

## FOXY BRUINS ARE TOO WISE

### For President Roosevelt and His Party

## SUCCESSFUL COMBINATION

### Has Been Effected to Baffle the Wily Foe So Far

ONLY ONE STARTED YESTERDAY, AND HE WAS KILLED BY A FARMER—WILL ARRIVE AT MEMPHIS TOMORROW—CHAIRMAN FAIRLEY'S STATEMENT.

SMEDES, Miss., Nov. 17.—The bears in the swamp country around the President's camp on the Little Sun Flower seem to have effected a successful combination to prevent the President from having a single shot at one of them on the expedition.

Only one the dogs started today fed in a northeasterly direction at the first alarm and did not stop running until it reached the canebrake about nine miles from camp. There he was overtaken by one of the managers of the Smedes plantation, who killed him. The President takes his ill-luck good naturedly. He says it is simply the fortune of the chase, and that he will have a last try tomorrow. The President's party will break camp shortly before dark tomorrow and will arrive at Memphis Wednesday morning.

### In the Interest of Wolcott

Denver, Col., Nov. 17.—Chairman Fairley, of the Republican State Committee, today issued an address to the Republicans of Colorado regarding the Republican's justification arranged for tomorrow night, and which he, as the head of the state organization, declared off some days ago.

The Denver organization denied his authority and declared the affair should go forward. Chairman Fairley, in a statement, says Governor Peabody, and other speakers announced, have withdrawn from the program, and adds:

"The evidence is conclusive that while the said meeting is, upon its face, to be a celebration of the recent Republican victory, it is in fact a meeting to further the candidacy of E. O. Wolcott for the United States Senate, and has been arranged and will be packed so as to appear as an ovation to him personally."

### Doukhobors At Home.

Winnipeg, Manitoba, Nov. 17.—Immigration Officer Roy, who assisted in driving the Doukhobors back to their villages, arrived at Winnipeg today and says there was great rejoicing on the return of the Doukhobor men.

The women appear to have cooled in the frantic ardor and are quite contented to remain at home. The leaders are still possessed of their crazy actions, but have lost hold on their followers.

### Smith For President.

Seattle, Wash., Nov. 17.—J. J. Smith, of Enumclaw, State Senator-elect from the Thirtieth district, King county, will be chosen President of the next Senate. This was agreed upon at a meeting today when Senators Baker, of Goldendale, and Hamilton, of Tacoma, announced their withdrawal in favor of Smith. Though Smith is opposed by the Railway Commission Bill favored by Governor McBride, it is declared the administration is satisfied that he will rule impartially and will not oppose his election to the Presidency of the Senate.

### POSTOFFICE SUSPENSES.

SUMPTER, Nov. 17.—The Postoffice located at Cableville has been suspended for the reason that no man can be found to take the position of postmaster. Thomas Castello, who formerly held the place, has resigned and removed his place. This will prove a great inconvenience to the many people in the Cable Cove district, who will now have to come to Sumpter, fourteen miles away, for their mail.

### Southern Pacific Safe Robbed.

Portland, Or., Nov. 15.—The safe in the Southern Pacific depot at Newburg, Oregon, was robbed last night of a package containing \$1,170. The money belonged to the Chehalis Valley Milling Company. There is no clue to the robbers.

### COTTAGE GROVE WRECK

### TRESTLE GAVE WAY UNDER A TRAIN—PULLMAN ONLY CAR NOT DAMAGED.

COTTAGE GROVE, Nov. 17.—The Oregon express on the Southern Pacific. Conductor Conser in charge, north bound, was wrecked six miles north of this place yesterday at 1:10 p. m. The train, pulled by two locomotives, was speeding at a lively rate when a small trestle gave way under the second engine, throwing it from the track and derailing five cars. The wreck is one of the worst on the Southern Pacific lines in Oregon for years. The baggage car is across the track, the mail car and one coach on one side and two coaches on the other. One tourist car was badly smashed, but remained partly on the track. The Pullman, the only car not damaged, was brought here last night. It was remarkable that all the cars derailed remained in an upright position,

tion, and aside from one man, who says he was walking on the track and stepped aside to let the train pass, no one was seriously hurt. The injured man has a broken forearm, cut scalp and is supposed to be hurt internally. He was brought here and is receiving attention from the Southern Pacific's physician, Dr. George Wall. Passenger and mail transit is at a standstill, but through connections are expected to be made today.

