

Pens and Pleasure

With some pens it is a pleasure to use them; with others, a task. Our two Fountain Pen leaders, the Lauchlin and the Parker Lucky Curve are decidedly in the former class. They are fine working, easy running pens that never balk or grow scowry. To purchase either one is to be sure of satisfaction. Come in and talk over your pen troubles with us, and let us explain to you the points of the two "easy writers."

BIG LIVESTOCK COMPANY
INCORPORATED AT EUGENE WITH A CAPITAL OF ONE MILLION.
The Oregon Land & Livestock Company yesterday filed articles of incorporation with the Secretary of State. Capital stock of the company is \$1,000,000 and the principal place of business is Eugene. The incorporators are E. A. Booth, John F. Kelly and George H. Kelly. The objects of the incorporation cover nearly everything in the livestock business. This company has been formed by members of the Booth-Kelly Lumber Company, and is for the purpose of developing a portion of the property of that company, recently acquired from the Military Wagon Road Company, and the new company will take all that portion of the land grant east of the Cascade Mountains which has been found to be more valuable for stock raising than for timber. An extensive industry is thus to be developed.
Three other companies filed articles, as follows:
The Acme Livestock Company will deal in horses and cattle of all kinds, sheep, hogs and poultry. The headquarters will be located in Portland. The capital stock is fixed at \$50,000. E. F. Smith, Wm. C. Smith and G. G. Smith are the incorporators.
The Oakland Drug Company will do a general drug business at Oakland, with a capital of \$40,000. Z. L. Dimick, C. Ross King and Phil Beckley are the incorporators.
The Commercial Clearance Company will engage in buying and selling on commission, merchandise of all kinds, work, with headquarters in Portland. The capital is \$2,000. A. H. Ballard and W. H. Hogue are the incorporators.

INSPECTION COMPLETED

Arbitration Commission Ended Tour of Coal Fields

TAKING OF THE TESTIMONY

Of Miners Will Be Begun on Friday, November Fourteenth

MADE TOUR OF LARGE REGION AND INSPECTED TWO BIG COLLIERIES, THEN WENT HOME TO REST—HEARST, BRINGS SUIT AGAINST RAILROADS.

MAHAMOY CITY, Pa., Nov. 5.—The Anthracite Strike Commission ended its tour of the coal fields in the Panther Creek valley today, and the members of the party will return to their homes tomorrow, and will meet again at Scranton, November 14th, to take testimony of the miners. The biggest day's work of the entire trip was accomplished today, when the commissioners made a complete inspection of the two large collieries and a tour of the region lying between Mount Carmel and this city. Six working days have been consumed in traveling from place to place in the anthracite coal region, and the arbitrators feel that they are now qualified to sit in judgment on the controversy between the mine owners and their employees.

Washington, Nov. 5.—The complaint of Wm. H. Hearst, of New York, against the anthracite coal carrying railroads, charging that the latter's rate for transportation of coal from the anthracite fields to New England, New York, Maryland and the District of Columbia, are unreasonable and unjust, was filed with the Interstate Commerce Commission today. It is alleged that the Lehigh and Central, of New Jersey; the Delaware, Lackawanna and Western, and the Erie, of New York; the Susquehanna & Western, and the Philadelphia & Reading Roads have entered into a pooling agreement.

DEPARTED FOR HOME

MESSRS. MARTINEAU AND CHAGARAY, OF FRANCE, EXPRESS THEIR PLEASURE.

(From Wednesday's Daily.)
Messrs. P. L. Martineau and Louis Chagaray, of Le Havre and Bordeaux, France, respectively, who have been in this city for several days past and, back and forth between here and California for several weeks, to purchase French prunes to supply the deficiency in their home supply caused by pests and the inclemencies of the weather, departed for San Francisco, on the overland Monday night, where they expect to embark for their native clime in a few days. Before leaving, however, they expressed great delight in the country and climate and were well pleased with the treatment received at the hands of the Americans and made a brief statement, when interviewed by a Statesman reporter at the last moment.

