

BRIEFS FROM SILVERTON

Some Items of Interest From the Silver Creek City

THE LIBERAL UNIVERSITY TO BE REMOVED TO KANSAS CITY—DR. AND MRS. BROOKS ENROUTE HOME—SCARCITY OF DWELLINGS—SOME CHANGES.

(From Wednesday's Daily.) Miss Emma Adams is spending a few days in Salem with her sister, Mrs. Frank Holmes.

Miss Amy Riches came down from Jefferson, Friday, where she is teaching school, and spent Saturday and Sunday with her folks, returning Monday.

Mr. Jack Robbins, of Sumpter, is visiting in Silvertton.

P. W. Geer, manager of the Liberal University, departed Monday for the East, where he will make arrangements for moving the school to Kansas City, Missouri.

Mrs. Dr. Keene, of Medford, is visiting in Silvertton.

Dr. and Mrs. F. M. Brooks are expected home Saturday. They arrived in New York from London on the 6th, and after a short stay in the East, will leave for home.

The rainy weather is holding back the work of grading and graveling on First street. Contractor Mosher has three blocks graded, but as yet has had very little chance to haul gravel.

The Alabama Warblers played to a good sized audience Saturday evening at the Opera House.

The necessity of having more dwelling houses in Silvertton is again shown this fall. At the present time there is not an empty house to be rented, and not a day passes but what there is a call for one.

C. M. Wray has a number of carpenters at work putting up the fixtures for his new hardware store, and as soon as they have finished he will place in a large stock of hardware and implements.

The week just past witnessed a number of business changes in Silvertton, among which may be noted the following: The Commercial Hotel has closed its doors, and as soon as the building can be made ready it will be opened into a saloon by Messrs. Rice and Heneline.

J. P. Hunter, proprietor of the Central Hotel, has leased the same to O. M. Satter. Mr. Hunter will depart for the East soon, to spend the winter.

The firm of Custer & Davenport, general merchandise, has been dissolved. Mr. Custer buying out the interest of Mr. Davenport in the same.

Drs. Wrightsman & Leonard have purchased the drug stock of Stone & Perry, and will assume charge at once. Mr. Perry departed for Albany, Wednesday, where he will visit for a short time before looking for a location.

Silvertton, Oregon, Nov. 11, 1902.

EXCITING RUNAWAY

CIRCUMSTANCES, HOWEVER, PREVENTED THE OCCURRENCE OF A DISASTER.

(From Wednesday's Daily.) There was a little excitement on State street for a short time at about 9 o'clock yesterday morning, caused by a runaway team. The milk wagon of J. F. Savage & Sons' "Buttercup Dairy" was driven up to the sidewalk near Gray Bros' hardware store and the driver jumped out to speak to some friends who were standing there. Just then the team started westward, the driver still having hold of the lines, but not in a position to control the horses, because they crowded close to Mr. John's express wagon, which was standing in the way, and forced the driver to let loose of the lines or get caught between the rigs.

The milk wagon caught the other vehicle and forced it backward, throwing it up on the high sidewalk, and the only thing which stopped the exciting runaway was the fact that after the second or third jump the off-horse broke his tugs and swung around him right, which also turned, bringing the rig around in such a narrow circle that the pole was smashed short off and both horses came face to face with their driver, who secured them.

A broken harness, a broken buggy tongue and five spokes broken in Mr. John's wagon comprised the entire damage.

PLEASANT POINTERS

SCHOOL RESUMED — BUILDING ROADS — TYPHOID FEVER AT REFORM SCHOOL.

School has resumed since the close of the institute. Road Supervisor Willis is doing some work north of town on the Salem road. He is getting the material from the pasture of Mrs. W. M. Smith. He is loading the wagons by means of a dump bridge or chute. Poor time, by the way, to make roads.

mitted before that tribunal yesterday, as follows: The German Savings & Loan Society, respondent, vs. Sarah M. Kern, et al. appellants; appeal from Multnomah county. M. W. Smith, attorney for respondent, and G. W. Morrow, for appellants.

H. Trimwith, appellant, vs. Don A. Smith, respondent; appeal from Marion county. J. K. Weatherford, attorney for appellant, and W. H. Holmes for the respondent.

