

WILL FIGHT TO THE END

Ex-Mayor Ames, of Minneapolis Is Determined

NOT TO BE EXTRADITED

Until All Legal Proceedings Are Entirely Exhausted Through Appeals

WILL CARRY MATTER TO UNITED STATES SUPREME COURT IF NECESSARY—THE GRAND JURY OF WASHINGTON, BOUND TO WIPE OUT GAMBLING.

MANCHESTER, N. H., March 11.—Not until all legal proceedings are exhausted will former Mayor Ames, of Minneapolis, consent to return to that city and stand trial for alleged bribery. His attorneys in this state made a very strong effort in the Superior Court today to secure his release on habeas corpus proceedings and, when beaten, they appealed to the Supreme Court of New Hampshire. Should that court decide adversely, the power of the Supreme Court of the United States will be invoked to set him free so that he will probably be able to say in New Hampshire for a year or more at least. In the meantime he will be at liberty, providing he finds securities to the amount of \$12,500.

To Suppress Gambling. SEATTLE, Wash., March 11.—In addition to the indictment of Mayor Humes, Chief of Police Sullivan and ex-prosecuting Attorney Walter S. Fulton, for malfeasance in office in their failure to suppress gambling, the grand jury has indicted Samuel Rosenberg, a prominent business man, charged with renting the St. Elmo Hotel for immoral purposes, and Stephen G. Meek, for embezzlement. Hawthorne & Smith, managers of the two local diamond investment concerns were also indicted, accused of obtaining money under false pretenses.

Did as He Promised. Seattle, Wash., March 11.—Mayor Humes, in discussing the indictment, said: "The grand jury should now indict every man that voted for me. I told them how I would run the town, and I have done just as I promised."

MIDDLESBORO COAL FIELDS

ONE OF THE RICHEST REGIONS IN THE APPALACHIAN MOUNTAINS. The region at the headwaters of the Cumberland river, long notorious as the scene of deadly family feuds, has lately awakened to realize that it possesses one of the richest coal fields of the Appalachian mountains. The Cumberland and Pine mountains, with almost unbroken crests, have long isolated this southeast corner of Kentucky and the adjacent part of Tennessee. A few years ago a tunnel was driven under the historic Cumberland Gap, and now a single district near Middlesboro is furnishing 600,000 tons of coal annually. The last year has seen new mines opening in this district, and old ones enlarging, and long switches now building will soon open up new districts and reach new mines. Railroad surveying parties have been active all summer. One line has been run to Harlan, the county seat of Harlan county, and the right of way obtained for it. Thousands of acres of coal lands have been purchased in Harlan and Bell counties in the last few months, and many districts are only awaiting the building of the railroad to begin active mining operations. With its usual foresight, anticipating the needs in such a case, the United States Geological Survey, working in cooperation with the Kentucky State Survey, has made a geologic party in this field the last summer. This party, in charge of Dr. Geo. H. Ashley, geolo-

Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of child birth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy. The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great." Get Mother's Friend at the drug store. 50c per bottle. THE BRADFIELD REGULATOR CO., Atlanta, Ga. Write for our illustrated book, "Before Baby is Born."

dist, has traversed all the portion of the field likely to be reached soon by railroads. The work has consisted in making out the general structure and stratigraphy of the field, but more especially in a detailed study of the coal beds, to determine their number and the facilities with which they can be worked, with relative position to one another to sea level, and to the adjacent drainage; the details of each bed as to thickness, partings, roof, floor, extent, and dip through the mountains, and the correlation with other beds. Large numbers of the coals were properly sampled and analyzed, and hundreds of photographs taken. New maps of the area are being prepared on which to show the extent and position of each of the workable coal beds. The Government expects to publish the report of the work as soon as it can be properly prepared.