"A fine blooming season in the most productive regions of France promised a full crop, but the frosts and rains and also a species of caterpillar did so much damage to the growing crops that the French packers found themselves compelled to turn to California and Oregon to obtain the necessary supply to fill their orders, and on account of the variety of prunes raised, the firms were compelled to send out men well acquainted with the prune industry to make their selections from the best producing districts."
Messrs. Chagaray, of Havre, and Martineau, of Bordeaux, with that object in view, came first to California, to supply their September orders and afterwards to Oregon to supply their October orders.
"We bought the most of our supply from the Willamette Valley Prune Association, or about 20 to 25 car loads, and if the season had not been so late, so we could have started earlier to buy we would have bought twice as many, as we are well pleased with the quality of the Oregon French prune."
"We regret that it is impossible for us to ship in November, as it takes 40 days for a shipment to make the trip, and the prunes would arrive too late for delivery."
They expressed their thanks to all those with whom they were in contact and particularly to Mr. H. S. Gille, manager of the Willamette Valley Prune Association.

HOP MARKET ADVANCING

Second Sale Made Yesterday At the Highest Market Prices

M. H. DURST, O HOP-POOL FAME, IS IN THE FIELD AND BOUGHT OVER 400 BALES FOR LONDON SHIPMENT YESTERDAY.

There is a considerable amount of activity displayed in the hop market of late, and hops are moving off at a lively rate with the prices assuming an upward tendency. Numerous sales have been made during the past week and in some localities the choice lots are pretty well cleaned up. This is especially true in the Independence, Dallas and Hillsboro neighborhoods, but in the vicinity of Salem very few of the choice lots have been sold. Faber & Neis bought two more lots at Independence yesterday, for which 25 1/2 cents was paid, and Krebs Bros. bought two lots in Hillsboro and Gaston, the Harris and Bagley lots, of 150 and 100 bales, respectively, the consideration being 25 1/2 cents.

M. H. Durst, a prominent hop grower of Wheatland, Cal., is looking over the hop growing districts of Oregon, and spent yesterday in looking after the hop business in Marion county. Mr. Durst was in this city last night and talked freely concerning the present and future outlook for hops.

He has bought hops in this part of the country before and had a few choice lots in view when he came here yesterday, the Gilbert and Patterson lot being one of them. This lot, however, had been sold to E. C. Kirkpatrick, on Wednesday, at 25 1/2 cents.
Mr. Durst at once called upon Mr. Gilbert upon his arrival in the city, to make arrangements for the purchase of the lot, and was informed that it had been sold the day before. He remarked that he would have taken the hops at 25 1/2 cents, and Mr. Kirkpatrick, upon hearing of the offer, thought it was a bluff, and told Mr. Durst so. To show that he meant business, Mr. Durst said the offer was still open and that he would take the lot off his (Kirkpatrick's) hands at the same figure. A bargain was at once struck, the lot being transferred to Mr. Durst for 25 1/2 cents. There were 268 bales.

Mr. Durst was seen by a Statesman reporter last night, and in speaking of the outlook for higher prices for hops, said:
"It is rather difficult to forecast conditions or prices of hops in the future; but I am of the opinion that before the first of next May, the price will reach 30 cents, though I don't think this price will be paid before the first of the year, although some people do."
"I am an independent buyer, and have 3,100 bales in California of my own growing. I am not up here to excite the market, neither am I here in the interest of any firm; I am looking over this country for hops because I want hops, and I'm going to have them."
Asked concerning the demand, he replied:

"The demand is strong. I am buying hops for export, and ship direct to London. I will say further that the English market has not yet really opened, and when it does open up, there will be something doing."
He predicts a great deal of activity in the market during the next month, but from the first of December to the first of March he thinks it will be more quiet.
Mr. Durst is a quiet, unassuming man, ready at all times to give information pertaining to hops. Speaking incidentally, he said he had offered as high as 26 1/2 cents for choice hops, and the offer had been refused. The condition of the Eastern market, he thought, warranted buyers in paying higher prices than are being offered at present.

