

ISSUED IN SEMI-WEEKLY SECTIONS EACH TUESDAY AND FRIDAY.

54th YEAR—NO. 35.

SALEM, OREGON, TUESDAY, NOVEMBER 11, 1902.

FIRST SECTION—EIGHT PAGES.

COMPROMISE IS PROBABLE

The Cuban Reciprocity Treaty Still in Havana

PALMA SUPPLIES QUESADA

With Full Instructions As to the Representation to Be Made

THE MAIN ISSUE IS SETTLEMENT AS TO RATE OF REBATE TO BE ALLOWED ON CUBAN SUGAR AND TOBACCO—PLATT'S VIEWS ON TARIFF.

WASHINGTON, Nov. 10.—While the Cuban Reciprocity Treaty remains in Havana President Palma has supplied Senator Quesada, the Cuban Minister here, with full instructions as to the representation to be made to the United States Government respecting it, and these have already been made known to Secretary Hay.

It is gathered that the main issue is the rate of rebate to be allowed upon Cuban sugar and tobacco entering the United States and it is probable there will be a compromise between 25 per cent, which the United States Government is willing to allow, and 50 per cent, which the Cubans demand.

Discuss the Tariff. Washington, Nov. 10.—Secretary Wilson and Senator Platt, of Connecticut, spent some time at the White House tonight with the President. In the course of comment on current events, Senator Platt observed that the talk of tariff revision seemed to him like an effort of reviving the free trade propaganda.

It was not Republican doctrine, he said, and he did not think it would meet the approval of the American people.

SPIRIT OF BROTHERHOOD

BRITISH INDUSTRIAL COMMISSION NOT HERE TO STEAL OUR THUNDER.

NEW YORK, Nov. 10.—A delegation from the industrial commission from England to investigate the conditions in this country attended the weekly meeting of the Central Federated Labor Union in this city. Its members were welcomed by several speakers. Acting as spokesman for the visitors, George D. Kelley, J. P., general secretary of the Amalgamated Society of Lithographic Printers, Manchester, declared his confidence in the American

methods of producing, believing them to be superior to any in the world. "We do not come here," he said, "to create any competition with American working people, but rather to foster a fraternal feeling between the working people of the two countries. You are too strong to fear us. You are too rich in mineral wealth and other natural resources in this country to have any fear of competition abroad. What we want is honesty of feeling between the workmen of the two countries, believing the aims of the working people all over the world to be the same—the bettering of their conditions."

METHOD IN MADNESS

THE LEADERS OF THE DOUKHOBORS HAD AN AXE TO GRIND.

WINNIPEG, Man., Nov. 10.—The Doukhobors were unloaded this morning at Yorkton and started for their villages, which should be reached tomorrow night. Agent Speers attributes the trouble largely to the leaders, whom he believes to be very shrewd. "Some time ago," he said, "the Government warned the Doukhobors that if they did not homestead their farms, the land would be thrown open for settlement. The leaders have been attempting to force the hands of the Government by inducing their countrymen to make the pilgrimage under the pretense of 'looking for Jesus.' Their movements have been vague and indefinite, but there has been method in the madness of the leaders."

STRICKEN IN PRAYER

BROOKLYN MINISTER CREATED GREAT EXCITEMENT IN HIS CROWDED CHURCH.

NEW YORK, Nov. 10.—Dr. John Reid, of the Memorial Presbyterian Church, one of Brooklyn's best known ministers, has been stricken suddenly in his pulpit, just as he was beginning a prayer. His collapse was caused by acute indigestion, and his condition is reported as being serious.

The church was crowded by a fashionable congregation when the minister was overcome. Several of those sitting near the pulpit sprang to his aid and caught him as he fell. A doctor who was present worked over him fifteen minutes, and after restoring consciousness the minister was taken to his home, and the congregation, which had been greatly excited, was dismissed.

STEAMER WRECKED

NINETY-SIX PASSENGERS MISSING AND ONLY FORTY-ONE SAVED.

MELBOURNE, Aus., Nov. 10.—The British steamer Elangamite has been wrecked on Three Kings Island. Forty-one saved and ninety-six missing. The steamer Elangamite carried 110 passengers. Twenty-seven passengers and fifteen of the crew have landed. Steamers have been sent to search for the rafts and boats. Lloyd's report thirty-seven passengers saved, but feared the remainder had been lost.