### PACK BELOW AVERAGE

### FALL FISHING SEASON ON COLUMBIA RIVER A COMPARATIVE FAILURE.

ASTORIA, Nov. 17.—The 1902 fall fishing season has been a comparative failure. Operations have been discontinued on the Columbia river, and, while a few days yet remain for fishing on the outside streams of the state and Gray's Harbor and Shoalwater Bay, enough is known of the situation to make it known that the pack will be below average. Figures compiled from statements given by packers indicate that the total pack will be 105,000 cases.

On the Columbia river the output is approximately 14,000 cases. Only two packing houses were operated this fall, and these depended principally on the traps for their supplies. About ten days ago heavy freshets made their appearance in the river, as the result of the rains, and it was impossible for the trappers to continue operations. They gave up in disgust during last week, and the canneries were at once closed down. The cannery of the Columbia River Packers' Association at Pillar Rock has packed about 11,000 cases of fish, while Senator J. G. Megler's Brookfield packing house has canned about 3,000 cases.

Nearly the entire pack on the Columbia river is of chums, silversides having been very scarce during the season. The cold-storages made a bid for silversides, and perhaps got the bulk of those caught by offering a higher price. It is estimated that not more than 25 per cent of the Columbia river pack is of silversides.

From Garibaldi and Alsea Bay come reports of light packs, with a scarcity of silversides. At Nehalem silversides were much more plentiful than at any other point reporting, and the pack there will not go far toward helping the canners supply the demand for this grade of fish. Gray's Harbor has had an exceptionally good year, and the pack there is supposed to be fully 35,000 cases. Most of the fish packed at the harbor are said to be chums.

The shortage of the fall pack, together with the remarkably heavy falling off in the Puget Sound summer pack and the deficiency noted in Southern Alaska and the Fraser river, ought to have a very good effect on the high-grade fish market. Indeed, things are already looking up, and Columbia river chinook will doubtless command a much better price next season.

Samuel Elmore, who is just home from the East, says the demand for canned salmon has been wonderful. He makes an encouraging report with reference to the condition of the market, and thinks next season's prices will be very favorable. Prices are expected to stiffen somewhat during the next sixty or ninety days, as some of the jobbers will be compelled to replenish during that time. If there is any slump at all, it will be on cheap fish. That low-grade salmon has not made the inroads into the high-grade market that was expected is evidenced from the statement of Mr. Elmore, who knows of a Chicago broker who bought Puget Sound sockeyes for \$1.27 1/2 per dozen in Chicago when the price on the Coast was \$1.25.

### NEBRASKA BOY KILLED

### WHILE OUT HUNTING SHOT BY THIRTEEN YEAR OLD BOY.

LA GRANDE, Nov. 17.—Frank Radford, a young man from Minden, Neb., was fatally shot at the McAllister farm today. He had gone duck hunting with Arthur, the 13 year old son of D. A. McAllister, and the boy in putting his gun through the fence, discharged it, and the whole load of shot struck Radford. They were only ten feet apart, and a hole two inches in diameter was torn in the man's abdomen. Dr. Richardson went out from this city, but Radford only lived 15 minutes. He had been an employe on the McAllister farm, and was at the place on a visit. He will be buried here. The boy is wild with grief at the fatality.

### FLY BITE WAS FATAL.

NEW YORK, Nov. 17.—Herman Kaufman, 3-year-old son of a tobacco dealer living in The Bronx, has died from the effects of a fly-bite inflicted last Wednesday. A few hours later a small spot made by the bite developed into a swelling which extended over the entire cheek. The swelling continued to spread until the whole upper portion of the child's body was distended. The doctors were powerless to give relief and finally the victim died. His playmates say the fly was an ordinary "blue bottle." The physicians believe the insect was infected with erysipelas germs.

### Trust Those Who Have Tried.

I suffered from catarrh of the worst kind and never hoped for cure, but Ely's Cream Balm seems to do even that.—Oscar Ostrom, 45 Warren Ave., Chicago, Ill.

I suffered from catarrh; it got so bad I could not work. I used Ely's Cream Balm and am entirely well.—A. C. Clarke, 341 Shawmut Ave., Boston, Mass.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts., or mailed by Ely Brothers, 56 Warren St., New York.

## PRES. MITCHELL NON-COMMITTAL

### Put Through Another Course of Questions

## IMPRESSED ATTORNEYS

### Miner President's Brilliance—Ability in Evading Leading Questions

### MACVEAGH, FOR ERIE COMPANY, ATTEMPTED TO SHOW MINERS' IRRESPONSIBILITY IN MAKING CONTRACTS, BUT MADE LITTLE PROGRESS—THE BOYCOTT.