Mr. Durst also bought the McNary & Hodson lot, of Eola, consisting of 210 bales, last night, for which he paid 25 1/2 cents.
According to the weekly market report of Valentine Loew's Sons Company's Producers' Price Current, of New York, of Saturday, November 1st, issue, the market is advancing in New York, but not as rapidly as on the Pacific Coast. The report is given herewith:

Receipts for week 6,978 bales
Receipts from Sept. 1 15,393 bales
Exports to Europe for week. 769 bales
Exports from Sept. 1 1,633 bales
Imports for week 410 bales
Imports from Sept. 1 1,840 bales

The boomish tendencies of the market continue in evidence and prices show a further material gain during the week in both State and Pacific growths, though the advance is most pronounced in State hops. One prominent buyer for the London market has shown disposition to operate heavily and promptly offering 25c in the interior, and while he has secured some hops he is now finding difficulty in obtaining suitable grades at his figure, as holders of the best hops in the country are generally standing out for more money. On the Pacific Coast strictly choice shipping hops have risen to 25c, while for choice brewing grades 25c has been promptly paid, and that is about as low as anything can now be obtained. The German market has advanced and quotations from the new crop are 15 marks, equal to 45c, duty paid, in New York. Trading here with brewers is not as brisk as it was at lower figures; such buyers operating cautiously and only in small lots, but constant selling is going on in a small way. We advance quotations of this year's growth to conform with business doing. Yearlings and older growths meeting scarcely any attention.

tonight on the Imperial yacht Hohenzollern for England, where he will visit King Edward.

RUSSIAN IRON TRADE.

NEW YORK, Nov. 6.—Conditions in the Russian iron trade are as critical as ever, says a St. Petersburg dispatch to the Times by way of London.
A conference of leading representatives of the trade, presided over by the Assistant Minister of Finance, has been considering what can be done. The Government thinks the only cure is the development of the home market. The latter declares what is wanted is a syndicate regulating production and controlling prices.

ASLEEP AMID FLAMES.

Breaking into a blazing home, some Bremen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death and doctor's bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice tasting. It's guaranteed to satisfy by Dr. Stone's Drug Stores. Price, 50c and \$1.00. Trial bottles free.

WAS GRANTED A NEW TRIAL

Trotter Would Not Accept \$150 and Court Set Aside Verdict

J. N. BURROUGHS, FOR LARCENY, OF TEAM AND BUGGY, SENTENCED TO ONE YEAR'S PENAL SERVITUDE—A DIVIDEND DECLARED.

In the first department of the Circuit Court yesterday Judge Burnett sustained the motion of the defendant in the case of G. D. Trotter, plaintiff, vs. Town of Stayton, defendant; to set aside the verdict of the jury, rendered on October 21, 1922, granting the plaintiff damages in the sum of \$500, on the ground of excessive damages, and a new trial was granted.

This action was begun several months ago and originated through the defendant in this suit bringing suit against the plaintiff to enjoin and restrain him from constructing a building, then in contemplation, upon what was alleged to be the city property, the defendant contending that, according to the city's survey, the plaintiff was encroaching upon the public street to the extent of twelve inches on one side of the plaintiff's, Trotter, property, consisting of two lots in block 5 of said town, and six inches on the other.

The case came to trial and resulted in the court finding that the town survey was erroneous, and that Trotter, the defendant, was entitled to a verdict.

The defendant, Trotter, then, as plaintiff brought the present action to recover damages from the town of Stayton in the sum of \$2,500, which he alleged he had sustained by reason of the defendant's, Stayton, interference with the construction of the new building in contemplation, and, therefore, his business. The trial of the suit, before a jury, resulted in a verdict for the plaintiff, Trotter, for the sum of \$500.