PHILIPPINE SITUATION

Is Very Satisfactory to General Chaffee

WONDERS ACCOMPLISHED

By Civilization—Natives Are Recognizing Government Institutions

FURTHER TROUBLE NOT EXPECTED EXCEPT FOR AN OCCASIONAL FLOURISH—NATIVE LEGENDS AND SUPERSTITIONS RESPONSIBLE FOR DISEASES.

SAN FRANCISCO, Cal., Nov. 10.—The transport Sumner arrived this evening from the Philippines.

On board were General Chaffee and wife, Vice-Governor Wright, of the Philippine Commission, and Mrs. Wright; General Chaffee's staff; Judge James H. Blount, of the Philippine Insular Government; Lieutenant Colonel James T. Kerr and wife, and a large number of officers' wives returning.

General Chaffee said: "I could not be more pleased with the situation in the Philippines. Civilization has accomplished wonders and the natives are fast recognizing the institutions of this Government. Of course, some provinces are unsettled and we expect to meet with further trouble, but beyond an occasional skirmish here and there, I look for no great difficulties requiring an unusual force to subdue.

"The greatest difficulty we experienced in the island is the overcoming of the legends and superstitions of the people; to this one feature is largely due the spread of pestilential diseases among them.

"They cannot be made to submit to or understand modern methods of treatment, nor can they be made to use the utility of an up-to-date sanitary system."

SOUTHERN OREGON RAINS

PLENTY OF WATER TO OPERATE PLACERS OF SOUTHERN OREGON.

GRANT'S PASS, Nov. 10.—It has been raining hard and steadily in this section of Southern Oregon since Friday evening. As a result every gully and gulch is running full tilt and the creeks and streams are rising rapidly. While light showers have been sprinkling frequently of late, the present downpour was sudden and unexpected. From three to four inches of water have fallen in various parts of the county during the past three days.

Reports come from the mining districts that the placers have pipe heads and will start up their giants at once. Placer mines are reported to be at work in Galice and Waldo. Having begun thus early the placers will have a much longer run than usual this season and will take out a much greater amount of gold as a consequence.

The Rogue is rising quite rapidly and many entertain fears that damage will result. The big dam being built by the Golden Drift Company at the Dry Diggings is so far along that the high water cannot injure it. The dam of the Condor Water & Power Company, at Tolo, is not so far along and is more likely to suffer damage, though it will be entirely safe unless the river should reach a remarkably high stage.

All in all, the heavy rains that are pouring will be of benefit to Josephine county. Both farmers and miners are pleased to see it. Very little fall plowing had been done, and as the placer miners had but a brief season last year they are glad to get an early start to work this season.

HE EXPECTS FREEDOM

VERDICT IN FAMOUS MOLINEUX CASE MAY COME THIS MORNING.

NEW YORK, Nov. 10.—There is a possibility that a verdict in the Molineux case may be reached today. If, however, Assistant District Attorney Osborne does not conclude his summing up before night, then Justice Lambert will charge the jury tomorrow morning. In such an event a verdict is not expected before tomorrow afternoon. Molineux and his counsel are certain that the trial will result in an acquittal. Mr. Osborne and his assistants say they have made out a strong case, and that if Molineux is not convicted there will be a disagreement.

Soon To Be Determined.

New York, Nov. 10.—The fate of Roland B. Molineux will be determined tomorrow. Justice Lambert announced that he would allow Assistant District Attorney Osborne two hours and a half more to finish the summing up, which means that the court will deliver the charge and the case will go to the jury in the afternoon.

Dr. Wilson McNary went to Portland Sunday, where he will join a party of sports for a hunting trip down the Columbia.

L. C. Sherwood, of the Seio neighborhood, is in Salem. He recently purchased a farm near Seio, having sold his place near Ale, in this county.

A DISASTROUS CONFLAGRATION

Fire Destroys New York Steel Bridge

HALF MILLION DOLLARS

Went Up in Smoke—Beyond the Reach of the Firemen

STARTED ON SUMMIT OF GREAT STEEL TOWER AND BURNED EVERYTHING COMBUSTIBLE—FALLING TIMBER DAMAGED FIREBOAT.

NEW YORK, Nov. 10.—The new East river bridge was damaged to the amount of \$500,000 tonight by a fire that raged 355 feet in the air on the summit of the great steel tower on the New York side.

It was impossible to reach the fire with any apparatus in the fire department and the flames after devastating the wood work on top of the tower seized on the timber false work of two foot bridges suspended from the main cables burning away the supports.

