

SUPT. POTTER IN THE EAST

Now on His Way Home With a Number of New Students

CHEMAWA INSTITUTION IS TO HAVE NEW \$25,000 BRICK DORMITORY FOR BOYS—MR. POTTER VISITS CARLISLE SCHOOL AND IS GIVEN AN OVATION.

Superintendent Thos. W. Potter, of the Salem Indian Training School, at Chemawa, is now on his way home from a visit in the East, having spent some time in the city of Washington. He will bring with him a number of students from the reservations of Eastern Washington.

Mr. Potter, while in Washington, was informed that the plans are almost ready for the brick dormitory building for large boys, for which there is an appropriation of \$25,000. The bids for its construction will be called for within the next few days or weeks. The ground is already cleared for it, the office, commissary and other buildings having been removed to other parts of the premises. It will make an elegant home for the larger students. The large girls' dormitory, recently finished, is fitted in elegant style. No white girls anywhere need ask for nicer quarters. The boys' building will be architecturally similar to the girls' dormitory. It will be larger. The appropriation for the girls' dormitory was \$20,000.

Superintendent Potter visited the school at Carlisle, Pa., and the "Red Man and Helper," published at that institution, in its issue of December 5th, has the following concerning his visit:

"Last Saturday night, as Supt. Potter, of the Chemawa Indian School, Oregon, was with us, the usual monthly sociable, which comes the last Saturday in the month, was deferred, to give the student body and faculty an opportunity to hear our brother-in-work, who is in charge of the largest Indian School on the Pacific Coast, the first non-reservation school to come into existence after Carlisle."

"The band played a lively selection when Colonel Pratt introduced our visitor from the West, mentioning the fact that Mr. Potter was once a teacher with us, and that Chemawa was established to be a running mate with Carlisle."

"Mr. Potter began by saying that he stayed over to hear one of Colonel Pratt's oldtime rousings, Saturday night speeches, but not to speak himself. He told of the help those talks had been to him, and to all who had heard them, and he wondered how many were truly grateful for the many opportunities that such a school as Carlisle afforded."

"He alluded to Carlisle as situated in the cream of civilization. Some schools are located in such thinly populated districts that the influence of the civilization around them is like skimmed milk."

"Here we are among a people who have always loved the Indians. Carlisle is in the atmosphere of William Penn's treatment of the red man."

"All come here for the purpose of getting an education that will enable them to succeed in life. Of all the youth in the land who are educated, only about one-tenth are really successful in life, while nine-tenths fail. So the Indians are not the only people who fail."

WILL SEND \$4.00 FREE.

Franklin Miles, M. D., LL. B. the Celebrated Chicago Specialist, Will Send \$4.00 Worth of His New Special Treatment Free to Each of Our Readers.

When an experienced physician offers to give away \$40,000 worth of a New Treatment for diseases of the heart, nerves, stomach or dropsy, it is conclusive evidence that he has great faith in it. And when hundreds of prominent people freely testify to his unusual skill and the superiority of his New Special Treatment, his liberality is certainly worthy of serious consideration.

That Dr. Miles is one of the world's most successful physicians is proven by hundreds of testimonials from well-known people. One patient cured after failure of eleven Grand Rapids physicians, two after being given up by six and seven Chicago physicians, another after nine leading doctors in New York City, Philadelphia and Chicago failed. 1000 testimonials sent upon request.

The eminent Rev. W. Bell, D. D. of Dayton, O., Gen. Sec'y of Foreign Missions, writes editorially in The State Sunday School Union: "We desire to state that from personal acquaintance we know Dr. Miles to be a most skillful specialist a man who has spared neither labor nor money to keep himself abreast of the great advancement in medical science."

The late Prof. J. S. Jewell, M. D., said: "By all means publish your surprising results." Prof. J. P. Ross, M. D., Ex-Pres. of Rush Medical College, wrote in 1878: "Dr. Miles has taken two courses of my private instruction in diseases of the heart and lungs." Mr. Truman DeWeese, editor Chicago Times-Herald, states: "Dr. Miles cured me of years of inherited headache and dizziness." The well-known manufacturer of Freepost, Ill., J. C. Scott, says: "I had fruitlessly spent thousands of dollars on physicians until I consulted Dr. Miles." Mrs. Frank Smith, of Chicago, writes: "Dr. Miles cured me of dropsy after five leading physicians had given me up."

This new system of Special Treatment is thoroughly scientific and immensely superior to the ordinary methods.

