 pounds, our dollar being equal to 4 shillings and 2 pence of English money.

This may be information to the grower, so I send it in. Of course, somebody is taking a big "rake-off" between the grower here and the consumer. There has always been not less than 6 cents difference between New York prices and Salem prices. But I suppose the "rake-off" increases with the increase of hop buyers, for this year it is more. The grower had better turn buyer, for that individual seems to enjoy perennial prosperity.

Mold and lice and low prices may bankrupt the grower, but the buyers' "rake-off" never fails. Query: If the brewers have the warehouse in Salem full of hops at 10 and 12 cents a pound, why are they paying 42 cents for German hops? HOP GROWER. Macleay, Or., Nov. 6th.

WERE IN NO HURRY.

NEW YORK, Nov. 6.—A romance of love and war culminated in the Roman Catholic Church of St. Veronica, today, when Miss Julia Agatha Dunne became the bride of Dr. William Donovan.

Three years ago, when Aguilafido was making trouble in the Philippines, Dr. Donovan was appointed surgeon with one of the regiments sent there to help quell the insurrection. At that time he was engaged to Miss Dunne, but, believing that he owed his first duty to his country, he made the long journey across the sea. It was agreed that should the young physician survive his service they should get married on his return. With a good record for bravery under trying circumstances on the field, and for faithful service, the physician returned home two months ago to take his bride and redeem his pledge.

CAPTAIN DIED ON SHIP.

SAN FRANCISCO, Nov. 6.—Captain H. Griffiths, captain of the bark Kaluan, died on board the vessel last Saturday, when she was at a point 400 miles off Cape Blanco, on the way from Seattle to Honolulu. Stomach trouble was the cause of death. Chief Officer Wallace took charge of the ship and steered a course for this port to land the captain's body.

Captain Griffiths was one of the best known and most capable master mariners sailing out of this port, having been on the Coast for more than forty years.

New Orleans, Sept. 1, 1902. Messrs. Ely Bros.:—I sold two bottles of your Liquid Cream Balm to a customer, Wm. Lambertson, 1415 Delcassie street, New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results. Geo. W. McDuff, Pharmacist.

PLASTERERS WILL ARBITRATE.

NEW YORK, Nov. 6.—By an agreement just reached between committees, the plasterers who have been on strike all over the city since October 21, will return to work today at the union wages of \$5 a day, pending the settlement of the points in dispute by arbitration. Both sides are pledged to abide by the decision of the arbitrators who will be the members of the two committees.

This action averts a threatened general sympathetic strike of 75,000 men in the building trades.

WILL ADHERE TO DECISION

President Diaz Will Not Accept the Subscription

FOR PIUS FUND CLAIM

Insists That Money Be Paid Out of the Mexican Treasury

ASSESSOR M'GRIFFIN, OF CASCADE COUNTY, MONTANA, IS \$5,000 SHORT IN HIS ACCOUNTS—HAS NOT SETTLED FOR FOUR MONTHS—RE-ELECTED.

LAREDO, Tex., Nov. 6.—A special from Mexico City says: President Diaz has declined the proposition to accept the money raised by public subscription for the payment of the Pius Fund claim.

The President stated that Mexico will adhere to the decision of The Hague Court, and that, since it was stated in the decision that the amount should be paid from the Mexican treasury, the payment will be made accordingly.

Short in Accounts.

Butte, Mont., Nov. 6.—A special to the Miner from Great Falls says the county commissioners have made a discovery whereby it is alleged that Assessor McGuffin, of Cascade county, is short in his accounts in a sum approximating \$5,000. McGuffin, it is said, has made no settlement with the county treasurer for the past four months. On last Thursday McGuffin was re-elected to the office he now holds. No definite action has yet been taken pending a thorough examination of his accounts.

To Harness Waters.

Boston, Mass., Nov. 6.—Engineers are being sent to Tacoma and Seattle to begin work on a project which has for its chief aim the harnessing of the waters of the Puuyallup Glacier on Mount Rainier for commercial purposes.

It is claimed that, if successful, this will be the first instance where glacial waters have been used directly to provide power.

IS A PROFESSIONAL

"LOCOMOTIVE" SMITH SO DECLARED BY COMMITTEE OF ARBITRATION.

On Tuesday morning last the Statesman printed a press dispatch to the effect that "Locomotive" (W. W.) Smith, well known in this city and throughout Oregon as a noted football player and, until recently, the star halfback upon the University of California's team, had been declared a professional and was barred from taking part in the big game between the University and Stanford, which takes place tomorrow, and which promises to prove one of the bitterest battles ever fought on the California gridiron as the result of this decision, which was brought about by charges of professionalism preferred against Smith by the Stanford University.

The details of the case have now arrived, which are to the effect that the charges were brought against Smith by reason of his connection with the University of Oregon last fall, as coach at a cash remuneration of \$450 for "expenses."

According to the San Francisco Chronicle, of November 4th, the Stanford case was presented in the form of legally prepared data, consisting of affidavits collected in Oregon by Chester Murphy, of this city, the former Stanford quarter-back and captain, and by McFadden, the former Stanford Varsity end and this season's Oregon coach, both being residents of places in Oregon conveniently near the University at Eugene. Affidavits were also produced from members of the faculty at Eugene. On the other hand, California made little more than a technical defense. But Monday evening "Locomotive" Smith himself appeared before the committee and explained his expenses, though he had kept no vouchers and had bunched his expenditures in general phrases.

Colonel Edwards of the University of California faculty did not concede it. He accordingly asked for an arbitration committee to settle the question on its merits. The president of the University Club of San Francisco was asked to appoint an impartial committee to try the case. He chose graduates from all the big Eastern colleges and representatives also from Canadian and English universities, nineteen in all. Fifteen of these mature college alumni attended the sessions of the committee and finally rendered a unanimous decision for Stanford in the form of a resolution, as follows:

"Resolved, That upon the evidence presented to this committee, it is the sense of the committee that W. W. Smith is not an amateur within the meaning of article 3, section 2, of the inter-collegiate agreement of March 29, 1900."

The attitude of Stanford in this matter has generated the bitterest feeling and the members of the California Varsity assert that, as a consequence of the Smith episode, the game tomorrow will "go down in history as the fiercest gridiron struggle ever known on the Pacific Coast."
