REFERS TO E. H. FLAGG'S RECORD IN LEGISLATURE IN INTRODUC* ING AND SECURING PASSAGE OF SALARY REDUCTION BILL-REC-OMMENDED FOR RECORDER.

(From Thursday's Daily.) (The Statesman is pleased to print communications upon topics of general interest, at any time. There is scarcely any limit to the topics of general interest. It is asked only that correspondents refrain from personalities and use care that nothing be written of a libelous or unworthy or untruthful nature.)

Editor Statesman: As a resident of Salem I am interested as all should be in seeing the affairs of the city properly adminisered, and the municipal offices in the hands of men who are competent and who have proved by their past records that they will make faithful and economical public servants.

The present administration claims a great deal of credit for the good work it has done, and no one is disposed to deny them their full due but it must he remembered that the first step in the line of reform was made by Hon. E. H. Flagg, when he introduced in the session of 1899, the bill reducing the salary of Marion county officers. Mr. Flagg fought this bill through in the face of heavy opposition from interested parties who were ready to R. Morgan were defendants, and an promise everything before election, but shirked the fulfillment of these promises. It became a law and saved the county and city many thousands of dollars.

Mr. Flagg performed another work for which he is entitled to the good will and support of the people of this city, and that is the saving of the State Fair, the payment of its debts and placing it upon a non-partisan at the hour of ten o'clock in the forebasis. It will be remembered that the Telegram and the Oregonian had made a strong fight for the abolition of the Fair, and, apparently, had secured pledges from members of the Legislature sufficient to accomplish that end. In fact, it was generally thought in Salem as well as elsewhere, that the Fair was dead. Mr. Fiagg introduced and secured the passage of a bill, Board of Agriculture, reducing the viding that no two should be from any non-partisan. He was a member of the ways and means committee and inserted in the appropriation bill an item of \$7,500 to pay the debt of the board and place the new board on a cash basis. I think it is not too much to kay that if it had not been for Mr. Flagg's work Salem would have lost the State Fair, and that he is entitled to a great share of the credit for its success the last two years.

I understand Mr. Flagg would ac cept the nomination for city recorder at the coming municipal contest on the Republican ticket, and certainly our friends who at present control municipal affairs could not consistently oppose him with his record of economy CITIZEN. and reform.