A BIG WRECK NEAR OMAHA

Eastbound Overland Crashes Into Westbound Freight

WITH FRIGHTFUL RESULTS

Although Six Men Are Reported Killed Particulars Not Learned

FIREMAN OF FREIGHT BURIED UNDER THE WRECKAGE—VESSEL IN DISTRESS SIGHTED OFF POINT REYES—PROMINENT SEATTLE MAN SUICIDES.

OMAHA, Neb., March 12.—The overland limited, eastbound, and a freight train westbound, on the Union Pacific, collided head on at Gilmore station, twelve miles west of here at 2 o'clock this morning. The fireman on the freight is buried beneath the wreckage and is supposed to be dead, and five other trainmen are reported killed. A number of the passengers are reported injured. The wrecking crew and the doctors have gone to the scene.

San Francisco, March 12.—A vessel was reported in distress about one mile south of Point Reyes tonight. Her identity has not yet been established. After displaying distress signals the vessel disappeared in the darkness. The tug Defiance has gone from this city to the rescue. The schooner Chico, from Eureka; James Dollar, from Seattle, and the steamer Columbia, from Portland, are all due and are thought to be in the vicinity of Point Reyes tonight. The observer at Point Reyes believes the vessel is a schooner.

TO PRESENT THE SWORD

COMMITTEE OF HOUSE TO DO THE PRESENTATION HONORS TO CLARK.

During the late session of the Legislature a concurrent resolution was passed for the appointment of a joint committee, consisting of eight members of the Senate and fourteen members of the House, to do the honors of the state for Admiral Clark when he comes to Oregon to receive the sword which is to be presented to him on account of his gallant deeds while captain of the great battleship which bears the name of this state. The names of the Representatives appointed by Speaker Harris on the part of the House have never been published before and are as follows: C. W. Nottingham, W. N. Jones, C. W. Hodson and A. A. Bailey, of Multnomah county; Martin Both, of Columbia; G. W. Phelps, of Morrow; J. H. Robbins of Baker; N. Wheelton, of Wasco; J. N. Burgess, of Sherman; G. W. Hawkins, of Polk; Ira B. Riddle, of Douglas; Clyde H. Huntley, of Clackamas; John Hahn, of Clatsop, and Alex. La Follett, of Marion.

It is said that Colonel Robert Miller, who was the prime promoter in securing the subscriptions to the necessary amount to purchase this handsome trophy for gallant Captain Clark, was highly indignant when he learned of the Legislature's action in appointing this joint committee to do the honors of the occasion when the session of 1901 refused to contribute a cent to its purchase. Inasmuch as the people raised the entire sum by popular subscription, he thinks the Legislature has an unlimited amount of "nerve" to thus step in and attempt to assume the credit.

THE STRIKE SETTLED

PAINTERS AGREE ON RAISE, AND MEN WILL RETURN TO WORK.

PENDLETON, Ore., March 11.—An arbitration committee settled the painters' strike last evening on a basis of \$2.50 for inside men and paper-hangers, and \$3.25 for outside painters. This is a raise from the old uniform rate, which was \$3 a day. The Painters' Union consequently claims a victory. There are 26 painters and three boss painters in Pendleton. The strike began late last week, and Monday the painters organized a co-operative shop and threatened to open for business tomorrow if the boss painters did not accede. The boss painters proposed to the strikers to appoint one from each of the two bodies and have a third selected by these two to settle the difficulty. The strikers agreed, with the above final settlement.

SUSPICIONS ARE AROUSED

Talbot J. Taylor & Co., of New York City

ASKING STOCKHOLDERS OF

Southern Pacific Company for Proxies for Annual Meeting

THEY CHARGE THAT INDICATIONS POINT TO MISMANAGEMENT OR WILFUL INTENTION TO DECEIVE STOCKHOLDERS AS TO THE COMPANY'S EARNINGS.