Minor orders were made, as follows: School District, No. 110, appellant, vs. H. Palmer, et al. respondents; appeal from Linn county. It was ordered by the court that mandate issue in Hartung to permanent practice as an attorney in the courts of this state. Two cases were also argued and submitted.

State of Oregon, respondent, vs. A. L. Belding, appellant; ordered on stipulation that appellant have until November 19, 1902, to serve and file his brief.

Lou. L. Earle, appellant, vs. Sylvester Z. Earle, respondent; ordered on motion and affidavit that appellant's time to serve and file the abstract be extended 15 days.

Anthony Neppach, respondent, vs. The Oregon & California R. R. Co., appellant; ordered on stipulation that respondent have until January 15, 1903, to serve and file his brief.

Tilmon Ford, executor, respondent, vs. A. T. Gilbert, et al., appellants; ordered on stipulation that appellant Thielsen have until December 1, 1902, to serve and file his brief.

MARKET STILL ADVANCING

Twenty-Six Cents Paid For Two Lots of Hops Yesterday

DEALER PREDICTS THIRTY CENTS WITHIN TEN DAYS—SALES MADE YESTERDAY AGGREGATING OVER 800 BALES—WORLD'S HOP CROP.

The hop market is gaining strength every day as has been evidenced by the multiplicity of sales which have been consummated during the past two or three weeks, the price having steadily advanced from far below 25 cents until the highest so far attained was paid yesterday, by Lillenthal & Co., of this city, when he purchased the W. W. Porterfield lot, of Independence, consisting of 115 bales, at 26 cents, and the Riley Cooper lot, of 180 bales at the same price.

Including the above lot sales were made yesterday, so far as could be learned, aggregating over 800 bales, and ranging in price from 25 1/4 cents to 26 cents per pound, according to quality. One dealer, venturing the remark yesterday that the way the condition of the market shaped up to him, he would predict that the price would reach 30 cents in the course of ten days.

A wager was made by another dealer, over a week ago, to a prominent local grower of 25 that the market would reach 30 cents before the 25th of this month, and the grower says he hopes he will lose his wager, as he has a quantity of hops for sale, and is willing to unload at that price.

At the present rate of selling the choice lots are becoming rather scarce, and there is a lively scramble among the dealers to pick up the available hops wherever they can be found. Among the sales of yesterday are the following: The Toozle lot, 140 bales; Nordhausen lot 57 bales; Criswell lot, 104 bales; Cohen lot, 39 bales; Murray lot, 35 bales, all of Aurora; the Horney lot, 97 bales, of Canby, and the Seigfried lot, 48 bales, of Silvertton, all by Faber & Neis and Jake McNeil. The considerations ranging from 25 1/4 cents to 26 1/4 cents, and the quality ranging from "good" to "prime."

Notwithstanding the reports that the imports from Germany are flooding the American market and stifling our prices, the following data, which is taken from a reliable authority, shows that there is a startling deficit in the world's production, and cannot be very easily overcome.

The World's Hop Crop. An estimate of the world's hop crop for 1902 by Sonnenschein & Landesmann, hop dealers of Bohemia, places it at 959,444 bales, which was considerably less than any of the crops of the last three years. They estimate the total yearly beer production at about 3,688,000,000 gallons, for which about 1,232,000 bales of hops are necessary. This leaves a deficit of about 265,000 bales over the estimated production of this year, which they consider, on hand, although in this respect there are many dealers who think there are not enough old hops to meet the deficiency.

The crop of Saaz, Bohemia, will be about 55,000 bales of exceedingly fine quality, and the total crop of Austria Hungary 122,000 bales, against 2001,000 bales in 1901. Their estimate of the leading continental hop countries for this year and last is as follows: Germany, 321,000 bales; France, 214,000 bales; Belgium and Holland, 36,700 bales, against 50,000 bales; Russia, 30,500 bales, against 30,000 bales. The total world's production in 1901 was placed at 1,314,000 bales, in 1900, 1,192,000 bales, 1901, 1,314,000 bales.

ROUGH VOYAGES

TWO ORIENTAL LINERS DELAYED ALMOST A MONTH BY STORMS.

VICTORIA, B. C., Nov. 11.—The steamer Empress of China from the Orient, brought advices of the terrible voyage of the liners Tacoma and Indrapura, the former from Victoria and the latter from Portland. The Tacoma spent twenty-three days in reaching Yokohama, nine days longer than usual, and the Indrapura was twenty-four days from Astoria to Yokohama in consequence of the storms.