Nearly a million feet of burning lumber fell with a crash and a hiss into the stream. It was necessary to stop all traffic up and down the river. The fire was the most spectacular conflagration ever seen in New York.

The fire started in a tool shed. A Brooklyn fire boat was just below the bridge, and a heavy beam fell on her, breaking her rudder and sending her adrift down the stream. While the fire was at its height a party of firemen were cut off at the base of the tower, where they were exposed to a torrent of red hot iron and steel. They were rescued after several had been severely burned.

Brands set fire to the store house of the Pennsylvania Steel Company. It was entirely consumed and the contents hurled into the river. It was 11 o'clock before the flames had devoured everything combustible, leaving only the steel tower and four great 18 1/2 inch steel cables stretching across the river. It is feared the cables have been badly damaged by the intense heat. Should it be necessary to replace them the labor of two years would be lost.

IS CRUMBLING AWAY

TWENTY FEET OF THE BIG FILL TO BIG BRIDGE GAVE WAY.

About twenty feet of the new rock and soil filling to the Polk county approach to the big bridge gave way yesterday afternoon and rolled into Mr. Matheny's vegetable reserves, judging by the way it is settling and crumbling, there is danger of the greater portions of the fill having a "falling out" with the trestle.

It seems, according to the statement of some who viewed the fill, the rocks and dirt was dumped in loosely and without foundation or support, and the recent damp weather has caused it to settle with an outward tendency.

Alderman S. T. Riggs, who superintended the entire construction of the approach and fill, was looking at the cave in, or "cave out," yesterday, but his opinion as to the extent of the damage or the condition of the balance of the fill could not be learned.

YOU ARE INVITED—

To visit Portland Irrigation week, November 18th to 23d. The Oregon Irrigation Association and the Oregon State Bar Association meet in Portland, Tuesday and Wednesday, November 18th and 19th. Reduced rates on all railroads.

Special entertainment for all visitors. Free theatre tickets; a ball or concert; a steamboat ride on the Willamette and Columbia rivers; an observation car ride over the street railways; a visit to the Fort and Crematorium, to the \$1,000,000 Custom House, to the Public Library, to the \$500,000 City Hall, the wheat ships in the harbor, to the rooms of the Oregon Historical Society and other places of interest.

An inspection of the Armory and a gun drill by Battery A is to be one of the features of entertainment of visitors. A cordial welcome is extended to all to visit Portland in Irrigation week.

RODE NEIGHBOR'S HORSE.

BROWNSVILLE, Nov. 10.—William Hall, a son of Otto Hall, who resides near Albany, had a little trouble with his father and he left home for Eastern Oregon, leaving on one of his neighbor's horses. He was arrested at Sweet Home and taken to Albany, and in Justice Humphrey's court he waived examination and was placed under \$200 bonds, and in default of the same was placed in the county jail.

POLICE CAPTAIN IN JAIL. NEW YORK, Nov. 10.—After serving over a quarter of a century on the police force, ex-Captain D. C. Moynihan has been taken to police headquarters and placed in a cell there a prisoner. He was arrested at his home on a warrant issued by Justice Holtbrook, of the Court of Special Sessions, on affidavits sworn to by a warden formerly connected with the station of which Moynihan was in command prior to his retirement, and by two

Italians. The specific charge against the former captain is alleged failure to enforce the law against a resort conducted by Italians, and for which it is asserted he was paid the sum of \$40.

MUST BE GOOD JEW

RABBI WISE IS AN AMERICAN FIRST AND A JEW AFTERWARD.

NEW YORK, Nov. 10.—"Political Corruption," was the subject of an address before the People's Institute at Cooper Union by Rabbi Stephen S. Wise, of Portland, Or.

"The most prolific source of political corruption," he said, "is the spirit of blind, bigoted partisanship. Men think today that parties are ends in themselves. They are only means to the end which is the country's good. Political corruption could not last an hour if the so-called respectable classes did not tolerate and support it."

"Let us have an end to this Irish-American, German-American, or Zulu-American. We are all Americans. I am an American. In my religion and moral teachings I am a Jew, but I would not vote for a Jew unless he were three times as good as his opponent, for fear that he might discredit that religion."

FATAL ACCIDENT

JOSEPH SIEGENTHALER, AGED 17, SHOT WHILE HUNTING NEAR HIS HOME.