SCRANTON, Pa., Nov. 17.—In the presence of as many persons as could be jammed into the Superior Court room today, Wayne MacVeagh, for the Erie Company, and John Mitchell, for the miners, continued their brilliant battle of cross-examination before the anthracite coal commission. The fourth demand of the union which calls for a yearly trade agreement and which means a straight out recognition of the union, was the bone of contention, and not much material progress was made. Mac Veagh attempted to show the utter irresponsibility of the union and its inability to make contracts which it could live up to.

His principal argument was alleged boycott, and he often had pressed the miners' president for an answer. The latter, however, slowly and deliberately gave some reply but it did not always satisfy his inquisitor.

Mac Veagh expressed his admiration of the ability of the witness, and on one occasion, when Mitchell parried a question regarding the boycott of coal and iron policemen by a hotel keeper, the distinguished attorney threw up his hands, laughed and said: "Mr. Mitchell, you are the best witness for yourself I ever confronted."

The miners' president no matter how skillfully he was questioned could not be drawn into the flat argument that he, a president of the union, approved of the boycotts complained of by the companies.

He had personal opinions of some phase of the boycott, but would not express them as being the sentiment or policy of his organization.

### "PURPLE MOTHER'S" SON

### ESCAPES FROM POINT LOMA SCHOOL AND TELLS BAD STORIES.

SAN DIEGO, Nov. 17.—Henry Baron is the adopted son of Mrs. Katherine Tingley, "Purple Mother" of the "Lotus Buds" of Point Loma, and high priestess of the Universal Brotherhood, whose doctrines of theosophy are founded in the Union of the Supreme Court of the Raja Yoga. Baron escaped this afternoon from the Point Loma Lamasery and is now in hiding in San Diego.

"I was on guard at the colony last night," he said. The colony is one of the departments of the Raja Yoga. "They are afraid over there that their enemies will attack them in the night, so they place a guard in relays all over the grounds and buildings.

"I left Point Loma because I am discouraged and broken-hearted. I am broken-hearted by the way the poor people are treated over there. Those who are not rich enough to pay their way have to work for the others. There are mothers over there who are not allowed to see their children. Mrs. Tingley says that mother love breeds selfishness. So they keep the children by themselves. Nobody except the 'Cabinet of the Purple Mother' are allowed to converse with these children or have anything to do with them.

"I know nothing personally of the manner in which they are treated. I do know, however, that there are two divisions, one at the colony and one at the homestead. The homestead is where the better class of children live. These are fed on the best of the market can produce; the students, as they are called, who live at the colony, are stinted."

Baron charges that Mrs. Tingley has deceived him as to parentage, and has withheld a heritage from him.

### FORGED CHECK SWINDLER

### OPERATED IN SUMPTER AND BAKER CITY SUCCESSFULLY THEN SKIPPED.

BAKER CITY, Nov. 17.—"Dr. L. Courtney, New York City," is the signature of an individual being looked for by the police department of this hamlet. He is wanted for conducting a wholesale business of negotiating the passage of fraudulent checks. He victimized a number of Sumpter citizens, and hid himself to Baker City, where, it is understood, he was as eminently successful. He registered at a Sumpter hotel and succeeded in prevailing upon the proprietor to accept one of his slips for \$20, but later, when he learned discovery was at hand, departed hurriedly upon the west-bound train, leaving behind a suit of clothes and an overcoat.

After reaching this city his operations were more closely conducted, and when the police awoke to the fact that a swindler was in their midst the culprit disappeared a la Herman. It is thought he headed for Portland.

## CURRENCY IN PHILIPPINES

### Is in a Most Deplorable State at Present

## REPORT OF COMMISSION

### Now Enroute And a Synopsis Cabled to Washington in Advance

### DEPRECIATION OF SILVER CAUSED GREAT LOSS TO GOVERNMENT—COMMISSION DESIRES CURRENCY ON GOLD BASIS—BATTLE WITH REBELS.

WASHINGTON, Nov. 17.—The report of the Philippine Commission will not reach Washington for a month, but a synopsis has been cabled to the War Department. It is known that the commission will make strong recommendations regarding the currency which, at present, is in a deplorable state.