PRUNES ARE VERY SCARCE

Market is Growing Dull From the Scarcity of Stock

BUSINESS SOON BE OVER FOR THE SEASON—MUCH ACTIVITY IN THE PACKING HOUSES TO FILL ORDERS—APPLES GO BEGGING.

The local prune market is becoming somewhat dull; not on account of a lack of demand, but the supply on hand is getting low. Not many prunes are left in the hands of the growers hereabouts, though there are orders coming every day, which cannot be filled, and it is safe to say the prune business will soon be wound up for this year.

The Willamette Valley Prune Association is still shipping, and has quite a large force employed in packing the more fancy grades, and will probably require several weeks yet to get the stock on hand all cleaned up and out of the way.

Taken altogether, the season has been a very satisfactory one from every point of view, and it is probable that the crop will bring as much or more money into the Willamette valley this year than ever before.

One point is evident, the high quality and fair price this year has greatly stimulated the industry in this section, and many of the growers are already taking steps to put out more trees.

APPLES

Apples just at present are not in great demand, and it may almost be said that there is no market. The price ranges from 30 to 50 cents, and buyers are scarce at those figures. There is a good crop in the East this year as the result of a wet season there, the crop being especially heavy in the states of Kansas, Iowa, Missouri and Nebraska. There is no shipping from Salem, to speak of, and only two varieties, Baldwin and Spitzenburgs, that meet with favor among the indifferent buyers.

There is some complaint in this section as to the great number of unsound or wormy apples this year. It was stated yesterday by a dealer that he had not been able to secure a first-class lot of apples in this section, and while he had a few orders for choice fruit, he could not fill them, as a choice article is hard to find.

BAITL WITH MADMAN

MAN PICKED UP UNCONSCIOUS ON STREET ATTACKED SURGEON IN AMBULANCE.

NEW YORK, Nov. 11.—A terrible struggle in which Dr. Hyde, of Bellevue Hospital, was seriously injured, has occurred in an ambulance while the vehicle was being rapidly driven through the streets of this city. The ambulance had picked up an almost unconscious man at Union Market and started to the hospital. Dr. Hyde, the ambulance surgeon, was sitting alone near the door when the patient suddenly leaped to his feet and with a scream fell upon the doctor.

The driver, fearing his team would run away, if he came to the rescue, headed toward a police station, lashing his team into a wild run. Arriving there, it required the combined efforts of four men to unloose the hold of the madman upon the unfortunate surgeon. The latter's injuries were found to be severe but not fatal.

MOLINEUX FREE

AFTER SPENDING FOUR YEARS IN PRISON UNDER CHARGE OF MURDER.

NEW YORK, Nov. 11.—Roland B. Molineux was set at liberty today after spending nearly four years in prison, and being once condemned to death and twice placed on trial for his life for the murder of Mrs. Katherine J. Adams.

Molineux gave no evidence of emotion when the words that established his innocence were pronounced. His aged father, General Molineux, was deeply affected and could with difficulty respond to the greetings of friends who pressed forward to offer congratulations.

Immediately after the rendering of the verdict, the prisoner was formally discharged from custody and left the court room with his father and counsel. In passing out of the building they were cheered by a great crowd.

EXPENSES REDUCED

SECRETARY ROOT WILL CUT DOWN WAR DEPARTMENT ABOUT \$50,000.

WASHINGTON, Nov. 11.—In the estimates for the next fiscal year, Secretary Root will reduce the amount for the War Department, not including the Army, to \$50,000 less than the expenditures were before the beginning of the Spanish War.

Increased Postal Receipts. Washington, Nov. 11.—The statistics of the gross postal receipts of the Government for last month as compared with October, 1901, at fifty of the largest postoffices in the country, show a total of \$5,530,593, or an increase of 13 per cent. The largest increase was 26 per cent, at Los Angeles. The largest decrease was 11 per cent, at Buffalo.

FORTY JAILBIRDS ESCAPE

OVERPOWERED THE GUARDS AND GAINED FREEDOM IN BROAD DAYLIGHT.

