(From Wednesday's Daily.)

The vote in the joint assembly yesterday was anything but tame and unsensational, as it has been much of the time heretofore. No changes were looked for and calling of the roll brought forth some great surprises. When the roll call reached Representative Cobb, he voted for Geer in a loud plain voice. The chief clerk was so astonished that he could not believe his ears, so he called Cobb's name again but got the same response. The lobby by this time understood what had happened and applauded loudly.

As different members of the Multnomah delegation voted for Geer, the applause increased at each succeeding vote, and when Senator McGinn voted for Geer the people went wild with applause. When the name of Paulsen was reached and he voted for Geer, there was no controlling the people for a while.

When the vote was completed it was found that nine of the Multnomah delegation had voted for Geer, and that Paulsen had left Fulton for him. When Paulsen voted for Geer, President Brownell was so worked up that he could hardly contain himself, and his disapproval was plainly noticeable and he seemed wholly unnerved for a time. The vote yesterday looks very encouraging for Mr. Geer, and it seem quite probable that other members of the Multnomah delegation will vote for him today.

The long-looked-for and predicted break in the situation, however, has come to pass and it only remains for a little time to do the rest, for, since it has come there is nothing that can prevent its progress.

This condition has been expected for some time, and, although it could not be said as to exactly when the break would transpire, it was thought that it would take place either yesterday or today.

From the present situation it is still impossible to state into whose hands the plum is going to drop as all contestants are equally confident of their success and neither will acknowledge even the slightest weakness not to say defeat.

The Fulton forces held another caucus in President Brownell's room yesterday afternoon, but what transpired within the portals, beyond numerous outbursts of applause, it is not possible to state, but it is the first conference of the forces which Mr. Fulton has attended in person for long time, and some interesting developments are anticipated. Nothing could be learned as to what was decided upon, but every member of the support was very jubilant over something.

The Geer supporters also held an important meeting yesterday and "have decided to hold out steadfastly to the last with every hope of being successful in the end." A committee was appointed, however, composed of Senators Steiwer, Mulkey and Croisan and Representatives Judd and Whealdon, in whose hands the campaign has been placed and who will guide the support in the fight to the finish. Whether this committee has been endowed with the power to confer with like committees from the other factions could not be learned.

When the final ballot will be taken it is a hard matter to say, but it is an almost assured fact that an election is certain to take place, but whether today or at the last hour remains to be seen. The nine members of the Multnomah delegation who voted for Geer yesterday will remain with him today, and it is said that the number will be increased to fourteen today, but although this could not be confirmed it is said to be true nevertheless.

It is also said that the Multnomah candidate is about ripe to be sprung, and it may occur at any day.

The vote yesterday stood as follows:

**For C. W. Fulton.**

Booth, Both, Brownell, Carnahan, Carter, Cornett, Dimmick, Eddy, Edwards, Emmitt, Farrar, Gault, Ginn, Hahn, Hale, Hansbrough, Harris, Hawkins, Hermann, Hines, Huntley, Kuykendall, La Follett, Marsters, Miles, Phelps, Purdy, Rand, Riddle, Shelley, Smith of Yamhill, Webster, Williams—32.

President Brownell, pursuant to a resolution offered by Senator Kuykendall, yesterday afternoon, appointed Senators Kuykendall, Hobson and Miller as a committee to consult with the Attorney General and Secretary of State and investigate the claims of the Indian War Veterans, look up the Governmental records and prepare a bill of claims to be presented to the next Legislature. The resolution carries an appropriation of $1,000 with which to carry on the work.

Yesterday, President Brownell called Senator Mulkey to the chair in order to introduce a resolution, the substance of which was to authorize the Secretary of State to appoint two private soldiers and one commissioned officer to revise the history of the Second Oregon's campaign in the Philippines. In support of the resolution he said that the history compiled by Adjutant General C. U. Gantenbein was not in any sense a correct history and did not do justice to the private soldiers.