The continued depreciation of silver currency until it is worth \$2.50 for \$1 in gold has caused a great loss to the Philippine Government, estimated at \$1,000,000 during the past six months. The commission believes that the currency should be established on the gold basis.

Governor Taft has been in favor of further tariff concession to the Philippines and it is believed he will recommend that the rate which is now 75 per cent of the Dingley rate should be made 25 per cent, to encourage commerce between the islands and the United States.

Governor Taft also believes that the commission should be allowed discretion in the matter of admitting Chinese laborers.

### Another Battle Reported.

San Jose, Costa Rica, Nov. 17.—According to the news received here through Colombian revolutionary sources, a battle has taken place between the Colombian Government and the insurgents' forces at Agua Dulce. The Government's gunboat Bogota, according to these reports, is on the way back to Panama in a disabled condition as a result of the engagement, five officers and fifteen of her crew being said to have been killed.

### Terrible Destruction Wrought.

Panama, Nov. 17.—Passengers from Central America report the complete destruction of the territory surrounding the volcano of Santa Maria, Guatemala, in consequence of the recent eruption. Adjacent villages, rich coffee plantations, with over \$200,000 worth of coffee and hundreds of lives lost. Exchange is rising by leaps and now stands at 1200 per cent without buyers. Strict censorship in Guatemala makes it impossible to get the exact news regarding the situation there.

### HUNDREDS OF DELEGATES

### ARRIVE IN PORTLAND TO ATTEND THE IRRIGATION CONGRESS TODAY.

PORTLAND, Or., Nov. 17.—About 400 delegates from different sections of Oregon are here to attend the irrigation convention which begins tomorrow. The action of the meeting will have an important effect upon the portions of the state that can be brought under irrigation.

The convention will open tomorrow morning at 10 o'clock in the A. O. U. W. Hall. A general reception and interesting program prepared by the merchants' entertainment committee will be given to visitors and delegates in the evening.

### Stromboli in Action Again.

Rome, Italy, Nov. 17.—A fresh eruption of the volcano Stromboli occurred yesterday evening, accompanied by a terrific explosion and a great flow of lava. It was a magnificent spectacle, visible from all the northern parts of Sicily. The situation of the few inhabitants of the island of Stromboli is precarious.

In addition to the United States officials and prominent state officials, three prominent members of the National Irrigation Association will arrive this afternoon—Fred J. Kiesel, of Ogden, Utah, National president; Fred J. Holmes, of Salt Lake City, National secretary, and R. Mason, National chairman. The merchants' entertainment committee, at a largely attended meeting this morning, appointed J. M. Moore to meet them at the train with carriages and escort them to the Portland Hotel, where an informal reception will be given them this evening. All business men are invited to be present. Governor Geer, Mayor Williams, President Mears, of the Chamber of Commerce; A. H. Devers, of the Oregon Irrigation Association; F. E. Beach, of the Board of Trade, will be asked to be present.

### LOOKING FOR HOP LAND

### PLENTY OF CAPITAL READY TO BE INVESTED IN YAKIMA VALLEY.

NORTH YAKIMA, Nov. 17.—From all indications it looks as though there will be a boom in hop ranches in the Yakima Valley during the next season. Already plans are under way for new ranches by farmers and other land owners. A San Francisco firm has inserted advertisements in the local papers, wanting to buy hop farms. Portland people have also been here looking over the field, with a view of buying before the price of land goes up. Growers who have not sold or contracted for their 1902 crop are asking 25 cents, but buyers are still offering 25 cents and 25 cents. Some of the growers say they will get 40 cents before the winter is over.

### UTAH EARTHQUAKE

### TWO SHOCKS DEMOLISHED CHIMNEYS AND CROCKERY AND STOPPED THE CLOCKS.

SALT LAKE CITY, Nov. 17.—Two distinct shocks of earthquake were felt in this city shortly before 1 o'clock. Clocks were stopped in various parts of the city, but no serious damage is reported. The shock was felt at a number of points in Southern Utah. Pine Valley, in Washington county, reports two sharp shocks about 1 o'clock, the movement being heavy enough to damage chimneys and throw crockery from shelves. The disturbances seemed to be from north to south.

### DEAD MAN FOUND

### IN BUSHES NEAR EUREKA, UTAH, THOUGHT TO HAVE COMMITTED SUICIDE.

SALT LAKE CITY, Nov. 17.—A special to the Herald from Eureka says: The body of John McCarthy was found this morning lying in a clump of bushes half covered with snow. Underneath the body was found a pocket-knife with the handle covered with blood. McCarthy's parents live in Walkerville, Montana. It is supposed to be a case of suicide.