TUCSON, Ariz., Nov. 11.—Forty prisoners confined in the jail at Cananea overpowered the jailers and escaped in broad daylight. The men were charged with different offenses, ranging from petty larceny to murder. This is the second jail delivery in a

month, and a new prison is being cut out of the side of the mountain, where escape will be well nigh an impossibility.

AMENDMENT DEFEATED

ENGLAND'S EDUCATIONAL BILL CAUSES LIVELY DISCUSSION IN BRITISH HOUSE.

LONDON, Nov. 11.—Lord Balfour's motion to apply the closure by compartments, to the Government's Educational bill was agreed in the House of Commons. Following this method the bill must be passed by November 28. A vigorous amendment to the motion was made by Sir Henry Campbell-Bannerman, Liberal leader, which drew fighting speeches from Chamberlain, Balfour, Asquith and many others, was defeated.

AN OCCULIST SHOT

BY FORMER PATIENT WHO BLAMED HIM FOR LOSS OF EYESIGHT.

KANSAS CITY, Kan., Nov. 11.—Dr. W. H. Kimberlin, a prominent oculist was shot and killed this afternoon by John Scanlon, a former policeman, who then shot and killed himself. Scanlon asserted, it is said, that Kimberlin had caused him to lose his eyesight.

RECORD IN ONE NIGHT

Two Hold-Ups Occur in Salem on Last Monday Evening

DESCRIPTIONS TALLY IN THE MAIN AND ROBBERIES WERE PROBABLY COMMITTED BY ONE MAN—SECURED SMALL RECOMPENSE FOR HIS TROUBLE.

Two hold-ups in one night breaks the record for Salem so far this season, but that was the record for Monday night. One of the victims was J. C. Marsh, a resident of North Salem, and the other, C. C. Sarvis, the Singer sewing machine agent.

Mr. Marsh was on his way home Monday night, about 6 o'clock, and was walking on the little car track near the switch, just beyond the Huffman store, when he was accosted by a stranger, who coolly ordered him to throw up his hands. Mr. Marsh thought it was some of his friends who were trying to have a little fun at his expense, and did not comply at once, whereupon the stranger pushed a pistol in front of his face and informed him that he meant business. The threatening attitude of the stranger brought the victim to a realization of his position, and he put his hand in his pocket, at the robber's request, and handed over \$1.55 in silver, informing the highwayman that it was all he had.

The fellow seemed to be satisfied, and walked away in the darkness as unconcerned as if he had been collecting a contribution to a campaign fund. He wore a handkerchief over his face, and is described by Mr. Marsh as a young man of medium build and height, wearing a short, light-colored overcoat. He is pretty certain he knows the fellow, and an arrest is likely to follow in the near future.

Hold-up No. Two.

Hold-up number two took place on State street, about 7:30 the same evening, near the First M. E. church, and the victim was C. C. Sarvis, the well known Singer sewing machine man. He had left his office and was winding his way homeward, as happy as any sewing machine agent could be, when a stranger wearing a mask stepped in front of him and told him to "shell out" under pain of instant harm, at the same time pointing an ugly looking shooter at his breast. Mr. Sarvis raised his hands as requested, but the robber again commanded him to "dig up," and he hauled out two silver dollars and passed them over, and to further show his generosity, took off his gold watch and handed that over, too, but the gentlemanly highwayman refused the proffered article, saying it was money he was after.

He made no attempt to go through the pockets of his victim, and taking the two dollars, made off. Mr. Sarvis was congratulating himself yesterday upon escaping with so small a loss, as he had \$60 in gold in his pockets, which the robber would have found had he instituted a search of his clothing. The bold highwayman is described as being a middle-aged man, rather heavy-set, and in other respects the description tallies with that given of the one who held up Mr. Marsh earlier in the evening. Mr. Sarvis says he bears the fellow no ill will, but he seriously objects to being held up at the point of a gun almost in the door of a church.

SCOTCH OUTPUT OF WHISKY.

Although the United States is becoming a heavy consumer of Scotch whisky, there need be no fear that the American demand will exhaust the Scotch supply.

There are more than 100,000,000 gallons of Scotch whisky in bonded warehouses in Scotland now, and the stores are being added to daily. A quantity of water equal to this sea of whisky would float a fleet. The Scotch whisky trade is becoming demoralized. The distilleries are producing more whisky than the world can or does consume. What the outcome will be nobody dare predict.