As all afflicted readers may have \$4 worth of treatment free, we would advise them to send for it at once. Address, Dr. Franklin Miles, 203 to 205 State Street, Chicago, Ill.

When writing mention The Weekly Oregon Statesman, Salem, Oregon.

What Shall We Have for Dessert?

This question arises in the family every day. Let us answer it to-day. Try

Jell-O

a delicious and healthful dessert. Prepared in two minutes. No boiling! no baking! add boiling water and set to cool. Flavors—Lemon, Orange, Raspberry and Strawberry. Get a package at your grocers to-day. 10 cts.

people who fail.

"We must have brains, character, industry, to succeed."

"In referring to the Georgetown victory, Supt. Potter said that the result of that game as he witnessed it had emphasized two things—first, that the Indian can learn, and second, that he can execute what he learns. There is no reason why the Indian cannot be just as successful as anybody at football or in any other line of action."

"The students are learning those things at Carlisle that will be of use, if they only use what they learn. It is possible to keep locked in one's own being what is learned, and not to use it for the benefit of others, or one's self."

"The speaker told of a Chinaman near Chemawa, who uses his knowledge of how to till the soil to good advantage. He plants onions, and at the end of every season puts in the bank \$1,000, clear gain from his onion patch. If a Chinaman can do that, what is to hinder an Indian from doing the same? It requires will power and a determination to succeed."

"A young Swede, not far from Chemawa, rents forty acres of land at \$3 an acre, plants potatoes and clears money."

"Some students are apt to think that such work is not stylish. Some silly girls don't like young men who are farmers, but prefer dudes for company. It is all right to get a college education, but the majority will be tillers of the soil or tradesmen."

"Here Mr. Potter asked all who could milk a cow to raise their hands, and a sea of hands was at once waving above the heads of the audience."

"When he alluded to his frequent talks with Assistant Superintendent Campbell at Chemawa, about our Standard and Inevitable Debating Societies, telling how Mr. Campbell still stood up for the Invincibles and how he still had a warm heart for the Standards, and showing how they never could agree as to the relative merits of the two societies they had helped to start and keep alive, there was enthusiastic applause."

"The choir sang a selection, when Colonel Pratt took the floor."

Catarrh of the Kidneys

Kills thousands of people annually, both male and female. Take warning in time. If you have pains in your back, loin or groin, tired or worn out feeling, depressed and dull spirits, which leads to Bright's disease. Take S. B. Catarrh Cure, which removes the cause of all kidney troubles. For sale by all druggists. Book on Catarrh free. Address Smith Bros, Fresno, Cal.

STREET FAIR COMPANY

ORGANIZED IN PORTLAND AND IS INCORPORATED—WILL CONDUCT CARNIVALS.

The Multnomah Carnival Association filed articles of incorporation yesterday with Secretary of State F. L. Dunbar, the capital stock of which is \$100, and the purpose of the organization is to hold and conduct street fairs and carnivals in the state of Oregon. The principal office will be in Portland, and E. L. Powell, W. H. Fehelmer, H. L. Pittcock and J. N. Teal are the incorporators.

Other corporations filed articles, as follows:

The Minersville Gold Mining and Milling Company, of Sumpter, with a capital stock of \$1,000,000, will engage in a general mining and milling business. E. P. Bergman, T. J. McWaltz and R. F. Evans are the incorporators.

The Elrod & Moore Land Company, with a capital stock of \$15,000 and headquarters in Moro, Oregon, will deal in real and personal property and do a general mortgage, security and brokerage business. The incorporators are J. O. Elrod, L. W. Moore and E. W. Elrod.

The Columbia River & Northern railway Company filed supplementary articles for the purpose of extending its lines from Goldendale, Klickitat county, Washington, to a point on the Columbia river near the mouth of Rock creek, and to Bickleton, in Klickitat county.

BOEDIGHEIMER WILL

FILED AND ADMITTED TO PROBATE YESTERDAY—ESTATE VALUED AT \$6,800.

The last will and testament of E. Boedigheimer, deceased, of Sublimity, was admitted to probate in the county court yesterday. The will was executed November 13, 1900, in the presence of Wm. Kaiser and Tilmann Ford.

Mary Boedigheimer, wife of the deceased, and Rev. A. Latink, of Sublimity, are named as co-executors of the will without being required to furnish bonds or security, and if either of them should die, it is directed that the other shall become sole executor. The widow is named as the beneficiary of the estate, which is valued at \$6,800, so long as she shall live, and at her death the estate, it is directed, shall be divided among his eight children.