The book, he said, was a history of what the officers had done, but said not a word of the many brave deeds performed by the private soldiers. He severely criticized Adjutant General Gantenbein, and believed that the book should be revised so as to give credit where credit belonged. Senator Brownell was warmly seconded by several other members of the Senate, and the resolution was adopted unanimously.

**WHY STAY PALE.**

A pity to see pale girls stay pale and dull when it is so easy to get Scott's Emulsion.

One of the best things Scott's Emulsion does is to give rich blood to pale girls.

The result of regular doses of Scott's Emulsion is an increase not only in the red color of the blood and in the appetite but in the good looks and bright manners which are the real charm of perfect health.

# THE SENATE HAS AGREED

## At Least, the Republicans, to Continue Consideration

## OF PANAMA CANAL TREATY

## In the Future Until the Treaty Shall Be Finally Disposed of

REPUBLICAN SUPPORTERS OF STATEHOOD BILL AGREE NOT TO ANTAGONIZE MOTION FOR EXECUTIVE SESSION — LITTLEFIELD AND SULZER CLASH.

WASHINGTON, Feb. 17.—The Republican Senators held a caucus today and decided to have the Senate continue the consideration of the Panama Canal Treaty tomorrow and in the future until the treaty shall be disposed of. This result was reached after an hour and a half discussion of the legislative situation in the Senate. The conclusion reached was unanimous.

The understanding is that the Statehood Bill does not lose its advantageous position in the order of business when the Senate is in executive session. The Republican supporters of the Statehood Bill agree not to antagonize a motion for an executive session to consider the Canal Treaty, nor to make any objections to the prolongation of such sessions to any extent necessary to secure its ratification.

Washington, Feb. 17.—The House today began the consideration of the Naval Appropriation Bill under the operation of the rule which made the new legislation relative to the increase of the personnel of the Naval Academy in order. The general debate on the bill was without special feature. Littlefield and Sulzer had an interesting clash before the Naval Bill was taken up, the former charging the latter with having perverted the record.

Washington, Feb. 17.—The Senate today agreed to a conference on the Army Appropriation Bill. The discussion of the Statehood Bill was resumed and Depew continued his remarks in opposition to it. Toward the end of the session Teller declared that himself and the country had been insulted by some of Depew's references to the unequal representation in the Senate.

## TRAFFIC BLOCKADED

SEVEN PASSENGER AND FREIGHT TRAINS SNOW BOUND IN WYOMING.

CHEYENNE, Wyo., Feb. 17.—The worst blockade of the winter was in force today on the roads entering Cheyenne. A strong wind filled all the cuts and the trains have been unable to move. Seven passenger trains and a number of freights are snow bound on Sherman hill. From Cheyenne east the Union Pacific and the Burlington are experiencing great difficulties. A high wind is sweeping the ranges of snow and the stock will not be able to get feed.

## STRUCK BY TORNADO

PASSENGER STEAMER OLIVE SANK WITH SEVENTEEN OF HER PASSENGERS.

NORFOLK, Va., Feb. 17.—A tornado struck the passenger steamer Olive which plies between Franklin, Va., and Edenton, N. C., at 9:30 last night and sent her to the bottom of the Chowan river off Woodley's Pier. Seventeen persons are known to have been drowned, and others who were rescued are in a serious condition.

Hon. C. A. Sehlbrede, of Roseburg, was in the city yesterday.

Every woman loves to think of the time when a soft little body, all her own, will nestle in her bosom, fully satisfying the yearning which lies in the heart of every good woman. But yet there is a black cloud hovering about the pretty picture in her mind which fills her with terror. The dread of childbirth takes away much of the joy of motherhood. And yet it need not be so. For sometime there has been upon the market, well-known and recommended by physicians, a liniment called

**Mother's Friend**

which makes childbirth as simple and easy as nature intended it. It is a strengthening, penetrating liniment, which the skin readily absorbs. It gives the muscles elasticity and vigor, prevents sore breasts, morning sickness and the loss of the girlish figure.

An intelligent mother in Butler, Pa., says: "Were I to need Mother's Friend again, I would obtain 9 bottles if I had to pay $5 per bottle for it."