NEW YORK, March 11.—Talbot J. Taylor & Co., brokers, sent out circulars today to the stockholders of the Southern Pacific Company asking for proxies to be voted at the coming annual meeting of the company. Taylor is the son-in-law of James R. Keepe, the reputed manager of the speculative pool in the Southern Pacific, which, it is understood, has objected to the policy of the Union Pacific in control of the Southern Pacific, in deferring the dividends on the Southern Pacific stock. The circular issued by Talbot J. Taylor & Co. says that over \$60,000,000 have been expended for reconstruction, betterments and improvements on the Southern Pacific, but that the operating expenses continue to be from 10 to 12 per cent higher than on any other road competing for transcontinental business, which, the circular declares, "indicates either gross mismanagement or wilful intention to deceive the stockholders as to the true net earnings of the company and by this means depress the market value of the stock." The circular further sets forth that vast sums are being expended on the Central Pacific out of the Southern Pacific funds. It is further alleged that the Southern Pacific earnings would have justified dividends on the stock for the past year.

"WETS" THE WINNERS

RESULT OF FIRST ELECTION OF NEW TOWN OF MYRTLE CREEK

ROSEBURG, Or., March 11.—The newly incorporated town of Myrtle Creek held its first election on Monday. The office of mayor was awarded to the Hon. W. P. Johnson, the sawmill operator. There was considerable excitement during the election as the question of a "wet" or "dry" town was the principal issue. Although the saloon side was not espoused by either element, the position of all the candidates was understood. The contest throughout was "lean" and the "wets" won. Following is the result of the vote: For mayor, Johnson 49; Kelley 28; recorder, Armitage 26; Hurst 31; treasurer, Selig 41; Fallon 25; councilmen, Hall 44, Buell 42, Oatman 28, White 32, Dunnavin 32, Humphreys 29, Fenton 26, Hoover 21. Four councilmen were to be chosen, and White and Dunnavin tied for fourth place, and if after the canvass of votes they stand the same, the council will have to organize and select one of the two men. After the election Mayor Johnson banqueted the entire city and a general good time was experienced at his expense.

QUESTION OF LEGALITY

GOVERNOR DOUBTFUL AS TO AUTHORITY FOR SELLING PILOT BOAT.

Governor Chamberlain made a discovery yesterday, which may cause legal complications to arise and impede the progress of a commercial transaction at Astoria. The Legislature at its late session passed a concurrent resolution authorizing the sale of the pilot boat belonging to the state, which has been in use for some years at the down-river port. In looking over the matter the Governor ascertained that the action was taken in the manner stated—that is, by concurrent resolution—and concluded that public property could not be disposed of in that way. He holds that at least a joint resolution would be necessary and has some doubt if anything short of a regular bill would confer such authority. In accordance with that holding the Governor telegraphed the Pilot Commissioner at Astoria to withhold the sale of the pilot boat until the matter can be fully investigated.

TO GET LIGHT SENTENCE

WALTER BROOKS, WHO KILLED BARBER WITH HIS WIFE, WAS CONVICTED.

BUTTE, Mont., March 11.—Walter H. Brooks, who broke into the room of Emory Cheverier, a barber, six weeks ago, and finding his wife on Cheverier's knee, shot him dead, was today convicted of manslaughter. In his instructions to the jury, Judge McClernan declared that, under the circumstances, Brooks was justified in breaking into Cheverier's room, and that, seeing his wife's honor in danger, was justified in taking measures to protect himself and her. It is thought that Brooks will get a light sentence.

ALREADY AT WORK

SENATOR FULTON RESPONDS TO A REQUEST FROM SALEM CONSTITUENTS.

"WASHINGTON, March 10.—Senator Fulton, upon request of the people of Salem called on the supervising architect today to ascertain whether there was sufficient money available for com-

pleting the approaches to the new public building at that place, and was advised that there would be money enough and that no further appropriation would be necessary."

AN INVITATION TO PRESIDENT

Governor Chamberlain Yesterday Extended Courtesies of Oregon

TO THE NATION'S CHIEF EXECUTIVE TO VISIT STATE DURING HIS PROPOSED TOUR OF PACIFIC COAST—THE COMMITTEE ON RECEPTION.