FOREST GROVE, Nov. 10.—Joseph Siegenthaler, of Beaverton, aged 17 years, while out hunting Saturday afternoon, near his home, in company with Henry Voss, accidentally discharged his shotgun, the charge taking effect in the abdomen. Death resulted four hours afterwards. The coroner, Dr. C. L. Large, was notified, and the cause of death being so evident, deemed an inquest unnecessary.

The young man was born near where the accident occurred. His father is now in Mexico. There are three sisters and three brothers, who live at Beaverton. Interment will be in the Union Cemetery at Cedar Mills today.

WORK IS RENEWED

EVERETT FRESH WATER HARBOR TO BE PUSHED TOWARD COMPLETION.

EVERETT, Wash., Nov. 10.—Work is to be renewed at once on the Everett fresh water harbor. There is an appropriation of \$117,000 on hand which will carry the operations eight months. At the end of this time the Government will have spent \$400,000, as originally planned, although \$117,000 more will be asked for.

Big Stock Whiskey.

Everett, Wash., Nov. 10.—Shingle weavers have dug up in the woods 900 quarts of whiskey hidden by a saloon man who left after secreting his stock, to evade creditors.

A Lincoln Hart, representing the "Fiddle Dee Dee" Company, to appear at the Opera House, November 17th, was in Salem yesterday. This company played a hundred nights in succession in San Francisco.

THE BIG STORE'S THANKSGIVING LINEN SALE

RECEIVED A DEATH BLOW

United States Court Destroys the Salt Trust

A PERMANENT INJUNCTION

Issued and the Companies Are Warned Not to Appeal

REAR ADMIRAL BRADFORD RECOMMENDS GOVERNMENT CONTROL OF ALL WIRELESS TELEGRAPH STATIONS ON THE COASTS.

SAN FRANCISCO, Nov. 10.—After United States Attorney Woodworth concluded his arguments in the United States Circuit Court upon the petition to destroy the Federal Salt Company and its associates, as a trust, Judge Morrow ordered that the temporary injunction be made permanent as to all defendants except the Imperial Salt Company.

Judge Morrow intimated very broadly that should the decision be appealed from the United States Circuit Court of Appeals, he would sustain the injunction. The decision kills the salt trust.

Will Take Recess.

Washington, Nov. 10.—The announcement was made today that the United States Supreme Court would take a recess from next Monday until December 1.

Urges Government Control

Washington, Nov. 10.—Government control of the wireless telegraph stations along the coasts of the United States is recommended by Rear Admiral Bradford, Chief of the Bureau of Equipment, in his annual report.

Foreign Governments, it is pointed out, are exercising careful supervision over the location of wireless stations within their waters, thus insuring the prompt transmission of messages at all times. Admiral Bradford says it is proposed to establish wireless telegraph stations for the purpose of the instruction of the officers and men at Newport, New York, San Francisco, and probably other naval stations.

To Establish Connection.

Victoria, B. C., Nov. 10.—J. H. Greenwood, a solicitor of the Marconi Wireless Telegraph Company, announced today that the company is to establish a system of wireless telegraph across the Dominion of Canada connecting Victoria with Cape Breton.

LANE'S HOP PRODUCTION.

EUGENE, Nov. 10.—An estimate has been made of the number of bales of hops produced in this county this season and by the best count that can be made the number is between 5,500 and 5,900 bales, or about 1,150,000 pounds. Few growers here sold their crop under contract, and nearly the entire crop yields the growers from 20 to 25 cents per pound.

Don't Take Chances

WITH YOUR HEALTH, when you can protect yourself from the mud and rain with

Waterproof Clothing
—AND—
Rubber Boots and Shoes.

We carry the best known standard brands and sell them at "RACKET PRICES." When you buy an article at

The New York Racket
E. T. BARNES, PROP.

You know it's reliable. We believe in building up our trade by selling goods that give satisfaction.

Shoes! Shoes!

THE ★5★ BRAND

Has stood the test for ten years in our shoe department. It's the brand that's helped us grow.

Customers who see our line of

CLOTHING

After looking over the other lines in the city are surprised at the extra values we show. We look after quality as well as price.

We have the new style WATERPOOF RAIN COATS for dress wear at \$11.65. Just look at ours and then price them at "Regular Stores."

Have you bought your WINTER UNDERWEAR? We have everything for men, women and children in great variety. It will pay you to trade with us if you want to be economical.