### MISSING MAN FOUND.

SAN FRANCISCO, Nov. 17.—W. Lovell Eyre, journalist, poet and Bohemian, who has been missing since October 9th, has been discovered in a grave in the potter's field, where he has been lying unknown and unclaimed since the day following his death at the Central Emergency Hospital, on October 16th. The night before Eyre was picked up at the corner of Sacramento and Webb streets in an unconscious condition. He was sent to the hospital, where he died, and whence he was sent to a pauper's grave. He was missed, and friends began the search which will result in his reinstatement.

### Stromboli in Action Again.

Rome, Italy, Nov. 17.—A fresh eruption of the volcano Stromboli occurred yesterday evening, accompanied by a terrific explosion and a great flow of lava. It was a magnificent spectacle, visible from all the northern parts of Sicily. The situation of the few inhabitants of the island of Stromboli is precarious.

## JAPAN WILL HAVE FLEET

### Of Warships on the Pacific Coast

## THE SURGEON OF THE NAVY

### Gave Out the Information in San Francisco for First Time

### HEADQUARTERS TO BE AT ESQUIMALT, BRITISH COLUMBIA—RUSSIANS SEIZE JAPANESE SCHOONER AT VLADIVOSTOK, KING OSCAR'S DECISION.

SAN FRANCISCO, Cal., Nov. 17.—The Japanese Empire will maintain a permanent fleet in the American waters of the Pacific. This important announcement was made today by Fleet Surgeon C. Oakt of the Imperial Japanese Navy.

"Next year," said the surgeon, "Japan will send abroad its first fleet as a permanent unit. It will be stationed on the Pacific Coast of America. Its headquarters will be Esquimalt, in British Columbia."

### Japanese Schooner Seized.

Victoria, B. C., Nov. 17.—Sailors who have arrived here tell of the seizure of the Japanese schooner Chetsuo Maru, April 29th, at a village south of Vladivostok. Boats with armed Russians put off from the shore to seize the schooner and a fight ensued. Three Japanese were killed and the schooner seized, the men being sent as prisoners to Vladivostok. By the last advice the sailors were still in the Russian prison.

### Favored the Germans.

Washington, Nov. 17.—There was today published a full text of the decision given by King Oscar II, as arbitrator of certain claims owing to the military operations conducted in Samla in 1899. The decision has been announced heretofore. Preceding publication, however, it did not convey to the officials here a full realization of the complete victory won by Germany, for it appears that on every single point the arbitrator adopted the most extreme German view in opposition to Great Britain and the United States.

### MRS. GOODIN DEAD

### AFTER BRIEF ILLNESS SUCCEUMS AT HER HOME NEAR HILLSBORO.

HILLSBORO, Nov. 17.—The funeral of Mrs. John Goodin, who died at the family residence near Glencoe, last Friday evening, was held yesterday, the services being conducted at the family residence, and the remains deposited in the Tualatin Plains Cemetery. Mrs. Goodin was born in Ireland in June, 1829, and her parents came to America when she was only a few years old. On January 29, 1852, she was married to John Goodin, of Spencerville, Canada, and came with her husband and family to Oregon in 1878, locating in Washington county, where they have resided continuously ever since. Their golden wedding was celebrated last January. A husband, three daughters and four sons survive.

The above item was taken from the Portland Telegram last evening. Mrs. Goodin was the mother of Department Supervisor R. B. Goodin, of the Oregon Insane Asylum.

# Jos. Meyers & Sons

THE WHITE CORNER (TRADE MARK)  
SALEM'S GREATEST STORE

## The Only Clothing Store

In the Willamette Valley that sells the famous H. S. & M. Clothing for men is Jos. Meyers & Sons.

## The Only Clothing Factory

In America that offers to the consumer an absolute guarantee of the wearing qualities of their goods is Hart, Shaffner & Marx, of Chicago. (An irresistible pair of stores.)

The Average tailor is like a stage coach—Lumbers along in the same old way. Do you want to travel by stage or fast express? If you choose the fast express you come to us for your clothing because you want everything up-to-date.

When in doubt choose a black suit; it's the truest elegance in dress.

Fancy Worsted suits so new and bright your eyes will dance.

Overcoats so thick and deep that the most prying wind can't find you.

Pants that fit both form and fancy; neat dressy patterns.