The defendant filed a motion to set aside the verdict on account of the excessive damages allowed, and for a new trial, whereupon the court gave the plaintiff the alternative of accepting \$150 damages, and allowed him until today to decide. The plaintiff, after due consideration of the matter, refused to accept the alternative, and the court ordered a new trial.

J. N. Burroughs, alias Wilson, alias Deverney, alias Mansfield, etc., etc., having pleaded guilty to the larceny of a team and buggy from the livery barn of W. H. Goulet, of Woodburn, and captured in Portland, was brought up before Judge Geo. H. Burnett yesterday morning and received a sentence of one year in the Penitentiary. Burroughs seemed satisfied with his sentence, and was in a very cheerful mood when he accompanied Sheriff Colbath to the prison yesterday afternoon, evidently of the opinion that he will thus escape the United States Military authorities, who want him for desertion and as an escaped military prisoner.

Judge R. P. Boise, of the second department of the Circuit Court yesterday declared a dividend of 10 per cent in the Gilbert case, upon motion of the receiver, Claud Gatch, and the representation that there was sufficient funds on hand to pay such dividend.
The claims amount in the aggregate to about \$104,000, and the dividend will amount to between \$10,000 and \$11,000. This is the first dividend that has been declared.

In this department yesterday two divorces were also granted, one being to James H. Foster from Alice J. Foster, on the ground of desertion, and the other to Arduila M. Barnes from Joseph F. Barnes, also on the ground of desertion.

OFFICERS ELECTED

BY ST. JOSEPH'S LIBRARY ASSOCIATION FOR THE ENSUING YEAR.

St. Joseph's Library Association elected the following officers at its regular meeting last evening: John Stout, president; Dr. A. E. Tamsieie, vice-president; Miss Merle Saver, secretary; Herman W. Barr, treasurer; Harry Widmer, librarian; Rev. W. A. Darby, A. Huckerstein and Mrs. E. Eckerlin, board of trustees. The next regular meeting will be on Thursday, November 20th, when a pleasant social season is expected.

The fact that a great many bales of hops being bought here are going to England is a strong point in the market situation. They cannot be shipped from this country. The American consumers will have to scramble to get enough for themselves if they let many more bales go to England.

CARRIE MOISAN—ROACH DEAD

Popular and Respected Member of Brooks Family Succumbs

TO BRAIN FEVER, AFTER AN ILLNESS OF SEVERAL WEEKS, BROUGHT ON BY HARD STUDY AND CLOSE APPLICATION TO DUTY.

Mrs. Carrie Moisan-Roach, daughter of Mr. and Mrs. F. X. Moisan, of Brooks, died yesterday morning at the home of her parents, where she has lain sick of brain fever during the past three weeks. She has lived in Portland for nearly four years, having taken a three-year course at St. Vincent's Hospital, from which institution she was graduated as a professional nurse last May, and since that time she has been constantly employed in her profession. In June, last, she married Mr. John Roach, of Portland, who survives her, and who is prostrated with grief at the terrible bereavement.

The long period of close application to work and study previous to her graduation and her close attention to the wearying duties of a nurse since, told severely upon her system, and about a month ago she came home to her parents for a rest and a visit, and in a few days she was taken sick so very seriously that there was great anxiety from the first. She was surrounded, however, by the best of care and every moment loving hands were there to minister to her wants.

Her young husband, who is also a professional nurse, came up from Portland, and has been anxiously watching day and night by her bedside. Her brother, Lewis A. Moisan, an attendant at the Asylum, went home to assist in her care, and another professional nurse from Portland also came to render such help as was necessary, but all was of no avail. During the past three days, it was thought she was recovering, but on Tuesday night the ailment took a typhoid form, and yesterday morning she had a sinking spell from which she did not recover, but passed away at 10:30 o'clock into peaceful sleep.