In view of the contemplated visit to the Pacific Coast of President Roosevelt during the present year, Governor Chamberlain yesterday extended an invitation to him the substance of which follows: "To the President, "Washington, D. C. "Sir:—I take pleasure in extending to you an invitation to visit Oregon in case you contemplate a trip to the Pacific Coast. "I sincerely trust that nothing will happen to deprive the citizens of Oregon of the pleasure of entertaining you and will be pleased to be advised by you of the time when you will probably reach this state with the general line of travel intended to be pursued by you.

IT WAS NOT SUICID

ARTHUR PENNELL DID ALL IN HIS POWER TO SAVE HIMSELF.

BUFFALO, N. Y., March 11.—Mrs Arthur Pennell died at the hospital tonight. The automobile which carried Mr. Pennell and his wife in the plunge to the bottom of the stone quarry last night was carefully examined today. The result of the examination left no doubt that Mr. Pennell did everything in his power to regain control of the vehicle when it careened. The brakes were tightly set; the power indicator pointed to "reverse," and the track of the wheels in the soft earth in the ridge between the street pavement and the quarry showed that the wheels were turning backward when the machine sped forward to destruction.

LOOK OUT FOR CATARRH

The cold-war flag means zero weather, icy, moisture-laden winds, and the beginning of winter in earnest. To Catarrh sufferers there is nothing cheering in these climatic changes, for with the return of cold weather, all the disagreeable symptoms of Catarrh appear: binding headaches, dizziness, a stuffy feeling about the nose that makes breathing difficult, chest pain, and as the disease progresses, a discharge of nauseating matter from the throat and nose keeps one continually hacking and spitting. Catarrh is a most disgusting disease. The foul mucous secretions that are constantly dropping back into the stomach contaminate and poison the blood and it is distributed throughout the body, and it then becomes a deep-seated, systemic, persistent disease that must be treated through the blood, for it is beyond the reach of sprays, washes, powders or external treatment of any kind. S. S. S. soon clears the system of all Catarrhal matter and purges the blood of the irritating poisons, thus effectually checking the further progress of this serious and far-reaching disease. Look out for Catarrh in winter, for cold stirs the blood and causes excessive secretion of mucus and brings to life all the slumbering poisons that make Catarrh the most abominable of all diseases. S. S. S. keeps the blood in such perfect order that cold waves cause no alarm and the change from the heat of summer to the rigors of winter produce no hurtful effects. Write if you have Catarrh, and our Physicians will advise you without charge. Book on Blood and Skin Diseases free. The Swift Specific Co., Atlanta, Ga.

A TEXAS WONDER

HALL'S GREAT DISCOVERY. One small bottle of Hall's Great Discovery cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism, and all irregularities of the kidney and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment, and will cure any case above mentioned. Dr. E. W. Hall, sole manufacturer, P. O. Box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists, and at DR. S. C. STONE'S drug store, Salem, Oregon.

INSANE MAN STABS FOUR

SAN JOSE, March 12.—I. G. Knowles, a capitalist, suddenly became insane at the Bristol Hotel last night and attacked everybody within reach with a knife. He stabbed his two sons, A. B. and Dudley Knowles, Deputy Sheriff Starbird and Sam Finley, a nurse, when they attempted to overpower him. He had concealed a dagger in his shirt bosom. No one was seriously injured. Finally the insane man was taken to the county jail.

RUN ON BUTTE BANK

BUTTE, March 12.—Mallious rumor started a run on the State Savings Bank here this morning, and although checks are being honored as rapidly as presented the bank directors say they may have to take refuge in the 30-day notice law. The street in front of the bank is filled with excited people. The report that caused the run was that the bank had heavily backed Heinze in his war on the Amalgamated Mining Copper Company and had become embarrassed.

Tragedy Averted

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He now sounds as well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by S. C. Stone, Druggist, Price 50c and \$1.00. Trial bottles free.