Final Account Filed.

John Marthaler, administrator of the estate of Abram Dittmars, deceased, yesterday filed his final account upon the same, showing that all of the affairs of the estate had been settled up, and the court approved the account and ordered that the administrator be discharged from his trust and his bondsmen released from further liability.

All Subjects Arrested.

Caracas, Dec. 9.—All German and British subjects in Caracas were arrested today.

HOP MARKET HAS NO LIFE

Brewers Are Indifferent and Few Lots Changing Hands

SOME GROWERS TIRED OF HOLDING ARE DISPOSING OF THEIR STOCK AT REMUNERATIVE FIGURE—MORE INTEREST EXPECTED AFTER HOLIDAYS.

The hop market continues quiet with little or no movement of stock and no apparent tendency either one way or another in the prices. It is quite evident that the brewers are temporarily or apparently unconcerned in the market for there is very little doing, as no lots are being sold with the exception of an occasional instance, where the grower becomes weary of the waiting, is satisfied with 25 cents, and lets go his holdings for that figure in order to clear his mind of the matter and be relieved of the burden.

Many of the dealers assert, however, that they do not look for renewed activity in the market until after the holidays, when they believe business will resume with increased vigor and strength.

Hermann Klaber, of Tacoma, the hop King of the Puyallup valley, was visiting among the local hop dealers yesterday. He owns the famous Meeker yards in Washington and several other hop plantations, being the most extensive grower of hops in the state. He also deals in hops to a great extent and says that the Washington hops are pretty well cleaned up.

James S. Elliott, representing O. W. Kennedy & Co., of Clinton, N. Y., is in the city. His firm is one of the most extensive dealers in hops in the United States. He said he would like to buy some Oregon hops, but it is not likely that he will be able to do so.

The variance between what he would be willing to pay at the present time and the price the owners of hops are asking is from one to five or six cents a pound. He believes, however, that there will be more activity in the market after the holidays.

Of the condition and movement in the market in the East, the Valentine Loew's Sons Co.'s Producers Price Current of New York City in the last issue has the following to say:

Bales	Receipts for week	5,372
	Receipts from Sept. 1	39,486
	Receipts same time last year	32,119
	Exports to Europe for week	2,508
	Exports from Sept. 1	13,383
	Exports same time last year	10,433
	Imports for week	1,980
	Imports from Sept. 1	5,797
	Imports same time last year	1,578

The market has developed a little easier tone and some grades of hops can be bought 1/16c lower than a week ago. Stocks in dealers' hands are not large enough to cause any serious pressure to sell, but the continued quietness of trade makes some dealers a little more anxious to do business, even at a slight concession in price.

Brewers' wants seem to be fairly supplied for the moment and they are not expected to do much until after the holidays. Exporters appear to have withdrawn so far as new purchases are concerned, but they are receiving and forwarding considerable stock that was bought in the interior. Close to 3,000 bales of the week's receipts were to transit for export. From the present temper of the market it is quite certain that choice State shipping hops could not be sold here above 26¢/37c, and prime brewing stock is offering at 34¢/35c. For the choicest Pacific Coast lots 30¢ would be a full rate, some fine hops selling at 28¢. So large a proportion of the crop has already passed out of growers' hands that there is not much giving way in the country, but it would require the acceptance of lower prices to do further business. German markets are cabled easy, and London holds steady.

Every woman in the country ought to know about

Mother's Friend

Those who do know about it wonder how they ever got along without it. It has robbed childbirth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external liniment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other discomforts of pregnancy.

"A druggist of Macon, Ga., says: 'I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results claimed for it.'"

"A prominent lady of Lambert, Ark., writes: 'With my first six children I was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours.'"

Get Mother's Friend at the drug stores, \$1.50 per bottle.

A TEXAS WONDER

HALL'S GREAT DISCOVERY. One small bottle of Hall's Great Discovery cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism, and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment, and will cure any case above mentioned. Dr. E. W. Hall, sole manufacturer, P. O. Box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists, and at DR. S. C. STONE'S drug store, Salem, Oregon.

READ THIS. Bandon, Ore., Dec. 8, 1901. Dr. E. W. Hall, St. Louis, Mo.—Dear Sir:—I have used your Texas Wonder for kidney and rheumatic trouble. Its effects are wonderful. It has no equal, and I can cheerfully recommend it. Yours truly, HARVEY HOWE.