Carrie Moisan was a young lady of sweet disposition and character, and was about 27 years of age. She was one of the oldest of a large family of girls and boys who are in the deepest possible grief over her departure, while the father and mother are heartbroken. They have the earnest sympathy of the community in which they have lived all their lives and have enjoyed pleasant relations with all. The funeral will be held on Saturday morning, November 8th, from the Catholic church, at Brooks, where services will be held at 11 o'clock.

COUNTY COURT WORK

SPENT THE DAY IN AUDITING BILLS—TWO MORE DAYS SESSION.

The county court resumed its session yesterday, all the members being present. Not much was done in the way of business excepting the auditing of accounts, which consumed the greater portion of the day. Following is a list of bills passed upon yesterday by the court:

Current Expenses.

ONE CASE ARGUED

IN SUPREME COURT YESTERDAY THE CALENDAR FOR TWO WEEKS.

In the Supreme Court yesterday the case of the State of Oregon, respondent, vs. John Daly, appellant; appeal from Marion county, was argued and submitted by Attorney General D. R. N. Blackburn and District Attorney J. N. Hart, for respondent, and L. K. Adams, for appellant.

Clerk J. J. Murphy has arranged the calendar of the court for the two ensuing weeks beginning Monday, November 10th, as follows:
Monday, Nov. 10.—R. D. Ruckman, respondent, vs. William Ormund, appellant; appeal from Union county; 12 m. R. R. Ruckman, respondent, vs. Imbler Lumber Company, appellant; appeal from Union county; 12 m.
Tuesday, Nov. 11.—State of Oregon, respondent, vs. A. M. Humphrey, appellant; appeal from Marion county; 12 m. H. Trinwith, appellant, vs. Don A. Smith, respondent; appeal from Marion county; 12 m.

Wednesday, Nov. 12.—John B. Frost, et al, respondents, vs. Pacific States Savings, Loan & Building Company, appellant; appeal from Multnomah county; 12 m. C. A. Whale, appellant, vs. Claud Gatch, receiver of Gilbert Bros., respondent; appeal from Marion county; 12 m.

Thursday, Nov. 13.—Olevia E. Ketchum, respondent, vs. W. H. Holmes, appellant; appeal from Marion county; 12 m. Cynthia I. McCall and W. H. McCall, respondents, vs. James C. Porter and Joseph Porter, appellants; appeal from Lake county; 12 m.
Monday, Nov. 17.—In the Matter of the Estate of John W. Holman, deceased, Roy Cecil Holman, et al, respondents, vs. Charles Holman, et al, appellants; appeal from Multnomah county; 12 m.
Tuesday and Wednesday, Nov. 18 and 19.—State Bar Association.
Thursday, Nov. 20.—State of Oregon, respondent, vs. A. M. Humphrey, appellant; appeal from Marion county; 12 m.

There is ample room for the best efforts of the Greater Salem Commercial Club during the next year—the second year of its career. The 80,000 pamphlets are to be provided, besides other advertising to be done, several important manufacturing industries to be secured, the Dallas-Palis City Railroad to be looked after, etc., etc. Plenty of work.

Cream Separator Chat

NO. 10 IT'S A MONEY-MAKER FOR THE FARMER

We claim that taking into consideration its comparative weight, number of parts, ease of cleaning, The Empire will skim milk with less labor and less loss of butter fat than any other Cream Separator or creaming system in existence.
If you don't care about profits, stick to the old methods.
If you want to make more money from your cows, buy a Cream Separator.
If you want the most money with the least labor, the greatest profit at least expense.

GET AN EMPIRE

We have devoted nearly two weeks' advertising space to Empire Separators and that alone. We do this because we have the utmost confidence in the Separators. If you have followed our Separator Chats from 1 to 10, you have learned a considerable amount about the Empire, and we would be more than glad to send you further information and catalogue concerning these Separators, which illustrate the points we have described.
We sell Separators on installments to those who wish