RICH QUARTZ DISCOVERY

A BIG BODY OF ORE IS UNCOVERED IN JOSEPHINE COUNTY. GRANT'S PASS, Or., Dec. 10.—An important quartz discovery has recently been made in the Williams district of Josephine county. A twelve-foot ledge with well defined walls has been uncovered near the noted Rising Star mine, and is probably an extension of the same vein. Dr. Jennings, a dentist of this city, has purchased the claim and is having it developed. A contract for running a deep tunnel has been awarded to J. C. Kincaid, and the big vein will be opened up and put in shape for working. The ledge carries values throughout its whole width, these values ranging from \$11 to \$90 per ton.

A four-stamp mill has arrived for the Kremer & Palmer mine, and is being hauled out to the property on Mount Reuben. The Kremer & Palmer has been undergoing a thorough and excellent development during the past two years, and is now well opened up, exhibiting one of the finest and most extensive bodies of high grade ore to be found on Mount Reuben. With the mill, a complete plant will be installed, and the property launched forth on a permanent business. The Kremer & Palmer gives promise of becoming a valuable addition to Southern Oregon's list of billion producers.

The Gold Bug mine, on Mount Reuben, is temporarily closed down, undergoing repairs and a general overhauling. Mount Reuben now has three mines operating stamp mills, and three more are ready to put in mills as soon as wagon roads can be completed to them over which the heavy machinery can be hauled.

The Christmas Dinner. In spite of the fact that the word dyspepsia means literally bad cook, it will not be fair for many to lay the blame on the cook if they begin the Christmas dinner with little appetite and end it with distress or nausea. It may not be fair for any to do that—let us hope so for the sake of the cook! The disease dyspepsia indicates a bad stomach, that is a weak stomach, rather than a bad cook, and for a weak stomach there is nothing else equal to Hood's Sarsaparilla. It gives the stomach vigor and tone, cures dyspepsia, creates appetite, and makes eating the pleasure it should be.

DEATH OF MRS. MOXLEY. MONMOUTH, Or., Dec. 11.—Mrs. Mary Ann Moxley, of this place, died Sunday, December 7th, after a long illness, aged 69 years. Mrs. Moxley was born in Philadelphia, Pa., June 14, 1852, and was a pioneer of Oregon in 1852. She was married in Monmouth to Robert Moxley, of Olympia, Wash., where he was sheriff of Thurston county, until his death, eight years later. Since then Mrs. Moxley has made her home in Monmouth. She was a member of the Christian church.

She leaves two sisters, Mrs. Mandy Doughty and Mrs. Almira Davidson, of this place, and two brothers, John Kramer, of Monmouth, and Gaston Kramer, of Seattle, Wash. Funeral services were conducted Tuesday from her home by the Olympia, Wash., Order of Masons, of which order her husband had served as Worshipful Master.

HOW ABOUT SALEM? OUTCASTS OF SEATTLE FLOCKING TO BAKER CITY AND EASTERN OREGON. Baker City is infested with thieves, pickpockets and thugs, says the Baker City Democrat. They are recent arrivals and they came in allopathic bunches. The police force is cognizant of their presence, but an epidemic of hold-ups is expected for all that. Seattle is to blame for it, all or rather the wave of moral reform that has lately swept over Seattle is the cause of it. A gentleman whose business makes him familiar with the names and faces of the criminals of the Pacific Northwest is in the city and was at Sumpter yesterday. He said he saw on the streets of Sumpter a half dozen "sure-thing" men who had been driven from Seattle when the dives and gambling houses were closed. In this city he recognized a half dozen more. This gentleman stated that when the all-night points and the gambling was stopped in Seattle a horde of the light fingered gentry swept down on Portland like an avalanche. A number of them are hanging on in the metropolis by their eyeballs, while a large crowd dispersed to the rich towns of Eastern Oregon, where the pickings are supposed to be good. These parasites are here for no good and it will be well for citizens who are out at night to carry a few small galling guns in their pockets.

PERSONALS

Mr. and Mrs. J. A. Jefferson went to Portland yesterday to take in the poultry show. Mrs. Z. J. Riggs and Mrs. Arthur Lawrence went to Portland last night for a short visit. G. G. Bingham went to Silverton yesterday afternoon to attend to business matters in that town. Mr. Fred Baker returned to Portland last night after a short visit in this city with his parents. W. F. Jones, constable for Jefferson precinct, came down last night for a short visit in the Capital City. Miss May Worsham went to Portland
